Sikorsky Plant Hit By Walkout

STRATFORD, Conn. (AP) — The United Aircraft Corporation's Sikorsky Aircraft Division at Stratford and Bridgeport was hit by a union-authorized walkout today.

The action came suddenly and was seven days ahead of a scheduled strike against all seven United Aircraft plants in Connecticut.

Both unions hold contracts with 33,000 production workers in the corporation's Pratt and Whitney, Hamilton Standard and Sikorsky Aircraft divisions. The members have been working without contracts during several weeks of negotiations.

The unions say that wages are not at issue. They want full arbitration of disputes, the right to company grounds during working hours, stronger job security, union shop and automatic pay raises, rather than merit increases.

All seven plants have been working on a large backlog of government orders. The exact number has been classified.

The Sikorsky strike was preceded by walkouts Monday and Tuesday. Union members complained of "management snooping" Monday, and said they had been locked out this morning.

Lee S. Johnson, Sikorsky's general manager, said the company would provide work for all employees.

Andrew G. Patt, 69, died Saturday morning at the Veterans Hospital in Portland. He is survived by his wife and five children. Funeral will be Thursday at 10 a. m. and the J. A. Rosses and son Mortuary of Portland will be in charge of arrangements.

Fisherman Fined

Eisenhower Back At Desk After 3-Day 'Point' Visit
WASHINGTON (AP) — President Eisenhower returned today from a three-day reunion with his 1915 classmates at the U.S. Military Academy at West Point, N.Y., probably his last visit to the Point as president.

lous states, South Dakota also will have a primary vote for convention delegates.

Residents of three other states—Idaho, Mississippi, and Montana—also vote in primaries today. But, like Monday's primary in Iowa, these involve state and congressional nominations.

The extensive voting is not expected to produce any significant change in the presidential nominating picture.

None of the Democratic delegates in California and South Dakota will be pledged officially to any of the party's leading candidates. Vice President Richard M. Nixon will pick up the Republican delegates in both states.

New York's delegations will meet later to decide whom to support. Advance reports are that the Democrats will lean to Sen. John F. Kennedy of Massachusetts and the Republicans to Governor Nelson A. Rockefeller.

In Iowa Monday, Gov. Herschel Loveless, unopposed, won the Democratic nomination for senator. State Sen. Jack Miller and former State Atty. Gen. Dayton Countryman were running neck and neck for the Republican nomination with four others behind.

Atty. Gen. Norman Erbe was leading in the race for the Republican nomination for governor. Lt. Gov. E. J. McManus was leading for the Democratic nomination.

In California, the primary amounts to a popularity contest between Nixon and Gov. Edmund G. Brown. Nixon is unopposed on the Republican ballot. Brown has minor opposition on the Democratic ballot.

A surprise element entered the campaign Monday when supporters of Rockefeller appealed for a silent vote. Since no write-ins are allowed, a "Citizens-for-Rockefeller" group urged Republicans to stay home.

The move coincided with the opening in New York of a "Draft Rockefeller" group. Its chairman, Jack Barnes, predicted that the governor's name would be placed in nomination at the national convention.

Rockefeller disassociated himself from Barnes' group. The governor also was reported to have told a closed meeting of some New York Republican leaders that he was not loyal to the Republican party in not endorsing Nixon.

At South Fallsburg, N.Y., a participant in the meeting reported, Rockefeller said his stand was to stimulate public interest in the party.

In New York, voters pick 86 delegates to the Democratic convention, each with one vote. Later, the party will name 56 more delegates, each with a half-vote.

Both Michael Prendergast, state Democratic chairman, and Carmine DeSapio, state national committee chairman and leader of Tammany Hall, predicted the Democratic delegation would support Kennedy.

The Republicans are expected to back Rockefeller, who has said he would be available for a draft.

In South Dakota, Democrats will pick an unpledged 11-vote delegation and Republicans a 14-vote unpledged delegation.

The Democrats had been expected to support Sen. Hubert H. Humphrey of Minnesota, but he withdrew from the race after losing to Kennedy in two primaries.

Although unpledged, the Republicans are expected to back Nixon. In Montana, the interest centers on the Democratic nomination for the Senate seat now held by Sen. James E. Murray, who is retiring.

Four Democrats are running, including Reps. Lee Metcalf and Leroy Anderson, who gave up their congressional seats to enter the contest.

Governor, Portland Solons In Row Over Office Move

PORTLAND (AP) — Multnomah County legislators and a spokesman for the governor exchanged verbal blasts Monday over the governor's order to move state welfare department offices from Portland to Salem.

Freeman Holmer, director of the state Department of Finance and Administration, appeared before the Legislative Interim Committee on Welfare and defended the order.

State Senate President Walter Pearson of Portland, a Democrat, led the opposition at the hearing.

Holmer said the office can perform equally as well at Salem as at Portland because welfare services are provided directly through county offices.

He said Gov. Hatfield believes that he can more effectively coordinate and oversee the operations if the department is in Salem.

The functions of the office, Holmer said, are to make policy, set standards and supervise and provide central services, which he said could be as easily performed in Salem.

The state Public Welfare Committee last month went on record as unanimously opposing the move. Many of the staff, who own homes in Portland also have objected to it.

The commission had said the department, if moved, would lose some personnel and face difficulty in recruiting key staff in the future because trained personnel would not want to come to a small town.

Holmer said the problem of employees who will not make the move would be solved by the spring of 1961—the date for the move.

When Holmer said there would be room for the offices in the Public Service Building, Sen. Pearson remarked that he was glad to know the state government had left over space in a new building.

"I'll be certainly glad to know now that we're not going to have to build any more buildings in Salem," he said.

Pearson said the move would be the "most costly thing the governor has done in his administration—the most costly thing in the state of Oregon in any administration."

Also voicing opposition was Rep. Shirley Field and Fred Meek, both Republicans, and Rep. Grace Peck and Ed Benedict, both Democrats. All are from Portland.

Rep. Peck, the committee chairman, also said Rep. Sam Wilderman (R-Portland) opposed the move.

A resolution asking the governor to rescind the order received four votes from committee members. Two opposed it, and three said they would reserve their vote until they get more information.

He allegedly drove on after the near-accident and was halted after a short chase.
