More drill in penmanship, spelling and arithmetic should be given

In Roseburg elementary school students in the first six grades. This was among recommendations made by the School Evaluation Steering Committee. The Steering Committee has also recommended that an additional period be added to the third grade day which now ends at 2:30 and that a teacher committee draw up a plan designed to extend any existing reading program as an out-of-school hours activity to motivate interest and reward accomplishment throughout elementary and upper grades where reading habits are best formed.

Art Course Proposed
A grade school arts course of study should be carefully developed to teach the fundamentals that underlie the understanding of and appreciation for the beauty in art productions. This would include study and work in color, design and the history of art and artists.

In the subcommittee report on teaching methods, a questionnaire sent to the parents revealed that 65 parents believe penmanship is being emphasized enough, while 100 said it is not being emphasized enough. The questionnaire was sent to 265 parents, and 162 of them were returned.

Arithmetic fared better in the questionnaire results. A total of 99 parents said it is being emphasized enough while 29 said there is too little emphasis in this category. A total of 116 parents were satisfied with art instruction in the elementary schools, while 19 parents said there is too little emphasis.

Mathematics Discussed
Mathematics was also discussed in the junior high school program. It was recommended that in the junior high schools the accelerated mathematics program be continued and that more be done for the students of all abilities in mathematics and other basic subjects, according to the Steering Committee.

It is believed by the Steering Committee that an extra period should be added to the basic studies of English, reading, geography, history and civics in the eighth grade, reducing the elective courses accordingly.

Findings of the subcommittee on Curriculum state that the science and physical education programs in the junior high schools are adequate.

Democrats Lead Republicans By 52,105 In State

SALEM (AP)—Democrats have a 52,105 lead over Republicans in general election figures announced today by Secretary of State Mark Hatfield.

The lead is the fattest the Democrats have ever had in Oregon. They held a 42,684 margin in the primary last May, and a 37,520 margin in the general election in 1956.

The total registration is 835,044, compared with 877,352 in the 1956 general election, the all-time high. That, however, was a presidential year when the registration normally is much greater than in off years.

The registration for this year's primary was 829,270. Since the primary, the Democrats have gained 17,658 registrants, compared with the Republican gain of 6,637.

The new registration includes 447,195 Democrats and 395,090 Republicans.

The Democrats lead in three of the four congressional districts. The Republican lead is in the First (Northwest Oregon) District.

Frank Sinatra Going Steady With Lady Beatty

LONDON (AP)—Frank Sinatra spent the past two days going steady with beautiful American-born Lady Beatty, and London newspapers suggested today a wedding is coming up.

"Sinatra will wed Lady Beatty," proclaimed The Daily Mail. It said the 36-year-old beauty's friends indicated that "the only questions to be answered were when and where."

Lady Beatty was divorced from William O'Connor of California in 1949. Earl Beatty, son of the British naval hero of World War I, divorced her last June, charging adultery with a man identified only as George Henry Lane.

Sinatra is in town to attend a movie premier next week. He has been escorting her ladyship around town until the early hours of the morning.

Who's Radical? Neither Party Accepts Term

NEW YORK (AP)—Radical party? No such term applies to the Democrats, former President Harry S. Truman asserted today. It belongs to the Republicans, he added.

Truman, taking his morning stroll while on a visit here, was asked to comment on President Eisenhower's statement Monday night that the Democratic party is dominated by "political radicals."

"Radical party?" Truman said laughingly to reporters accompanying him. "We inherited that word from the Republicans. The Democratic party never had anything in its title throughout its history."

"Let me give you a bit of history. It was in 1850 or about 1855 that Thad Stevens (Thaddeus Stevens), who was a congressman from Pennsylvania and head of the Radical Republicans, caused the impeachment of Andrew Johnson."

"No, radical is not a Democratic term. It is a Republican term." As for Eisenhower's assertion that the Democratic party is suffering from "political schizophrenia," with Northern and Southern wings differing on important issues, Truman said: "It's another way of avoiding the issues."

Milk Distributors Admit Price Fix

PORTLAND (AP)—Nine milk distributors Monday admitted their guilt in court to a charge of conspiring to fix milk prices in the Portland area by pleading nolo contendere.

U.S. District Judge William East, who permitted the firms to change their pleas from innocent, said: "A nolo contendere plea admits guilt but cites extenuating circumstances. With that understanding I accept the new plea."

The nine defendants are: Safeway Stores, Inc.; Oregon Milk Distributors; Dairy Cooperative Assn.; Damascus Milk Co.; Arden Farms Co.; Fairview Farms; Farmers Dairy Assn.; Sunshine Dairy; and Sunnybrook Farms Milk and Ice Cream Co.

Attorneys for the nine said the violations of the anti-trust act were of a technical nature and that no one had been damaged by the uniform prices which went into effect in 1955, 1956, and 1957 after "some conversations."

Safeway is a wholesaler which distributes milk to its retail stores. The Oregon Milk Distributors is a trade association. The other seven are distributors.
