

Final Official Tabulation Dose-n't Change Election

Final tabulation of votes cast in Douglas County in the general election was completed Wednesday but did not change the results indicated in unofficial returns.

The official canvass-altered some totals when workers in the elections department of the county clerk's office completed the job of adding returns from all precincts. The official returns are:

- U.S. Representative — Charles O. Porter 10,229; Paul E. Geddes 9,262
- Governor — Mark Hatfield 10,881; Robert D. Holmes 8,586
- Labor Commissioner — Norman O. Nilsen 10,616; Lyle E. McCaulley 7,876
- State Representative — Al Flegel 11,204; W. O. (Bun) Kelsay 9,053; John Amacher 8,924; Arthur Selby 8,862
- District Attorney — Avery W. Thompson 9,668; Donald S. Kelley 9,492
- County Commissioner — Elmer Metzger 10,244; Frank Ashley 8,818
- County Assessor — Morris Bowker 10,658; James E. Sifers 8,468
- County Coroner — Clifford H. Babbitt 11,677; Louis F. Michalek 6,505

UAW Strike Shuts Down International Harvester Plants

CHICAGO (AP) — A strike of some 500 United Auto Workers International Harvester Co. plants throughout the nation.

Picket lines were reported orderly as the strike went off at 7 a.m. local time, in 13 plants.

Efforts to avert the walkout failed Wednesday night after federal mediators met with management and labor officials.

Union and management representatives planned another session today.

The UAW gave the go-ahead for the strike after the company rejected a union package proposal for a new contract to replace the one which expired Aug. 1.

Since that date UAW members have continued to work under an extension of the old contract.

Drane Greathouse, UAW vice president and director of its agricultural implements division, said Harvester had rejected union demands for a contract similar to that granted in the auto industry.

Specific union demands have not been spelled out.

Retroactivity Demanded

A Harvester spokesman said the principal stumbling blocks are union insistence on retroactivity to Aug. 23 of any new agreement.

Minutes later she heard shots. "Why didn't you run away?" asked defense lawyer John McArthur.

"I couldn't move after I heard the shots. . . . I was froze stiff."

White returned to his office and phoned the sheriff.

Police did not say what White and Dugan argued about, but White talked by telephone to the Newburgh News in nearby Newburgh, N. Y., just before or after the apparently stormy interview.

He told the newspaper he had in his hand Dugan's criminal record, and felt the county ought to be able to bar a man coming there from New Jersey and stirring up trouble.

White, 48, had been president of the cable concern a number of years. He was described as of medium build.

The AFL-CIO International Brotherhood of Electrical Workers was said to have been representing some 140 workers in the plant, but 85 workers petitioned the NLRB in September for a new representation election.

The strike started on Monday. Plant operations were continued with employees not supporting Dugan's union.

The cable firm, a division of the Miami Copper Corp., manufactures electrical wiring and connectors.

Minstrel Show's Last Appearance In Roseburg Tonight

Entertainment seekers will have their last chance to witness what spokesmen term Roseburg's "biggest and most elaborate home talent production" tonight when the curtain goes up on the "Now and Then" show at Central Junior High School auditorium.

The Roseburg Junior Chamber of Commerce-sponsored extravaganza drew a much larger crowd Wednesday night than was on hand for the Tuesday premier.

The final performance of the three-night run will get underway at 8 p.m.

Mervin R. Hisei, publicity chairman, said the Wednesday night audience responded enthusiastically as the cast of more than 100 singers, dancers and funnymen went through their paces.

Hisei commented that Bill Pritchett, ticket purchasers will be contributing toward a good cause.

All proceeds from the show will go into the Jaycee youth activity fund. Hisei said the fund has made possible such projects as downtown Christmas shopping.

Efforts for underprivileged children, the annual children's fish derby, the annual teen-agers' road-race and purchase of land for a future city park and playground.

Former Roseburg Resident Passes In Eugene Hospital

Clay P. Moody, 70, of Harrisburg, former Roseburg resident, died Tuesday in a Eugene hospital.

Moody had lived in Harrisburg for the last two years and in Oregon since 1902. He was general agent for the Southern Pacific Railroad Co. while in Roseburg.

Born in Clemons, Kan., in 1888, he and Addie Scott were married Nov. 11, 1914, in Tillamook.

He was city recorder in Harrisburg and had retired from the railroad.

Surviving are his wife, a daughter, Coralea Smith of Seattle; four grandsons and one sister, Sadie Blanchard of Sheridan.

The funeral will be Saturday at 2 p.m. at the Harrisburg Methodist Church. Burial will be in the Alfred Cemetery at Harrisburg.

Launching Of Powerful Atlas Missile Called Off

CAPE CANAVERAL, Fla. (AP) — Launching of a powerful Atlas intercontinental ballistic missile was called off early today when the firing crew ran into technical trouble during the countdown.

The 85-foot Atlas, biggest missile in the U.S. arsenal, sparked in the rays of floodlights for several hours before the scrub was called.

The Air Force declined to elaborate on the technical difficulties encountered, but announced the shoot probably would be rescheduled soon.

The 100-ton Atlas blew up on its last launching Sept. 19. That was the first attempt to shoot the two-million-dollar rocket the complete 6,325-mile intercontinental range.

BITTER WINDS HIT

ROME (AP) — Bitter winds and chilling rains transformed usually sunny Italy into a nightmare of bad weather today, leaving at least six dead and nine injured.

Plywood Firms Release Wood Uses Report

LEBANON, Ore. (AP) — Two Oregon plywood firms released a study Wednesday that may mean more logs, previously left in the woods, can be used for the manufacture of plywood.

The Western Veneer & Plywood Co. of Lebanon and the Plywood Products Corp. of Corvallis said the \$46,000 study may mean more jobs and income for Oregon.

The report evaluated the strength and performance of Douglas fir plywood with white-pine-veneered veneers in interior plys and established testing and quality control procedures.

Officials of the two companies said they expect the information to resolve a controversy in the plywood grading standards.

Firms which formerly felt they could not have quality control may now establish high standards without going into the costly research program pioneered by these two companies.

L.S. Nelson, sales manager for Campbell-McLain Plywood Corp., Eugene, said.

Teens Flagg Down

Caril told how the Bennet teenagers were flagged down on a road and how Starkweather forced Jensen at gunpoint to drive to the storm cave.

She said that at Starkweather's command, she pointed a shotgun at Miss King and told her to get out of the car. In a low voice so Starkweather wouldn't hear, she said she told the girl "You better get out so you won't get hurt."

"I asked him again not to hurt them," Caril said. "He told me to shut up."

As Starkweather and the Bennet couple walked away into the darkness, "I just sat there scared stiff."

Minutes later she heard shots. "Why didn't you run away?" asked defense lawyer John McArthur.

"I couldn't move after I heard the shots. . . . I was froze stiff."

Negro Minister's Arrest To Be Probed By Grand Jurors

WASHINGTON (AP) — Atty. Gen. William P. Rogers said today he has ordered a grand jury investigation of whether the recent arrest of Negro ministers in Birmingham, Ala., violated their civil rights.

Rogers said he did not know exactly how soon the grand jury will begin its work. He said that it will be as soon as possible.

The federal grand jury will be convened at Birmingham.

Rogers told a news conference his call for a grand jury investigation followed the refusal of Eugene Connor, Birmingham's commissioner of public safety, to discuss the matter with FBI agents.

Rogers said Connor also had instructed members of the Birmingham Police Department not to discuss the case with FBI agents.

Rogers also announced the Justice Department is considering recommending to Congress the enactment of new civil rights legislation, some of it hearing on the school desegregation controversy.

Rogers said, however, that no conclusions have been reached.

"We hope that anything that we will recommend will be actually helpful," Rogers commented.

Legislation under consideration, Rogers said, touches on recent bombings of synagogues and schools.

Rogers' announcement focused further on Alabama the current federal action in the civil rights field.

Wednesday the Civil Rights Commission announced plans for an open hearing at Montgomery, Ala., beginning Dec. 8 on alleged denial of voting rights to Negroes.

This could lead to a clash between the state and the commission since the commission said it would subpoena all the witnesses and records it needed.

Salesman Wrecks Car Wednesday, Avoids Collision

A Roseburg salesman wrecked his car Wednesday night on N. Stephens St. as he swung into the curb to avoid a head-on collision and rammed into the rear of a parked vehicle.

City police said about \$700 damage was done to the front end of the car belonging to Jacob Koch, 39, of 875 Archie St., Roseburg.

It was reported Koch was traveling south when an oncoming car came across the highway into his lane. He swung right to avoid an accident and hit a parked car belonging to Matilda Smith Rapelle, 48, of 2071 N. Stephens.

Koch was not injured. Only minor damage was done to the Rapelle vehicle.

Driver of the car which threatened Koch is not known. He did not stop when the accident occurred.

STREET BRIGHTENED

CHICAGO (AP) — Downtown State street, Chicago's main stem, becomes the world's brightest avenue tonight.

A new \$500,000 lighting system will go on along a mile of the famous street when President Eisenhower presses a golden telegraph key in the White House at 10 p. m. EST.

Ex-Bank Robber Leading Strike Shot To Death

CHESTER, N.Y. (AP) — A bank robber and strong-arm thug who was leading a wildcat strike against a cable company was shot dead by the company president today, state police said.

They said the company president, Malcolm White, told them he shot Alfred F. Dugan with a .32 caliber German automatic when Dugan rushed at him with one hand in his pocket as though reaching for a gun.

Dugan, 52, was hired a month ago as an organizer for the Interstate Industrial Union, an independent union affiliated with the National Independent Union Council.

A Council official said it knew of Dugan's criminal record but wanted to give him a chance to redeem himself.

There were no witnesses to the shooting about half a mile from the picketed front entrance of the Chester Cable Corp.

Dugan had a long criminal record in New Jersey including a \$108,000 bank robbery in Asbury Park in 1940. He received a 12-to-15-year sentence for it.

State Police Inspector John C. Dwyer said White will be charged with first degree murder. He said White gave this account:

"I couldn't move after I heard the shots. . . . I was froze stiff."

White returned to his office and phoned the sheriff.

Police did not say what White and Dugan argued about, but White talked by telephone to the Newburgh News in nearby Newburgh, N. Y., just before or after the apparently stormy interview.

He told the newspaper he had in his hand Dugan's criminal record, and felt the county ought to be able to bar a man coming there from New Jersey and stirring up trouble.

Caril Fugate Says She Pleaded With Killer To Spare 2

LINCOLN, Neb. (AP) — Caril Ann Fugate says she pleaded with killer Charles Starkweather to spare 2 of his 11 admitted murder victims last January.

"He told me to shut up," she recalled.

Caril's first-hand account of part of the Starkweather killing spree was delivered Wednesday to a jury hearing the 15-year-old brunette's trial for murder.

She is charged with aiding and abetting Starkweather in the slaying of Bennet, Neb., schoolboy Robert Jensen last Jan. 27. Starkweather is under death sentence for the killing.

Bodies of Jensen and his date, Carol King, were found in a storm cave.

Caril told the jurors she expected at any time to become one of Starkweather's victims.

"No sir, I did not," she replied. She wanted to get away from Starkweather, she said. But "he always told me if I ever got loose my family would be killed."

Caril's mother, stepfather and half sister already had been killed by Starkweather.

Hatfield Returns From Vacation In California

SALEM (AP) — Gov. elect Mark Hatfield returned to his office today after almost a week's rest in Los Angeles.

He planned to spend the entire day with other members of the Board of Control in working on the budgets for state institutions.

A spokesman for Hatfield said that Hatfield hasn't decided yet whom he would appoint as secretary of state to succeed himself.

The spokesman, Travis Cross, Hatfield's assistant, said that Hatfield "hasn't talked to anybody yet about appointments to any office."

Some question has been raised as to whether Hatfield or Gov. Robert D. Holmes has the power of appointment.

Cross said he has legal advice that Hatfield can make the appointment, and that he will do so unless challenged in court.

The question is whether Hatfield has to resign before he is inaugurated. If he does, then Holmes could make the appointment.

However, Hatfield believes that he won't have to resign. He would vacate his present office by taking the oath as governor, and then formally make the appointment.

However, he is expected to announce the appointment soon.

So far, there is no indication that Holmes would claim the right to appoint the new secretary of state. The appointee, by law, would have to be a Republican.

Roseburg Psychologist To Talk In Myrtle Creek

Harold Dickman, clinical psychologist at the Roseburg Veterans Hospital, will be guest speaker at the Myrtle Creek PTA meeting this evening at 8 p.m. in the school cafeteria.

Dickman will show a film entitled, "City of the Sick" and speak on mental health.

PTA members will discuss an amendment to the association by-laws. Voting on the amendment is slated for Dec. 11.

The football banquet will be held Tuesday.
