

PATCHING UP THE FEUD—French Premier Charles de Gaulle (right) presents France's highest award for foreigners, the Companion of Liberation medal, to Sir Winston Churchill at a ceremony at the Hotel Matignon gardens in Paris. The award is believed to mark the end of a long political feud between the two statesmen. Only two other foreigners, President Eisenhower and King Mohammed of Morocco, have received this medal.

Proposal By Sen. Bridges Takes Some Of Fire Out Of Liberal Republicans Revolt

By JACK BELL

WASHINGTON (AP)—A counter proposal by Sen. Styles Bridges (R-NH) took some of the fire out of a growing revolt by the Senate's Republican liberals today.

With the liberals demanding a greater voice in Republican affairs, Bridges proposed to expand the GOP leadership jobs to three and include a liberal in one of the posts.

The New Hampshire senator said in a telephone interview he will discuss his proposal with President Eisenhower and Vice President Nixon next month. Bridges, who heads the GOP Policy Committee, announced also he will support a move to give Republican newcomers—as well as holdover liberals—at least one important committee assignment each.

System Modified

In the past, new GOP senators have been relegated to membership on minor committees, with assignments made on a basis of strict seniority. Under the leadership of Sen. Lyndon B. Johnson of the seniority custom to put each flight committee.

If it is adopted, the Bridges proposal would give such new senators as Kenneth B. Keating of New York and Hugh Scott of Pennsylvania important posts at the beginning of their Senate careers. It also would move up to more important committee jobs members like Sen. Jacob K. Javits of New York and Sen. Thurston B. Morton of Kentucky, who were elected two years ago.

Woman Faces Charge Of Murdering Infant

HOUSTON (AP)—Police charged a young mother with murder this week in the death of her 4-week-old daughter, one of three children in the family who have died since 1956 of what was listed as pneumonia.

The accused Mrs. Iris Conrad, 19, of suburban Bellaire with killing the infant by "throwing her down on the floor." The child, Lynda Conrad, died Nov. 2. Bellaire Police Chief Jack O'Brien would say only that "a statement was made and a charge was filed."

seemed likely to ease some of the liberals' other complaints against the solidly conservative GOP Senate leadership.

To Take Second Best

Apparently lacking the votes to keep Sen. Everett Dirksen of Illinois from succeeding Sen. William F. Knowland as GOP leader, the liberals had been working quietly to pick off second place in the lineup. Their goal was to place one of their number in the group that confers weekly with Eisenhower on legislative matters.

Sen. Frank Carlson of Kansas, one of the liberal group, said he thinks this is needed "to get broader programs that will appeal to a wider range of people."

In proposing an expansion of the leadership, Bridges said he will suggest that an assistant leader be placed ahead of the party whip. It was evident that Bridges would prefer to have another conservative as assistant leader.

It remains to be seen whether the liberals will settle for a third-string job without a fight.

Several of the liberals have indicated they may back Sen. Thomas H. Kuchel of California for one of the jobs. Kuchel, who has been in the Senate nearly six years, is now the lone GOP member there from the Pacific Coast.

Sec. Weeks Confident Of Increasing Prosperity

WASHINGTON (AP)—Sinclair Weeks is leaving his post as secretary of commerce, confident of increasing prosperity in 1959.

He also expressed hope the Eisenhower administration can present a balanced budget to Congress next year, although few remaining administration officials share that idea.

Weeks met with newsmen this week shortly before winding up officially his nearly six years in President Eisenhower's Cabinet. His resignation became effective at midnight. Named to succeed him is Lewis L. Strauss, former chairman of the Atomic Energy Commission.

NEW FISHING

ESTEVAN, Sask. (AP)—Four thousand young rainbow trout have been planted in two "spoil pits" in the coalfields east of here. It is hoped the pits, created by coal-stripping machines, will make favorable breeding grounds.
