

Legal Angles Get Study In School Integration Issue

ST. LOUIS (AP)—Uncharted legal territory will be explored by the 8th U. S. Circuit Court of Appeals in studying suspension of racial integration at Little Rock's Central High School.

Central Point Woman Suffers Cut In Accident

A Central Point woman suffered a badly cut leg shortly before noon Monday when the car in which she was a passenger hit a Highway 99 island 10 miles south of Roseburg and turned over on its top.

State police who investigated identified her as Charlene Carol Paul, 23. She was riding with a companion, 23-year-old Flora Marie Chavis of Medford, owner of the vehicle.

Miss Chavis was traveling south and "apparently dozed at the wheel," according to police. She was unhurt in the accident. However, both the driver and passenger were taken by ambulance to a Myrtle Creek hospital for treatment.

The vehicle hit the highway divider near the intersection of Routes 99 and 42, swung across the road and jumped the curb "flipping over on its top."

The 1953 sedan was extensively damaged, and was towed to a garage.

Mexico's Rail Strike Ended In Agreement

MEXICO CITY (AP)—An informal agreement was reached early Tuesday to end a strike of Mexico's nationalized railroads that threatened to snowball into a red-agitated general strike.

The agreement was made by Roberto Amoros, general manager of the railroads, and Demetrio Vallejo, a dissident railway labor leader who called the wildcat strike Saturday night.

The Mexican Labor Department was expected to make the agreement formal later in the day. Vallejo said once this is done, rail service should get back to normal quickly, perhaps by Monday night.

Vallejo called out more than 100,000 rail workers to protest the arrest of union members trying to occupy the union headquarters in defiance of a court order. He had rejected a proposed compromise for a new union elections within 40 days.

The Communists and two other leftwing political parties had thrown their support to the strike and called on all unions to back the railway workers even though the Mexican Confederation of Labor had termed the strike unjustified.

In their statement the Communists party, the Popular party and the Party of Farm Workers charged that the government had intervened in unions' internal affairs "for the purpose of controlling them for purposes alien to objectives of the working class causing subordination of the working mass by federal and local authorities."

In their statement the Communist party, the Popular party and the Party of Farm Workers charged that the government had intervened in unions' internal affairs "for the purpose of controlling them for purposes alien to objectives of the working class causing subordination of the working mass by federal and local authorities."

The Smithsonian Astrophysical Observatory here reported it will make three passes Tuesday night and one Wednesday morning during which it will be visible in the Northwest.

The carrier will be moving in a southeasterly direction about 850 miles above the earth. At 7:57 p.m. PST Tuesday, the carrier will come into visibility west of Hudson Bay and move into the earth's shadow over Northwest Canada.

Then, at 11:22 p.m., the carrier will come into visibility over Alaska. It enters the earth's shadow over Oregon at 11:29 p.m. At 1:05 a.m. Wednesday morning, the rocket again will come into view over Alaska, entering the earth's shadow at 1:12 a.m. over the Pacific to the west of Washington.

Three Men Are Fined On Drunkenness Counts
District Judge Warren A. Woodruff fined three men Monday for being drunk on a public highway. All were cited last weekend by state police.

Herbert D. Brister, 32, of Myrtle Creek, pleaded guilty to the charge after his arraignment and was fined \$25 and costs. He was found by his car on Roberts Mountain Rd. Sunday night.

Another man, 21-year-old James Robert Loper of Oakland, received a similar fine. He was picked up by police last Saturday on Garden Valley Rd.
Judge Woodruff levied a \$45 fine and costs to Richard Virgil Smith, 1851 NW Dogwood St., Roseburg, who was cited Saturday night on Highway 99. He also pleaded guilty as charged at his arraignment.

Russia Demands Extraordinary Session Of U. N.

LONDON (AP)—The Soviet government demanded an extraordinary session of the United Nations General Assembly Tuesday.

The demand was advanced by Soviet Premier Khrushchev in a letter replying to President Eisenhower's note of Aug. 1. Eisenhower suggested that the U.N. Security Council arrange for a summit meeting on the Middle East.

A summary of the Khrushchev response was distributed Tuesday night by the Soviet news agency Tass shortly after U.S. Ambassador Llewellyn Thompson Jr. and his British and French colleagues were called to the Foreign Ministry in Moscow to receive copies of notes to their respective governments.

Khrushchev said he was sorry that neither President Eisenhower nor British Prime Minister Macmillan had accepted his original proposal for a five-power summit conference with U.N. Secretary General Dag Hammarskjold participating.

Khrushchev said an extraordinary session of the General Assembly should consider "the question of the withdrawal of U.S. troops from Lebanon and British troops from Jordan."

The regular annual session of the Assembly is scheduled to begin in New York Sept. 16. Khrushchev wrote President Eisenhower that he is instructing Soviet representatives at the United Nations to demand a quick extraordinary session.

Wartime Deserter's Sentence Reduced

VERDUN, France (AP)—Brig. Gen. Robert J. Fleming Jr., sentenced to six months Monday the sentence of Wayne Powers, wartime deserter who hid in his French girl friend's home for 14 years before being caught.

An Army court martial last week sentenced Powers to 10 years imprisonment after he pleaded guilty to desertion.

In addition, the 37-year-old Powers, a native of Chillicothe, Mo., was sentenced to dishonorable discharge and forfeiture of all pay and allowances. Gen. Fleming, commander of the Army's communications zone, approved this part of the sentence.

The case now goes to the judge advocate general for review. Powers has said he hopes to be back soon with his girl friend and their five children born during the long period of hiding. Powers will serve his sentence in Europe.

Probers Quiz Hoffa On Laundry Payoffs
(Continued From Page One)
from Joe Holtzman and Jack Bushkin, interest free and not backed by any security. The committee identified them as men who had helped the laundry operators to negotiate contracts.

Hoffa, a spruce figure in a gray summer suit, strode sprightly into the hearing room a few minutes before he was due.

Asked by reporters whether he cared to discuss the torture-burning in Michigan of one of his aides, Frank Kierdorff, Hoffa replied: "I have no comment whatsoever about anything."

McClellan in his statement said Hoffa on his last appearance before the committee in August 1957 "suffered seriously from a lack of memory and thus avoided answering many questions."

"It is to be hoped," McClellan said with heavy sarcasm, "his memory has improved."
McClellan said an alliance between Hoffa and the underworld, if it exists, "places a dangerous force at the jugular vein of America's economic life."

"I believe Mr. Hoffa observed recently in Seattle, Wash., that the Teamsters have the power to shut down the economy of this nation at its will," McClellan continued. "That I think we can concede."
"Any union in which such tremendous power is reposed also bears equal obligation and responsibility to the people and to the government of the United States."

Albert Gordon Flegel, 1075 SE Lane Ave., filed a certificate Monday with Charles Doerner, county clerk, assuming the business name, Flegel's Storage Auction Mart, a Roseburg concern.

The Filbert Nut Co. of California has assumed the business name Rosenberg Brothers of Oregon to sell dried fruit and nuts in Douglas County.

At Riddle, Velma M. Montealeone, operator of Jan's Apparel, filed notice of retirement from the present business, to reopen under the assumed business name of Vel-Marie Dress Shop, a ladies' ready-to-wear store.

Jack S. and John A. Lyons, 1847 NE Diamond Lake Blvd., have assumed the business name of Umpqua Super Service, a service station, from B. G. Swinford, retiring as owner of the establishment known as the Southern Oregon Battery & Supply Co., Inc.

Stanford Palmer Dies At Home

Stanford Graham Palmer, 61, well-known resident of Roseburg, died this morning at his home at 1446 SE Overlook.

He was born at Washington, Ind., Dec. 7, 1896, and was married there June 24, 1920, to Portia Kaufmann. He came to Portland, Ore., 32 years ago and was a representative of industrial and mechanical departments of the Goodyear Tire & Rubber Co. for 17 years before coming to Roseburg in 1943 to head the Industrial Supply Co. here. He sold it in 1949 and retired.

Palmer was a graduate of Purdue University in mechanical engineering and was a member of Tau Beta Pi and Carreuran honorary fraternities and Phi Gamma Delta social fraternity. He was a veteran of World War I; a member of Charity Lodge No. 30, F. & A. M. of Washington, Ind.; Washington Commandery No. 23, Knights Templar; and Hillah Temple of the Shrine.

Surviving are his wife, Portia Palmer, Roseburg; a sister, Mrs. Joseph (Katherine) Elchorn, Bluffton, Ind.; and two brothers, George E. of Ann Arbor, Mich., and Ralph G. of Chicago, Ill.

His body has been removed to the Long & Orr Mortuary and funeral arrangements will be announced later.

Reserve Board Raises Margin On Stock Buying

WASHINGTON (AP)—In its first major move since the recession to clamp down on credit, the Federal Reserve Board raised margin requirements on stock purchases to 70 per cent, effective today.

This means anyone buying securities must put up enough cash to cover 70 per cent of the purchase price.

The board's action, restores margin requirements to the level in effect from April 1955 to last Jan. 1, when the board slashed them to 50 per cent.

At that time, stock prices had declined sharply from the previous summer. The cut was designed to loosen credit as a means of fighting the recession.

Today's increase, predicted for weeks on Wall Street, comes in the wake of a stock rally that has set successive new highs for the year.

3 More Firms Up Prices Of Steel

PITTSBURGH (AP)—Bethlehem Steel Co. increased the price of still more steel products Tuesday, virtually completing the piecemeal increase in all products.

Bethlehem, the nation's second largest producer, said it was raising the prices, effective Wednesday, of hot rolled plates, structural shapes and sheet piling by about 3 1/2 per cent. Special alloy plates and high strength steel blades also are included in the latest revision.

The third round of price increases comes on top of higher prices put into effect Tuesday by three more firms on bars, rods, wire and tubular steels. Bethlehem, U.S. Steel, the nation's largest producer, and Inland Steel, No. 8, announced these increases Monday.

Auction Mart Business Is Started By Flegel

Albert Gordon Flegel, 1075 SE Lane Ave., filed a certificate Monday with Charles Doerner, county clerk, assuming the business name, Flegel's Storage Auction Mart, a Roseburg concern.

The Filbert Nut Co. of California has assumed the business name Rosenberg Brothers of Oregon to sell dried fruit and nuts in Douglas County.

At Riddle, Velma M. Montealeone, operator of Jan's Apparel, filed notice of retirement from the present business, to reopen under the assumed business name of Vel-Marie Dress Shop, a ladies' ready-to-wear store.

Jack S. and John A. Lyons, 1847 NE Diamond Lake Blvd., have assumed the business name of Umpqua Super Service, a service station, from B. G. Swinford, retiring as owner of the establishment known as the Southern Oregon Battery & Supply Co., Inc.

New Iraq Republic Leaning Toward Pact Withdrawal

BAGHDAD (AP)—The head of the new republic and government of Iraq in his first public statement on the Baghdad Pact gave strong indication Monday his regime is leaning toward withdrawal from the Western-sponsored alliance.

Brig. Gen. Abdul Karim Kassim, who led the revolt that dethroned and killed King Faisal, said in an interview his government is giving careful study to the pact which U.A.R. President Nasser and the Soviet Union so often have assailed.

"The most important thing in this matter is friendship between Iraq and other states," Kassim declared. "This friendship is above any kind of pact or treaty."

The alliance with Britain, Iraq, Pakistan and Turkey was "drawn up by a few people here in Iraq," the new premier continued.

"Though we have studied it, up till now we have been unable to get from those connected with the administration of the pact any details about the pact's function because these details were considered secret and are still secret to us," Kassim went on.

"We are studying, and then we will make our decision. But the decision won't be announced without previous contact with other members. We want everything to be settled in a friendly manner."

Kassim said he understood one purpose of the Baghdad Pact was to help Iraq defend itself but indicated he felt such a special defense treaty was unnecessary.

Uncle Of Burned Union Man Reported Missing
(Continued From Page 1)
The neighbor by Herman, Ziem said, but added that Herman "wouldn't tell us anything."

Police said Herman was last seen as he left St. Joseph Mercy Hospital at 5:30 p.m. Monday. Alerts were sent to neighboring police departments.

Declined Identity
Frank at first would only whisper through his lips that he was "John Doe of Washington, D.C." Identity finally was established through prints of fingerprints he apparently dug into his palms as flames seared him.

Both nephew and uncle have been reluctant witnesses before the Senate Rackets Committee in its probe of the Teamsters Union.

Ziem sent Sen. John McClellan (D-Ark), rackets committee chairman, an eight-minute recording of Frank Kierdorff's torture story. Committee investigators Walter H. Henson and Sherman S. Wilse spent several hours with Ziem and Pontiac police.

Frank Kierdorff said he was lured from his home and driven to a lonely woods where his sadistic captors poured an inflammable liquid on him and touched a match.

Both Kierdorff had long police records. In 1941, Frank and an accomplice robbed a collector for a coal company of several thousand dollars, was convicted in 1942 and was sent to Southern Michigan prison. He was paroled in 1945 and immediately went to work for the Teamsters.

Frank and his uncle were arrested in the \$21,000 holdup of a department store at Akron, Ohio, in 1941. No charges were lodged against Frank, but Herman was convicted and served six years and four months.

2 Indian Women Plead Guilty To Fighting Charge

PRINCE RUPERT, B.C. (AP)—Two Indian women, Maggie Good and Irene Grandison, pleaded guilty Monday to creating a disturbance as a follow up to the early Sunday morning riot.

The other 37 arraigned, all men, were charged with being members of an unlawful assembly. They included 22 Indians, 14 whites and one Negro.

Except for the women, all pleaded not guilty or entered no plea. Ten of those who entered no plea were remanded to Aug. 8. The others were remanded to Aug. 12.

The arrest of an Indian couple for fighting touched off the riot. It became an unruly mob of more than 1,000 by the time Mayor Peter Lester was roused from bed to read the Riot Act.

The 30-man force of the Royal Canadian Mounted Police finally broke up the mob with tear gas after it braved a dousing by fire hoses and advanced on the police station.

The city's population of 10,000 was swelled by 3,000 visitors, mostly Indians, on hand for the windup of centennial celebrations.

The U.S. Coast Guard vessel Balsam, with officials from Ketchikan, Alaska, is in the harbor.

Inspector Bert Blohm, in charge of the RCMP, said the U.S. Shore Patrol played no part in handling the rioters. They looked after their own men, he said.

Idaho Prison Escapee Held In Pendleton Jail

PENDLETON (AP)—Bail of \$10,000 on an armed robbery and assault charge held James Finas Aiken, 30, in jail here Tuesday, awaiting grand jury action.

Aiken, an Idaho prison escapee who stole two cars and a gun in his flight Saturday, waived preliminary hearing before Dist. Judge Paul Thalhoffer Monday and was held to the grand jury which meets Sept. 2.

Aiken was captured at Athena Saturday. He was in a car stolen from a church worker, Loma Mae Jones, of Portland. He was wearing her jacket which he had taken from her, and a pair of her jeans which he had found in the car.

Miss Jones, 31, was left bound by the roadside but was unhurt.

Freighter Hits Reef, Sinks With 13 Lost

VILLAGARCIA DE AROSA, Spain (AP)—The Spanish freighter Cabo Razo struck a reef Tuesday and sank with the loss of 13 lives.

The 2,875-ton ship hit the reef in the Arosa Estuary a half mile off this port in heavy fog. She carried a crew of 39 and five passengers, all girls. Three of the passengers were drowned.

Survivors were picked up by two Spanish fishing boats. The Cabo Razo went down within minutes.

The Cabo Razo was en route to Spanish Mediterranean ports with a cargo of wood and tinned fish. The captain was among those saved.

LANDMARK BURNED

PORTLAND (AP)—Fire Monday night destroyed a three-story frame house that had been a landmark in the Tualatin Valley south-west of here for nearly 60 years.

It was the residence of the H.W. Burke family near Sherwood.

The Sherwood Tigard fire departments helped check spread of the blaze to dry grass in the area. Many motorists on Highway 99W stopped to watch as spot fires sprang up in the grass.

Jack Warner, Film Executive, Seriously Hurt

CANNES, France (AP)—Jack L. Warner, pioneer American film tycoon, was seriously injured early today in a collision as he drove his sport car home from an all-night session at the Palm Beach Casino in Cannes.

Warner was taken to a hospital in Cannes with head injuries. The hospital reported he was in a coma. X-rays were taken of his head but the findings were not announced.

Warner's Alfa Romeo, in which he was driving alone, and a taxi truck collided almost in front of the seaside villa of Prince Aly Khan. The sport car was badly damaged.

The 66-year-old film man maintains a villa on Cap d'Antibes and is a heavy better in the Riviera casinos. The accident occurred about five miles from his home.

Warner, president of Warner Bros. Pictures, is one of the four brothers who started with a small Pennsylvania movie house in 1903 and built a multimillion-dollar film empire.

The oldest of the four, Harry, died 19 days ago in California. Sam died in 1928. Albert is the other brother living.

James Roberson Pleads Innocent To Traffic Count

James Earl Roberson, 19, of 2156 NE Malheur Ave., Roseburg, entered a plea of innocent Monday before District Judge Warren A. Woodruff to a speeding citation.

A sheriff's office complaint stated he was in violation of Oregon's basic speed law by driving an alleged 85 miles an hour on 99 SR just south of the city on July 27.

Roberson asked for a jury trial. The judge said trial date will be set later. Meanwhile, bail was set at \$70.

Judge Woodruff fined a 17-year-old Roseburg youth \$35 and costs Monday after he entered a plea of guilty to illegal possession of beer, and a rural Roseburg companion, 16, \$25 and costs after a similar plea on the same charge.

The pair were cited by Roseburg police last Saturday night in the downtown area. Both are dairy workers.
