

Court Grants Stay Of Integration

ENTRY DAY — Ribbons in the dairy division at the Douglas County Fair will be the aim of these three 4-H club members, who made their entries Wednesday afternoon. Left to right are Leta Busenbark, of Melrose; Russ Stoppeworth, Myrtle Creek, and Peggy Murphy, Umpqua. (Paul Jenkins)

Douglas Co. Fair Opens; Judging Initial Activity

By BOB CLARK
News-Review Staff Writer

The 1958 version of the Douglas County Fair opened for business this morning with the usual opening-day trickle of fairgoers eyeing exhibits ranging from a mobile 155-millimeter gun to tiny, delicate flower arrangements.

Business was slow, as is generally the case on a weekday opening. But fair officials said crowds would pick up as the fair rolled into its afternoon and evening features.

Main activity this morning was in the livestock department, as 4-H Club members participated in a livestock judging contest. Judging of 4-H animals was slated to follow later in the morning and continue into the afternoon.

Instructing 4-H'ers in the art of livestock judging were Jay Binder, Madras County extension agent, and George Cadmus of the First National Bank in Salem. A large group of club members turned out as Cadmus instructed in ewe judging. The Binder took over to tell the enthusiastic youngsters the art of judging beef cattle and hogs.

Work Still Prepared
In the commercial display building.

FAIR CALENDAR

THURSDAY
7:30 p.m.—Talent contest, pavilion.
8:00—Modern dance.

FRIDAY
9:00 a.m.—Judging begins: 4-H showmanship contests start; 4-H cookery contests.
1:00 p.m.—4-H home economics demonstrations.
2:00 p.m.—Sheep dog trials, grandstand.
7:30 p.m.—Talent contest.
8:00 p.m.—Square dance.

SATURDAY
6:00 a.m.—Weigh-in for 4-H and FFA livestock auction.
8:30 a.m.—4-H clothing contests.
9:30 a.m.—4-H tractor driving contest.
1:30 p.m.—4-H style revue.
2:00 p.m.—Horse show, grandstand.
2:30 p.m.—4-H and FFA livestock auction.
7:30 p.m.—Talent contest.
8:00 p.m.—Square dance.

SUNDAY
7:00 p.m.—Horse show.
7:30 p.m.—Talent contest final.
8:00 p.m.—Modern dance.
8:00 p.m.—Stage show, concert, fireworks in front of grandstand.

A carnival, hourly shows by clowns and serenades by German band will be continued through the four days.

Plane Shot Down When Falcons Fire During Practice

GRANDVIEW, Mo. (AP)—High over western Missouri a jet plane streaked northward toward Kansas Wednesday. It was unidentified, and thus presumed by the Air Force to be an enemy.

At Richards-Gebaur AFB here on the southern outskirts of Kansas City, a stock P-51 jet took off to intercept the invader.

Within minutes, 1st Lt. Roland Svane, 26, Seattle, and his intercepter, sighted the aggressor aircraft at 41,000 feet.

Svane attacked. Three Falcon air-to-air missiles, the first of which hit the tail of the plane, and the jet headed earthward. Its two egresses bailed out.

Unfortunately, the enemy was a T-33 Air Force trainer and Svane's attack was a routine practice maneuver. Routine, that is, until the intercepter toward the target. One of them hit the tail of the plane, and the jet headed earthward. Its two egresses bailed out.

The trainer's crew, 1st Lt. John D. Rice, 27, Sacramento, Calif., and 1st Lt. Raymond Zuhars Jr., 26, Evansville, Ind., escaped with cuts and bruises. They landed on a farm near Clinton, Mo.

Dogs No Bother To Neighbors

Municipal Judge John H. Horn and nearly a dozen witnesses Wednesday found three Roseburg residents—and their dogs—innocent of disorderly neighborhood conduct.

Private complaints were lodged July 8 against Mrs. Jeanne Marie Bonocini, 2036 NE Fremont Ave.; Wilfred Lee Kietzy, 2947 NE Fremont Ave.; and Mrs. Laura M. Kester, 561 NW Fulton St. All three pleaded innocent at their arraignments.

At Wednesday's trial before Judge Horn numerous friends of the defendants showed up to testify by the dogs, about eight in all, had caused a nuisance in the respective neighborhoods. The complainants had no witnesses.

Judge Horn said he could not do otherwise, in the face of evidence, but rule "not guilty."

Nuclear Test Control Meet Ends With Agreement On Detecting Weapons Tests

By MICHAEL GOLDSMITH

GENEVA (AP)—The East-West conference on nuclear test control ended today after recommending a worldwide system of inspection stations to police any future agreement to ban nuclear weapons tests.

The final-nation conference held a final formal session at which a part of the technical agreement reached was announced.

The seven-week conference was confined strictly to scientific questions. The Western delegates were instructed to hold no negotiations toward agreement on a test ban, but only to make recommendations to the governments on how such a ban could be policed.

Temporary Suspension
Advance word of the agreement was followed by a report in Washington Wednesday night that the United States is about ready to announce a temporary suspension of nuclear weapons tests. The Soviet Union announced a unilateral test suspension last March. The third atomic-arms power, Britain,

Auto Collision Puts Four Of One Family In Hospital Here

A Monterey, Calif., Army sergeant and his family were hospitalized early Wednesday afternoon following a two-car collision 20 miles north of Roseburg on Highway 99.

His eight-month-old daughter, Sharon Marie Rupp, was treated for a broken leg and mouth injury at a Roseburg hospital.

Also injured was the father and driver of the car, Sgt. Fred Rupp, 29; his wife Mrs. Evelyn Rupp, 26; and son Michael Burl Rupp, age 5.

Mrs. Rupp suffered a dislocated hip and abrasions and the father bruised ribs and knees. The boy, 10, was injured in the car's front end and was taken to the hospital. All were reported in good condition today.

The Rupp sedan was traveling south on 99 when the accident occurred about 12:55 p.m. The second vehicle, driven by Cecil Arthur Long, 31, of 3251 NE Stephens St., Roseburg, had been parked off the highway and was entering the northbound lane. Witnesses told state police Long crossed the center line into oncoming southbound traffic, hitting the Rupp vehicle head-on.

Long suffered head lacerations, and was treated by a Roseburg physician.

Today he was arraigned in district court on a charge of drunk driving and asked time to see an attorney. Circuit Judge Carl E. Wimberly, sitting for District Judge Warren A. Woodruff, continued the case and told Long to report in court at 10 a.m. Friday.

Both vehicles were heavily damaged, and were towed away. Police said Rupp applied his brakes and skidded 106 feet before the impact.

Young Mountain Climber Rescued The Hard Way

YOSEMITE NATIONAL PARK, Calif. (AP)—Teen-ager Bill Beeghly, who perched nearly motionless for 18 hours on a foot-wide granite ledge 600 feet above Yosemite Valley, was rescued yesterday the hard way.

Park rangers, who unsuccessfully tried to reach him from below, finally got to a ledge 250 feet above him, slipped a rope around him and eventually hoisted him atop a 5,000 foot cliff.

Rangers kept the 17-year-old Long Beach, Calif., high school senior awake the night before by yelling at him through loudspeakers.

Beeghly, hiking with four companions, had attempted a short cut around the face of Firefalls. He slipped on a rock and found himself stranded on the narrow ledge.

American Can Co. Plant Strike Is Ended Today

PORTLAND (AP)—A three-day walkout which had halted production at the American Can Co. plant here ended today when workers reported for duty.

Basis for settling the strike was reached Wednesday night by negotiators, who agreed that a dispute over disciplinary measures taken against two employees should be handled through regular grievance channels.

Burns Prove Fatal Today To Auto Crash Victim

PORTLAND (AP)—A flaming automobile crash claimed its third victim today and sent the Associated Press list of traffic fatalities up to 34 for the month in Oregon.

Donna Jean De Freitas, 21, Portland, died in a hospital from burns suffered in an Aug. 8 crash, which earlier claimed the lives of August J. Strassel, 41, Portland, and his daughter, Linda, 9.

A crash on the Columbia River Highway killed Larry Francis Saylor, 19, Seattle coastguardsmen from Denver, earlier today. He was listed as the 33rd fatality of the month.

With 19 days remaining August threatens to become the worst month of the year in Oregon. The high was 41 fatalities last month. There were 48 last August.

Submission Of Brief Will Be Last Action In Attempt To Restore Passenger Train

Submission today of a six-page proposed finding of fact to Public Utility Commissioner Howard Morgan will be the last action taken in an attempt by a Southern Oregon trio to force Southern Pacific Co. to restore passenger rail service on the Siskiyou line between Eugene and Ashland.

State Sen. Philip B. Lowry, Medford, in a letter to Morgan Wednesday, said the complainants against SP will consider the PUC case closed with submission of the proposed findings.

Lowry last week was asked by Morgan to send the findings to speed a PUC decision in the matter.

He said he and other complainants, former state Sen. Paul Geddes, of Roseburg, and Gene Brown, Grants Pass, understood that the record in a series of hearings had been closed last April 15.

Date of Last Hearing
That was the date of the last hearing in Salem. Morgan was present, but examiner Clifford Ferguson heard Lowry's and Geddes' oral argument and set a date for oral arguments by the company.

In Roseburg, Geddes said he and Lowry understood that Morgan would make his decision from testimony and arguments made in the hearings.

Later, however, Lowry said, Ferguson requested proposed findings. Geddes said in Roseburg today that, with presentation of the findings, the complainants would consider any further action to be up to Morgan.

"Any further action by the commissioner will be on his own motion for the protection of public rights," Geddes commented. He said it would be up to Morgan to decide in favor of Southern Pacific; to order restoration of passenger service, or to carry the case into court.

Criticized PUC Handling
Lowry criticized PUC handling of the case, saying that "the public utility commissioner should not hesitate to conduct investigations on his own motion and use his own legal staff in support of an investigation and prosecution of any matter where the public interest is affected, as here."

He said that leaving prosecution of such cases to private individuals is an impossible method of adequately protecting the public interest.

Geddes said that he, Lowry and Brown had spent considerable time and money in the case with no compensation.

Because "we have donated enough time," Geddes said, there is no possibility that the three would continue their case in a court of law.

Red Hat Days are in the Offing, Reminding Sportsmen to do some skull practice on their obligation: manners, such as "please excuse me" to the owner of a goat killed by mistake for a deer, leaving a gate open, allowing stock to escape or inadvertently using the portion of a fence for a camp fire — not to mention inability to read a "no trespass" sign.

Arab Countries Give Approval To Peace Plan

By MAX HARRELSON
UNITED NATIONS, N.Y. (AP)—The Arab countries, including pro-Western Lebanon and Jordan, today gave their final approval to a Middle East peace formula expected to bring a quick end to the emergency session of the U.N. General Assembly.

The plan, agreed on tentatively Wednesday in a rare demonstration of Arab harmony, appeared headed for unanimous adoption in the 81-nation Assembly.

The heads of the 10 Arab delegations agreed at a private meeting this morning to submit the four-point resolution endorsed by their governments in overnight consultations.

The plan was an Arab modification of a Western-backed Norwegian resolution now pending before the Assembly, and both contained key points suggested by Secretary General Dag Hammarskjold and President Eisenhower. But the Arab resolution shied away from specific endorsement of earlier proposals for either a U.N. police force or more U.N. observers in the Middle East.

Like the Norwegian resolution, the Arab proposal calls on Hammarskjold to make arrangements that would permit withdrawal of U.S. troops from Lebanon and British forces from Jordan.

A new feature is a reaffirmation of the Arab nations' previous pledges not to interfere in each others' affairs, pledges which the Lebanese and Jordanian governments have charged President Nasser's United Arab Republic with ignoring consistently.

Foresters Casting Wary Eye At Fire Danger, Storms

Foresters and firefighters in Douglas County are keeping their fingers crossed because of present high fire danger and predicted thunderstorms. Positive action has been taken by the state forester who has ordered large areas closed to logging operations.

Douglas County apparently was free from fires this morning, with both Umpqua National Forest and Douglas Forest Protective Assn. officials reporting "all clear." A threat of a change in the picture was seen in the DFPA weather forecast from Salem:

Predicted 39-53 relative humidity and thunderstorms today for most of Douglas and Josephine counties. Thunderstorms are predicted for this afternoon and evening, diminishing Friday afternoon, the U.S. Weather Bureau office in Salem informed the DFPA.

Result Of Hot Weather
The extreme fire hazard resulting from hot, dry weather caused D. L. Phipps, state forester to order closure of 14 zones to power-driven machinery in logging operations.

His order excludes the portions of zones 14 and 17 which are in the Umpqua National Forest. Zone 14 takes in most of Douglas County except for the extreme western part and the southern area. The southern portion is in Zone 17.

The closures ordered by Phipps affecting Douglas County involve zones 10, 11, 12, 13 and 17. Zone 10 takes in the Bohemia Ranger District; 11, the Smith River area; 12, the coast from the Umpqua River southward; 13, the western part of the county.

The only fire reported in the Roseburg area was a small grass fire Wednesday afternoon at Sun Studs about three miles south of Roseburg on Highway 99B. The blaze was quickly extinguished by the Roseburg Rural Fire Department which reported it had been started by hot ashes hauled from the mill burner. Less than a quarter of an acre was burned in the fire, the second fire at Sun Studs this week.

Supreme Court Decisions Hit By Justices

PASADENA, Calif. (AP)—Recent Supreme Court decisions raise doubt that America has a government of laws and not of men, chief justices of nine states allege.

"They accuse the nation's highest court of assuming the role of policy maker without proper judicial restraint."

The justices, representing both Northern and Southern states, presented the 36-page report Wednesday to the annual Conference of Chief Justices. Delegates are present from the 48 states, Hawaii and Puerto Rico.

A resolution offered with the report urged the Supreme Court to exercise judicial self-restraint in differentiating between constitutional rights and powers on the one hand and local self government on the other.

Truman Ellis Files For City Council From Fourth Ward

Taxi operator Truman Ellis has entered the race for city councilman from Roseburg's fourth ward. Ellis filed for the position Wednesday. He said he has not run for public office previously.

Ellis has operated Ellis Cabs since July of 1957, at which time he began operations in Roseburg after operating a taxi company in Winston for about one year.

He came to Roseburg in 1947 from Pine Knot, Ky., where he operated a grocery store and a tire recapping business at various times. He remained in the grocery business at two locations in Roseburg after his arrival, then operated a trailer court and a used car lot until christening the Winston cab service early in 1956.

Now 45 years old, Ellis is married and has four children. The family resides at 619 SE Cass Ave., Roseburg.

Ellis filed for the position now occupied by Ross Myers, who has said he probably will not seek reelection. The term is for four years.

Police Investigate Cases Of Break-Ins

Roseburg police are investigating three incidents of breaking and entering which have occurred during the last few days.

Today they reported the theft of 2½ cases of soft drinks and two cases of empty bottles from the Roseburg Paving Co. building on SE Stephens St. near the city limits. A hammer and nail puller found at the scene were used to pry open a window.

William Lassiter, manager, said the tools did not belong to the company. The break-in occurred about 10:45 p.m. Tuesday.

The old Southern Pacific Co. passenger depot, recently filled with storage, was found with the door forced about 2:20 a.m. Wednesday. Apparently nothing was removed or disturbed, SP agent Harold A. Dansmore told police.

The third incident occurred between 7:30 p.m. Tuesday and 8:20 a.m. Wednesday. Lyle Hutson, Idlewild Rd., Roseburg, reported a trailer was broken into on Birch Ct., behind Douglas Community Hospital where Harding Blasting Co. keeps its explosives. Hutson said it did not appear anything was taken. The door lock and hasp had been torn off the door.

Five Majorettes Named To Head Marching Band

Five attractive Roseburg High School girls have been selected as majorettes for the school's marching band.

They are Kay Veheres, Darlene Hurl and Sue Ladd, all juniors; Linda Buck, a sophomore, and a D'Ann Fullerton, a freshman.

Today will mark the first day for them to practice with the band. The girls were selected early this week. Serving as judges of the seven girls who tried out for the majorette positions were Ralph Peters, new high school vice principal; Maxine Merk, a retiring teacher; Mrs. Lowell Rhodon, a judge in the Miss Oregon contest, and Head Majorette Gaye Warren.

A total of 98 students have turned out for the band which has started rehearsals in preparation for the coming football season. The rehearsals are held daily from 8:45 to 10:30 a.m. The band is practicing marching and will soon start working up routines for half time at the football games, Robert Lennerville, band instructor, said.

FUNDS FOR AIRPORT

WASHINGTON (AP)—The Military construction bill signed Wednesday by President Eisenhower authorized \$229,000 worth of community facilities and utilities at Kingsley Field in Klamath Falls, Ore.

The authorization bill went to the President Aug. 7. Appropriations for the various projects will be handled in separate legislation.

Foresters Casting Wary Eye At Fire Danger, Storms

Submission Of Brief Will Be Last Action In Attempt To Restore Passenger Train

Submission today of a six-page proposed finding of fact to Public Utility Commissioner Howard Morgan will be the last action taken in an attempt by a Southern Oregon trio to force Southern Pacific Co. to restore passenger rail service on the Siskiyou line between Eugene and Ashland.

Move Allows Appeal Now To High Court

Court Of Appeals Acts On Motion Of Little Rock Board

ST. LOUIS (AP)—The 8th Circuit U.S. Court of Appeals today granted a stay today to its decision which would return seven Negro students to Central High School at Little Rock.

Chief Justice Archibald K. Gardner announced from his home at Huron, S. D., that the seven-judge court had agreed to grant the stay.

Gardner, who wrote the only dissent in the 6-1 decision that overturned U.S. District Court Judge Harry A. Lemley's 2½-year breather order, said the stay was granted so the Little Rock School Board could appeal to the Supreme Court.

Would Deny Motion
The stay order will be in effect until the Supreme Court acts on the School Board's petition for review of the decision. The Supreme Court is in summer recess until Oct. 6.

The School Board has one week to file notice of appeal here and file the application for review with the Supreme Court.

The clerk of the appeals court, Robert Tucker, said a motion filed by the National Assn. for the Advancement of Colored People and the attorney for the Negro

Central High School To Open As 'All White'

LITTLE ROCK, Ark. (AP)—Supt. Virgil Blossom said today that Central High School will open Sept. 2 "as an all-white high school."

The superintendent said it is "wonderful news" when advised that the 8th Circuit Court of Appeals had granted a stay of its own order wiping out a 4½-year delay in integration at the school.

The stay leaves the delay in effect until the U.S. Supreme Court rules on the matter and the school board has three months to file its appeal.

Meanwhile Gov. Orval Faubus let his stand-by call for a special session go out to the lawmakers despite the stay of the court.

students would be denied. This motion asked that the appeals court issue its mandate on its decision reversing Judge Lemley immediately.

The NAACP had said that Judge Lemley's order would still be in effect when school starts Sept. 2 at Little Rock if the mandate wasn't issued immediately.

Judge Gardner said that the seven judges of the Circuit Court had previously agreed to the delay which was asked this morning in an application filed by the board.

Judge Gardner said that the order granting the stay would probably be filed tomorrow morning in St. Louis.

Five Majorettes Named To Head Marching Band

Five attractive Roseburg High School girls have been selected as majorettes for the school's marching band.

They are Kay Veheres, Darlene Hurl and Sue Ladd, all juniors; Linda Buck, a sophomore, and a D'Ann Fullerton, a freshman.
