

Eisenhower Refuses To Fire Adams

MICROWAVE REPEATER STATION on Mt. Nebo at Roseburg was the scene of the weekly meeting of the Rotary Club. The meeting was devoted to an inspection of the station by 69 club members. It was the first public inspection of a mountaintop microwave station ever staged by Pacific Telephone and Telegraph Co. This is one of a chain of stations at about 30-mile intervals from California into the Northwest designed to relay network television signals and long-distance telephone calls. Aide Admits B. Goldfine Paid His Bills

WASHINGTON (AP) — The White House said Friday President Eisenhower has no intention of firing Sherman Adams, his chief aide who is a target of House investigators. At the same time, press secretary James C. Hagerty said there will be no White House reply to an earlier question by a reporter as to whether Adams' good friend, industrialist Bernard Goldfine, once gave Adams a \$700 coat. Hagerty also said Adams has rejected reporters' request for a news conference at which to question him personally regarding his relations with Goldfine.

WILLIAM UNRATH Thursday night was installed as president of the Roseburg Lions Club, succeeding E. R. Buckingham. (See story Page 10.)

Suicide-Bent Flier Unfound In Wide Search

LONGVIEW, Tex. (AP) — The search for Donald Keeton, young Texas airman apparently bent on suicide in a rented plane, switched to this East Texas area Friday on the basis of information that he made a brief landing near here Thursday. The 19-year-old airman, whose engagement to a childhood sweetheart was broken last month, was on the ground two minutes at nearby Gregg at about 1:30 p.m., took off again — and hasn't been seen since. Earl Cleveland, process superintendent for Premier Oil Refining Co. of Texas, said Keeton asked for gas and was told he would have to go to the Gregg County Airport eight miles away. Keeton appeared at the small unincorporated town on the western edge of Longview, lent support to belief he was heading for Dallas, home of his childhood sweetheart. The youth, who has been stationed at Keesler Air Force Base, Biloxi, Miss., rented a two-seater Cessna 120, painted yellow with black trimmings, from a Gulfport, Miss., airport Thursday. Pursuers lost track of him in northern Louisiana near Monroe. In Dallas 17-year-old Lynn Bowling sobbed "He's the most wonderful person in the world. I wanted to get married, but called it off because I thought I was too young. The airman's mother, Mrs. Annabelle Keeton, said in Dallas her son had lost weight "because of worry over a love affair." At Keesler his barracks mates found a note that he wanted to die in the air because "that is the way to go."

Miller's Addition Sewer Problem Will Be Threshed

A session between Roseburg city officials and Miller's Addition landowners to attempt to thresh out the problem of providing sewers for the area is slated for Monday at 7:30 p.m. in the council chambers. The meeting was called early this month when the City Council learned a snag had been hit in financing sewer installations. Primarily, the difficulty lies in the low assessed valuation of much of the property in Miller's Addition. Up against this is the state law governing Bancroft bonds for financing and the city engineer's estimate of the cost of the work. The law limits property owners to bonding their property for twice its assessed value. However, according to Mrs. Wilma Hill, city recorder, 60 to 70 per cent of the property in the addition falls into the unimproved category which puts the bonding capacity at much less than the estimated cost of sewer installation. The assessed valuation of some of the lots is as low as \$40. City Engineer Ken Meng estimates installation for a 50-foot lot at \$300. Bancroft bonding on such a lot would be held to \$80, leaving a \$220 difference to be met by the property owner in a cash payment. A full explanation of the problem and discussion of a solution is scheduled for the meeting. Notices of the meeting and an explanation have been sent to all property owners in Miller's Addition.

Senate OKs Compromise Bill On Pay Increase

WASHINGTON (AP) — The Senate passed a compromise bill Friday giving a 10 per cent pay boost to the government's 1,021,000 Civil Service and other employees. Action came by voice vote adoption of a report agreed upon Thursday adjusting Senate and House differences over the legislation. With the house in recess until Monday, final congressional action was put off until next week. The bill's annual cost is about \$42 million dollars. But the first year cost will be closer to 800 million dollars since the boost is retroactive to Jan. 1. Sen. Olin D. Johnston (D-SC) said the bill will give all employees equal treatment. Sen. Ralph Yarborough (D-Tex) said the pay increase was modest compared to those given workers in private industry. But Sen. Harry F. Byrd (D-Va) said it was "very bad policy" to grant retroactive pay increases. Sen. Frank Lausche (D-Ohio) said Congress was contributing to inflation and setting a pay raise example for private industry. The bill covers not only regular classified Civil Service employees, but also employees of Congress, federal courts, the Foreign Service, Atomic Energy Commission, and Veteran Administration medical facilities. Postal workers previously were given a 10 per cent raise. The bill permits creation of 599 new super-grade jobs. These pay from \$13,000 to \$19,000.

Public Relations Man Dies Following Ceremony Accident

By JERRY O'BRIEN
SPOKANE (AP) — I. L. Thomas Vrana, 23, the public relations officer who was run over by a 24-ton bulldozer while taking pictures of the ground breaking ceremonies at Fairchild Air Force Base, died Thursday night. The young Pittsburgh, Pa., lieutenant was badly mangled in the lower part of his body when the heavy machine, operated by the base commander, Col. Willard B. Atwell, pinned him to the ground after he slipped off during ceremonies marking the start of a four million dollar base housing project Wednesday. Vrana had jumped up on the front of the bulldozer to take a picture of Atwell and slipped when the machine started to move. The regular operator leaped up after the engine stalled and eased it back off the officer's body. The sudden accident horrified a small crowd watching the ceremony and shocked the 9,000 men at Fairchild, a prime installation of the Strategic Air Command. Dozens of officers, enlisted men and even Mrs. Donald Hillman, wife of Col. Donald Hillman, commander of the 92nd Bomb Wing at Fairchild, lined up to donate blood. So did the grief-stricken Col. Atwell, the popular commanding officer. Atwell had been at the hospital almost continuously since the accident. Vrana suffered compound fractures of both legs, internal injuries and deep shock. He was spared instant death when his head and the rest of his body fell between the tracks of the dozer.

McClellan Warns Against Wrecking Labor Control Bill

WASHINGTON (AP) — Sen. John L. McClellan (D-Ark) told Senate colleagues Friday they might wreck the labor control bill if they load it with controversial amendments. The chairman of the Labor Rackets Investigating Committee said to those seeking even tighter controls, "We can load this bill down with things I favor and others favor — and we get no legislation at all." He said the Senate Labor Committee had made 22 changes in its original bill in line with suggestions he made or favored and the pending measure should be enacted to make sure "we have made some progress." McClellan took the floor after Sen. Barry Goldwater (R-Ariz) called for "plugging more loopholes" in line with suggestions McClellan has made for tightening union controls. As the senate plugged away in the second day of debate, 44 new amendments, mostly offered by Republicans, put in their appearance. Eighteen represented a package of Eisenhower administration proposals, offered by Sen. H. Alexander Smith (R-N.J.). Some covered major efforts to rewrite the bill to put in more stringent provisions.

Special Events Set For Rodeo, Chairman Says

Lester Miller, special events chairman for the Douglas County Rodeo, has announced details of four events to be held during the 1958 rodeo June 21-22. The chairman said all special events will be held between the main contests in the arena. Included on this year's specialty program are a chariot race, 220-yard dash for local saddle horses, barrel race and baton race. The chariot event will provide the largest purse for the winner, said Miller. Prize money for the race, in which horses pull a two-wheeled vehicle containing the drivers, will be \$50 plus entry fee money. An entry fee of \$10 will be charged for each contestant. Miller said the race will be over the half-mile rodeo track. Both the 220-yard dash and the barrel race will carry prizes of \$10 plus entry fees. The 220-yard race will be open only to Douglas County horses. Miller said the event usually draws a field of young local riders. Entry fee for the race will be \$5 per horse. In the barrel race, teams of four or five men take turns riding a single horse in competition with other similar teams. Entry fee for the event will be \$1 per man, said Miller. The baton race differs in that a baton is passed from one mounted rider to another. Miller said four- or five-man teams also are used in the baton race. Prize money for the event will be \$5 plus entry money. Entry fee is \$1 per man, the chairman concluded.

Large Entry List In Fat Lamb Show Will Be Judged

A large entry list in the 19th annual Douglas County Fat Lamb Show will be judged Saturday by Kenneth McRae, Monmouth, at the Fairgrounds in Roseburg. Prizes totaling \$427 will be distributed among the winners. The sponsoring Douglas County Livestock Assn. will put up \$402 and the Willamette Valley Ram Sale Committee \$25. Single lambs and pens of five will be exhibited in the open division and singles only in the junior division, according to Wayne Mosher, assistant county agent and association secretary. The livestock association will award \$50 to the best pen of five and \$15 to the best singles in both divisions. In addition, the sale committee will give \$12.50 each to the best pen of five and overall individual champion. The exhibits are to be in place in their pens by 10 a.m. Saturday. In conjunction with the show, sheep dog trials, a 4-H and Future Farmers of America judging contest and 4-H showmanship contest will be held. Fifty dollars in cash prizes will go to the best dogs in the trials, an event in which a shepherd dog is required to herd a band of five sheep through an obstacle course and pen it in less than 12 minutes with minimum help from its handler. The trials start at 1 p.m. The Umpqua Lions Club will serve free lamb barbecue at noon.

Entry Deadline For Rodeo Event Slated Thursday

Jim Golden, entries co-chairman for the 14th annual Douglas County Rodeo Parade, said today that the deadline for submission of entries has been extended to Thursday, June 19. Golden said 15 entries have been submitted so far. The deadline was extended from last Tuesday. He especially called for more commercial entries. Only two commercial entries have been submitted. The 35-by-85-foot building will have brick veneer exterior to match the school building. There will be aluminum sash, some cast stone at the entrance and a shingle roof. It will contain facilities for five priests and a housekeeper. Interior finishes will include plaster walls and ceilings, asphalt tile on the floors and an oil-fired hot water heating system. There will be a living room, bedroom suite, kitchen and utility area for the housekeeper, plus facilities for the priests. Each priest will have a private study and bedroom. There will also be a common room on the second floor, lined on two walls with floor-to-ceiling bookcases.

Catholic Rectory Contract Awarded To Roseburg Firm

A \$69,950 contract for construction of a rectory and offices for St. Joseph's parish has been awarded to Jack Mathis, Roseburg general contractor. Construction has started on the building, located near St. Joseph's School, 630 W. Stanton St. The work is expected to be finished in four or five months, the Rev. Edmund Hojand said. Three other contractors bid on the building. They were Murphy Construction Co., \$81,480; Todd Building Co., \$71,480; and J. O. H. Steinmuller of Eugene \$79,738. The 35-by-85-foot building will have brick veneer exterior to match the school building. There will be aluminum sash, some cast stone at the entrance and a shingle roof. There will also be a common room on the second floor, lined on two walls with floor-to-ceiling bookcases.

British Get Russ Letter

LONDON (AP) — A new letter from Soviet Premier Khrushchev was delivered to the British government Friday on Russian proposals for a summit conference. Soviet Ambassador Jacob Malik delivered the letter personally to Home Secretary R. A. Butler, who is acting head of the government while Prime Minister Macmillan is touring America. The letter presumably was similar to a 38-page communication from Khrushchev to President Eisenhower delivered in Washington Thursday. A spokesman at No. 10 Downing St. said the letter to Macmillan also was lengthy. The letter to Eisenhower was in Russian but the Soviets saved the British the trouble of translating theirs. Malik brought two copies — one in Russian and the other in English. The British spokesman reported that the letter dealt with preparations for the summit talks and with the agenda for them — subjects that have kept diplomats busy for months with little apparent result.

British Flying Troops To Cyprus

NICOSIA, Cyprus (AP) — Britain is flying paratroopers to this Mediterranean island colony to strengthen forces trying to end continuing clashes between Greek and Turkish Cypriots. Eleven Cypriots have been killed since Saturday. British plans for the future of Cyprus — to be announced Tuesday — are expected to intensify the violence by falling fully to satisfy either the 400,000 Cypriots of Greek descent or the 100,000 Turks. The Greeks want the island annexed to Greece. The Turks want Cyprus partitioned if the British leave. The situation approached civil war Thursday with the bloodiest battle yet. A gang of 300 Greek Cypriots tried to raid a Turkish village near Nicosia and was met with gunfire. Three Greeks were killed and nine wounded. He alleged before Justice of the Peace Nina Pietzold that the 29-year-old woman drove off with his 1955 sedan. A warrant for her arrest was issued by justice court early Thursday morning. State police from the Medford office took Mrs. Paroz into custody at 4:45 a.m. after spotting the vehicle at Gold Hill. She was brought to Roseburg Thursday afternoon.

Rodeo Caravan Tour Scheduled

A caravan, heralding the upcoming 1958 Douglas County Rodeo and featuring Rodeo Queen Judy Deford and her court, will wind its way through the county Saturday and Sunday. The Saturday route, beginning at 10 a.m. in Drain, will include stops Elkton, Scottsburg, Reedsport, Coos Bay, North Bend, Coquille, Myrtle Point and Camas Valley, home of Queen Judy. Princess Cheryl Golden hails from Elkton, where the caravan will stop at 10:45 a.m. Sunday's jaunt will begin at Canyonville at 1 p.m. and end at Yoncalla. A Roseburg stop is slated for 2:45 p.m. Roseburg is the home of Princess Patricia Bell.

Roseburg Woman Found Guilty Of Drunken Driving

A Roseburg woman, Frances Myrtle Regan, was found guilty of drunk driving and given a 90-day jail sentence and \$150 fine by Municipal Judge Randolph Slocum Thursday. She was cited by city police in the downtown Roseburg area May 23. Judge Slocum suspended \$50 of the fine following her trial. Norman Lewis Davis, 563 W. Center St., was found guilty by a municipal court jury of reckless driving. He was fined \$30 for violation of the basic rule. City police cited Davis on April 26. Arraigned Thursday by Judge Slocum was a 16-year-old Roseburg youth who pleaded guilty to two city ordinance violations, discharging a weapon and disobeying the midnight curfew law. Police picked him up about 12:20 a.m. Thursday on a citizen's complaint that he was shooting at street lights at the corner of Pine Street and Oak Avenue. They took a BB gun from the youth who pleaded guilty as charged. Judge Slocum fined him \$15 but suspended \$10 of it. The judge also released Bill E. Walker of Morton, Wash., picked up here Wednesday and cited for failing to have an operator's license. A 20-day jail sentence was suspended on condition he report to his parole officer in Washington within 48 hours.

Winchester Bay Resort Granted Liquor Permit

A class A package store license has been granted by the Oregon Liquor Control Commission to John J. and Ruth E. Zolkowski for the Umpqua Beach Resort at Winchester Bay. Following violation hearings, the commission ordered a 90-day suspension for Alma E. Butler, Alma's Tavern, Myrtle Creek. The suspension becomes effective June 23. On the same day, a 20-day suspension of the permit of Ramona Hech, Alma's Tavern, is to become effective.

Fat Lamb Grading To Be Demonstrated

Two fat lamb grading demonstrations will be held Tuesday afternoon at 10 a.m. on the Joe Brumbach farm on south Deer Creek. The second will be at 1:30 p.m. on the Don Ollivant farm near Lookingglass. The Ollivant farm is located a half mile west of the junction of Happy Valley and Brockway county roads.

Sen. Morse Urges Serious Consideration Of Miners Co-op Ferrochrome Program

The Senate Minerals Subcommittee today was urged by Sen. Wayne Morse to give serious consideration to the Oregon chrome miners cooperative ferrochrome program. The Oregon chrome producers have suggested that the government make loans available for the purchase of chrome ore until a plant is made available in the west for processing such ore. The government would also be asked to agree to buy the ferrochrome output, if necessary, over a period of five years. Morse said, "An economic emergency faces Oregon's chrome mining industry. The stockpiling program has terminated. The chrome mines are shutting down their operations. Employees are being laid off. The mines are being maintained at the expense of the owners or are deteriorated through non-use. This is a sad commentary upon the lack of foresight of the government concerning a product which is essential to the safety of the nation in the event of a defense emergency."

Logging Accident Fatal To Camas Valley Resident

Lawrence Charles (Mike) Lee, 47, well-known Camas Valley resident, was killed Thursday in a logging accident near Bridge. The coroner's office reported Lee was struck by a rolling log while setting a choker on another log at the C&C Logging Co. operation. Born Aug. 23, 1912, at Orofino, Idaho, he came to Oregon with his parents in 1914. He resided in the Willamette Valley before moving to Camas Valley in 1917. He was married Jan. 17, 1942 to Hazel E. Norman in Roseburg. Survivors include the widow, Hazel E. Lee, Camas Valley; a step-daughter, Mrs. J. T. (Mary Lou) Spencer, Morton, Tex.; a brother, Lyle B. Lee, Camas Valley, and three step-grandchildren. Funeral services will be held in the Methodist Church, Camas Valley, at 2 p.m. Saturday. The Rev. Roy W. Knight will officiate. Concluding services and interment will follow in Martindale Cemetery, Camas Valley. Funeral arrangements are in care of Long & Orr Mortuary.

In The Day's News

By FRANK JENKINS
Financial note:
A New York savings bank is giving away everything from desk lamps and skillies to cameras and steak knives to attract more savers. All you have to do to get one of these gifts is to open a new savings account with at least ten dollars.
How come?
This particular bank is confident that the United States of America has a big growth ahead of it. It knows this big growth will call for new investment capital — which is created by SAVING.
That's about the long and the short of it.
A word of advice:
If YOU want to get ahead in this period of growth and expansion which — because of rising (Continued On Page 4 Col. 5)

Swimming Pool Opens Saturday

Roseburg's municipal swimming pool opens Saturday at 1 p.m. with the traditional first day being free. Opening of the pool was postponed about a week after a pipe burst in a locker room. Swimming was supposed to start last Friday, but before the gates could swing open the pipe broke necessitating repairs and delay in opening. There's no inflation at the swimming pool — admission remains the same. The charge for kids is 10 cents, and 25 cents for adults. If there is sufficient demand, according to city officials, the noon hour swimming period for business men and women will again be scheduled. However, it was noted that last year's attendance during the noon hour was too light to warrant opening the facilities. Red Cross swimming classes at the pool are slated to start Monday, June 15. The classes will be held from 10 a.m. until noon.

Winchester Bay Resort Granted Liquor Permit

A class A package store license has been granted by the Oregon Liquor Control Commission to John J. and Ruth E. Zolkowski for the Umpqua Beach Resort at Winchester Bay. Following violation hearings, the commission ordered a 90-day suspension for Alma E. Butler, Alma's Tavern, Myrtle Creek. The suspension becomes effective June 23. On the same day, a 20-day suspension of the permit of Ramona Hech, Alma's Tavern, is to become effective.

Tumble From Swing Breaks Arm Of Boy

A fall out of a swing might not seem serious to some people. But it does to 10-year-old Daniel Cook, son of Mr. and Mrs. Frank Cook, Rt. 3 Box 1450, Roseburg. He's sporting a cast on his left arm today as a memento of just such an accident. He was admitted to Douglas Community Hospital Friday at 1:20 p.m. Daniel is reported coming along in top fashion. He broke his arm at midday Friday in the yard of his home.

Sen. Morse Urges Serious Consideration Of Miners Co-op Ferrochrome Program

The Senate Minerals Subcommittee today was urged by Sen. Wayne Morse to give serious consideration to the Oregon chrome miners cooperative ferrochrome program. The Oregon chrome producers have suggested that the government make loans available for the purchase of chrome ore until a plant is made available in the west for processing such ore. The stockpiling program has terminated. The chrome mines are shutting down their operations. Employees are being laid off. The mines are being maintained at the expense of the owners or are deteriorated through non-use. This is a sad commentary upon the lack of foresight of the government concerning a product which is essential to the safety of the nation in the event of a defense emergency."

Jaycees Count \$1,600 For Drum Corps' Trip

The Roseburg Junior Chamber of Commerce's long pull to collect \$2,008 to send the Knights of Pythias Girls' Drum and Bugle Corps to Los Angeles is coming to an end. Jaycees said today about \$1,600 has been collected, and more money is assured tonight a 9 p.m. in the auction of three used cars at the City Drive In Market. Dr. V. J. Anderson said businesses are being solicited for the trip to the Jaycees' national convention in Los Angeles starting Monday. Most of the girls will be taken to the big city by chartered bus.

Ex-Husband Claims Woman Took His Car

State police have booked Mrs. Lancel V. Paroz of Tri-City at county jail on a citation for larceny over \$75. The complaint was signed by her former husband, George Henry Paroz, owner-operator of the Mid-Way Cafe. He alleged before Justice of the Peace Nina Pietzold that the 29-year-old woman drove off with his 1955 sedan. A warrant for her arrest was issued by justice court early Thursday morning. State police from the Medford office took Mrs. Paroz into custody at 4:45 a.m. after spotting the vehicle at Gold Hill. She was brought to Roseburg Thursday afternoon.

Retail Businesses Plan Late Opening

Retail businesses in Roseburg are remaining open tonight until 9 a.m. as part of the current city-wide sales promotion, Timber Capital Days. The announcement was made today by Rod Neveu, chairman of the Retail Trades Division of the Chamber of Commerce. The promotion campaign started Thursday and will continue through Saturday.

Supports Incentive Payment

In his statement to the subcommittee, the senator gave strong support to the Murray chrome incentive payment program but indicated that the bill would not be workable unless it were amended so as to make it possible for Oregon's small chrome mine operations to sell to chrome buyers. Under the incentive proposal, the incentive payment is payable only when a sale of chrome ore has been arranged. Senator Morse suggested that delivery of the ore to a broker should be considered as a sale within the meaning of the Murray bill. Morse stated, "An economic emergency faces Oregon's chrome mining industry. The stockpiling program has terminated. The chrome mines are shutting down their operations. Employees are being laid off. The mines are being maintained at the expense of the owners or are deteriorated through non-use. This is a sad commentary upon the lack of foresight of the government concerning a product which is essential to the safety of the nation in the event of a defense emergency."

Pieces Of Recently Fallen Meteor Found

SWEET HOME (AP) — Pieces of what appeared to be a recently fallen meteor were found Thursday east of the town of Foster. John McWade, an assistant fire warden for the Linn County Fire Patrol, came upon the rocks on an old logging road. The largest, 2 1/2 by 2 feet on top, was of white color and appeared to have been scorched. It was in a two-foot crater. McWade said the fragments were not there when he traveled over the road two weeks ago.

Levity Fact Rant

By L. F. Raizenstein
The mortar board and gown decor on many a graduate will be displaced by a baseball uniform as soon as the pay-off begins on the current year's \$1,500,000 worth of "bonus babies."
