

Nasser Tells Large Crowd Arab Nations To Triumph

LONDON (AP) — President Nasser declared before a cheering crowd in Cairo Tuesday that all other Arab countries will win their "freedom."

The leaders of Lebanon will win against the occupation," he said. "Lebanon will win and Amman (Jordan) will win against the agents of imperialism."

"All the Persian Gulf states will win their statehood and every state that wants freedom will win. There is no place for imperialism in our midst."

Cairo Radio said 500,000 persons were gathered in Republic Square to hear the head of the United Arab Republic of Egypt and Syria on the sixth anniversary of Egypt's revolution.

The radio said that for the first time the Iraqi Radio was hooked in with the Egyptian and Syrian networks to broadcast the speech.

The leaders of Iraq's coup have allied with Nasser in a mutual defense pact.

Nasser said imperialism must be "tried to separate us from Iraq, from Lebanon" but all efforts to split Arab peoples would fail.

Attacking King Hussein of Jordan personally, he said, "if King Hussein has taken the wrong road

Britain And U. S. Study Recognizing Iraq Republic

LONDON (AP) — Government officials reported today that Britain and the United States are consulting the Baghdad Pact allies on the question of recognizing the new Iraqi republic.

The officials here said Washington and London lean in favor of some form of recognition for the revolutionary regime but that Turkey, Iran and Pakistan are cool to the suggestion.

The informal exchanges on the question of recognition have assumed special urgency because the premiers of the Baghdad Pact nations are scheduled to meet in London next week. Secretary of State Dulles will represent the United States, which is not a member of the alliance but serves on its committees.

The new Iraqi regime has not officially renounced membership in the pact, but its alliance with President Nasser's United Arab Republic was accepted as an indication of a new foreign policy line. Nasser is vehemently opposed to the Baghdad Pact of which Iraq was the only Arab member.

Spokesmen for the revolutionary regime have insisted, however, they want to be friends with the West. The United States and Britain apparently see some hope that a friendship can be maintained.

Informants said there is a possibility that next week's meeting will be postponed until about September, presumably to allow the Iraqi republic to make up its mind on its foreign policy intentions.

FLEET BOSS — Vice Adm. Charles R. Brown, Jr. is in command of the U.S. 6th Fleet, America's watchdog in the Mediterranean Sea. The fleet, the most powerful naval striking force in the world, has moved to the seething Middle East as a result of the Iraqi rebellion and landed some 5,000 Marines at Lebanon. The U.S. Navy's London headquarters had a 112 confirmed that "major units" had put to sea from ports in France and Italy.

British Carrying Of Arms Explained

By WILLIAM RYAN
AMMAN, JORDAN (AP) — A British Embassy spokesman said Tuesday British "Red Devil" paratroops now carry arms whenever they are inside the city of Amman.

The spokesman added, however, that this is a normal procedure. He said that when the troops first arrived in Jordan at the invitation of King Hussein they avoided carrying weapons in the city until the local attitude could be measured.

The spokesman said popular reaction to British troops here "seems to have been good" and the troops received "a friendly reception."

The red-bereted soldiers are being permitted into the city until 10 p.m. nightly.

The spokesman denied a persistent rumor that there had been a Syrian terrorist threat to the paratroops.

Lt. Gen. Sir Roger Bower, commander in chief of British Middle East land forces, arrived in Amman Tuesday for a visit to the British commander here. The embassy spokesman attached no particular significance to the visit.

Nicosia, Cyprus (AP) — British paratroops appeared armed in the streets of Amman last night for the first time since their arrival in Jordan.

Persons arriving from the Jordanian capital said the carrying of arms by the British in public followed half a dozen explosions in Amman Sunday night and Monday morning, at least one of them caused by a type of pencil bomb used by Syrian terrorists.

The bombings, while injuring no one, increased tension considerably after a period of calm which followed the revolt in Iraq.

Those returning from Jordan said a strict censorship, tighter than at almost any other point in the Middle East, had prevented the reporting of the bombings and also that the supporting President Nasser of the United Arab Republic had failed in an attempt to incite a general strike.

Russia Rejects Note Protesting Downing Plane

MOSCOW (AP) — The Soviet government Tuesday rejected a U.S. note protesting the downing of an American military plane over Soviet Armenia June 27.

The Soviets declared the protest unfounded and inappropriate and charged the U.S. government with "flagrantly distorting the facts" in an attempt to "evoke hostile feelings in the United States."

The Soviet reply to the American protest was delivered to Ambassador Llewellyn Thompson by Soviet Deputy Foreign Minister G. N. Zarubin.

It brushed aside the American demand that the Soviet fighter pilots be punished for forcing down the plane, which became lost in a storm. Instead, the Soviets said, the United States should "punish severely the persons responsible for the violation" of Soviet air space.

The nine men aboard the American plane have been returned by the Russians.

Myrtle Creek Woman Dies In Salem Hospital

Mrs. Burnia Mason, 72, of Myrtle Creek died early Monday morning in a Salem hospital.

She was born in Newcad, Ky., July 19, 1886. She was married to Elmer Mason on Aug. 14, 1920, in Murray, Ky. They had lived in the Myrtle Creek area since 1950, coming there from Quilicura, Wash. She was a member of the Port Townsend, Wash., Christian Science Church.

Survivors, besides the husband, include one son, Jean; two grandchildren, all of Myrtle Creek, and one brother, Will Washer of Murray, Ky.

Funeral services will be held Wednesday at 2 p.m. in the chapel of Ganx Mortuary at Myrtle Creek. The Rev. Father Loren Bush of the Myrtle Creek Episcopal Church will officiate. Interment will follow in the Roseburg Memorial Gardens. Ganx Mortuary, Myrtle Creek, is in charge of arrangements.

Sputnik III To Make Three Pre-Down Passes

SEATTLE (AP) — The launching rocket of Russia's Sputnik III will make three passes over the Northwest in pre-down darkness Wednesday and Thursday.

A timetable issued by the Smithsonian Astrophysical Observatory at Cambridge, Mass., said the final stage rocket will be traveling about 500 miles above the earth in a northwest to southeast direction.

Wednesday the rocket will be in the Northeast sky at 11:40 p.m., 1:20 a.m. and 3 a.m. (PST). Thursday, the rocket will pass over at 12:45 a.m., 1:25 a.m. and 3:10 a.m.

Tuesday night the rocket will be in the northeast sky at 11:40 p.m. PST and at 1:20 a.m. and 3 a.m. Wednesday morning Thursday the rocket will pass over at 12:45 a.m., 1:25 a.m. and 3:10 a.m.

Phils' Boss Out; Ed Sawyer Hired

PHILADELPHIA (AP) — Mayo Smith was fired Tuesday as manager of the Philadelphia Phillies and Eddie Sawyer was hired to replace him.

Smith became manager of the Phillies in 1955, and in three complete seasons guided the team to one first division finish—fourth in 1955—and two fifth place finishes.

The Phillies currently are in sixth place 8 1/2 games from the pace-setting San Francisco Giants but only two games out of the first division.

The club has lost nine of its last 12 games.

Names Of 4 Soldiers Killed In Accident Told

ORLEANS, France (AP) — The U.S. Army Tuesday announced the names of four soldiers killed in the collision of an American Army bus and a French truck at Olivet last Thursday.

The American victims were: Capt. James D. Riley, 33, Condon, Ore.; Sgt. L. Eugene B. Baker, 49, of Long Branch, N.J.; Sgt. James P. Patrick, 45, Brookhaven, Miss.; Specialist 4e Clarence E. Turner, 31, of Rocky Mount, N.C.

First reports said five were killed in the accident, but the Army said the fifth man was the French truck driver. Thirty-two soldiers aboard the bus were injured.

French police are holding Michel Josse, a deaf and dumb pedestrian, who they said caused the accident by stepping into the path of the truck and forcing it to swerve to avoid him.

Douglas Ranks Seventh In Vehicle Registrations

Douglas ranked seventh among Oregon counties in the number of motor vehicle registrations at the end of 1957, the Department of Motor Vehicles said today.

Registrations totaled 24,847 and included 30,297 passenger cars, 2,891 trucks, 1,377 trailers, 58 buses and 224 miscellaneous vehicles. The county ranked seventh in all categories of vehicles, except buses, in which it stood sixth.

Multnomah County had the most vehicles registered, followed by Lane, Marion, Clackamas, Jackson and Washington. Total registration in the state was 859,031, including 746,858 passenger cars, 71,283 trucks, 33,942 trailers, 1,422 buses and 5,526 miscellaneous.

Panamanian Freighter Sinks; 23 Of 24 Saved

BOMBAY, India (AP) — The 4,330-ton Panamanian freighter Allegro sank in the Arabian Sea but the British liner Carthage rescued 23 of the 24 crewmen, radio messages reported today. The missing man was feared drowned.

The 14,283-ton luxury liner, bound for London, altered course to aid the Allegro, which radioed yesterday she was in distress with her hold waterlogged.

The Panamanian vessel was 800 miles west of Bombay at the time. The Carthage reached the stricken ship last night. The survivors are being taken to Aden.

Two Small Grass Fires Extinguished By DFPA

Douglas Forest Protective Association from the organization's headquarters in Roseburg put out two small grass fires Monday afternoon.

Both fires were caused by a careless smoker. The first one was located just outside the city limits on a quarter of an acre of grass burned. This call was received at 2 p.m.

About an hour later the crews were called to Garden Valley where they put out a quarter-acre grass fire. No damage was reported at either location.

ARRIVES WITH REFUGEES

NAPLES, Italy (AP) — The Italian motorship Esperia arrived here today with 47 refugees from Lebanon, most of them Americans. About half left the ship in Naples. The others will continue on to Genoa.

Marine Killed When He Fails To Answer Sentry

BEIRUT (AP) — A U.S. Marine was killed before dawn Tuesday when he failed to answer a challenge from a sentry at a Marine outpost near Beirut Airport.

An officer said the Marine was returning from a mission.

"He was challenged three times by the sentry," the officer said. "When he failed to answer, the sentry fired and hit him in the stomach."

The wounded man was taken to an American warship by helicopter but died before an operation could be performed.

It was the second fatality among members of the American force in Lebanon. Last Saturday a Navy fighter pilot died in a crash in the mountains nearby.

The name of the dead Marine was withheld until his family was notified.

He had been laying trip flares in front of a Marine outpost near the airport. Trip flares, like booby traps, are set off by contact with part of a wire on the ground. They explode, illuminating a wide area.

Portland Zoo Keeper Off Again On Another Trip

PORTLAND (AP) — Jack Marks, the Portland zoo keeper who went to the South Pole last year and brought back a flock of penguins, is off on another trip.

This time he is going to trade Oregon beavers for Russian bears.

The trade will be made at the World's Fair in Brussels. Marks left for Belgium by plane Monday and traveling in style with him were four beavers trapped by the Oregon State Game Commission. They all are due to arrive in Brussels early Thursday. The formal trade — for four Russian bear cubs — will be made Saturday by Marks and I.G. Shylave, director of the Moscow zoo.

The trade was arranged with the aid of Sen. Richard L. Neuberger (D-Ore.) and Russia's ambassador to the United States, Mikhail A. Menshikov.

Warren Hunter of the Portland Junior Chamber of Commerce was in Moscow last March and met with Shylave to work out final details of the trade.

Marks' trip was financed by the local zoological society and the Portland City Council.

While in Europe Marks also plans to visit zoos at Copenhagen, Antwerp and Hamburg.

Korean Thief Shot By Guards

SEOUL (AP) — The U.S. Army said a Korean thief was shot and killed today by an Army guard who caught him stealing.

The guard was Sgt. Hager B. Blevins, 25, Circleville, Ohio.

The Army said Blevins, on special guard duty after a series of thefts in the 7th Division Engineer Company, spotted two Koreans attempting to carry away water pumps.

Blevins "called halt three times and fired three shots into the air," the announcement said. "The Koreans, still carrying the pumps, continued to run. The guard then fired two shots at them. Both shots struck the same person. The second Korean escaped."

The 7th Division and Korean police both are investigating. No charges have been filed.

Hunger Strike Ended At Portland City Jail

PORTLAND (AP) — A hunger strike at the Portland City Jail ended Tuesday.

Some 100 inmates launched it Monday in protest against an order that soup be the normal noon meal for all non-working prisoners.

The hunger strikers were threatened by jail officials last night with banishment to lockup rooms with no beds, if the demonstration continued.

That was the end of it. All the jail prisoners showed up for breakfast Tuesday.

The protest had been against an order issued by Deputy Chief John A. Richardson. Full lunches will continue for some 140 trustees assigned to work details.

Richardson said one reason for the soup-for-lunch order was to make the jail less attractive to transients.

Scrambling Will End On Spokane's Streets

SPOKANE (AP) — There will be no more "scrambling" at Spokane intersections — engineers claim it teaches pedestrians bad habits.

The scramble system, in which all traffic is blocked and pedestrians crossed in every direction and even diagonally, was tried experimentally at two downtown intersections. Commissioners discontinued the test Monday afternoon after receiving a report that a majority of walkers and drivers lost time in the scramble system.

"Allowing pedestrians to cross on a diagonal intersection breeds bad habits," said traffic engineer E. J. Leland.

NOVICE DISTILLER OLYMPIA, Wash. (AP) — Two novice distillers were caught hovering over a bubbling still fired by a hot plate.

Juvenile Officer Roy Snyder said the culprits were 12 and 15 years old and told him they were just experimenting.

Convicted they were telling the truth, Snyder said the boys could benefit by their studies. "The still showed signs of expert workmanship."

FM STATION PLANNED

WASHINGTON (AP) — The Federal Communications Commission Monday received a request for a license to operate a new FM radio station at Eugene, Ore.

The applicant is KEED, Inc., which would broadcast on 92.9 megacycles.

Pfc. Marle R. Cummings, son of Mr. and Mrs. Clyde Cummings, Reedsport, recently completed the four-week armor crewman advanced course at the Seventh Army Tank Training Center in Germany.

Army Pvt. William D. Anderson recently left for Germany where he is scheduled to be assigned to the 37th Armor in Schweinfurt. He is the son of Mr. and Mrs. William Anderson, Riddle, and a graduate of Riddle High School, formerly employed by Stomax Lumber Co.

Roderick A. Head, U.S.N., son of Mr. and Mrs. Robert C. Head of Azalea, has arrived at Long Beach, Calif., aboard the landing ship dock USS Carter Hall. The Hall has been on duty for six months in the Far East.

Jackie G. Heritage, son of Mr. and Mrs. Jess Heritage, Roseburg, recently graduated from recruit training at the Naval Training Center, San Diego, Calif.

Kenneth R. Kirkendall, son of Mr. and Mrs. Robert L. Kirkendall of Camas Valley, has completed recruit training at the Marine Corps, San Diego, Calif.

Sec. Dulles Will Go To London; Dreads Jet Age

WASHINGTON (AP) — Secretary of State Dulles announced Tuesday he will go to London next weekend to attend the Baghdad Pact meeting.

The conference will bring together leaders of the United States, Britain, Turkey, Iran and Pakistan.

Whether the new revolutionary government of Iraq will try to send a delegate has caused much speculation in official circles here.

Dulles spoke Tuesday to a youth organization of boys, national, sponsored by the American Legion. Discussing conditions of life in the future, he said he rather dreads "the coming of jet plane travel because the jets get you there so fast you don't have time to rest on the way."

He then reported definitely: "I will be going to a Baghdad Pact meeting in London this weekend."

Dulles tied the announcement into the theme of his talk by saying he expected to get 12 hours rest on the way over and 12 on the way back.

Portland Zoo Keeper Off Again On Another Trip

PORTLAND (AP) — Jack Marks, the Portland zoo keeper who went to the South Pole last year and brought back a flock of penguins, is off on another trip.

This time he is going to trade Oregon beavers for Russian bears.

The trade will be made at the World's Fair in Brussels. Marks left for Belgium by plane Monday and traveling in style with him were four beavers trapped by the Oregon State Game Commission. They all are due to arrive in Brussels early Thursday. The formal trade — for four Russian bear cubs — will be made Saturday by Marks and I.G. Shylave, director of the Moscow zoo.

The trade was arranged with the aid of Sen. Richard L. Neuberger (D-Ore.) and Russia's ambassador to the United States, Mikhail A. Menshikov.

Warren Hunter of the Portland Junior Chamber of Commerce was in Moscow last March and met with Shylave to work out final details of the trade.

Marks' trip was financed by the local zoological society and the Portland City Council.

While in Europe Marks also plans to visit zoos at Copenhagen, Antwerp and Hamburg.

High Busts, Waists, Skirts British Design

LONDON (AP) — British fashion designers began their 1958 shows Tuesday, and the emphasis for the new season seemed unchanged — just high busts, high waists and short skirts.

The opening show was by Matti, who carried the long-legged look into his entire autumn collection. He showed dresses with very short skirts.

One short-skirted, tight fitting dress was in oyster pink brocade, with a long straight panel falling to the ankles at the back. Another was in grey chiffon, again with the high waist, but with a billowing short-harem skirt. It was tight and trim elsewhere, however, and was held up by shoulder straps of brilliant shining through a filmy top.

Heiress, Decorator Settle Custody Rights

MINEOLA, N.Y. (AP) — Gregg Juarez and his 18-year-old estranged British heiress wife have reached a custody agreement on their baby daughter.

Juarez, 33, an interior decorator, snatched the baby, 7-month-old Bianca, from his wife's arms July 8 just before a plane was to take off for Nassau, the Bahamas. He also handed separation papers to his wife, the former Frederika (Bobo) Sigrist.

In the settlement, reached here at a conference with State Supreme Court Justice Mario Pittoni, Mrs. Juarez will have custody of the child each year except between June 15 and Sept. 15.

Ike's Brother Sidesteps U. S. Policy Critics

MANAGUA, Nicaragua (AP) — President Eisenhower's brother planned meetings with leaders of all Nicaraguan political factions today after sidestepping criticism of U. S. support for Latin-American dictators.

Dr. Milton Eisenhower listened calmly Monday to opposition leaders who call the Somoza family's long rule in Nicaragua a dictatorship. He gave no answer to them or to youth demonstrations carrying a sign asking "More economic aid, less arms."

But Eisenhower firmly denied a charge that the United States was taking advantage of Latin-American countries for its own economic benefit. It came during an outburst of anti-American feeling at a meeting with university graduates after his arrival in Nicaragua on a Central American fact finding tour.

Dr. Juan Zelaya, leader of a dissident offshoot from the Liberal party of the late President Anastasio Somoza, accused Washington of keeping the more powerful gifts of arms and of economically exploiting Latin-American nations.

Eisenhower replied that the United States did not try to hold down other nations' economies.

"The truth is that the United States, realizing the more trade there is, the more other countries prosper, the more they buy from us," he said.

National Grange Says City Folks Are Misinformed

By OVID A. MARTIN
WASHINGTON (AP) — The National Grange says city folks who are misinformed—rather than sharp differences of opinion among farm groups—are a major stumbling block to what it calls improved farm programs.

In an analysis of a recent defeat of an omnibus farm bill in the House, the national farm organization said it is true that disunity hampers farm leaders.

"More important than differences between any of these (farm) groups, however, is a general change in public opinion—a new public opinion representing the collective thinking of a population which is now 88 per cent non-farm," it said.

"Unfortunately, millions of Americans have been provided no opportunity to consider all facts about farm programs. Instead, they have been fed distorted facts and outright misinformation which has turned them against farm aid in any form—and yes, even against farmers themselves."

The Grange said farmers and their organizations need to do a better job to "counteract the efforts of those who would turn public thinking against all farm programs and against farm people themselves."

Camp Pendleton Cancels All But Emergency Leaves

CAMP PENDLETON, Calif. (AP) — All but emergency leaves have been canceled for the 17,000 officers and men of the 1st Marine Division because of the Middle East crisis.

The 3rd Marine Air Wing at El Toro Marine Corps Air Station at Santa Ana has restricted liberty to an area within 50 miles of the base. The normal limit is 150 miles.

A Camp Pendleton spokesman said the division was being held ready for a possible move to the Middle East. Men on 30-day leaves will not be recalled unless the division gets orders to move.

"We don't know what might happen," he said, "but when they sound the button, we've got our barracks bags all packed. We're hot to trot."

22-Month-Old Girl Hit, Killed By Automobile

TIGARD (AP) — A 22-month-old girl was killed Monday evening when she opened the gate in front of her home and ran out into the street in front of a car.

She was Megan McNeese, the daughter of Mr. and Mrs. James McNeese of Tigard.

Police identified the driver of the car as Lester P. Johnson, 34, of Tigard. They said Johnson's visibility was limited by a dip in the road.

The little girl's mother is Gretchen Grandahl McNeese, a woman's page reporter for The Oregonian.

STAR'S SON TO WED

NICE, France (AP) — Sydney Chaplin, 34, musical comedy star son of Charlie Chaplin, said today he and French dancer Noelle Adam are planning to marry. The couple met in New York about three months ago when the blonde dancer starred in the Francoise Sagan ballet "The Broken Date."

Skin Diving Suit Taken From Courthouse Garage

Undersheriff Carl Smith is investigating the theft of a skin diving suit, taken from the county garage behind the courthouse sometime last weekend.

The underwater swim suit, valued at \$69.50, belonged to Smith who has used it frequently this summer to search for drowning victims. He said it was removed from the garage where special sheriff's office equipment is stored.

Bill Signed Giving Salem Title To Land

WASHINGTON (AP) — President Eisenhower has signed a bill directing the secretary of the Interior to transfer title to Salem, Ore., on 28.84 acres now housing part of the city's water system.

The tract is an island formed by flood action of the Santiam River. The city built upon it in the mistaken belief it was city land.

Under the act, the city would be required to pay the government the fair market value of the land, as determined by the secretary.

SERVICES HELD

PORTLAND (AP) — Services were held here Tuesday morning for Chester K. Sterrett, 54, chamber of commerce manager who died last Friday.

Sterrett was overcome by fumes while working under his house, painting beams with a wood preservative. An autopsy report listed the cause of death as a heart ailment.

Sacramento Boy Okay After Cave-in At Dray

EUGENE (AP) — William T. Chatham, 10, rescued from a cave-in near Dray on Saturday, was released from Sacred Heart Hospital earlier this week. It was reported at the hospital Tuesday.

The release was granted after X-rays were satisfactory.

The boy son of Mr. and Mrs. William G. Chatham of Sacramento, Calif., reportedly was digging a cave with other children when the roof collapsed and buried him. A playmate got prompt help from an adult and the boy was rescued speedily. He did inhale some sand, however.

Chatham is a former Dray coach now in the insurance business.

Picketing Of County Road Jobs Probable

PORTLAND (AP) — Picketing of all county road repair projects in Hall County was a possibility Tuesday after road employees rejected a wage increase offered by the county court.

Leo Butts, business representative for the Oregon Public Employees Council, said the county's 40 road workers turned down a court offer of a 5-cent hourly increase.

In earlier negotiations the road workers had asked for a 25-cent hourly increase, 10 paid holidays a year and three weeks vacation after 10 years of service.

Butts said he had requested the Polk-Marion County Joint Labor Council to enter the wage talks. County Judge C. M. Barnhard said in Dallas that Polk County road workers "receive higher salaries than in most of the counties in this area."

Water Projects Accord

WASHINGTON (AP) — The House passed a bill Monday requiring sponsors of water projects to consult with the Fish and Wildlife Service to prevent adverse effects on fish and wildlife values.

The report of the House Merchant Marine Committee said the bill would require that the Fish and Wildlife Service plan—whether accepted or rejected by the contracting agency—be submitted to Congress for consideration as part of the legislation to authorize construction of the project.

"At present," the committee said, "there is no requirement that the Fish and Wildlife Service be consulted."

Two Small Grass Fires Extinguished By DFPA

Douglas Forest Protective Association from the organization's headquarters in Roseburg put out two small grass fires Monday afternoon.

Both fires were caused by a careless smoker. The first one was located just outside the city limits on a quarter of an acre of grass burned. This call was received at 2 p.m.

About an hour later the crews were called to Garden Valley where they put out a quarter-acre grass fire. No damage was reported at either location.

ARRIVES WITH REFUGEES

NAPLES, Italy (AP) — The Italian motorship Esperia arrived here today with 47 refugees from Lebanon, most of them Americans. About half left the ship in Naples. The others will continue on to Genoa.
