

SEC Personnel Commended For Uprightness In Dealing With Goldfine Application

WASHINGTON (AP)—Personnel of the Securities and Exchange Commission got a commendation for uprightness Monday from the counsel of a House subcommittee investigating a Bernard Goldfine case in which Sherman Adams showed interest.

Robert Lishman, the counsel, said a thorough check of leads supplied by apparently reliable sources showed "little information useful to our investigation."

Lishman spoke up at a subcommittee hearing at which the SEC chairman, Edward N. Gadsby, hotly denied that SEC gave favored treatment to Goldfine, a Boston industrialist, after the commission got a White House call in 1956.

Inquiry by Counsel. The White House inquiry was made by Gerald D. Morgan, the President's special counsel, and there is no indication on the record that the SEC ever knew it was prompted by Adams, top aide to the President.

But Adams testified that Goldfine, a close friend who had given him gifts and done other favors, complained to him in 1956 about SEC actions against the East Boston Co. This is a Goldfine holding company, a subsidiary of which SEC was proceeding for failure to file required reports.

Adams said Goldfine did not ask him to do anything about the case, but that he asked Morgan to find out what it was all about.

Morgan got the information from Thomas G. Meeker, the SEC's general counsel, and reported to Adams. But Adams said he did not pass the data along to Goldfine.

WCTU All-Day Meet Thursday. The Douglas County Woman's Temperance Union will hold an all-day institute Thursday on the lawn at the Arthur Marsh home, weather permitting.

In case of inclement weather, the sessions will be held indoors. The morning session will convene at 10:30 with business meetings held individually by the separate unions, following a devotional service conducted by Rev. Valeria Cleveland.

The afternoon session will begin at 1:30 following the luncheon hour. The theme of the institute will be "Highways to Abstinence." Departmental reports will be given; child welfare and legislation, Mrs. Arthur Marsh; fower mission and relief, Mrs. Fred Southwick; spiritual life, Rev. Valeria Cleveland and Christian citizenship, Mrs. Ruth Michelle.

A good representation of each of the unions in the county is expected and all interested in the temperance cause are invited to attend. An open discussion will be held and ways considered in which the WCTU can assist the home, church and school in child guidance.

Individuals are asked to bring a sack lunch. Coffee and fruit punch will be served, according to correspondent Hazel Marsh.

EXCLUSIVELY ART! A complete line of "Paint by the Number" sets that are fun to paint... ideal for gifts.

Wanted Criminal Still At Large; Robbers Caught

EUREKA, Calif. (AP)—George Cole, one of the FBI's 10 most wanted men was still free Tuesday, whereabouts unknown, and the 100-man, two-county search for him was at a standstill.

Cole, 31, sought for the killing of a San Francisco policeman in December, 1956, was reported seen near Eureka Sunday, touching off a manhunt along a 223-mile stretch of Northern California.

While searchers in the north combed the Dubakella Mountain area, those in the southern area, near Lakeport, set up roadblocks and closed in on a site where Cole was reported seen.

But when a Laytonville gas station was robbed of \$125 Monday, most searchers in the south left their posts to seek the thieves.

They captured the suspected robbers—two men and a girl—but may have lost Cole in the process.

About 50 deputies chased the suspects' car over an 80-mile route, guns blazing. Finally, near Lakeport, the auto overturned and the men fled into the hills.

Arrested at the crash was Joy Woolcott, 18, of Scotia, Calif. Lawrence Emerson Alfred, 22, of Rio Dell, and James J. Showers, 23, of Fortuna, who had fled into the hills, were trapped near an isolated cabin.

Damage Caused To Automobile Slated For Raffle. Damage amounting to at least \$250 was inflicted Monday night on a 1958 automobile which was slated to be raffled by the Drain Chamber of Commerce.

The car, parked at a service station in downtown Drain, was battered by thrown bricks. A rear window was smashed and extensive damage done to a front door of the four-door vehicle, reported Edith Bush, Drain correspondent.

The culprits also smeared the rear end of the auto with lipstick. Mrs. Bush said deputies are investigating the case.

Another car was similarly damaged Monday night, and it was theorized by deputies that the same vandals were responsible. The car, owned by Richard Wheeler, Drain, was parked in front of a residence in South Drain.

The 1958 vehicle was slated to be raffled at the North Douglas Fair Aug. 31. The chamber had hoped to raise money to sponsor a covered wagon in the 1959 Oregon Centennial trek from Missouri through proceeds from the car.

Mother Of 5 Shoots Husband In Argument. (Continued From Page One) he got up and left the premises, investigating deputies reported.

Sheriff Byrd brought Ford to county jail after he was treated by Dr. Mary E. Soules, county physician, and booked him for vagrancy involving disorderly conduct.

Cost Of Living Hits Another Record In May

WASHINGTON (AP)—The nation's living costs hit another new record in May but registered the smallest monthly rise since December.

The latest government reading on living costs, released Tuesday, held out hope that the two-year inflationary spiral has leveled out for the summer. Food items as a whole failed to increase in May for the first time since November.

The Labor Department index rose one-tenth of 1 per cent to 123.6 per cent of the 1947-49 base. This is 3.3 per cent higher than May last year. It represents the 19th straight rise in the index in the past 21 months.

The index has not declined in any month since August 1956. The living cost rise means an automatic pay boost for an estimated 850,000 workers mainly in the steel, aluminum, can manufacturing and meat-packing industries.

About 750,000 workers in these industries are to get a 4 cent hourly pay increase effective July 1 under labor contract clauses gearing pay rates to the government index.

Increases in medical care costs and transportation prices were largely responsible for the moderate hike in May for the overall index.

Medical Costs Up. The medical care increase was attributed primarily to higher premiums for Blue Cross hospitalization plans in several cities, including San Francisco and Kansas City. Rates for physicians' services and hospitals also were higher. Medical care costs as a whole rose seven-tenths of 1 per cent.

The increase in transportation reflected higher prices for gasoline following the end of price wars in several cities, and for used cars. Prices of new cars and tires were lower.

Hersey E. Riley, chief of the Labor Department's price and cost of living division, told reporters food prices likely will decline in the months ahead as more plentiful supplies of fruits and vegetables hit market.

UAW Workers Pickets March At Chrysler Plant

DETROIT (AP)—Some 100 United Auto Workers pickets marched at Chrysler Corp.'s missile plant again Tuesday, cutting into Jupiter and Redstone missile production for the second straight day.

Thirty Macomb County sheriff's deputies kept the pickets moving and plant gates clear so non-union employees could enter. There were no reports of violence.

A company spokesman said about 2,000 of the day shift force of 7,500 workers had reported by 7:30 a.m. and more were coming in. Many were delayed by traffic which backed up as cars slowed at the gates.

Pickets carried placards and about a dozen wives of unionists joined the demonstration.

An Army spokesman said the wildcat walkout which began Monday resulted in a "total loss" of production on the day's first shift.

However Chrysler said the exact effect of production could not be determined because "the majority of the people in this group are not involved directly in final assembly of missiles."

Hoffa Is Freed Of Wiretapping. NEW YORK (AP)—Teamsters President James R. Hoffa and two codendants were acquitted last night of charges that they conspired to wiretap the union's Detroit headquarters.

A federal jury of eight men and four women deliberated seven hours before returning the verdict. The defendants with Hoffa were Owen B. Brennan, president of Detroit Teamsters Local 337, and Bernard Spindel, a professional wiretapper.

Conviction could have brought a maximum sentence of five years in prison and a \$10,000 fine. A previous trial ended in a hung jury.

The government contended the trio illegally conspired here to install wiretaps in the Detroit headquarters in 1953 so Hoffa could eavesdrop on union subordinates.

Hoffa allegedly wanted to know what the subordinates might tell to U. S. Senate investigators or a grand jury in Detroit during investigations of the Teamsters Union.

The defense denied installing any wiretaps but conceded installing other eavesdropping equipment in the union's offices.

Hospital News

Mercy Hospital Admitted. Medical: Mary Myers, Dennis Farnworth, Roseburg; Mrs. Ralph Carter, Riddle; Lee Halloran, Myrtle Creek.

Surgery: Mrs. Ralph LeGat, Mrs. Ray Sims, Mrs. Chester Frew, Mrs. Jessie Jordan, Roseburg; Mrs. Clifton Crader, Sutherlin; Mrs. Edward Wilkerson, Wilbur.

Discharged. Mrs. David Hull, Florence Lawrence, Roseburg; William Corley, Wilbur; Coy Metcalf, Myrtle Creek; Merritt Farley, Portland.

Two Umpqua Forest Timber Sales Made

Two Umpqua National Forest timber sales Monday brought above appraised prices for Douglas fir and pine and netted a total of \$118,606 for a total volume of 8,620,000 board feet of timber.

Successful bidder on 8,400,000 of timber on 121 acres in Little River Ranger District, 43 miles east of Roseburg, was Trico Timber Co. of Dillard. The high was \$22 per thousand board feet on Douglas fir and pine and the appraised price on Western hemlock and other species. Total bid was \$167,950.

The timber was appraised at \$114,300, with 7,400,000 board feet of Douglas fir and pine appraised at \$14.75 per thousand, and one million board feet of Western hemlock and other species appraised at \$5.15 per thousand feet.

Other bidders were E. T. Cone Logging Co., Roseburg; Round Prairie Lumber Co., Dillard; Sun Studs, Inc., Roseburg; L & H Lumber Co., Sutherlin, and Douglas Veneer Co., Roseburg.

The second sale was located in the same area and involved a total of 220,000 board feet on five acres. The timber was appraised at \$4,308, with 200,000 feet of Douglas fir and pine at \$20.55 and hemlock and other species at \$5.90.

Paul B. Hult Lumber Co., Dillard, was high bidder, offering \$5,318. The firm bid \$26 on Douglas fir and pine and the appraised price on other species. Also bidding were Sun Studs and Earl R. Swift, Glide.

Youth Is Placed On Probation By Judge Woodrich

Imposition of a two-year probation sentence was suspended Monday by Circuit Judge Charles S. Woodrich following a pre-sentence investigation of an 18-year-old Sutherlin youth.

Ronald William Kenwisher, who admitted he was one of five youths who broke into a grocery store and took cigarettes, beer and other items last May, was placed on probation. He had pleaded guilty to burglary not in a dwelling.

Another boy, Stanley Milo Sherman, 18, of Winston, was sentenced to 60 days in the county jail. He pleaded guilty to a charge of larceny under \$75 in connection with the May 27 theft of blankets and clothing from the Winston Fire Hall belonging to C. G. Hastings.

Sherman has a hold warrant from the state of Washington to face upon his release. He is wanted there for grand larceny. Judge Woodrich also requested a pre-sentence investigation in his case.

Motion To Stay Integration Delay Order Is Filed. LITTLE ROCK, Ark. (AP)—Another skirmish over integration at Central High School loomed on the legal horizon today.

A motion to stay an order by U. S. Dist. Judge Harry J. Lemley which suspended integration here for 2 1/2 years was sent yesterday to an appellate court.

Wiley Branton, attorney for the National Assn. for the Advancement of Colored People, mailed the motion to the U. S. 8th Circuit Court of Appeals at St. Louis.

He acted shortly after Lemley refused to stay the integration suspension ruling pending an appeal from it.

If the appellate court also turns down Branton's motion, the Negro attorney could seek a stay in the U. S. Supreme Court.

These motions for a stay are entirely separate from the appeal of Lemley's ruling suspending integration.

Vanguard Rocket Flunks Another Launching Test. CAPE CANAVERAL, Fla. (AP)—The Navy's temperamental Vanguard rocket—America's No. 1 satellite launching vehicle—flunked another test today.

After hours of hard work the Vanguard crew gave up at 1:34 a.m. on another heart-breaking effort to get the slender rocket with its "basketball moon" off the ground.

No reason for the failure was given except the usual "technical difficulties."

It was the second time in four days that the crew had been stymied in its effort to get this particular Vanguard off its launching pad. It was scrubbed last Thursday night after a long countdown. There was no official announcement on when the next attempt would be made.
