

Ousted Venezuela Police Chief Denied Re-entry

WASHINGTON — Government sources say Pedro Estrada, ousted police chief in Venezuela, will be denied re-entry to the United States.

Estrada, who fled to Florida in March but recently left this country, is believed to be in Switzerland. He reportedly wants to return to Miami where his wife gave birth to a child last Wednesday.

But government sources said the Immigration and Naturalization Service has notified airlines and steamship companies Estrada will not be permitted to re-enter the United States.

Russia, 7 East Europe Allies Sign Document

MOSCOW — The Soviet Union and its seven east European allies signed a red leather bound document in the Kremlin Saturday, but no official present would identify the document or its contents.

Nearly 100 news men and photographers invited to the signing ceremony assumed it was a joint declaration culminating the "summit conference" of the Warsaw Pact bloc which has been in closed session in Moscow since Tuesday.

Soviet Premier Nikita Khrushchev signed for the Soviet Union. The prime ministers of Albania, Bulgaria, East Germany, Poland, Romania and Czechoslovakia signed for their governments, indicating the document was a government rather than a party agreement.

Janos Kadar, Communist party boss of Hungary, signed for Prime Minister Ferenc Mueennich, who reportedly did not participate in the discussions.

A Foreign Ministry spokesman said the text of the agreement signed would be published in the official Soviet press Sunday morning and no information on it would be available before then.

C. S. Martin, Former Roseburg Resident, Passes

C. S. Martin, a former Roseburg resident, died Thursday in the Park View Rest Home in Grants Pass.

Martin was born Feb. 13, 1867 in Wood County, Ore. He moved to Roseburg in 1904 and for the past nine years has been a resident at the Grants Pass rest home. During the time he resided in Roseburg, Martin, known as "Doc," served on a merchant's police patrol.

He is survived by a son, W. B. Martin of Grants Pass, and a sister, Mrs. Ethel Hecht of Lincoln, Neb.; a granddaughter and four great-grandchildren.

Funeral services will be held Sunday at 2 p.m. in the Myrtle Creek Cemetery. Interment is being conducted by the Roseburg Elks Club.

Insurgents Urge Algerian, French Integration Stepup

ALGIERS — The new all-Algeria insurgent government ordered a stepup Saturday in integration of the Algerian and French communities in this vast territory.

Working under joint civil-military leadership, it also charted a long series of demonstrations throughout Algeria in an effort to bring Gen. Charles de Gaulle to power in Paris.

Known as the committee of public safety for Algeria and the Sahara, the government met in an elegant salon of the Moorish summer palace of former French governors.

The committee of 72 members approved a French-Arabic tract declaring that there are no longer ethnic communities in Algeria but only "910 million Frenchmen."

The tract will be distributed throughout the country.

Wants Jobs For Algerians. The committee ordered a speed-up in opening government jobs to Algerians. The jobs are held by Frenchmen. This movement had been launched with only partial success by Paris governments in the past.

The insurgents also called for improvement in living conditions and salaries for the nine million Algerians in this vast North African territory.

Since the May 13 coup here there has been a bewildering display of sympathy between Algerians and Europeans. The 3½-year-old Algerian Nationalist rebellion has faded into the background and the hysterical byword is "We are all friends."

Two troops arrived with the first soldiers from Metropolitan France since the insurgent junta took over.

Algerians residents supported by military bands, turned out to greet the arrivals.

Observers were nonplussed as to why the Paris government permitted the troop reinforcements to proceed to insurgent Algeria.

U. S. Seeks To Woo Satellite Nations

WASHINGTON — Senate support built up today for increased efforts to woo satellite nations away from Soviet domination by offers of financial aid.

The Senate Foreign Relations Committee yesterday accepted a proposal by Sen. John F. Kennedy (D-Mass.) aimed at making it easier to use foreign aid to encourage independence among Soviet satellites.

Then the committee approved a bill to authorize a \$5,707,000 foreign aid program in the fiscal year starting July 1. This is 233 million dollars less than President Eisenhower requested, but 104 million more than the House voted. Separate legislation will provide actual funds.

When the Senate takes up the authorization bill next week, the Kennedy amendment is expected to encounter opposition from a group led by Sens. Styles Bridges (N.H.) chairman of the Senate Republican Policy Committee, and William F. Knowland (Calif.), the Senate Republican leader.

United Press, INS Merger Papers Signed

NEW YORK — The United Press Association and International News Service Saturday announced the signing of an agreement combining the two news services into an agency to be known as United Press International.

Frank H. Bartholomew, president and general manager of the U.P., will become president of the organization, and Kingsbury Smith, vice president and general manager of INS, will be vice president and an associate general manager.

An announcement said agreements covering the consolidation were signed by both organizations on May 16 but that announcement of the step was delayed until the physical changeover plans could be worked out.

Economics Factor. In a statement, Bartholomew said "economics was an important factor in the creation of the new network."

"Costs of covering the world's newsfronts have risen steadily with rapidly improving means of transmitting both news and pictures by leased wire and electronic processes," he said.

The process of combining the systems into one network has been under way since last September, the announcement said.

Earl J. Johnson, vice president and general news manager of U.P., said key personnel of INS will be retained in the new organization.

INS acknowledged receipt of the telegram from Victor Hansen, assistant attorney general in charge of the antitrust department. U.P. declined comment as to whether it had received similar notice.

Earlier, the Justice Department was reported to have notified INS that the merger plan might raise a serious question under antitrust laws.

INS acknowledged receipt of the telegram from Victor Hansen, assistant attorney general in charge of the antitrust department. U.P. declined comment as to whether it had received similar notice.

Graham's Sermon To Be Telecast

SAN FRANCISCO — Evangelist Billy Graham's sermon will be telecast nationally again Saturday night, as scheduled, although funds for the telecast are running behind.

Graham has added 10 stations across Canada to those in the United States to bring his total to 160—the largest network audience ever to listen to an evangelist telecast.

The Cow Palace audience Friday night heard Graham make a personal plea for funds to meet the budget for the crusade.

Funds for the telecasts come from viewers, while Cow Palace funds go toward the San Francisco crusade.

Graham scheduled another telecast next week on faith, believing he will get the needed support from the thousands of viewers who wrote him. He averages 25,000 to 40,000 letters a week from his television audience.

Camp Fire Achievement Awards Presented Friday

(Continued from Page 1) those who had reached that goal: The 22 girls who had recently graduated from Blue Birds into the Camp Fire program, the 243 girls who had passed the Trail Seeker Rank and those who had gone on to Wood Gatherer.

Mrs. James Conn awarded Fire Maker certificates and bracelets to seven members of the Spanish group from Glide who had reached that goal.

The highlight of the evening was the awarding of Torch Bearer craftsman awards by Mrs. Deming Bronson. In recognition of the parents' play in helping their daughters reach this high goal of all Camp Fire girls, they were asked to come into the Council Fire circle and participate in the ceremony.

Mrs. Jean Carey, daughter of Mr. and Mrs. Joe Carey, whose camp craft as the area in which to specialize. A seven-mile pack trip into Fish Lake with her father and brother, Mickey, was one of the things she had done to earn her award. Mrs. Carey presented to her daughter the candle which is a symbol of her attainment.

Gail Kelly, daughter of Mr. and Mrs. F. J. Kelly, of Glide, was awarded Torch Bearer in social leadership. This is the highest rank awarded to Camp Fire girls in preparation for this she had previously earned a Torch Bearer craftsman award in camp craft and one in homemaking. During the year she spent working on social leadership, Gail took a child care course, helped with the younger group of Camp Fire girls, worked as a volunteer in the local R. Cross office. She also organized and acted as chairman for a panel discussion in her High School English class, "Should Teenagers Drink and/or Smoke." Her Horizon Club advisor, Mrs. Merton Weaver, lighted and presented to her the torch of social leadership.

Other local girls who have earned the rank of social leadership are: Connie Nicks, Pat Niday, Janet Lewis and LaVelle Gladwell.

The Council Fire was conducted by Mrs. James Doyle, chairman of the Leaders Assn. and leader of the We Canda Camp Fire Group from Rose School.

Tamar Jones gave the Welcome bugle call to assemble. Mrs. Paul Geddes and daughter Paula provided accompanying music for the ceremonial songs. Duets were sung by Catherine and Caroline Smith. Pat Niday carried in the torch.

The Council Fire was planned by Mrs. Jack Cummings, Mrs. Kenton Gum, Mrs. Charles Ostrander and Mrs. James Doyle.

SPRING RECREATION for the Douglas County Mounted Sheriff's Posse and other saddle clubs in the county these days are trail rides. These were 30 riders who rode in the Roberts Mountain area recently. They were from the posse, the Camas Valley 4-H Club, led by J. Clyde Akey; the Silver Spurs 4-H Club, Winston, led by Lloyd Crenshaw, and the Douglas, a mounted patrol. It's posse precedent that a different member select the trail route each time, so posseman Al Sherlock, assisted by Tim Kash, took charge of this one. A three-day outing is planned on the Memorial Day weekend. (Winston Studio)

UAW Shapes Plans To Work Without Union Contract

DETROIT — The United Auto Workers Saturday began instructing local unions "how to organize a local union without a contract."

Such action could mean the UAW has given up hopes of reaching new contracts with the big three of the automotive industry by the time current agreements end May 29 and June 1.

Plans were contained in a six-page booklet distributed to locals from international headquarters here.

The booklet cautioned union officials: "Keep alert. Management will be looking for excuses to cause trouble. Don't act so as to endanger the individual member of the union but be sure to stand up for the workers' rights."

UAW president Walter P. Reuther warned unionists it would be "insane to strike now" and stood ready to ease the union's contract demands.

At a news conference Saturday, Reuther called the big three of the auto industry "bargaining with us using a take-it-or-leave-it approach. He said the auto industry had a "moral responsibility to settle down to some serious give-and-take collective bargaining in the efforts to hammer out new contracts."

"We want to settle our problems now," Reuther said. "We cannot put our problems in a deep freeze for two years and then try to settle them in 1960 as the companies would have us do when they propose a two-year extension of the current contracts."

Agriculture Tax Exemption Hit By Legislator

PORTLAND — State Rep. George Analla (D-Hood River) said Friday that a 1957 state agricultural tax exemption law unfairly shifts the burden of taxation from agricultural to non-agricultural land.

Testing before a subcommittee of the Legislative Interim Committee on Taxation, he argued that the bill was passed because of political pressure from "a high official in our state government."

Cornell Students Attack President

ITHACA, N.Y. — Several hundred shouting Cornell University students early today threw a smoke bomb and rocks at the home of the university president and spattered his car with mud.

The incident in suburban Cayuga Heights followed an earlier torch-light rally on the school campus by about 2,000 students, in protest against a proposed tightening of the rules on boy-girl parties.

Another subcommittee meeting Friday night to consider a sales tax designed to bring local school property tax relief.

The group voted to ask the state Department of Education to work on a formula for distribution of funds.

VA Hospital To Curtail Plant In Economy Move

(Continued from Page 1) 195,356 as compared with the present budget of \$2,307,142. The hospital will have \$228,000 less to work with, the manager said.

On the bright side of the ledger, Dr. Doering announced that the hospital's new purchasing supplies, which will be purchased in bulk, will save them for use in July, August and September. The hospital has about \$8,000 to spend in this manner.

Items costing over \$300 must be let out on bid. Articles and supplies being purchased include such things as sacks of cement, pipe and lumber. When something cannot be purchased locally it is sometimes necessary to go as far as Portland to make the purchase, Dr. Doering said.

Contributions To Community. Dr. Doering has told a Roseburg civic group that the hospital contributes over two million dollars a year to the economy of the community. It furnished jobs to some 400 people, 90 per cent of whom were drawn from the community. He has estimated that \$36,000 a year is spent in the community by patients who are released from the grounds on passes.

He also reported that the hospital will receive up to 80 per cent of its funds back for the last fiscal quarter of the year. In March, the Veterans Administration announced that VA hospitals were receiving a 2 per cent cutback in funds. The cutback for the Roseburg institution totaled \$11,200. The money which is being given back will be used for the purchase of equipment and improvements at the local establishment, Dr. Doering said.

Pflimlin Sends Official To Talk To Insurgents

PARIS — Premier Pierre Pflimlin sent a member of Parliament to Algeria Saturday to talk with the insurgent junta there.

Jean-Louis Vigier, an aide of Gen. Charles de Gaulle during World War II, who was a strong supporter of the Gaullist party in Parliament, flew to Algiers on a personal and unofficial mission. But the trip had obvious political implications.

The re-establishment of normal contact with the military-civilian group that set up a near revolutionary government in Algiers Friday has been the primary aim of Pflimlin.

Vigier is making his trip on the advice of Pierre Guizot de Benouville, the French ambassador in Algiers and French publisher, who made a previous trip to Algiers through Switzerland. The results of his trip have never become public.

Vigier will be the first deputy to go on such a mission although a handful of extreme right-wingers have already gone to Algeria to join the insurgents.

Vigier took off on a regular commercial flight after Pflimlin and the junta both appealed for French support.

Morrison Street Bridge Dedicated

PORTLAND — More traffic facilities over the Willamette River at Portland were called for Saturday as the first new bridge in 27 years was dedicated here.

Jack Bain, Multnomah county commissioner, said the new Morrison Bridge, built to handle up to 64,000 automobiles daily, will be at capacity long before 1975. Other Portland bridges are proving inadequate, he said.

"I would like to suggest that some serious thought be given an early date to provide additional traffic lanes on existing bridges or to construction of new bridges," he said.

The new six-lane Morrison Bridge was built at a cost of 12½ million dollars to replace a 32-year-old bridge, which was constructed when Portland had only 242 automobiles.

Another Portland bridge is in the planning stage. It is the Marquam Bridge to be constructed across the Willamette between the Hawthorne and Rose Hill areas. It will carry north-south Pacific Highway traffic.

Bear Severely Mangles Arm Of Girl At Zoo

RACINE, Wis. — A 300-pound female bear Friday severely mangled the right arm of a 10-year-old girl who reached into the cage while visiting the public Zoological Park with 50 classmates from Waubesa, Ill.

Mary Heibner was reported in fair condition at St. Mary's Hospital after a three-hour plastic surgery operation saved her arm, at the present. Physicians said it will be several days before they know whether their emergency efforts were successful.

The arm was bitten and clawed from the finger tips to the elbow. Physicians said that if they are able to save the arm, additional surgery will be required. Mary is the daughter of Mr. and Mrs. Kenneth Beibner.

Eisenhower Proposes Scientists Study Tests

(Continued from Page One) U.S. scientists in his letter to the Russian premier. Report In 30 Days. "I also suggest," Eisenhower wrote Khrushchev, "that the experts should be asked to make an initial progress report within 30 days after convening and to aim at a final report within 60 days or as soon thereafter as possible."

This meant that the talks—if Khrushchev agrees—would begin in early June with a first report in the first part of August. Thus progress would be made, assuming agreement on test detection systems, for working out an international accord on the suspension of nuclear weapons tests.

At a summit conference, Eisenhower would increase the prospects for a heads of government meeting.

Eisenhower's letter was in reply to a note from the Soviet premier in which Khrushchev said Russia is agreeable to the naming of experts to study ways of detecting possible violations of a nuclear test ban.

Eisenhower also proposed that the United Nations and interested subsidiary groups — presumably the U.N. Disarmament Commission — be kept informed of the progress of the talks through Secretary General Dag Hammarskjold.

Russia since last fall has been trying to take the whole disarmament problem away from the U.N. unless it could change drastically the U.N. system of disarmament negotiation.

Eisenhower in part followed language used in Khrushchev's letter of May 9 on the subject. CARRIER PIGEON FOUND. Anyone lost a carrier pigeon lately? W. M. Scott, Little River, told deputies Friday he has captured a stray pidgeon and will hold it until claimed by the owner. He said its partial serial number is 6681.

Trojans Place 6, Others Qualify For State Track

Douglas High School's powerful Trojans, who probably are on their way to a state track title, placed nine men in six events in the state Class A-2 track meet next weekend in the District 6-A-2 meet at Ashland Friday.

The Trojans easily racked up the greatest team point total, scoring 123½ to Eagle Point's 70 and Myrtle Creek's 68. Other schools in the district trailed.

Myrtle Creek filled up the district entry list in the 100 and 220-yard dashes — two men represent each district. The Vikings also entered their relay team.

Sutherland placed one man in two events, and Riddle and Oakland each will send one man to the state meet.

Times were slow because of a soggy track at Southern Oregon College, where the Friday meet was held.

Douglas' stellar distance man, Coiff Thomson, won the mile in a slow 4:41 and the 880-yard run in 2:02.4.

But it will be Russ Prock who will be the busy Trojan at the state meet. He qualified in the high hurdles with a winning time of 16.4; in the broad jump with a second-place 18-9½; and in the low hurdles with a second-place time of 22.9.

John Eber was the other district qualifier in the high hurdles, finished at Prock's heels in the same time.

Terry Counts won the javelin with a toss of 185-4. Bob Carlson, with a spin of 137-8, was second in the discus and Jerry Gruesz was second in the pole vault with a leap of 11 feet.

Ed Grover placed second in the 400 and 880 for Sutherland. Myrtle Creek's Jim Murray and Bob Payne were one-two in the 100 and 220-yard dashes when Murray's times were 19.5 and 23.0.

The Vikings relay team ran 880 yards in 1:36. Oakland Jim Seehawer was second in the shot put and Riddle's Kennedy came in second behind Thomson in the mile.

Camas Valley-Lowell Game Off Until Monday

The Class B quarter-final baseball fray between Lowell and Camas Valley has been postponed until Monday.

The game was set for this afternoon on the Lowell diamond but was set up due to wet grounds.

Camas Valley won the District 4-B title Friday when the Yonca Eagles lost to Riddle. Lowell is the District 3-B champ.

The game will be played Monday at 1:30 p.m.

Steamships With Bodies Of Unknown Steam Off Virginia

WASHINGTON — Two warships carrying the bodies of three unknowns of World War II and the Korean War were steaming Saturday toward a rendezvous off the Virginia capes.

There two of the dead will be picked on Monday for burial at Arlington National Cemetery here in a ceremony to be held on the unknown soldier of World War I.

The destroyer Blandy, westbound from a Mediterranean port with the body of an unknown of World War II from the European area, was in the Western Atlantic Saturday.

The guided missile cruiser Boston cleared the U. S. naval base at Guantanamo, Cuba, Friday with the bodies of an unidentified man from the Pacific theatre in World War II and of a Korean War unknown. The two bodies were flown to Guantanamo from Hawaii.

The Boston was at a point approximately east of Key West, Fla., Saturday morning. The Boston and the Blandy will meet Monday about 25 miles east of Norfolk, Va.

In the ceremony Monday a selection will be made from the identical caskets containing the bodies of the European and Pacific area unknowns. The man not chosen will be buried at sea.

The ceremony will be held aboard the missile cruiser Canberra. Then the Blandy, carrying the bodies of the remaining two unknowns, will start for Washington. The ship is due here Tuesday.

Lebanon's Complaint Will Be Aired By U. N.

UNITED NATIONS, N. Y. — An agreement was reached Saturday to bring Lebanon's complaint against the United Arab Republic before the U.N. Security Council Tuesday.

Lebanon has complained that President Nasser's U.A.R. is interfering in Lebanese affairs.

Lebanese delegate Karim Azkoul said agreement on the date for bringing the issue before the 11-nation council was reached with council president Charles S. A. Ritchie of Canada.

PLAIN TRUTH

By Glen W. Lundy: Gospel Evangelist I appreciate the fact that many who are reading this column are seriously considering and investigating the Scriptures to see if what is said is true. I have no doubt as to the power of the Scriptures to convince and convict everyone who will read and study them with a desire to learn God's will and design, and not to bolster a position which they already hold. If your position is sustained by the Scriptures, hold to it with all your might; if, on the other hand, the New Testament does not authorize your practice, it should be discarded as deceitful and damaging.

It is my desire to stimulate your thinking as to your eternal welfare. I refuse to practice cunning or in any way attempt to pervert or tamper with God's word, but by open statement of the truth move you to study and obey the commands of Christ and live as a Christian should. If this upsets your theories and stirs your feelings, consider that it is God with whom you are dealing, when the simple truth is presented from His book (the Bible) and not the humble vessel (man) whom He is using.

If you refuse to take the time to investigate and obey the commands of the Bible you will have only yourself to blame. You are letting blind prejudice, traditions or material problems divert your mind from this most important matter, the eternal welfare of your soul.

Come and worship with the Church and study with us. Continue to send in your questions and criticisms. Listen to KYES each Sunday morning at 9 O'clock. You will find the Church meeting in the following places: CHURCH OF CHRIST 211 MILITARY — ROSEBURG, OREGON WEST FIRST ST. ROBINSON & COMSTOCK SUKSDORF ST. CANYONVILLE SUTHERLIN WINSTON
