Unique Textile Display On For Fair Exhibition

Numerous examples of unique hand - woven textiles which cannot be produced by machine will be on display at the 1958 Douglas County Fair.

Mrs. Archie Ferguson, textiles department superintendent at the fair, said such commodities have been in great demand by architects, interior decorators and designers. Hand - woven textiles are finding their place in offices and public buildings as well as private homes, said Mrs. Ferguson.

A five - year subscription to the quarterly weavers' magazine, "Handweaver & Craftsman," will be given the winner in handweaving competition at the fair.

"WAR OF NERVES"

CAIRO (AP) — The Cairo press angrily charged the United States today with "exerting extraordinary pressure and waging a war of nerves" in the U. N. Assembly to gain passage of the Norwegian resolution for stabilizing the Middle East.

The Nasserite papers apparently were surprised by the strength mustered for the Western-backed Norwegian peace plan.

Junior Art Show Special Feature

Children under the age of 12 will have a special junior art section where they may display their work at the fair.

Dick Turley, fair manager, said the special art gallery will take the place of the school arts department, which was utilized in past years.

The children's work will be exhibited in four classes, or media. Each class will be broken down into "lots," or various types of work within the medium.

The classes will be finger painting, drawings and graphics, water colors and ceramics.

Finger painting will be broken down into realistic and abstract lots.

Four categories are included in the drawings and graphics class—charcoal, pencil (black and white or colored), crayon and any other media not listed.

Water colors, like finger painting, will include realistic and abstract lots. The ceramics class will take in all types of work in that field, with all work lumped under one lot.

Children will be allowed to enter two items in each lot. Prizes ranging from $3 to 50 cents will be awarded the creators of the top six items in each lot, said Turley.

Sales Of Timber Urged To Meet An Emergency

WASHINGTON (AP) — Sen. Richard Neuberger (D-Ore) Saturday called for a series of emergency timber sales in the Siskiyou National Forest in Southern Oregon.

The sales are needed to keep logging operations from closing this winter, Neuberger said.

"As a result of a conference with a delegation of Southern Oregon lumbermen and officials of Western Forest Industries Assn., I have urged the regional forester to develop an emergency sales program," Neuberger said.

Many lumbermen earlier said they might have to close this winter because of a shortage of logs.

"I have suggested a series of sales in the category of five million board feet or less on an emergency basis to help alleviate this situation," the senator said.

TO SPONSOR PARK

BROOKINGS (AP) — Plans for the formation of a recreation park area along the Chetco River will be sponsored by the Brookings Chamber of Commerce.

The park would include several hundred acres of myrtlewood and redwood trees along the Chetco.

Len Coons of the state Park Department said funds have been budgeted for transfer of the Loeb state myrtlewood tract in the area from forest to park status.

Recording Artists, Singers Signed Up For State Fair

SALEM — With Jimmy Rodgers, Vaughn Monroe and the Sportsmen Quartet as headliners, the Larry Allen evening revue at the 1958 Oregon State Fair promises fairgoers the best entertainment in the fair's history. Rodgers, who hails from Camas, Wash., will appear Aug. 28 through Sept. 2. The popular singer is now "hitting the top" among America's performers. His first record, "Honeycomb," topped the million mark. Because of his exceptionally fine voice, his popularity extends beyond rock 'n' roll fans.

Headliner for the last four evenings of the fair, Sept. 3-6, will be Vaughn Monroe, bandleader, recording artist, radio and TV star, motion picture and stage actor. Monroe has established himself as a top performer in many fields.

Vaughn started his singing career in the little Methodist Church at Jeanette, Pa. It was not until 1945 that his really big break came when his recording "There I've Said It Again" sold over 1,250,000 copies. As a result of this tremendous disc popularity, he was signed by Camel Caravan radio show for eight years. In the summer of 1957, he played the lead role in "Annie Get Your Gun," playing to sell-out crowds.

Co-starring in the revue for the entire ten days will be the Sportsmen Quartet, long associated with the Jack Benny show.

Other features on the big revue include a return engagement by Dwight Moore's "Mongrel Revue" which captivated 1957 fair revue audiences, and the Five Fabulous Boginos a novelty act. The Boginos have played at the Desert Inn, Las Vegas, and have also appeared on the Ed Sullivan TV show.

Salesman Winner As 1st Toastmaster

PITTSBURGH (AP)— Edmund J. Shine, 35-year-old salesman of Hamburg, N. Y., has garnered first place in the speech contest of the Toastmasters International convention.

Shine spoke on the topic, "The Golden Key To Success."

Second place went to John E. Wenstrand, 33, of Lincoln, Neb., assistant attorney general of Nebraska. He spoke on "The Influence Of A Life."

Store Owner Chases Bandit With Shotgun, Finally Snares Him

KANSAS CITY (AP)—Robbed of $255, a ring and a pistol, Joseph Centimano grabbed a shotgun and charged out of his East Side liquor store in pursuit of the bandit.

Spotting a fleeing man 50 feet away, Centimano hastily fired his 12-gauge pump gun three times. Down went his target—and five bystanders.

No one was wounded seriously, least of all the bandit, who jumped to his feet and scampered into an alley.

Centimano, 48, ran back inside his store, got another shotgun and took up the chase. He hailed a passing patrol car and got the help of policemen Gary Francis and Filbert Gardner.

A few minutes later, the officers grabbed a young Negro behind a hotel a block from the store. They found him stripping off a blood-stained shirt.

"That's the man," shouted Centimano, a step behind the policemen. Then Centimano clouted the man with his shotgun, breaking the stock.

Police took 23-year-old Joseph Edward Brinkley Jr. of Denver, to a hospital, where numerous shotgun pellets were removed from his skin and a cut on his head was treated. He was booked for investigation.

Filbert Quota May Be Raised

PORTLAND (AP)—The filbert sales quota in Oregon and Washington is being increased this year by the federal Filbert Control Board.

The crop will be 27 per cent surplus and 73 per cent salable with the board reducing the normal carryover from 1,000,000 to 800,000 pounds.

D. J. Duncan, executive secretary of the board, said the changes were based on the 1958 merchantable production estimates and last year's carryover, a total of 14,900,000 pounds. He said the estimated trade demand for this year was 9,500,000 pounds.

Last year quotas were 37 per cent surplus and 63 per cent salable.

The board's rulings affect the Washington and Oregon marketing area, which produces nearly 99 per cent of the nation's filbert crop.

Barbara Burns Receives Little Of $20,000 Estate

LOS ANGELES (AP — Barbara Ann Burns, daughter of the late comedian Bob Burns, has less than $500 left of the $20,000 he willed her.

This was disclosed in Superior Court when $4,600 was distributed toward claims of creditors — mainly attorneys.

Prior to the disbursement, $5,028 remained in the fund.

The legal expense was incurred in part during Miss Burns' trial on a charge of being a narcotics user. She was convicted and the case has been appealed.

Aside from the comedian's estate, Miss Burns, 29, receives $3,400 annual support, paid in monthly installments, from her mother Mrs. Harriet Burns.

ENGINEER ESCAPES

STOCKHOLM (AP)—A Turkish-Armenian engineer serving 10 years for spying for the Soviet Union escaped Tuesday from Stockholm's Langholmen Prison.

Police believed the 33-year-old man, Bedros Zartaryan, hid in one of several hampers of dirty laundry which were taken out of the prison.

Zartaryan was convicted in March 1957 for furnishing the Soviets information on Swedish atom-proof underground military establishments.
