## Hostility Greets Revival Of KKK

NEW YORK (AP) — The South has greeted the revival of the Ku Klux Klan with hostility and aversion, says the Anti-Defamation League of B'nai B'rith. "In virtually every Southern community," the league said Sunday, "the Klan has been identified as a tool of violence and lawlessness and as a movement that constitutes more of a police problem than anything else."

The league, a national unit of B'nai B'rith, Jewish fraternal group, issued a report on the Klan prepared by Arnold Forster, the league's civil rights director. Among findings in the report: Georgia has not witnessed a gradual fragmentation of the Klan as in other states, "but it seems to be lying dormant there."

"In Virginia, the Klan has met with statewide hostility and has failed to make any penetration."

"Mississippi is White Citizens Council territory and the Klan has never been able to gain a foothold in the state."

"In Tennessee, Texas and Louisiana, KKK activity has been sporadic and insignificant."
