Indonesian Rebels Seek Volunteers From Other Nations

MANILA, AP — The Indonesian rebels have called for volunteers from other Asian nations "to join us in saving our country and possibly their own from domination of international communists."

The call by Lt. Col. Ventje Sumual, rebel military commander of east Indonesia, was broadcast Friday night from the rebel headquarters at Menado, North Celebes, and heard here.

Sumual accused President Sukarno and Premier Djanda of precipitating the 3-month-old civil war "because they could not or would not give up the plan to turn Indonesia into a puppet of the Communists."

Most foreign observers have attributed the rebellion more to economic causes than the presence of pro-Communists in the Jakarta government.

Sumual repeated rebel accusations that Communist bloc personnel were helping the Jakarta government and said his appeal for volunteers was to counter this support.

Jakarta has charged Nationalist China with aiding the rebels and said some U.S. adventurers are fighting with rebel forces. The Chinese government has denied the charge and American officials have consulted with Jakarta about possible adventurers.

Another Century Of Progress Begun By Minnesota

MINNEAPOLIS, AP — Minnesota dedicated itself to another century of progress Monday after royally and representatively of nations throughout the world joined famous sons and residents in celebrating Centennial Statehood Day.

Prince Bertil of Sweden, whose ease of manner and charm endeared him to persons of all descents, said Sunday the history of Minnesota "gives us both pride and fresh hope."

"If in a relatively brief period a community can make such progress as Minnesota has achieved," he told a sweltering audience of some 25,000 in the Minnesota football stadium, "then the future must hold breath-taking possibilities."

His sign-off in Swedish drew applause from many who themselves immigrated from the Scandinavian countries or grew up in homes where it was a second language.

Another favorite of the crowd was Princess Astrid of Norway who was making her first formal visit outside her own country.

The royal figures shared a platform at Memorial Stadium with dignitaries from all the Scandinavian bloc, other European and Asian countries. Secretary of State John Foster Dulles, who flew in from Paris to give the Statehood Day address; distinguished natives such as Gen. Lauris Norstad, commander of NATO forces; Minnesota's con-

gressional delegation, and state officials.

Airlines Hires Its First Negro Stewardess

NEW YORK, AP — Trans World Airlines has hired its first Negro stewardess.

Margaret Grant, 21, will become the first Negro stewardess to fly aboard an international carrier based in the United States.

Hiring of the Hunter College senior was announced jointly Sunday by Charles Abrams, chairman of the New York State Commission Against Discrimination, and TWA officials.

The move is the third break in the ban that scheduled American passenger lines have long maintained against Negroes in flight posts.

New York Airways, a helicopter line, hired Perry H. Young, a Negro, as a pilot in December, 1956. Last December, Mohawk Airlines, a feeder line with the bulk of its route miles in New York state, hired the nation's first Negro stewardess, Ruth Taylor.

Shot Kills One Son As Other Waits Surgery

DALLAS, AP — An airliner bringing Navy Cmdr. Leonard Robinson from Boston set down at Fort Worth yesterday.

His son, Leonard Jr., 14, died at almost the same minute in a Dallas hospital, 25 miles away. He was shot in the head accidentally Saturday while bird hunting with two youthful companions near Waxahachie.

The father, assigned to the aircraft carrier Wasp, had started a cross-country dash in hope of arriving before the boy died.

Another son, Jimmy, 8, is at Boston's Children's Hospital to await surgery for a tumor behind his eyes.

The boys' mother died of a brain hemorrhage two years ago.
