Glendale Seventh-day Adventist Church Cancels Two Services

By MRS. GERALD B. FOX

There will be no services at the Glendale Seventh - day Adventist Church July 19 and 26.

Many members of the group will be in attendance on those dates at the state-wide camp meetings to be held for ten days at Gladstone, near Portland. Those who remain here will join with Canyonville members in their services.

Patent Pending

Fred Lund, Glendale mayor, received information about three weeks ago that a patent is pending on a new-type circulating heater he invented. He and his wife made a trip to the Seattle area recently visiting the Washington Stove Works in Everett. At the suggestion of the stove manufacturing company, Lund is now having a model of his invention built by Tozer Sheet Metal Works in Roseburg so that operation of the stove may be demonstrated.

Lund's heater sits on a grill set in the floor over an air-intake pipe which will bring in fresh air from under the house. A fan with a thermostate will go into operation when the firebox begins to get warm and will circulate warmed air through the area to be heated.

The same fan and air-intake system may be used to cool the house during the summertime.

Mr. and Mrs. Augustine Gutierrez of Glendale are the parents of a 6 pound 8 ounce baby girl, Diana Marie, born July 12, at Forest Glen Hospital in Canyonville.

Son Transferred

George Mill, who is working in California, and his family spent the Fourth of July holidays in Los Angeles. Their son, Lee, had a few days leave from the service to visit them, then left for the base to which he was being transferred, near Indianapolis.

Mr. and Mrs. Bert Humphrey are enjoying a visit from their daughter, Mrs. Norman Sjogren of Seattle, and her children, who will visit here for a month.

The E.I. Nace family oif Glendale enjoyed a visit for a week during the holiday season from his nephew, Thomas J. Nace of South Bend, Ind.

Mr. and Mrs. Francis Reed of Seattle, former Glendale residents, visited recently with the P. J. Miller family and the Bill Wunsch families in Glendale. Reed is the son of Roy Reed, also of Seattle, who with his family made his home here about 18 years ago.

Lloyd Clark, son of Mrs. Thelma Clark of Glendale and Don Monfils, son of Mr. and Mrs. Oscar Monfils of Glendale, joined the navy last week and left Wednesday for basic training at San Diego, Calif. Both boys were graduated from Glendale High School this spring.

Glendale Southern Baptist Church Elects New Officers

By MRS. GERALD B. FOX

Members of the Glendale Southern Baptist Church recently elected church officers. These officers will be installed Oct. 1 and will serve for one year.

They are: Sunday school superintendent, Maurice McDowell; training union director, William Cummings; church clerk, Mrs. Maurice McDowell; association executive committee member, Floyd Cobb; head usher, Harlan Thompson Jr.

Two teachers were elected to serve for the remainder of this year, up to Oct. 1. They are Mrs. Leon Kesterson, intermediate girls, and William Cummings, Intermediate boys.

Marry In Reno

Thomas L. Sanders, crane operator at the Robert Dollar Veneer Plant in Glendale, and Judith Karen Dean of Grants Pass were married June 21 in Reno, Nev. The couple are making their home in Grants Pass.

Marlen Yoder, superintendent of the Glendale school system, and his family have returned from visiting Yoder's parents Mr. and Mrs. H. A. Yoder, in Otsego, Mich., and with other relatives, including a brother, who is pastor of the Northland Congregational Church in Rockford, Mich.

The Yoders left here June 8, visiting Disneyland, Grand Canyon and the Mammoth Caves in Kentucky enroute to Michigan. While in Michigan they drove to Dearborn to go through Ford's Greenfield Village. In Indiana they visited an uncle who is a railroad engineer. He took them to the Elkhart Railroad Yards, the largest electronic control yards in the world, where 72 tracks are controlled electrically. The Yoder children were allowed briefly to occupy the engineer's seat in a diesel engine. Returning home, the Yoder family crossed the bridge which connects upper and lower Michigan and is reputed to be the second-largest in the world.

While the Yoder family was gone, her parents, Mr. and Mrs. E. W. Lawrence of Salem, spent some time in the Yoder home visiting with his brother, H. W. Lawrence of Wolf Creek.

Grandnephew Visits

Mrs. Pearl Miller of Azalea was visited Monday by her grandnephew, Jummy McCulloch, and his wife, of Whittier, Calif.

Mr. and Mrs. Glade O'Neil of Glendale drove Judy O'Neil and Nancy Kay Furlong to Roseburg Saturday, and from there they went to Huntley Park on the Rogue River near Gold Beach to attend the pre-camp training session for 4-H counselors. They returned to Roseburg Sunday afternoon and were met by Bob Brown who brought them home. The camp was attended by seven county agents, and 33 persons who will act as counselors at the 4-H club camp at Myrtlewood July 28 through Aug. 2. Those in attendance represented three counties, Coos, Curry, and Douglas.

H. L. Sheppard of Quines Creek, owner of the Quines Creek Garage, announced this week that he has leased the garage to Jeff Thompson who will take over management July 23. Bill Hamman, present operator, is leaving to manage a garage, service station, and restaurant near Cottage Grove.

Thompson is moving to Fortune Branch from Washington. However, he is well-known and highly recommended in this area, according to Sheppard, having formerly managed a garage at the Alpine, near Canyonville.

Transport Union Strikes At Missile Test Center

CAPE CANAVERAL, Fla. (AP) — About 1,000 members of the Transport Workers Union went on strike against Pan American Airways at the Air Force Missile Test Center today.

The walkout, which started at midnight, concerned a dispute over wages and the death of a mechanic who fell from an Atlas missile service tower.

Local 525 set up pickets about four miles from the entrance to the world's largest missile center.

Pan American is the prime contractor for maintaining the missile center and the 6,000-mile test range that stretches across the south Atlanic.

U. S. Rejects Soviet Bid For Long-Term Credits

WASHINGTON (AP) — The United States has turned down a Soviet bid for long-term credits as a means for stepping up trade between the two countries.

President Eisenhower wrote Soviet Premier Khrushchev that such a move would raise complex legal and political questions.

Eisenhower said East-West trade could be increased if Soviet trade organizations take advantage of regular commercial credit terms already available to them.

NW Apricot Harvest To End This Week

PORTLAND (AP) — The Northwest apricot harvest is expected to end this week in most producing districts.

Prices are strong with the market topped by Tiltons from The Dalles and Yakima selling at $2.25 to $2.75 a 28-pound lug on the wholesale produce market at Portland.

Oregon and Washington growers report a good crop of peaches developing. Growers say they will be somewhat on the large size this year.

Picking will begin several weeks earlier than usual. Home canning of peaches probably will start next month.

BUILDINGS PLANNED

SEATTLE (AP) — Preliminary plans for two new University of Washington buildings costing over a million dollars were approved by the Board of Regents this week. The buildings are a new business administration unit, costing about $620,000, and the S. Maimon Samuels Institute for Cancer and Heart Research, which will cost about $800,000. Construction on both is scheduled to start within a year.

Wheat Support Set At $1.78 Bushel

J. F. Bonebrake, chairman of the Douglas County Agricultural Stabilization and Conservation Committee, has announced that the basic price support rate for Douglas County's current wheat crop will be $1.78 a bushel.

Bonebrake said this amounts to a 4 cent increase over the minimum rate announced several weeks ago.

The basic county rate is for grade no. 1 wheat. It is further adjusted up or down for grade and quality to determine the support price for an individual farmer.

Bonebrake noted that terminal rates also have been raised 4 cents a bushel above the minimum.

The increase in the basic support rate reflects a rise in the wheat parity price, added Bonebrake. The current national average support rate for the commodity represents 75 per cent of the parity price.

Bonebrake said farmers who have received support at the lower rate will receive the difference.

Meanwhile, Robert Murray of the local ASC office said wheat acreage reserve payments to farmers in the county had reached a total of $7,876.28 as of June 30.

Payments will continue during the summer as the compliance check is completed on participating farms, added Murray. Murray pointed out that, even though payments are made at this time, the farmer's responsibility under the acreage reserve agreement continues to the end of the 1958 calendar year.
