

Pope Appeals To Nations To Heed Cry For Peace

(Continued From Page One)

placed the fate, the prosperity, the hopes of the individual people.

"Why should not discords and disagreements be finally composed equitably? Why should not the resources and the ingenuity of man and the riches of the peoples, used frequently to prepare arms—pernicious instruments of death and destruction—be used to increase the well-being of all classes of citizens, particularly of the needy?"

Must Overcome Difficulties

"We know it is true that in bringing about so laudable, so praiseworthy a proposition and to level the differences there are grave and intricate difficulties in the way, but they must be victoriously overcome, even if by force."

His quickness in going before the radio to give his thoughts to the world was taken as a sign that he intends his reign to be a dynamic one. Radio was one of the means frequently used by his predecessor to give his messages to the world and to try to reach the peoples of Soviet Russia, Red China and other Communist-dominated lands.

The new Pope is expected to be crowned within two weeks.

The jeweled, three-tiered tiara of the papacy, topped by golden orb and cross, perhaps will be placed upon his head Sunday, Nov. 9, in the climax at St. Peter's Basilica of the drama that began with the fatal illness of Pope Pius at Castel Gandolfo.

Prepare For Coronation

Vatican authorities prepared today for the coronation, the most colorful ceremony of the Roman Catholic Church, while messages of congratulation and best wishes poured in from chiefs of state and government heads of many nations.

After his broadcast, Pope John ordered the reopening of the doors of the conclave area, where 51 princes of the church had gone through the three tense days of balloting that finally led to his selection.

Bells of St. Peter's and of Rome's 500 churches pealed.

A brilliant sun shone over the Italian capital, which was in a festive mood. Throughout the city the posters announcing the death and funeral services for Pope Pius had disappeared. In their places were bright new posters hailing the new pontiff.

There was jubilation in Pope John's native north Italian hamlet, Sotto il Monte, and in Venice at elevation of the jovial, portly patriarch who in the Catholic view becomes the 262nd vicar of Christ on earth and a direct successor of St. Peter.

Celebrations Held

Bonfires burned Tuesday night and fireworks exploded at Sotto il Monte, a village of 1,133 in the shadow of the Alps, where the Pope was born the son of a poor farmer Nov. 25, 1881. Three surviving brothers and a sister still live there.

Venice glowed with lights. The city of canals went wild.

As one of the first acts of his pontificate, Pope John elevated Magr. Alberto di Iorio to the rank of cardinal. Magr. di Iorio, 74, had served as secretary of the papal conclave, and tradition is that the prelate who fills such duties is

Deputies Investigating Grand Larceny Complaints

Deputies are investigating two recent complaints lodged with the office of Sheriff Ira C. Byrd, including one which could involve grand larceny.

Owners of White Brothers Construction Co. working in the Roseburg area reported mechanic's tools and logging supplies valued at more than \$75 were taken from the company camp at Burnt Mountain near Tenmile last Sunday sometime.

Deputies also are looking into a complaint filed by an Idlewild Rt. housewife that vandals have been damaging and destroying mail-boxes in her locality. She said persons responsible have been returning to the scene recently on weekends.

named a cardinal at the conclusion.

The College of Cardinals thus remains at its strength of 53 and its Italian representation stays at 17. One of the urgent problems awaiting the new Pope is the naming of new members to the college, which now has 17 vacancies.

The new Pope gave sign that his reign may tend to one of broader cooperation with his top advisers. The Vatican press office announced that he plans to reinstitute the regular or "calendar" audiences with the heads of the Vatican's congregations and other top officials.

Fewer Chinese Shells Fall Upon Quemoy Islands

By GENE KRAMER

TAIPEI, Formosa (AP)—Chinese Communist artillery shelled Quemoy again today but there was a noticeable easing of tension over the offshore island crisis.

AP correspondent David Lanchashire, on Quemoy, said the Communist artillery fired sporadically through the morning.

Wednesday was an odd-numbered day, meaning unlimited shelling under the Reds' strange announced new tactic. They said they would not fire on even-numbered days into Quemoy's landing areas and invited the Nationalists to ship in supplies then.

There were these signs of a slack in tension: 1. U.S. Navy destroyers of the Formosa Strait patrol have stopped movements inside the 12 miles of coastal waters claimed by Red China, it was learned. For the past two days, Peiping has issued none of its "serious warnings" that its 12-mile limit was being violated.

2. The chief Nationalist military spokesman, Rear Adm. Liu Hsiobu, said the Communist shelling now was viewed as a nuisance bombardment to save face "because the Communists have known since the second week of their offensive (in September) that their chance to invade Quemoy was gone."

3. U.S. Secretary of State Dulles declared in Washington that Red China seems to be "trying to save themselves from a loss of face and a defeat in the effort which they initiated but had been unable to conclude successfully."

It seems as though, at least for the moment, they do not want to raise on the level of their military effort.

Pistol-Packing Wife, Ex-Convict Taken After Fight

POCATELLO, Idaho (AP)—Police arrested a young ex-convict and his pistol-packing, 14-year-old wife Tuesday night after a brief gun battle. The man was wounded.

Officers hailed the pair at the open window of a local garage. The man, peppered in the hip by a blast from one cop's 12-gauge shotgun, emptied his .45-caliber automatic before giving himself up.

None of the four officers was hit and the man's wound was not believed serious.

Police identified him as David LeRoy Oriss, 22, of Ft. Cotten, N. D. His wife, Betty Jean, did not take part in the gunplay, but officers found a loaded pistol on her when they searched her later.

The police were called to the City Motor Co. here after the manager, making a nighttime visit, saw two persons in his office.

Oriss told police Lt. Earl Boyce he had been in prisons in Texas and Montana most of the past four years, and is currently on probation from Wisconsin.

Boy, 10, Admits Shooting Woman

By WILLIAM P. JOHNSTON

ENGLEWOOD, Colo. (AP)—A 10-year-old boy verbally admitted to police today he shot a 22-year-old housewife when she refused to drop her purse.

Bill Maragoss, chief investigator for the Arapahoe County sheriff's office, identified the boy as Kerry Dale Casey, son of Charles Wade Casey. Maragoss said the boy admitted the shooting after he was brought to the county jail.

Mrs. Shirley Orlofsky was shot in front of her home in this Denver suburb Tuesday evening. She was in fair condition with a small-caliber bullet wound in the left shoulder.

Maragoss said the boy, roused out of a sound sleep, first denied the shooting but later orally admitted it after a .22-caliber revolver, believed used by the boy, and several other guns were found in the basement of the Casey home.

Maragoss quoted the boy as saying "I didn't mean to hurt her." He said he was "doing it like they do on the TV."

No charges were filed.

Pasternak Refuses To Accept Nobel Literature Prize

STOCKHOLM, Sweden (AP)—Soviet Author Boris Pasternak today refused to accept the Nobel Prize for Literature. He referred to "the society I live in."

Pasternak sent a cable to Dr. Anders Osterling, permanent secretary of the Royal Swedish Academy, which awards the literary Nobel prizes.

"Because of the meaning attributed to this award in the society I live in, I ought to say no thanks to the undeserved prize awarded me," Pasternak said. "Do not take my voluntary refusal with any ill will."

Osterling received a cable from Pasternak Saturday expressing his gratitude at the Nobel award.

That cable read: "Immensely thankful, touched, proud, astonished, abashed."

Today's cable indicated that in the meantime something had happened to Pasternak to change his mind. The author of the novel "Doctor Zhivago," which is critical of communism, has been under rigorous attack in the Soviet press.

Named For Award

Pasternak was named for the award last week. The Soviet press asserted the selection was an anti-Soviet political maneuver.

Pravda, the official Communist party paper, heaped abuse on Pasternak and "Doctor Zhivago." It said he should reject the \$14,420 cash prize if there were "a spark of Soviet dignity left in him."

The Nobel Prize Committee presented the Russians with a dilemma. It awarded the Prize in Physics Tuesday to three top-ranking Soviet scientists — P. A. Cherenkov, I. M. Frank and Igor E. Tamm. The question was: would the Soviets let the scientists accept the physics award and at the same time keep Pasternak home?

The answer appeared in the Soviet press in Moscow today. The Russians were setting up a double standard on the Nobel prizes.

It said the physics award was fitting but at the same time it said it proved that the award for literature was dictated by "reactionary political aims."

"Doctor Zhivago" has never been published in the Soviet Union, but it is being widely read abroad.

Glide Board Receives Plans For Gymnasium

Preliminary plans for the new Glide Elementary School gymnasium were presented to the school board Tuesday night and Nov. 4 was set as a special meeting night for going over them.

John Briscoe, Eugene architect, was present at the meeting to turn the preliminary plans over to the board.

Gas and oil contracts for the district were awarded, with the Teaxco Co. winning the contract for gas for all schools in the district at 22.13 cents per gallon. Tidewater will supply P.S. 200 light fuel oil at 12.29 cents per gallon for Deer Creek school, and Shell will provide P.S. 300 oil for Glide schools at \$3.90003 per barrel.

The Eugene Music Co. bid of \$423.26 on musical instruments was accepted. Other bidders were Ricketts Music Co., \$318.18, and Graves Music Co., \$460.90. Harry Harvie, superintendent, explained that although these firms offered discounts, the Eugene bid was lowest, reports Mrs. Arthur Selby, News-Review correspondent.

Gas Theft Investigated By Sheriff's Office

The sheriff's office is looking into a complaint lodged recently by a rural Winston man surrounding the theft recently of gasoline from a highway 42 service station-garage.

Bill Cochran, employe of Beckley & Thomas, five miles west of Winston, said the latest incident occurred last weekend when 60 gallons of gasoline and some gas barrels were taken.

Investigation showed someone had removed a prankster nearby caused a serious accident with his car.

He drove his children to school, then headed for downtown Roseburg over Oak Ave. bridge. At the corner of Oak and Main St. a wheel fell off.

Investigation showed someone had removed a hub cap and wheel nuts during the night. The car was parked next to Lis house in the driveway.

Federal Judge Upholds Limiting Of Negro Voting

MONTGOMERY, Ala. (AP)—A federal judge today upheld the controversial legislative act which all but eliminated Negro voting in Tuskegee, Ala.

U.S. Dist. Judge Frank M. Johnson Jr. threw out a complaint filed by a group of Tuskegee Negroes challenging the constitutionality of the 1957 law which rearranged city boundaries of Tuskegee.

The legislative act virtually halted Negro voting in Tuskegee by excluding all predominantly Negro residential areas from the city limits.

As a result, only 19 registered Negro voters were left inside the city in contrast to the 420 who voted there before the act was passed. The 600 white voters in the city were left undisturbed.

The Negroes who challenged the law claimed it deprived them of their rights guaranteed by the federal constitution.

Johnson said that regardless of the motive of the Legislature in enacting the law, "this court has no authority to declare such act invalid after measuring it by any yardstick made known by the Constitution of the United States."

"This court has no control over no supervision over, and no power to change any boundaries of municipal corporations fixed by a duly convened and elected legislative body."

Prankster's Gag Nearly Causes Serious Mishap

Joseph T. Carey, Chatham Dr. resident and Roseburg druggist, told police today a prankster nearly caused a serious accident with his car.

He drove his children to school, then headed for downtown Roseburg over Oak Ave. bridge. At the corner of Oak and Main St. a wheel fell off.

Investigation showed someone had removed a hub cap and wheel nuts during the night. The car was parked next to Lis house in the driveway.
