

British Columbia Hard Hit By Heat Wave; Dollar Loss Is Measured In Millions

VANCOUVER, B. C. (AP) — British Columbia took a look this week at a huge bill from its current heat wave — upwards of 25 million dollars in fire-ravaged timber, damaged crops and lost wages.

There was the dismal prospect it may reach 40 million dollars as dried-up streams and high water temperatures threatened heavy losses to the valuable pink salmon run.

The Forestry Department hesitated to estimate the value of high timber fire losses across the province, but some reports placed it at 20 million dollars. The fire-

ing bill was approaching two million, with the loss in loggers' wages about the same.

Crop Losses High
Crop losses due to drought in the rich Fraser valley were expected to exceed a million dollars.

An army of 2,900 men was fighting 304 fires in the province. Already more than a million acres of almost every type of timber in the province have been burned.

Scattered thunderstorms dropped so little rain it was no help and lightning strikes were held responsible for many of the 42 new fires reported Tuesday.

Canning officials said their five million dollar industry in the parched Fraser valley was being hit by about 20 per cent as a result of the weather. Some farmers were carrying water to their scorched fields.

Salmon Threatened
The threat to the northern pink salmon runs is expected to become critical if there is no rain in the next two weeks.

Fisheries Department officials said many small streams used by the pinks for spawning are completely dry. Even where there is water, the temperatures were above the 71 degrees maximum in which salmon eggs can survive.

Sockeye salmon, which use the larger rivers, were not believed in danger.

Most serious among the 304 fires burning were two blazes in the Vancouver Forest District near Harrison Lake, a monster blaze which has covered some 30,000 acres at Tacheda Lake in the Prince Rupert District, three fires in the Prince Rupert District over a total of 15,000 acres and a 3,000-acre blaze at the east end of Auesnel Lake, in the Kamloops District.

Ninth Air Division Being Consolidated With 25th
WASHINGTON (AP) — The Ninth Air Division at Geiger Field in Spokane is being consolidated with the 25th Air Division at McChord Air Force Base, Tacoma, Sen. Henry M. Jackson (D-Wash.) said here.

The Air Force has advised him that about 59 airplanes will be transferred from Geiger to McChord between Aug. 15 and Dec. 31, Jackson said. This would be about 3 per cent of the Ninth's 1,826 personnel.

The consolidation is being made because of the installation of new communications and coordinating equipment that will provide more efficient operations, the senator said he was told. Details of the equipment are classified.

Cascade Natural Gas Is Granted Franchise
WALLA WALLA, Wash. (AP) — Cascade Natural Gas Corp. was granted a franchise this week by Walla Walla County Commissioners to construct and maintain a natural gas pipeline in the western part of the county.

The franchise was granted over protests and requests for delay by the Eastern Oregon Natural Gas Co. The Oregon firm asked a hearing by the state public service commission.

Cascade officials told commissioners the natural gas will operate and maintain the line after it is built by a firm called Cascade Equipment Corp., owned by Boise Cascade Corp., builders of a pulp and paper mill at Wallula, Wash.

Explorer IV Is Orbiting At 16,250 Miles Speed
HUNTSVILLE, Ala. (AP) — Explorer IV, newest and largest U.S. satellite, is orbiting the earth at a speed of 16,250 miles an hour. Army missile scientists at nearby Redstone Arsenal, revealing several calculations here this week, said the 38-43-pound projectile also:

Orbits every hour and 50 1/2 minutes.

Travels 390,000 miles daily in outer space.

Is 160 miles away at its closest point to earth and 1,379 miles away at its most distant stage during each orbit.

A four-stage Jupiter C missile launched the satellite at 10 a. m. last Saturday.

Boy Has Hand Frozen In Soft Drink Machine
SOUTH BEND, Ind. (AP) — A 16-year-old youth was in a hospital this week with a frozen hand because he was afraid to call for help after it got caught in a soft drink machine. He said he didn't want to be mistaken for a thief.

John Polinski said the mechanism began turning after he inserted a coin but it stopped before the bottle was delivered. He opened the top and tried to extract the bottle but the mechanism started again and caught his hand.

It was some time before his plight was discovered. Firemen had to dismantle the machine to release him.

By MRS. WILLIAM L. BANKS
Boy Scouts of Camas Valley Troop 2, Larry Weist, Jim McGinnis, Gary Carmine, and Calvin Jacobs, have returned to their homes following a weeks stay at Camp Silcoos, on the coast. They helped earn money for camp by having a car wash.

The couple have been touring the west, and are now on their way to visit McMahon's mother in California. He is the nephew of Mrs. Weist.
