

Asian-African Delegates Seek Immediate Bomb Test End

2 The News-Review, Roseburg, Ore. — Mon., Oct. 13, 1958

Young Drivers Are Cited After Auto Accidents

Two teen-age drivers were cited by Roseburg police over the weekend for traffic violations following a pair of accidents on city streets.

David Norman Pfeiffer, 19, construction company laborer from Little Shoe, Wis., was ticketed for failure to yield the right of way.

The car he was driving collided with another driven by Keith Allen Bunn, 16, of Dillard about 10:20 p.m. Saturday at Oak Ave. and Pine St. Police said about \$300 damage was done to Bunn's 1955 car, while the Pfeiffer vehicle received about \$75 damage.

About 5:40 p.m. Saturday a car driven by Richard Marcel Free, 18, of Eugene, backed into a vehicle belonging to Edward Henry Brinkmeyer, 42-year-old millworker of 2965 N.E. Oswego Ave., Roseburg.

Brinkmeyer was traveling north on NE Mill St. when the other car hit his while backing up. Damage to Free's car was estimated at about \$100, and \$350 to the Brinkmeyer vehicle.

Free was cited for failing to have his car under control.

Pearlie Ellen Folden Dies In Melrose Home

Mrs. Pearlie Ellen Folden, 77, who had lived at Melrose 27 years, died Sunday morning at her home.

She was born at Argos, Ind., Sept. 22, 1881, and moved to Michigan in 1904. She was married in Roseburg Aug. 2, 1932, to James B. Folden, who died in 1948.

Surviving are eight children, Ralph C. Quick of Niles, Mich., John Simpson of Berrien Springs, Mich., James D. Simpson of Phoenix, Ariz., Carl L. Simpson of Pasadena, Calif., Mrs. Gertrude E. James, Floyd L. Simpson, Ray L. Simpson and Roy C. Simpson, all of Roseburg; two brothers, Walter C. Quick Sr. of Niles, Mich., and John Quick Sr. of Hamilton, Ohio; a sister, Mrs. Gertrude Davis, Roseburg; 29 grandchildren, 40 great-grandchildren and one great-great-grandchild.

Funeral services will be in the chapel of Lone and Orr Mortuary Thursday at 2 p.m. with the Rev. Calvin Harrah, pastor of the Melrose Community Church, officiating. Concluding services and interment will be in Roseburg Memorial Gardens.

India Revises Resolution In Accord Try

By WILLIAM N. OATIS (AP)

NEW DELHI, Oct. 12 (AP)—India, backed by Asian-African sponsors, planned to submit a revised resolution today to call for "immediate discontinuance" of nuclear weapon tests.

India's original resolution of Oct. 4 called for "immediate suspension" of the tests. Immediate Delegation Arthur S. Lall said Sunday night this and other changes were intended to attract cosponsors and "remove any doubt as to what we ourselves had in mind."

Hashim Jawad of Iraq told a reporter he thought the term "discontinuance" would make the resolution acceptable to the Soviet bloc. The Soviet Union has stopped "for all time" and has turned in a resolution calling for a halt.

Former Premier Solh's Cousin Shot To Death

BEIRUT, Lebanon (AP)—Wahid Solh, a cousin of former Premier Sami Solh, was shot and killed by a sniper while driving through downtown Beirut today.

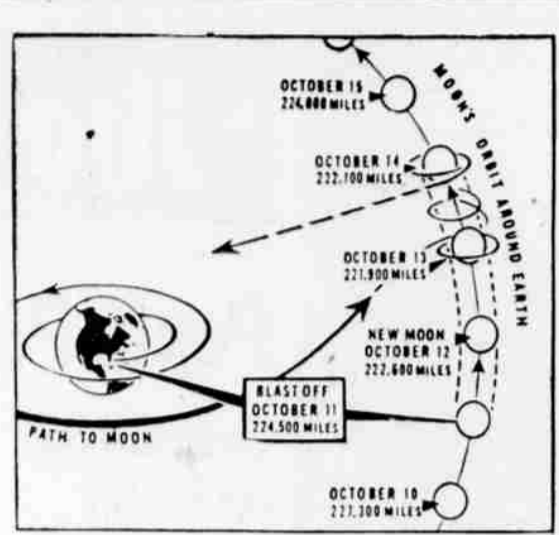

Solh was an official in the ministry of General Planning but was not otherwise active in politics.

He left the country just before President Fuad Chehab took office and after several plots and attempts to overthrow him. He narrowly escaped one plot at the height of the rebellion against President Camille Chamoun when a mine blew up the car ahead of his on a road outside Beirut.

The general strike called by Chamoun's militant supporters in the Phalangist party began its fourth week today with the Phalangists announcing their determination to continue the strike until Premier Rashid Karami either resigns or forms a coalition cabinet. Intense political maneuvering over the weekend produced no satisfactory formula for ending the crisis.

Scattered firing could be heard in Beirut this morning. This reportedly was shooting in the air by rival factions trying to intimidate one another.

North of Tripoli Sunday 10 persons were reported killed in a fight between the Duweiby and Fyarygh families. For generations these clans have fought each other. The summer's crisis and the influx of arms into the country enabled both sides to get fresh supplies, thereby increasing the tension.

PLANNED TRAJECTORY — An American Rocket, called "Pioneer," failed to break free of the earth's gravity in the first flight through outer space, toward a hoped-for Lunar orbit. This diagram shows the planned path of the space traveler.

Limited Number Students Attend Private Schools

LITTLE ROCK, Ark. (AP)—A handful of Little Rock high school students attend their first day of private classes today while a new battle rages over the city's public schools.

Temporarily, the schools of the Westover Hills Presbyterian Church and the Second Baptist Church announced they will accept about 60 students for a limited curriculum.

But there still was no indication when the Little Rock Private School Corp. would put into effect its plan to open all-white schools for more than 3,000 students who have been without classes for six weeks.

Rural schools agreed to accept 11 more Little Rock students today but emphasized that no more could be accommodated.

Those schools were not affected by Gov. Orval E. Faubus' order which shut the doors of Little Rock's one Negro and three white high schools.

The issue of whether the closed schools can be leased to a private group as segregated institutions comes up again Wednesday before the U.S. 8th Circuit Court of Appeals at St. Louis, Mo. Three judges will decide whether to continue an order which prohibits the city School Board from leasing the school buildings to private groups.

Continuance of the order is sought by the National Assn. for the Advancement of Colored People, supported by the U.S. Justice Department.

Funeral Held For Pope In Basilica At Rome

(Continued From Page One)

erical "orems" (let us pray) received for papal masses. He read it from a book held before him by an attendant. The celebrant then pronounced the blessing over the coffin.

Three separate coffins, one of cypress, one of lead and one of oak, were blessed as a thurible bearer spread incense over the bier.

Now the body was wrapped in a red shroud and placed in the red-lined cypress coffin.

The choir again sang an ancient chant. The cardinals arose from their thrones. With Eugene Cardinal Tisserant, white-bearded dean of the college, at their head, they filed by the body. Each knelt and prayed before the coffin.

Some of the white-haired princes of the church had to be assisted to walk past the coffin. Francis Cardinal Spellman of New York appeared deeply grieved.

A blanket of red was drawn reverently over the Pope's body and a white scarf placed over his face by two of the cardinals. Over this was placed another red silk shroud, tenderly tucked about the body by the assistants.

The celebrant intoned the Pater Noster once again. In Latin he consigned the pontiff's remains to eternal rest.

The words reverberated through the great basilica as he intoned: "We implore thee, O God, to have pity on this thy servant."

While the celebrant prayed, the cardinals stood before their thrones, and the entire congregation bowed. The choir responded with a deep "amen" to the liturgy of the celebrant.

Need More Money

The committee said that to continue its current programs, the agency would need either new contributors or more money from present contributors.

UNRWA expects to get by the end of the year \$25,700,000 needed for relief and \$7,200,000 for first-priority rehabilitation, including education. The committee said this will leave the agency short \$7,800,000 to meet individual grants and vocational training and eight millions needed for working capital.

The committee also reported that the U.N. refugee fund needs \$3,748,482 additional to clear and close refugee camps in Europe by the end of 1960 as planned.

Moon Rocket Fails, But Valuable Data Received

(Continued From Page One)

about a third of the 222,000 miles to the moon, it achieved the deepest penetration yet by a man-made vehicle into the vast universe.

Scientists said it radiated valuable data back to earth on its lonely journey. Among other things, the experience of Pioneer indicated that radiation in the outer reaches of space may not be as intense as had been thought.

This could have strong bearing on future space flight by man, susceptible to possible radiation poisoning.

In this connection, the Air Force claimed Pioneer's epic flight marked the first time man has been able to measure radiation above 25,000 miles.

Mag. Gen. Bernard A. Schriever, chief of the Air Force Ballistic Missile Division, said: "These measurements will be of great assistance in improving instruments for future space and lunar probes and for putting man into space."

—NEA Telephoto

BLAST OFF — The Lunar probe missile named "Pioneer" leaves its launching pad at Cape Canaveral, Fla., at 4:42 a.m. EST Saturday. The Air Force hoped that the Thor-Able rocket would reach the Moon in about 2 1/2 days.

Dillard Board Policy Discussion Scheduled

A preliminary discussion on a code of board policies will be held at a Dillard School Board meeting scheduled for 8 p.m. Tuesday.

The meeting will be held in Douglas High School. School Supt. George Corwin will present a report on a meeting concerning O & C receipts. A total of 28 Western Oregon county court members, school board members and school administrators attended the meeting in Roseburg Wednesday.

In other business Wednesday the board, discussion will be held on a proposed upper elementary school building. The district hopes to sell bonds for the building in January or February.

The board will also inspect folding bleachers which have been installed in the high school gymnasium. Installation of the bleachers was completed about one week ago by the Northern School Supply Co. of Portland.

Jewish Temple Blasted Sunday In Atlanta, Ga.

(Continued From Page One)

28 and an attempt was made to blow up a temple in Birmingham, Ala. It failed when a fuse burned out.

President Eisenhower joined with political and religious leaders in deploring the Atlanta incident. He interrupted a speech about civil and religious liberties in New York to the feeling of horror that anyone would want to desecrate a place of religion, be it a chapel, a cathedral, a mosque, a church or a synagogue," he said.

A detective estimated that 40 to 50 sticks of dynamite were placed just outside a heavy wooden door on the side and near the rear of the building. The blast tore a hole some 20 feet square in the wall, wrecked some church offices and the study of Rabbi Jacob M. Tolson, child. Religious classrooms on the second and third floors were extensively damaged as was an auditorium on the first floor. Fragments of stained glass windows littered the floor of the main sanctuary.

Masonic Grand Master Slated At Canyonville

Grand master of Masons in Oregon, Walter L. Lansing, will make an official visit to District 37 on Wednesday, Oct. 22, instead of this Wednesday as previously reported.

South Umpqua Lodge of Canyonville will be host to the visit which will include a 3:30 p.m. dinner and 8 o'clock meeting. Other lodges in the district are Riddle Lodge of Riddle, Azalea Lodge of Glendale and Maple Lodge of Myrtle Creek.

Ralph Waldo Moore Succumbs In Hospital

Ralph Waldo Moore, 76, of 330 NE Jackson St., died in a Roseburg hospital Sunday.

He was born Sept. 14, 1882, in Dayton, Wash. He had been a logger and farmer in this area for 30 years.

Survivors include his wife, Mary; three stepchildren, George, Parkey of Sitka, Alaska, Don Pankey of Melrose and Mrs. Louis (Dorothy) Pugh of Glide; two brothers, Archie G. Moore of Oakland and Albert C. Moore of San Diego; and four sisters, Mrs. William Lay of Gerber, Calif., Mrs. Lee Bailey of Seattle, Mrs. Maple Steer of Portland and Mrs. Hazel Becker of Corvallis.

Funeral services will be Wednesday at 10 a.m. in the Chapel of the Roses with Dr. Eugene Gerling of the First Baptist Church officiating. Interment will be in Cleveland Cemetery.

Curtain Drawn Across Eclipse

BOULDER, Colo. (AP)—Long preparations and hopes for valuable scientific data were thwarted in the south Pacific Sunday when a thunderstorm drew a curtain over a total eclipse of the sun.

More than a score of scientists had arranged for photographs and special observations of the phenomenon.

But Dr. Walter Orr Roberts, director of the high-altitude observatory here, said he was informed that the storm obliterated all view of the eclipse, which lasted about four minutes. The scientists were stationed at the Danger Islands, 600 miles east of Samoa.

Among them were four-man teams from the Colorado observatory and the Sacramento Peaks Observatory in New Mexico. The National Bureau of Standards, the University of Wisconsin and the California Academy of Sciences had sent other technicians, assigned to specific aspects of the study of sun rays.

Roseburg United Church Women Plan Meeting

The executive board of the Roseburg United Church of Christ Women will meet Tuesday at 9:30 a.m. at the home of Mrs. W. H. Gerretsen, 823 S.E. Kane.

Plans for World Community Day, to be held at the Nazarene Church Friday, Nov. 7, will be formulated.

Fifth Nuclear Weapon Fired Over Yucca Flat

ATOMIC TEST SITE, Nev. (AP)—The fifth nuclear weapons test in the current series was fired today from a balloon tethered 1,500 feet above Yucca Flat.

The blast yielded half the normal power load—19 to 20 kilotons compared with the normal 20 kilotons released.

The Atomic Energy Commission said fallout was light because the fireball did not touch the ground.

Another shot also set for today was postponed until Tuesday. It will be set off atop a 30-foot wooden tower on Frenchman Flat.

Aimed at Healing Souls

"All of Pius XII's life was aimed at healing souls wounded by hate, at destroying errors, and at illuminating minds with evangelical truth with a marble marker one great light has been put out on earth, and a new star is brightening the skies."

Several cardinals wiped away tears.

The eulogy ended, the scroll and eulogy text were placed in the inner coffin of cypress, and it was sealed by members of the papal household.

The cypress coffin then was placed inside the leaden one, and the leaden coffin inside the third of oak while the great bell of St. Peter's tolled slowly.

The body was lowered into what the Vatican described as a provisional tomb, with a marble marker giving only the Pope's name and the years of his pontificate. He was the 14th pontiff to be buried in the crypts beneath St. Peter's.

Instructions Evated By Ruth Evans

Mrs. Morris Bowker of Roseburg will give instructions in beginning and advanced bridge, using the Goren method, at Myrtle Creek beginning Tuesday at 1 p.m. Lessons will be held at the Myrtle Creek Elk's Lodge.

Glider Crashes Killing Pilot Before Crowd

SPOKANE (AP)—A glider smashed to the ground from about 100 feet here Sunday before the eyes of several hundred horrified spectators, killing the head of the Washington state Civil Air Patrol and injuring a passenger.

David E. Mozes, 47, Spokane, died in a hospital from multiple injuries. Falke P. Gustavs, 48, was being treated for serious body injuries.

The crash occurred during a demonstration staged by the Condor Soaring Club, of which Mozes was president.

Ira Jacobson, club secretary, said Mozes apparently overshot the runway when he came in for a landing. Mozes put the craft into a turn which Jacobson said appeared "too sharp. The glider stalled, nosed over and dropped to the ground."

Mozes, a CAP colonel, was wing commander for all CAP squadrons in Washington and one in Idaho with headquarters in Seattle. He was in charge of about 30 aircraft, 2,000 adult CAP members and 2,500 cadets.

Officials said the dead man was to have been host commander at the Pacific Regional CAP Conference in Seattle next weekend.

Myrtle Creek Council Views City Hall Plans

The Myrtle Creek City Council examined specifications for its new city hall in a recent meeting. The council will take bids on the project later this month.

The council approved a transfer of liquor license at Loggers Tavern from James Lowrance to Mrs. Frances Churchman, the new owner. The council also directed that an audit of the city's books be made, according to correspondent Mrs. Ruth Evans.

Garbage Truck Fire Doused By Rural Dept.

Fire in the load of a garbage truck was put out about 7:15 a.m. today by the Roseburg Rural Fire Department.

The truck was parked in front of the State Game Commission office, 3140 NE Stephens St., when firemen arrived at the scene. Minor damage was caused to the truck.

The department put out a trash and grass fire at 1:25 p.m. Sunday at 1142 NE Stephens St. The blaze was caused by a non-permit fire which got out of hand, firemen said.

Roseburg firemen put out a small grass fire about 2:43 p.m. Saturday in the 100 block on SE Arizona St. No loss was reported in the fire which was burning in grass and rubbish along the river bank.

Club To Meet

The Inter Se Club will meet at the home of Mrs. Charles Doerner, Rt. 3 Box 1475, Roseburg, for a 1:30 luncheon Tuesday.
