

U.S. WARNS OF ITS 'ATOMIC CAPABILITY'

Allowable Timber Cut Given Boost

BLM Adds 7 Million Board Feet To Quantity Set For Douglas County

A boost of 7 million board feet in the annual allowable cut of Douglas County O&C timber has been announced by the Bureau of Land Management.

The increase is included in a site-wide boost of some 77.1 million board feet over the last increase.

BLM officials said the boost is the sixth since the original order on the allowable cut for the 12 master units in the state was announced in 1955, increases in three units — South Umpqua, Siuslaw and Josephine — account for the current boost.

The South Umpqua unit showed an allowable cut increase from 25,500,000 board feet in the original order to 32,500,000 in the latest estimate. The recent amendment marks the first increase for the unit since the original order.

The Josephine unit cut was boosted from 48,000,000 board feet in the original order to a current figure of 102,000,000. The original Siuslaw order placed the allowable cut at 57,000,000. It was raised to 79,100,000 in the latest order.

The South Umpqua and Douglas units are contained entirely in Douglas County. The latter unit's allowable cut was not increased in the latest order. Its figure stands at 112,800,000 annually compared to 89,400,000 board feet as set originally.

Displaces Old Estimates
Virgil T. Heath, state supervisor for BLM, said the new order reflects the latest forest surveys conducted by the BLM to determine

Car Hit Puts Squabbling Man, Wife In Hospital

STILLWATER, Okla. — A college professor is in critical condition after being hit yesterday by a car driven by his wife. Stillwater Police Capt. Ray Bennett said an investigation is being made of the incident involving Dr. and Mrs. Lloyd Douglas.

Bennett said Douglas was struck by the car driven by his wife Frances while the two apparently were arguing.

Douglas, about 50, an Oklahoma State University English professor, was unconscious and Mrs. Douglas was hospitalized with a broken arm and facial cuts and was reported in hysterical condition. Douglas suffered head injuries and a double compound fracture of one leg.

Bennett quoted witnesses as saying Mrs. Douglas was driving the car the wrong way down a one-way street, talking to her husband who was walking on a sidewalk. The car stopped, she started to cross the street and the car moved ahead and struck him.

Jehovahite Drowns During Baptismal Rite

HOUSTON, Tex. (AP) — A Jehovah's Witness, conducting baptismal services in a sand pit, toppled backwards into water 30 feet deep and drowned Sunday.

Members of the congregation said Clifton Wayne Payne, 23-year-old Negro, had baptized two persons and was awaiting the third when he stepped back and disappeared. His body was recovered 20 minutes later.

In The Day's News

By FRANK JENKINS

The big news as this is written: No BOMBS have been dropped yet.

Don't pay too much attention to scattering rifle fire. There are many rifles in the Middle East — and a lot of nervous trigger fingers.

In the U.N. the expected happens.

Russia vetoes the United States resolution to send an international police force into Lebanon under the United Nations flag. If that had been done, U.S. troops would have been withdrawn.

That happened in what is known as the Security Council. The United States moved immediately to call the U.N. General Assembly into session to consider the plan to send an international police force to handle the situation.

The General Assembly is a step above the Security Council. It COULD override the Russian veto.

A word of advice: Don't expect too much in the

U.S. Budget Last Fiscal Year In Red Nearly \$3 Billion

WASHINGTON (AP) — The government said Monday the national budget was in the red by \$2,813,000,000 at the end of the fiscal year last June 30.

Secretary of the Treasury Anderson and Budget Director Maurice H. Stans made the announcement in a joint statement based on preliminary reports still subject to revision.

The deficit was recorded after two fiscal years in which the government's budget books were in the black.

As recently as last January, the budget for the 1958 fiscal year ended June 30 would be in the red by only 400 million dollars.

Receipts during the fiscal year totaled \$69,100,000,000, down nearly two billion dollars from fiscal 1957. The drop was caused largely by the recession slump in earnings of businesses and individuals.

Budget spending during the 12 months total \$71,900,000,000, an increase of 2½ billion dollars over the previous fiscal year.

Spending was boosted by post-war emphasis on defense, anti-depression programs and later outlays under the farm price support program.

For the new fiscal year which began July 1, officials are estimating a budget deficit of 10 to 12 billion dollars.

Lunch Program To Be Discussed By School Board

A special Roseburg School Board meeting is scheduled for Tuesday night to discuss the district's school lunch program.

The matter was brought up at a meeting last Wednesday but tabled. One director said he felt the board needed an entire evening for discussion and another said more than three members of the board should be present.

Under consideration is the possibility of providing lunches at Huerfano, Eastwood, Wilbur and Winchester elementary schools and Joseph Lane Junior High School. The matter was also brought up at a June 24 meeting and the board at that time requested Supt. M. C. Deller to submit a cost estimate of the proposed plan for providing the lunches.

The plan under consideration calls for completion of kitchen facilities at Huerfano School. It has been estimated that additional small equipment would cost \$2,312.90, additional salaries \$8,705 and transporting of food \$1,500. Estimates for labor and materials to complete the Huerfano cafeteria are being prepared.

Supt. Deller said the proposed plan was prepared by assuming that the percentage of participation by the students will be approximately the same as it was during the past school year.

Terrific Storms Batter Areas Of Four States

By THE ASSOCIATED PRESS
A violent summer storm struck parts of Kansas, Colorado, Nebraska and Oklahoma late Saturday, flailing the region with high winds, thunderstorms, hail and lightning. Six tornado funnels were seen, and one tornado struck a farm, injuring four men.

The worst weather in the nation was concentrated in this area although thunderstorms were evident in scattered areas of Arkansas and western Tennessee.

JUDGE FROM ROSEBURG
Mrs. Ulah Rhoden, Roseburg dance instructor, has been chosen as one of the five judges of the Miss Oregon Pageant at Seaside Friday, Saturday and Sunday. She and the other judges will choose from among 10 girls in competition for the Miss Oregon title.

Weekend's Traffic Dead Totals Eight

Oregon's 1958 Count Of Victims Thus Far Registers 209 In All

By THE ASSOCIATED PRESS
At least eight persons died in Oregon highway accidents over the weekend, raising the Associated Press' list of 1958 traffic deaths in the state to 209.

Twenty-seven have perished on the streets and highways so far this month, compared to 38 for the entire month of July last year.

Two persons met death in Sunday highway crashes in opposite ends of the state.

Carolyn Edele Nicholas, 38, of Newport, was killed Sunday night in a two-car accident on U.S. 101 north of Newport, a quarter-mile north of Whale Cove. State police said two other persons were injured seriously. Their names were not learned at once.

Warren Duane Cassal, 31, Pilot Rock, died in a spectacular one-car crash early Sunday at Pilot Rock. State police said his car failed to make a turn as it sped down a hill into town. The speeding automobile smashed into a truck and then careened into a nearby service station, crashing through locked doors into the lubrication room.

Two Fatal Collisions
Two violent collisions Saturday killed four persons, two in each crash, a few miles apart east of Portland.

Mr. and Mrs. Robert E. Sinclair of Portland were killed outright when their car was involved in a three-car collision on the Columbia River Highway. Two of the couple's young sons in their car were slightly injured.

Later, a head-on collision not far away on the Banfield Expressway killed Robert Bangs, 38, of Beaverton, and Emma Williams, about 30, Portland.

Mrs. Jack Davis, about 45, who lived on a ranch near Heppner, was killed when a pickup truck

Goldfine, Junior, Quits Hospital, Re-Joins Wife

SARASOTA, Fla. — H. Maxwell Goldfine spent less than 24 hours at a hospital where he was treated for multiple self-inflicted razor blade slashes.

The 36-year-old son of New England industrialist Bernard Goldfine left the hospital Sunday, and picked up his wife. They drove off to an undisclosed destination.

Mrs. Goldfine reportedly had been seeking a divorce, but when asked about it, she said, "All I can say is that everything is all right just now."

Goldfine locked himself in a bathroom Saturday morning and inflicted numerous superficial cuts on his body before yielding to pleas to come out. His wife said he was upset by his father's role in congressional investigations probing the elder Goldfine's relations with presidential aide Sherman Adams.

Freight Train Explosion, Fire Destroy 4 Cars

MERRIAM, Kan. (AP) — A railroad tank car derailed and exploded just south of this Kansas City suburb Sunday, igniting a fire that destroyed 4 cars of a 10-car train.

Flaming wreckage was spread along about 500 feet of track. There were no injuries.

Firemen kept the fire from reaching two cars loaded with artillery shells.

Cause of the derailment on the Missouri-Kansas-Texas Line was not known.

TANKS IN BEIRUT — Lebanese civilians watch from sidewalk as U. S. Tanks and Jeeps roll through streets of Beirut. American Marines exchanged rifle and machine-gun fire with snipers, but reported there were no casualties.

Baited Summit Meet Bid Due For Big 3 Rejection

By JOHN M. HIGHTOWER
WASHINGTON (AP) — The White House announced Monday that the United States, Britain and France have started drafting a reply to the Khrushchev proposal for an emergency summit conference on the Middle East.

The United States it was learned, has proposed to Britain and France a draft which would definitely turn down the Soviet Premier's call for an immediate meeting outside the United Nations and would keep Middle East diplomacy concentrated in the UN Security Council.

The U.S. version would counter the sensational Soviet move of last Saturday with a proposal that Khrushchev take to the Security Council his charge that the United States and Britain endangered peace by putting troops into Lebanon and Jordan.

Britain and France were reported in agreement with the United States on this general line of approach—which would very likely result in a high level Security Council meeting of either foreign ministers or chiefs of government. But there appeared to be some difference, at least of emphasis, between Washington and the two European capitals on how hard to plug the idea of an early summit conference either

Boat Owner Missing, Drowning Suspected

The owner of a boat which was found drifting in the Umpqua River near Reedsport late last week may have drowned and police today continued dragging the river.

The sheriff's office today said dragging operations started Sunday after the boat was found Friday. It belongs to Lester Vernon Prindle, 47, Reedsport.

Prindle was last seen Thursday night in the company of a woman, police were informed.

In the meantime, he has been listed as a missing person. Police regarded possibility of a drowning as high.

The boat was found downstream from the highway bridge. The Coast Guard Sunday aided in the dragging operations.

Jaw-Breaker Ball Hits Sheriff In Dugout

MEDFORD (AP) — Crook County Sheriff Jess Woodridge suffered multiple fractures of the jaw and lost most of the teeth on the left side of his face Saturday night at a Junior American Legion baseball game here.

Woodridge, volunteer business manager of the Primville Legion team, was sitting in the dugout at the Medford field when a fast pitch by a warmup pitcher escaped the bullpen catcher and hurtled into the dugout.

Woodridge was taken to a Medford hospital where he underwent surgery. He will remain in Medford for several days until he can be returned to Prineville.

92 DEGREES FORECAST
The U.S. Weather Bureau predicted a high of 92 degrees in Roseburg today. It appears there will be no relief in sight with the five-day outlook calling for temperatures ranging from 84 to 95 degrees.

Myrtle Creek Youth In Jail After Chase

A 15-year-old Myrtle Creek youth was booked in county jail Sunday after he "piled up" his father's car near Canyonville following an eight-mile chase by police Saturday night.

Justice of the Peace Nina Pietzold arraigned the boy and set bail at \$500.

Early Saturday night the father reported his son had taken the car. When located by Myrtle Creek police and a state police officer, he tried to outrun them in the vehicle.

Officers chased him along the South Myrtle Creek Rd. until he missed a curve on the road. The car was extensively damaged, according to police, but the youth was unharmed.

Glendale Logging Firm Buys O & C Timber

Schmidt and Crews Logging Co., Glendale, last week was high bidder for 4,385,000 board feet of O&C timber offered for sale by the Medford District of the Bureau of Land Management.

The tract is located along upper Grave Creek in Jackson County. The high bid was \$106,602.45, with Douglas fir selling for \$25.25 a thousand.

The tract was the only one to sell among four offered. The other three, containing an estimated total of 10,835,000 board feet, are located along the west fork of Cow Creek in Douglas County.

American Ground, Sea, Air Units Readied For Combat, Mid-East Spokesman Says

Britain, France And America Not Stampeded Into Summit Meet By Khrushchev's Boastful Note

By EDWIN A. SHANKE
BEIRUT, Lebanon (AP) — The United States brought the menacing words "atomic capability" into the Middle Eastern crisis Monday.

A U.S. spokesman said all U.S. ground, air and sea combat units "have atomic capability." He specifically avoided saying whether the 6,300 Marines here have atomic warheads in Lebanon.

At the same time, U.S. Marines joined Lebanese army anti-sniper patrols which could bring them in contact with rebels, many of them pro-Nasser.

These developments came as President Nasser of the Syrian-Egyptian United Arab Republic and Soviet Premier Khrushchev weighed results of their latest diplomatic moves.

Nasser, it was reported by Cairo news agencies, met with the rich ruling sheik of Kuwait in Damascus Sunday. Kuwait, a British protectorate, is on the Persian Gulf close to Iraq and supplies half of Britain's oil. It is the leading oil producer in the Middle East.

Khrushchev proposed over the weekend a five-power summit conference to talk over the Middle East crisis.

Britain, France and the United States indicated they are refusing to be stampeded into immediate summit talks.

White House press secretary James Hagerty said an answer to Khrushchev would not be sent until after Monday's U.N. Security Council meeting. He said the United States would support a Japanese approach to the Middle East problem — a resolution in the U.N. Security Council to enlarge U.N. observer forces so U.S. forces could be withdrawn.

British Prime Minister Macmillan told the House of Commons he is "anxious to find a suitable means" of solving critical problems at a summit meeting but warned against "being foolishly swift" about it.

French Premier Charles de Gaulle was represented as welcoming the idea of the meeting but as feeling that it must be objectively arranged and held in an objective and quiet atmosphere.

Intervention Explained
The United States also took steps to inform Lebanese of the reasons for the presence of American troops in Lebanon.

A U.S. Embassy spokesman said a million leaflets in Arabic were dropped from one end of Lebanon to the other and assured the Lebanese the Americans would leave "as soon as the United Nations has taken measures assuring the independence of Lebanon." The leaflets carried a picture of President Eisenhower.

The adding of Marines to Lebanon (Continued on Page 2 Col. 1)

Police Investigating \$164 Theft From Safe

Roseburg police have in custody a 19-year-old hotel clerk who was picked up Sunday in connection with the theft of \$164 in currency taken sometime Saturday from the safe of a downtown hotel where he worked.

The youth allegedly confessed to taking the money when picked up by a parole officer for questioning for parole violation. He had been released from the state penitentiary June 27.

No formal charges have been signed against the youth. Officers said they are continuing the investigation and are questioning several friends of the suspect.

Police recovered \$80 of the money the youth said came from the safe. He said he used \$40 of the money to purchase a 1958 car, but the vehicle was registered in the name of Wilfred Langham of Diamond Lake Blvd.

Crash In Stolen Plane Seriously Injures Boy

DENVER (AP) — A 14-year-old boy who police said stole a \$17,000 light plane from busy Stapleton Airfield was seriously injured Saturday night when the craft crashed two miles from the airport.

Stephen Oakford was taken to Denver General Hospital with a broken arm and internal injuries. Patrolman Lee Harold said the boy walked boldly to the airport parking ramp where private planes are moored, selected a near-new four-passenger Cessna and took off.

Harold said Stephen kept the plane aloft for about 10 minutes. He said the plane wavered over an outdoor theater where hundreds of persons were attending a movie. It barely missed the top of the movie screen.

The plane finally crashed into power lines. The boy was thrown clear.

There was no fire. Officers said as far as they could determine, Stephen never before had been in an airplane. He is the son of a roofing firm vice president.

Labor Contractors Accused Migrant Farm Workers In Oregon Mistreated, Exploited, Bureau Finds

PORTLAND (AP) — An Oregon legislative interim committee was told Saturday that migrant farm workers in the state are being mistreated and exploited.

The charges were made in a series of detailed studies by state agencies. The studies were requested by the Interim Committee on Migratory Labor.

Some of the most spectacular charges were made in a report by the state Bureau of Labor. This report said there appears to be a ring of Mexican-American labor contractors which deals in Marijuana and prostitution for the farm workers.

The report said some contractors cheated the laborers by marking up housing rentals, charging high prices for transportation, and paying workers less than the contract wage.

The report did not list the names of contractors involved in such illegal activities.

The report concluded with the statement that "there can be little doubt that the present contractors are a factor in suppressing the progress of the Spanish-American migrant farm worker toward full and responsible citizenship and Americanization."

Buses, Trucks Faulty
A survey report on farm labor transportation told of workers being moved about in defective buses and trucks. The report said that of buses checked, 13 per cent had poor foot brakes, and 22 per cent poor hand brakes. The foot brakes on 5 per cent of the trucks were defective and the hand brakes were bad on 32 per cent.

The Oregon State Employment Service Report said that the average pay per man per day ranged from \$3.37 in Columbia County to \$17.65 in Jefferson County. The per diem average for other counties included: Baker \$10.34; Douglas \$4.38; Jackson \$6.67; Josephine \$9.38; Klamath \$11.33; Lane \$3.39; Marion \$4.63; Polk \$3.11; Umatilla \$9.24. The average for the state was reported at \$5.37.

A report from the state Public Welfare Commission revealed that public assistance expenditures in Oregon for migrants totaled \$384,000 last year.

ROSEBURG SCOUT TROOP 92, sponsored by Roseburg Lions Club, is at Camp Melowka for its annual summer campout this week. The camp is about 70 miles from Eugene high in the Cascades. Troop 92 is the only Roseburg unit to attend the camp this year. Scouts are, left to right: Front row, Bill Thomas, Steve Stewart, Ricky Crocker, Mike Cacy, Darrel Kenny, Jim Lamka and John Thomas; back row, Don Mitchell, Gene Garret, Ricky Watkins, Bruce Wasson, Rex Smith, Bud Cox and Jay Wilson. Assistant scoutmaster Paul Cacy and scoutmaster Floyd Wilson stand at rear. Dale Miller, not pictured, also is attending the camp. (Kenny photo)

Levy Fact Rant

By L. F. Reizenstein

At their conference in Moscow last week on Nasser's ambition to become ruler of all Arabian countries, by the bloodshed route, Khrushchev probably promised the Egyptian cat's-paw of the Soviet scheme "Grab all your can, Comrade, I'll give you half of what you win."
