

# Debate On Housing Said Balanced Budget Key

WASHINGTON (AP)—The House plunged into a battle over new housing legislation Tuesday with administration hopes for a balanced budget possibly hanging on the outcome.

Debate started on a \$2,100,000,000 measure drafted by Democrats on the House Banking Committee. The administration threw its support to a less costly alternate proposed by a Southern Democrat.

Speaker Sam Rayburn (D-Tex) told newsmen that Democratic leaders had the votes to defeat the substitute.

Republican Leader Charles A. Halleck predicted that the outcome of the administration's efforts to balance the budget will depend largely on what Congress does about housing.

The Indiana congressman made the forecast to newsmen at the White House after he and other GOP chiefs from the Capitol concluded their regular meeting with President Eisenhower.

Halleck said he looks for the House to defeat a Democratic-sponsored housing bill and approve a substitute favored by many Republicans.

## Pendleton Slates Ballot On Charter

PENDLETON, Ore. (AP)—The city council here will meet Thursday night to set a date, expected to be in about 20 days, for a special election to amend the city charter.

The voters will be asked to eliminate a provision that exempts them from the Umatilla County road levy, and the mayor and council both favor eliminating the clause.

The provision was turned up last week when the charter was probed more closely. And the council decided Tuesday night to ask that it be removed.

Pendleton residents last year paid \$65,259 on the county's \$346,000 road levy. Proponents contend the community's residents should pay the levy because they use the county roads as much as anyone.

## 3 Recuperating After Car Crash

EUGENE (AP)—Three golfers from Eugene are recovering in a hospital here where they were taken with injuries suffered in a highway accident near Albany Sunday.

Harry Kendall was driving Wendell Wood and George Schwiager to an inter-club match at Salem. A pickup truck sideswiped their car five miles south of Albany.

Wood has a broken shoulder bone, cracked pelvis and two rib fractures. Schwiager received a back injury and a shoulder bone fracture. Kendall suffered broken legs.

## City Sells Generators

NEW YORK (AP)—It took two minutes Tuesday to end the long debate over the sale of New York City's three power plants to the Consolidated Edison Co. An auctioneer closed the 125-million-dollar deal. There were no other bidders.

City officials said it was cheaper to sell the plants and buy power than to own and operate them. The plants supply power for the city's subway system.

## Bill Gives Options To Wheat Farmers

WASHINGTON (AP)—Farmers were given a choice Tuesday concerning the amount of wheat they will grow and the percentage of parity they will receive.

The choice was contained in a provision approved by the House Agriculture Committee which would allow wheat farmers to receive price supports at 50 per cent of parity if they reject wheat marketing quotas.

In essence, the provision would permit farmers to grow unlimited amounts of wheat at 50 per cent parity or to accept acreage controls with prices supported at 90 per cent of parity.

Parity is a price that varies according to the cost level of things farmers must buy. It is figured by a formula in basic farm laws which declare parity is a price fair to both growers and consumers.

The 50 per cent parity provision, sponsored by Rep. Carl Albert (D-Okla) was added to a bill approved by the committee last week which would support wheat at 90 per cent of parity under quotas and with a 30 per cent cut in acreage for the next two years.

## BALANCED DOUBLE ACTION MEANS BETTER BAKING

And... ounce for ounce it costs less than most brands!

EXCLUSIVELY KNOWN AS THE BAKING POWDER WITH THE BALANCED DOUBLE ACTION
