

## Canyonville Scout Kickoff For Funds Draws 40 Persons

By VIRGINIA PROCTOR

Forty persons attended Canyonville's Boy Scout kickoff fund meeting held Thursday at the Masonic Temple with D. W. Gill, chairman of the drive, presiding, and Bill Scarth, district scout executive, and Brian Graves, district finance representative, speakers.

Graves told the group of sources of operating funds for the Boy Scout program, explained the budget and told of the part local communities must assume. He emphasized that the cost is not in dollars, but in people wanting to invest in scouting. Scarth explained in detail the mechanics of the drive.

Canyonville's goal to contact 152 people was to have been accomplished over the weekend; however, Gill said the lists were new and possibly incomplete and requested that anyone wishing to invest in scouting contact him at his office in downtown Canyonville.

Team captains of the Canyonville drive included Dick Rasmussen, Norman Hanson, Oscar Hoverson, Charles Dowd, Bart Nordling, Ike Gray, Gordon Clark and Fred Carpenter. Mrs. Hoverson and Mrs. Gill served coffee and cake to the group.

Canyonville's scout troop is sponsored by the Jaycees with John Season, scoutmaster, and William Crox, committee chairman. The troop meets each Thursday in the Youth Center.

## Lawyer Killed In Headon Crash With Wife's Car

POUND RIDGE, N.Y. — Cars driven by a New York lawyer and his wife crashed headon early Saturday, killing the husband and seriously injuring the wife.

Police reported the wife in a hysterical condition afterward and said they were not immediately able to ascertain what led to the smash.

The couple was identified as Edward Perry, 41, and his wife, Dorothy, 37. Perry maintained a law office in New York. Their home was in Stamford, Conn.

Police said Perry was driving south in a small foreign-made automobile and his wife was northbound in a late model medium-size American car. The collision occurred about 1 a.m. on Route 137.

Great damage to both cars indicated a high rate of speed, officers said.

Mrs. Perry was taken to a hospital. She was said to have received arm lacerations, a fractured kneecap and possible concussion.

A nephew, Michael Cordes of Darien, Conn., described the Perrys as a very happy couple. They had three children.

## Days Creek Junior Stockmen Elected

Larry Michaels has been elected president of the Days Creek Junior Stockmen, reports correspondent Edith Moore.

Other new officers are Kenneth Bennett, vice president; Carol Barnes, secretary-treasurer; Sandy Skeins, song leader; and Pat Bennett, news reporter.

Future meetings for the club are scheduled May 20 at the school house, June 8 at the Michaels home, July 6 at Wade Worthington home, July 20 at the Vaughn Bennett home, Aug. 3, picnic at the Michaels home; and Aug. 17, meet at Lynn's Service Station to start tour of all member's farms to look at stock being prepared to exhibition at the Douglas County Fair.

AWARDS CONTRACT  
PORTLAND — The Navy has awarded a \$361,450 overhaul job to the Willamette Iron and Steel Co. The work is on the attack transport U.S.S. George Clymer, of the Pacific Fleet.

## Some Washington Teeners Would Like To See More Parental Control Ordered

OLYMPIA — Some Washington teenagers would like to see their dads and moms exercise more parental control over their activities and whereabouts.

They'd pass a law to make the parents do it, too.

More than 250 high school boys and girls met here for their YMCA youth legislature.

While here the youngsters went through all the motions of their elders, meeting in the official House and Senate chambers to "enact" new legislation.

A measure proposed by Buddie Copeland of Aberdeen would hold parents responsible for the whereabouts of children under 17 after 10 p.m.

If the kids got into trouble after that hour, the court could punish the parents by fines ranging up to \$250 and imprisonment ranging up to 90 cents on the third offense.

Several bills would make the parents financially responsible for injuries or damage caused by minors.

## Spokane Only Bright Spot In Store Sales

SAN FRANCISCO — Spokane continued the only bright spot in the weekly department store sales picture, according to the Federal Reserve Bank. The inland Empire city was up 4 per cent for the week ending April 19.

Elsewhere in the Pacific Northwest the downward trend continued. Tacoma showed the biggest drop with sales off 23 per cent. The Seattle area was off 18 per cent and Portland down 14 per cent.

Pacific Coast cities generally were on the minus side. The only increases were reported in suburban Los Angeles and Sacramento.

Schools drew the interest of several teenagers. A Walla Walla youth, Russell Lybecker, presented a bill which would require school teachers to take periodic tests to prove they were qualified to teach. One bill would prohibit year-around school terms. Another would authorize it. Still another would tie the pay of school teachers to the cost of living index established by the government.

A proposal that would prohibit high school teachers from giving a student more than one hour cumulative home work on school nights. Sue Gaston of Everett submitted the bill.

### TO VIEW BOMB TESTS

WASHINGTON — This summer's U. S. hydrogen bomb test blast in the Pacific will be witnessed by foreign scientists who for the first time will receive important data on progress in reducing radioactive fallout.

The government announced that 14 nations were being invited to send one scientist each to watch the demonstration at Eniwetok. The same countries also were invited to send one news representative apiece.
