**KENNY FORREST**, above, is an amateur ventriloquist entertaining hundreds at various gatherings, although he receives no pay for performances. He is amazingly accomplished for an amateur and has endowed his "partner", Rocky Stone, with a brash, sporty personality.

Rocky captivates the youngsters with his mobile features and most find it easy to believe he is a separate person. Forrest has been working with Rocky for three years, since the dummy arrived from Detroit, Mich. During his training period he used an inexpensive dummy, replacing it with the present professional one. When practicing a routine, he memorizes scripts which are ordered from professional sources.

Forrest holds a commercial pilot's license and at one time managed the Roseburg Eagles baseball team.

Kenny and Ardis have two children, Gale, 11, and Larry, 10. The children are expert roller skaters, Larry having won second place in a state-wide contest in his division at the age of 5. All are ardent water-skiing fans, and spend much time in summer with their boat.

Although accomplished in ventriloquism, it is at present just a hobby. Forrest plans to continue working as head sawyer at L. & H. Lumber Co. at Sutherlin, where he has worked 12 years.

**“You know a good doctor for this?”**

It's a question we answer all the time. Sometimes it's someone new in the neighborhood. Sometimes it's an old friend who just doesn't happen to have a family physician. The boy sprains an ankle... the baby runs a temperature... Grandma has a bad cough. Troubled people often turn to us for help, and rightly so. We work closely with physicians, providing the medicines they prescribe and use in their offices. We know who they are, their specialties, their office hours. In an emergency we're good people to ask. And we're always happy to be of service to our friends and patrons.
