PITTSBURGH (AP) — Manager Danny Murtaugh would like nothing better than to take a ballpark full of Pittsburgh Pirate fans on the 19-game road trip that starts today.

But he wouldn't swap George Witt for even that much help. Not after the red-haired young right-hander's pitching feat of handcuffing Milwaukee last night.

"The Forbes Field crowds help us play better ball," said Murtaugh after the Pirates crushed the National League-leading Braves 10-0 before 36,867 cheering fans. The victory moved the Pirates to within five games of the Braves.

San Francisco's loss last night gave the astounding Pirates sole possession of second place.

**14 Wins In Street**

The Pirates have won 18 of the last 18 games at Forbes Field, including all six of the short home stand which ended last night.

Pittsburgh has copped 17 of its last 22 games and is riding a six-game winning streak, including the two-game sweep over the Braves.

The Pirates open the road trip tonight against the Philadelphia Phillies, then return to Forbes Field Sept. 1 for an 18-day home stand.

"We're looking at this road trip optimistically," Danny said. "It's going to be rough. Any road trip is tough. A loyal crowd helps the home club."

**Pennant Chance Seen**

"If we're within striking distance of the pennant when we come back, you'll have to concede us a chance. Nobody is surrendering to Milwaukee."

Witt handcuffed the Braves on two hits — just missing a no-hitter — for his sixth triumph and second straight shutout. He has lost two. "I was mixing them up pretty even," Witt said. "Fast balls and curves. I don't take much of a windup. I just sort of try and step into the pitch. It helps my control and saves energy."

# Portland Senior Golfer Enters Quarter-Finals

VICTORIA, B.C. (AP) — Defending champion Bill Blakely of Portland and multi-winner Ralph Whaley of Seattle entered the quarter-finals of the Pacific Northwest Senior's Assn. golf tournament Wednesday after downing their first round opponents.

Blakely, who won medalist honors Monday with a 71, advanced with a 2 and 1 victory over N.S. Perkins of Tacoma.

Eight-time winner Whaley defeated Pete McIntyre of Trail, B.C., 3 and 2.

McIntyre was one of three former champions to lose first round matches. Oscar Wilking, Portland, the 1954 winner, was defeated by Edgar Eisenhower, Tacoma, on the 18th. Roger Peck, the 1952 champion, was defeated by Tacoma's Corbydon Wagner, the 1956 title holder, 3 and 1.

The Eisenhower-Wilking match was the tightest of the day with the President's brother down three holes at one time. A birdie on the 15th put him into the lead for the first time.

# Roseburg Netter Stays In Portland Tournament

PORTLAND (AP) — Favorites were still in contention Wednesday for Portland city tennis titles and home town players were just about all that were left.

Doug Green of Roseburg continued in the boys singles, advancing with a default victory, but he was ousted from junior men's singles by Dave Oehling, Portland, 6-1, 6-0.

**MISSILE PATHWAYS TO THE MOON** — Scientists of the National Advisory Committee for Aeronautics Ames Laboratory at Moffett Field, Calif., doing advance planning for future missile trips to and around the moon, prepared these models to show types of "moon missions." At left is depicted the route of present day satellites around the earth. Next is the path of an impact shot to the moon. Third is route of rocket to orbit around the moon once and return to earth and fourth is a multiple orbit of the moon and return to earth. (AP Wirephoto)

# Moon Shot Could Come Next Sunday, Sources Report

WASHINGTON (AP)—Informed sources said Wednesday the Air Force may make its first try at launching a moon rocket next Sunday morning.

If conditions are satisfactory, the three-stage rocket, more than 100 feet tall, may blast off from Cape Canaveral, Fla. around 4 a.m. PST.

If it does not prove possible to launch within a half hour's time, the attempt may be postponed to a similar brief period Monday morning. If once again a launch is impossible, the attempt may be postponed to Tuesday.

Those are the three most favorable days this month for a moon shot. Experts say it would be possible to make still another try next Wednesday, although conditions would be marginal.

After Wednesday, the rocket specialist said, any lunar probe would have to be postponed until the middle of September. Every 28 days the orbiting patterns of the earth and moon are so aligned that conditions are favorable for a shot.

It will take 2½ days for the lunar vehicle to reach the vicinity of the moon.

The rocket will be equipped with a photo electric scanning device which, if it functions properly, will out in space, could relay close ups of the moon back to earth.

Should the probe actually orbit the moon, this television type equipment would provide the first crude photographs of the far side of the moon, the side that is never visible from earth.

# Mrs. Nuri Said Nearly Destitute

LONDON (AP) — The Daily Mail said Wednesday Mrs. Nuri Said, 65-year-old widow of the slain premier of Iraq, is living in a London apartment nearly destitute. But the Foreign Office denied this.

A Foreign Office spokesman said "at the moment Mrs. Nuri Said is not in any financial difficulties. You may take it that any statements to the contrary can rest only on some misunderstanding."

With her as the widow and children of her son Sabah, another victim of the July 14 revolution in Iraq.

The Mail gave this account: Sabah's widow knows the fate of her husband and father-in-law but no one so far has had the courage to tell Mrs. Nuri Said. She knows there has been a revolution in Iraq, but since she does not read or speak English, she has not learned about her husband and their son. Her fears are growing, however.

Nuri left the family in London 10 days before the revolt, saying he would return in two weeks. Almost the only money he left was a year's rent for the apartment in which they are living.

# Confidence Man Finally Caught

NEW YORK (AP) — A colorful confidence man who once sent top clubs to Vice President Nixon with a card reading, "Dick, beat the boss," was arrested last night.

Seizure of Joseph Levy, 63, at a West Side bus terminal ended a three-month coast-to-coast search. Levy, who has a habit of sending gifts to public figures, was on his way to Washington, D. C., when two city patrolmen picked him up and he'd him for FBI agents.

The veteran con artist rarely stays in one city more than two or three days. The FBI had distributed 100,000 posters in an effort to nab him.

The one job Levy has been known to have held was as a male nurse in Rye, N. Y., in 1951.

H. G. Foster, special agent in charge of New York FBI headquarters, estimated Levy had bilked his victims out of tens of thousands of dollars in a career that started before World War I.

# Lyndon Johnson Wants Good Social Security Bill

WASHINGTON (AP) — Democratic leader Lyndon B. Johnson (Tex) said Wednesday he wants the Senate to pass "a good social security bill" despite threats of a veto by President Eisenhower.

"We are not going to be deterred by this veto stuff," the Senate leader told newsmen as he asked senators to begin another day and night session pushing for adjournment.

The administration has approved the provisions in the House passed social security bill for increases in old age and survivor benefits and the taxes to finance them, but Secretary of Welfare Fleming has said he will recommend a veto if increases in the federal contribution for public assistance, such as the needy aged program, remain in the measure.

# Stephen Crane Denies Slaying Responsibility

LOS ANGELES (AP) — Restaurantier Stephen Crane denies any responsibility in the slaying of Johnny Stompanato.

Crane's denial was in answer to a \$500,000 Superior Court suit filed in behalf of Stompanato's son John III, 10.

Attorneys said Crane's daughter Cheryl, 14, and her mother Lana Turner, also defendants, will file answers soon.

Cheryl told authorities she fatally stabbed Stompanato last April 4 to protect her mother. A coroner's jury ruled the killing justifiable homicide.

Before returning, the Losees visited Victoria, B. C., to spend the time sightseeing. Mrs. Losee said that in Canada travel was permitted only on the major highways, as all side roads were closed on account of fire danger. At that time 435 forest fires were raging.

Bulk of the expenditure is expected to come during the year beginning next July, Neuberger said. A request for a \$30,000 appropriation is expected to be submitted to Congress early next year to finance land acquisition.

# Prison Escapee Run Over By Car

LAS VEGAS, Nev. (AP) — An 18-year-old escapee from the Washington State Reformatory at Monroe was run over by a car as he lay asleep on a highway near here early Tuesday.
