

# Moon Rocket Falls Back To Earth

**BETTER ROAD**, constructed by Copeland Creek and across Fish Creek in the Umpqua National Forest is providing quicker access to timber sales on the Diamond Lake District of the forest. The road was straightened and widened by Roseburg Lumber Co., a timber purchaser. The company also is building a road into the Rhododendron Ridge country that eventually will provide a link between the North Umpqua and South Umpqua watersheds. Another road is being extended up Copeland Creek and eventually will lead to a point near Twin Lakes, which the Forest Service expects is destined to become a major recreation area. (Paul Jenkins)

## Reds Extend Cease-Fire

By SPENCER MOOSA  
TAIPEI, Formosa (AP) — The Chinese Nationalists pushed their re-rocketing of the Quemoy today as Red China stretched its cease-fire from one week to three.  
Two LSTs discharged their ammunition and supply cargoes on Quemoy's beach a few hours after Peiping announced that the one-week cease-fire expiring last midnight was being extended for two more weeks.  
Quemoy's civilians relaxed. More farmers went to their peanut, sorghum and vegetable fields than at any time since the Communists started their massive artillery siege Aug. 23.  
The activity center may now shift to diplomatic talks in Warsaw between Red China and the United States. The eighth meeting of ambassadors Wednesday.  
The Chinese Nationalists hailed the second stage of the cease-fire as another Communist defeat, but were suspicious both of Communist intentions and of the talks in Warsaw.  
Sampson Chen, government spokesman, declared "we should not let down our guard" because the Communists probably would use the next two weeks to prepare their next move.  
There was speculation that the Nationalists were now prepared to reply with a massive bombardment of their own if the Red Chinese again open up.  
By JOHN M. HIGHTOWER  
WASHINGTON (AP) — The United States is expected to begin reducing its naval forces in the Formosa Strait sometime soon, now that Red China has extended its Quemoy cease-fire for two more weeks.  
President Eisenhower and Secretary of State Dulles welcomed the Communist action Sunday as "good news."  
"Through a White House statement, they promised further efforts to seek a negotiated settlement of the Formosa problem.  
The impression in official Washington is that the seven-week-old crisis which took the world to the brink of war has ended. Officials believe that with this new truce extension the Communists have shown they do not intend to resume the heavy bombardment of Quemoy which they began Aug. 23.  
If future events confirm this, the United States will almost certainly begin cutting down the power of the re-enforced 7th Fleet in the Formosa area. Washington authorities commented that with the Communists not attacking, the military need for so powerful a force would decline.  
Secretary of Defense Neil H. McElroy said on Formosa that U. S. forces would not remain in that area indefinitely, but added there were no plans to withdraw them at this time.  
The United States would not begin withdrawal until the position of the Communist Chinese is made clear," he said.

## One Man Injured, Several Others Escape In Accidents

One man was hurt but several other persons escaped injury in two weekend highway crackups, state police reported today.  
Hospitalized was Harold Alvin Holland of Winchester who suffered a two cracked ribs, a fractured foot, face and head lacerations and possibly a broken ankle in a one-car accident Saturday night.  
His wife, Barbara Holland, was not injured. She was the lone passenger in the vehicle. The accident occurred about 9 p.m.  
According to police, Holland lost control of his 1956 coupe at a bend on the North Umpqua Highway a half mile east of the truck scales. The car plunged down an embankment taking out 150 feet of wire fence before coming to a stop in a field more than 300 feet from the road. The vehicle did not turn over, but was extensively damaged.  
Four youths and a middle-aged couple were unhurt Saturday night when two heavy sedans sideswiped on Highway 99 just south of the Garretts Valley overpass.  
A 1956 vehicle driven by Lloyd Fenwick Eisner of Vancouver, B.C., was traveling south on the highway when a 1957 car driven by Harry Allen Cook, 17, of 1169 NE Crescent Ave., Roseburg, passed him on the right. The Cook vehicle caught the front fender and bumper of the Eisner car, swerved right along the shoulder and struck a highway sign on the right.  
Mrs. Ellen Mae Eisner was a passenger in the first car. With Cook were Shirley Chackelyn Miller, 15; Ray Thomason, 16, both of Hill Academy; and Joanne Althea Miller, 16, of 412 Berline St., Roseburg.  
State police reported extensive damage to both sides of the Cook car.

## Case Of Potato Chips Gift To News-Review

A gift of an entire case of potato chips was made to the News-Review Staff Saturday by Valley Wholesale of Roseburg. The presentation was made by Pete Fullerton, manager of the wholesale organization, on behalf of and at the request of the Northwest Potato Chip Industry. The industry, Fullerton says, is observing the entire month of October as Northwest Potato Chip Month, and is particularly exploiting the potato growing regions of Oregon, Washington and Idaho. He called particular attention to the fact that Northwest potato chips include those grown in the Klamath Falls and Bend regions and other spots of Eastern Oregon as well as from neighboring states.

## Sutherlin City Council Dates Insurance Bids

Bids for city liability insurance will be received tonight by the Sutherlin City Council.  
The council meeting is scheduled to start at 8 in the city hall, City Manager C. Dean Smith said. Other business before the council will include consideration of an ordinance to set up procedures for the Nov. 4, election and street and alley vacation.

**75 FILIPINOS DROWNED**  
MANILA (AP) — Seventy-five Filipinos today were believed drowned in the sinking of a small motor launch overloaded with fiesta celebrants.

**FIRE WEATHER**  
Fire danger high in interior of Southwest and Central Oregon, moderate in Northwest Oregon. Decreasing danger trend in all areas Tuesday.

## Pope Pius XII Laid To Rest Today

**Ceremony Held For Pontiff In Basilica**  
By WILLIAM L. RYAN  
VATICAN CITY (AP) — Pope Pius XII was consigned to the ages Monday by the Roman Catholic Church he served as supreme pontiff for 19 troubled years.  
A brilliant afternoon sun streamed through St. Peter's massive dome and cast a crown of light about the altar as the pontifical funeral began. An awed hush enveloped the religious and lay identities present in the basilica, the world's largest church.  
The deep-throated campanone, St. Peter's giant bell, tolled slowly and mournfully as the time for the funeral service came. In the immediate area of St. Peter's Square, a line of a standstill.  
**Stand at Attention**  
Under the great spiraling baldachin above the altar of the confession, noble guards in plumed helmets stood at attention. Present were ambassadors in formal diplomatic uniforms, gray in, somber robes and members of religious orders.  
Among them was the longtime faithful housekeeper for the pontiff, Sister Pasqualina.  
The throne bearers who carried the pontiff in life slowly bore the body on their shoulders toward the altar. The face was waxen in death.  
The ceremonies began precisely at 4 p.m. with a slow procession of the parish priests of Rome toward the Altar of the Confession.  
**Slow Funeral March**  
Behind them, in a slow funeral march, walked uniformed members of the papal household.  
The dignitaries took up their positions in a great circle surrounding the altar. The pope's body supported the body of Roman Catholicism's 261st pope.  
The surplined choir of the Julian Chapel burst into the unaccompanied chorals of a "Miserere" which legend says was composed by King David.  
Giant Swiss Guards in high-crowned helmets knelt reverently as the body passed, surrounded by a stately procession of medieval splendor.  
There were no silver trumpets to accompany the choir now as there had been when in life the Pope entered the basilica.  
The Pope's body was placed carefully alongside a cypress coffin in front of the altar.  
Cardinals took up special places before the altar. They wore the deep purple of religious mourning.  
Mgr. Enrico Dante, prefect of Vatican ceremonies, based the rites on a Vatican manuscript written in 1829 and followed since that time.  
Mgr. Acanisius van Lierde, the sacristan to Pope XII's vicar for Vatican City, conducted the services. He was appointed by the archbishop of St. Peter's Federico Cardinal Tedeschi, to bless the papal coffin.  
**Wears Black Surplice**  
He wore a black surplice. Attendants removed a white miter, and he began to chant the "Kyrie" before giving absolution to the remains. He sprinkled the bier slowly with holy water, and intoned in Latin: "And lead us not into temptation but deliver us from evil."  
The celebrant then read a spe-

## Court To Review Virginia Case, Faubus Rebuked

WASHINGTON (AP)—Gov. Orval A. Faubus of Arkansas lost today in an effort to get the U.S. Supreme Court to look into an injunction issued against him in the school integration row.  
The injunction, issued by U.S. district Judge Ronald E. Davies, halted Faubus' use of National Guardsmen in September 1957 at Central High School, Little Rock. The guardsmen had turned away nine Negroes from the school.  
The Supreme Court refused to review the case. The effect of such a refusal is to let lower court orders stand.  
The high tribunal also turned down some other reviews of cases involving the racial issue in schools, but it agreed to delve into a lower court decision that voided three Virginia laws aimed at the National Association for the Advancement of Colored People.

## Jewish Temple Dynamited In Atlanta, Ga.

ATLANTA, Ga. (AP) — A massive dynamite explosion at a Jewish temple shattered Atlanta's racial calm at 3:35 a.m. Sunday and set off one of the most extensive investigations in the history of the Georgia capital.  
The pre-dawn blast caused damage estimated at \$200,000 to a wall and the interior of The Temple, home of the Hebrew Benevolent Congregation, in a fashionable section on Peachtree Road.  
It was the first such incident in Atlanta but the fourth at Jewish centers in the South since mid-March.  
Debris rained down over a 150-yard area. Houses were shaken half a mile away. No one was hurt.  
The dynamiters escaped in the darkness.

## Air Force Grounds C123 Troop-Cargo Planes After Crash

DAYTON, Ohio (AP)—The Air Force has grounded all of its 230 C123 troop-cargo planes similar to one that crashed in Idaho and killed 19 persons Thursday night.  
The grounding order went out late Saturday and was announced today by the Air Material Command at Wright-Patterson Air Force Base near Dayton.  
A spokesman for the AMC said the planes since Oct. 8 had been in the process of being worked on to correct a possible malfunction of the fuel system. He emphasized that it was not known whether the crash near Payette, Idaho, was due to a poorly operating fuel system.  
Killed in the crash were members of the crew, the ground support group for the Air Force's famed Thunderbirds formation, and two civilians from an aviation company.  
The Air Force Oct. 8 issued a technical order to correct a certain function of the fuel system of the C123s, and the work was to be completed by Oct. 16, the AMC spokesman said. He did not know whether the plane that crashed had been worked on yet. From a third to half of the planes had been worked on by the time of the crash, he added.

## Bridge Dedication Set At Sutherlin Tuesday

A bridge which was built through joint cooperation of Sutherlin and Douglas County will be dedicated Tuesday morning by Sutherlin and county officials.  
County officials participating in the 11 a.m. ceremony will be Judge V. T. Jackson and commissioners Frank Ashley and Huron Clough.  
The bridge is located across Sutherlin Creek on State St., one block south of Central Ave.  
Although no ribbon cutting is scheduled a bronze plaque will be attached to the northwest corner at the north end of the bridge. The plaque says the bridge was built by cooperation of the city and county and lists the county commissioners and Sutherlin city councilmen.  
The bridge was built by county labor at a cost of \$9,796.57. Traffic has been using the bridge since completion about the first of August, but the city has been constructing approaches and changing water lines in the area. City Manager C. Dean Smith said.  
The 50-foot span has two lanes of traffic and sidewalks on each side.

## Quadruplet Girls

DETROIT (AP) — Quadruplet girls were born Sunday night to Mrs. Julia Ullman, 33, wife of a carpenter in suburban Clawson.  
Each of the babies weighed four pounds or more.

## Eisenhower Uses New York Visit To Boost Republican Office Seekers For Senate

NEW YORK (AP) — President Eisenhower used a visit to New York City Sunday to boost Republican office seekers in their effort to unseat the Harriman administration and to elect a U.S. senator.  
It was his first personal appearance to help Republican candidates this fall.  
He hobnobbed with New York state GOP candidates while dividing his time between politics and appearances at public ceremonies.  
From the moment the President stepped from his plane to his departure about 6 1/2 hours later, Nelson Rockefeller and Rep. Kenneth Keating were not far from his side.  
White House press secretary James C. Hagerty said Eisenhower "expressed his pleasure" at the reports on GOP state prospects.  
The President, looking hale and ruddy just two days before his 68th birthday, traveled to and from his various appointments in a plastic-domed car. He smiled frequently and waved to the estimated 60,000 persons who lined the street as he passed.  
At the church ceremony, Eisenhower departed from his prepared text to denounce angrily the Atlanta bombings. "We must all share in the feeling of horror that anyone would want to desecrate a place of religion," he said.  
Delivered the principal address at cornerstone laying ceremonies for the Interchurch Center.  
Eisenhower also discussed the situation in the Formosa Strait by phone with Secretary of State Dulles, sent a message of congratulation to the Air Force on its moon rocket and directed the FBI to aid the investigation into the dynamiting of a Jewish temple in Atlanta, Ga.  
**Ticket Optimistic**  
Rockefeller later told a news conference he had informed the President, "Things look good; the whole ticket is optimistic."  
While House press secretary James C. Hagerty said Eisenhower "expressed his pleasure" at the reports on GOP state prospects.  
The President, looking hale and ruddy just two days before his 68th birthday, traveled to and from his various appointments in a plastic-domed car. He smiled frequently and waved to the estimated 60,000 persons who lined the street as he passed.  
At the church ceremony, Eisenhower departed from his prepared text to denounce angrily the Atlanta bombings. "We must all share in the feeling of horror that anyone would want to desecrate a place of religion," he said.

**McCauley Shakes Hands In Roseburg Campaign**  
Lyle E. McCauley, Republican candidate for labor commissioner, arrived in Roseburg today to stump this area for the first time.  
McCauley, a labor conciliator qualified by the Oregon Civil Service Commission, is venturing into politics for the first time with his bid to unseat Democrat Norman Nilson.  
In his handshaking tour of Roseburg, he said he believes the office of labor commissioner should be taken out of politics and made a non-partisan or appointive career position. He stated that although a so-called right-to-work law is not an issue in Oregon at this time, he is opposed to any such law which would weaken organized labor by outlawing the union shop.

## Huge Gains In Scientific Data Obtained

**Instrument-Laden Vehicle Hits Record Height Of 79,120 Miles**  
By FRED S. HOFFMAN  
WASHINGTON (AP) — The U. S. moon rocket Pioneer has swooped to probable disintegration in the earth's atmosphere after blazing a never-before-traveled path into space.  
The instrument-laden vehicle didn't make it to the vicinity of the moon. But the Air Force claimed big gains in scientific information from the nearly two-day flight of the rocket, which reached a record of about 79,120 miles into space.  
The Pentagon announced early today that the world's first known moon probe plunged back into the atmosphere at about 11 p.m. Sunday. It was assumed Pioneer then burned up from friction.  
Pioneer's final dive was believed to have come at a point over the south Pacific. There were no immediate reports of any visual sightings of the rocket's finish.  
**Issued Death Notice**  
The Air Force issued this death notice for the moon missile it launched from Cape Canaveral, Fla., before dawn Saturday.  
"The Hawaiian tracking station lost contact with the U. S. Pioneer lunar probe vehicle at 11:46 p.m. (EDT)."  
"It was the last tracking station to receive signals."  
"Analysis of the data received by the Hawaiian station indicates that the Pioneer re-entered the earth's atmosphere at approximately 12 midnight (EDT) and is assumed to have burned up upon re-entry."  
"The re-entry point was estimated to be over the south Pacific ocean."  
The 85-pound lunar probe fell short of the hoped-for goal of going into orbit some 50,000 miles from the moon. But in traveling (Continued on Page 2 Col. 3)

## Four Meet Violent Deaths In Oregon During Weekend

By THE ASSOCIATED PRESS  
Four persons met violent deaths in Oregon over the weekend.  
Two motorcyclists were killed in traffic mishaps, a fisherman drowned at the mouth of the Columbia River and a 7-year-old boy died from injuries suffered in a playground fall.  
Ernest L. Beer, 24, of Medford was killed Saturday when his cycle failed to round a curve on Highway 238 near Jacksonville. Beer plunged into a dry creek bed.  
Don Guy Dearing, 30, of Milwaukie was injured fatally Saturday night when his motorcycle collided with an automobile. The driver of the car, Ralph H. Rasmussen of Milwaukie, was booked on a negligent homicide charge. State patrolman Don Bergin said Rasmussen was driving on the wrong side of the road.  
Troy W. Mattson, 59, of Portland drowned Saturday night when a fishing boat struck the south jetty at the mouth of the Columbia. Ralph R. Rautio, 65, also of Portland, was washed across the mouth of the river and made his way to the Cape Disappointment Lifeboat Station soon after daybreak.  
Eddie Bertelson Jr., 7, of Portland died Saturday in a hospital from injuries suffered Friday in a fall from a playground slide. A doctor said he struck his head on concrete and suffered a fatal hemorrhage.

## Full Candidates' Slate Filed At Canyonville

Canyonville will have a full slate of candidates for the November election with the filing of two nominating petitions expeditiously today.  
Mrs. Ralph Goodell, recorder-treasurer, said today she expects petitions to be filed for Ed Oakes, mayor, and R. E. Moore, councilman. Both are incumbents and will accept nomination, Virginia Procter, News-Review correspondent, has been informed.  
Oakes will be unopposed in his bid for another one-year term as mayor. Moore will be one of four men running for three council posts.  
Nominating petitions for the two men were circulated over the weekend.

## Porter's Aide Here

Jack Billings, executive secretary for Congressman Charles O. Porter, was in Roseburg briefly Saturday evening. Billings, who is assisting the congressman with his campaign for reelection, was en route to Grants Pass where arrangements for political activity were being made.

## State Juvenile Report Slated Tuesday Night

Reports on the Oregon Youth Institute on Juvenile Needs in Eugene over the weekend will be made at Tuesday night's meeting of the Douglas County Juvenile Advisory Council.  
The first full meeting will start at 8 p.m. in Circuit Courtroom B. The study institute in Eugene drew a delegation of eight people from the Douglas County council. It was planned by Douglas, Jackson and Lane counties to set the groundwork for a state organization of juvenile councils.

### Levy Fact Rant

By L. F. Reizenstein  
With all signs pointing to a Democratic landslide at the next national election, the Republicans have one outstanding chance to reverse the trend: hire Casey Stengel to take over the management of their campaign.
