

# Rusk-Gromyko Meet Fails To Solve Dispute Over Laos

GENEVA (AP)—U. S. Secretary of State Dean Rusk and Soviet Foreign Minister Andrei Gromyko met today but failed to solve their dispute over how Laos should be represented in the international conference on the future of the Southeast Asian kingdom.

The issue of Laotian representation kept the conference from starting on schedule Friday. In his first try at personal diplomacy with the Soviets, Rusk conferred with Gromyko in a Soviet hillside mansion to try to end the dispute.

**U.S. Refuses Demand**  
Rusk told newsmen after his meeting that the United States would not accept the Soviet demand for full and equal status for the Communist-led Pathet Lao at the conference table.

"This represents an injection of a new idea by the Soviet Union," Rusk said. "This was not the basis on which we were invited to the conference."

Rusk and Gromyko were together at the tree-shaded Soviet mansion for 70 minutes. The American decided to call on the Soviet foreign minister to explore ways of breaking the deadlock, a move encouraged by other Western leaders.

**Harriman Arrives**  
Meanwhile, five members of the Western-backed Laotian government delegation reached Geneva, W. Averell Harriman, President Kennedy's roving ambassador,

met them and Rusk arranged a prompt conference with them. Pathet Lao and neutralist delegations, the other two factions involved, already are at Geneva.

Their arrival was one of a fast-moving series of developments. After the conference in the Soviet Embassy, Gromyko told newsmen: "We discussed questions of opening the conference without going into details. We reached no conclusion."

Rusk said "No progress has been made yet" in breaking the deadlock.

The American secretary of state said he would now have to consult other delegations "as to where we go from here."

**U.S. Delegates Ready**  
Rusk stressed that the United States delegation is ready to take its place at the conference table on 10 minutes' notice once the representation issue is settled.

Some delegates are saying it may be no use to hold the 14-nation meeting at all. But the round of talks continued as delegation leaders sought some compromise.

Foreign Secretary Lord Home, playing the British role of peace-maker, saw V. K. Krishna Menon, India's defense minister, and later Rusk and Maurice Couve de Murville, the French foreign minister.

**Meets With Miu**  
Rusk arrived for the meeting with Home from another with

Burmese Foreign Minister Kyau Miu. "I expect I will be circulating around quite a bit today," Rusk said.

Lord Home told reporters as he came in: "We are just going along. We just keep talking."

Some one asked Couve de Murville if any progress was being made. "I don't know," he said. "It's not going very fast." It was reported diplomats of Communist nations here for the conference also were holding a series of conferences and talks.

## County To Hold Rabies Clinic

Dr. John Donnelly, Douglas County health officer, today listed rabies clinics to be held in the county in the next two weeks.

The clinics were set up after a meeting a week ago with the county dog control officer and veterinarians of the area to establish whether such rabies protection is necessary.

**Inoculation Monday**  
Donnelly noted that while no rabies outbreaks have been established in the county, there is no proof that rabies does not exist.

Beginning Monday, area veterinarians will begin the inoculation program. Donnelly has ordered 6,000 doses.

"If we get 6,000 animals inoculated, we will achieve a better than 70 per cent protection which is desirable for the entire population," he said.

**9,500 Dogs**  
The dog control officer estimated that there are 9,500 dogs in the county. Twenty per cent of these have had rabies shots which are still effective or else they are puppies less than four months old and not eligible.

The schedule is as follows:  
Monday, May 15, Drain Fire Hall, 3 to 8 p.m.; Tuesday, May 16, Sutherland, old city jail, 3 to 8 p.m.; Wednesday, May 17, Roseburg, West Side Fire Hall, 3 to 8 p.m.; Thursday, May 18, Tri-City Veterans Memorial Building, 3 to 8 p.m.

Monday, May 22, Winston Fire Hall, 3 to 8 p.m.; Tuesday, May 23, Glendale, Fire Hall, 3 to 8 p.m.; Wednesday, May 24, Reedsport Fire Hall, 3 to 8 p.m.; and Wednesday, May 24, Roseburg Rural Fire Department, North Roseburg, 3 to 8 p.m.

Fee of \$1 will be made per animal to help cover costs. If owner is unable to pay, no charge will be made.

Cats also will be vaccinated but no other pets will be accepted. Dogs should be on leashes, cats may be carried in a box or other suitable container. One dose will be given. Minimum age for dogs is four months; for cats six months.

## Damages Denied In Accidental Death

A Circuit Court jury Friday denied damages in the accidental death of Kenneth Gene Goebel last July 2, in a suit tried by Judge Charles S. Woodrich.

The suit was brought by Esther Goebel, administrator of the estate of Kenneth, who was 17 at the time of his death. Defendant was Leslie Hatfield, whose daughter, Audrey, was driving the car in which Goebel was killed.

The accident took place on Buckhorn Road, eight miles east of Dixonville, when the car failed to negotiate a curve and went off the road. The plaintiff had charged gross negligence, but the jury in its finding failed to find gross negligence as charged.

The plaintiff had asked for \$20,000 damages. The trial opened Thursday at 10 a.m. and the jury brought in its verdict Friday at 2:35 p.m.

## Walter G. Gaston

Walter G. Gaston, 74, died this morning at the Riverside Sanitarium following a prolonged illness.

Funeral arrangements will be announced later by Wilson's Chapel of the Roses.

## Coburg Man Exonerated By Jury On Charge Of Horse Stealing

The Douglas County Grand Jury Friday returned one secret indictment, one not true bill and four true bills.

Exonerated was Charles Finnegan, 46, of Coburg, who had been bound over to the Grand Jury from Drain Justice Court on a charge of larceny of a horse. He had been free on his own recognizance.

**True Bills Returned**  
Two true bills were returned against Inar Steen, 30, of North Bend. One charged him with non-support of minor children and the other with larceny by bailee. On the latter charge he is accused of failure to return a television set owned by Fred Bernau, which allegedly came into Steen's possession May 15, 1960.

Claude Yarbrough, 56, Myrtle Creek, was indicted on a charge of assault with a dangerous weapon. He is accused of pointing a .22 caliber pistol at Ernest Penry and threatening him on April 21.

**Burglary Count**  
The fourth true bill was against Terrance Calvin Potts, charged with burglarizing the dwelling of Jeff W. Shinn of Winchester Bay on March 1.

Three persons appeared in the Circuit Court of Judge Don H. Sanders Friday. Two of them, charged with non-support of minor children, had imposition of sentence postponed for five years and they were placed on probation for that period.

**Three Year Probation**  
They were Le Roy McBride, 24, of Imbler, who was returned here Thursday from Ontario by Undersheriff Lyle Dickenson. The other was William H. Webb, 34, of Sunland, Calif., who was returned to Roseburg Thursday by Deputy Sheriff Bobby Johnson.

McBride waived grand jury action and went before the judge on the District Attorney's information. Webb was arrested on a secret indictment of an earlier grand jury.

## More Oregon Towns Adopt Fast Time

By THE ASSOCIATED PRESS  
Most stores in The Dalles and Toledo decided Friday to move up clocks an hour Monday as the movement for daylight saving time in Oregon continued to spread.

A majority of Toledo merchants favored advancing their hours although all of them are not expected to go along. The mixed pattern along the coast prevailed in Toledo. Standard time will continue in schools. The City Council will let various municipal departments set their hours.

On the other hand the City Council of Sheridan, in the Willamette Valley, voted to resist the swing and remain on standard time.

Before adjourning the Legislature authorized Multnomah and contiguous counties to change to daylight saving.

Contiguous usually means touching — in actual contact. But it also means neighboring but not in actual contact. This could open the way for a legal opinion that other counties which are near, but not bordering, also might go on daylight saving time.

Some areas have moved up clocks without awaiting legal opinions. Merchants there said they can set clocks as they choose, and that the law affects only governmental subdivisions — county courthouses, city halls, etc.

No penalty for violation is provided by law. But in legal circles there has been speculation that a public official who ordered use of daylight time could be prosecuted for malfeasance in office.

## Sid Leiken Named To Advisory Group

Sidney Leiken, state representative and Roseburg lumberman, has been named to the Multiple Use Advisory Board for the Oregon and California grant lands in western Oregon.

He is one of seven new members appointed to the 18-member board by Secretary of the Interior Stewart Udall. The membership, Udall said, will include all resources involved in O&C administration. It will include forestry, grazing, recreation, wildlife, mining, labor, education, industry, county and state government.

Eleven of the members were reappointed. The role of the advisory board is to make recommendations and advise on programs affecting public resources on the O&C. In carrying out a forestry program on these lands, the Bureau of Land Management is called to consider all possible uses.

Leiken was selected to the board as a small lumber industry representative. All appointments will terminate Dec. 31.

Robert Ray Walcott, 17, of 2636 W Harvard, was sentenced to serve 45 days in the Douglas County jail on a charge of taking and using an automobile without the owner's consent, without intent to steal.

He was accused with David Woods of Roseburg of taking a car of Cliff Allen from the Aten & Phillips used car lot on SE Stephens St. in Roseburg.

Walcott was given credit for the time spent in jail from April 2. He pleaded guilty to the District Attorney's information. He told the court that the two had seen the keys in the car earlier and later drove it off the lot. They were gone about 20 minutes, and when they returned with the car, the owner was present on the lot. He had already reported the car missing to police.

## Algerian Troops Ready For Riot

ALGIERS (AP)—Algiers today swarmed with troops under orders to shoot if necessary to stop any rioting by diehard rightist European settlers on the anniversary of the 1958 coup against the French government.

Public transport moved normally and shops opened on time, but merchants stood by warily, ready to clang down the shutters at the first sign of trouble.

Some 20,000 troops, riot police and gendarmes were massed around Algiers, ready to smash threatened strikes and demonstrations to mark the right-wing rising that brought Gen. Charles de Gaulle back to power.

Long columns of police vans moved into the heart of the city shortly before the 10 p.m. curfew Friday night, while troops took positions around government buildings.

Warships of the French Mediterranean fleet rode at anchor in the harbor.

European extremists opposing Algeria's evolution toward independence have been threatening armed action for two weeks.

Police informants said some 6,000 armed men, members of the "secret army organization," have been alerted for a possible move on the city.

Apparently the aim of the organization is to occupy large portions of Algiers, build barricades around those positions and then challenge the troops to attack. The extremists hope for the complicity of a large number of the city's European population.

By entrenching themselves in Algiers, the Europeans apparently hoped to force the government to recognize them as a bargaining power on the same level as the Moslem nationalist rebels.

A similar attempt collapsed in January, 1960. The settler force of some 4,000 men disintegrated then after eight days in a barricaded stronghold in the heart of the city.

This time, authorities are not taking any chances.

## Welfare Deptm't Hires Case Worker

Jack Summerfield, welfare coordinator, today said that the welfare commission has hired a new case worker, John Foust, 24, a recent graduate of Southern Oregon College.

Foust will replace Miss Donna Robinson, who resigned April 30. Miss Robinson is planning to return to Portland, where her family resides.

Foust's tenure officially began Wednesday. He is a native of southern Oregon. He grew up in Medford.

Summerfield said that Foust will spend four weeks in the welfare training center, Oregon City, then he will join the staff in Douglas County.

His wife, currently the secretary to the manager of the Ashland Shakespeare Festival, and their two children will join him here in late summer.

## Former Tenmile Resident Shot

Former Tenmile resident, Mrs. Esther Cabot, 53, now manager of the Bloek House sanitarium and resort near Goldendale, Wash., was gravely wounded Thursday in a bizarre shooting and fire.

Klickitat County Sheriff, E. C. Kaiser, said he believed Walter S. Price, 55, a patient, fatally shot Mrs. Cabot. She was 57, operator of the Bloek House, wounded Mrs. Cabot, set fire to the house in which he was living, near the main building, then killed himself with a gun.

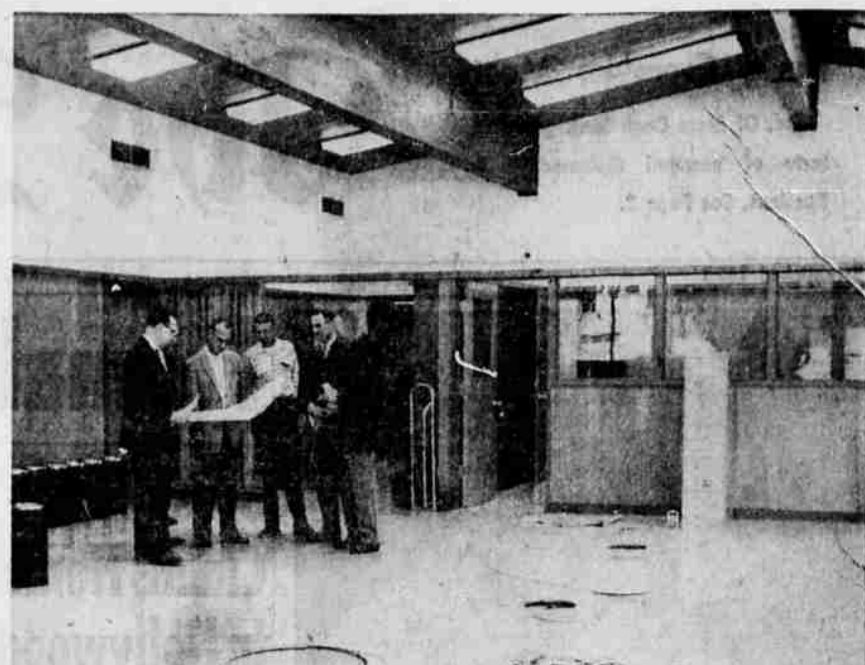

Mrs. Cabot was shot in the chest with a .38 caliber pistol bullet which entered her left lung. She was also stabbed in the left arm. She is in critical condition in Klickitat Valley Hospital.

Her son, Jack Cabot of Roseburg, left today to be with his mother who is receiving oxygen. His sister, Mrs. Donald Christensen, Milwaukie, is already there.

Mrs. Cabot, who identified Price as her assailant, was in a second-floor bedroom when she was shot. Mrs. Matthews' body was found in a first-floor bedroom.

## WALLPAPER

SPRING PATTERNS  
Colorcraft Paint & Wallpaper  
721 S. E. Stephens

GIVING THE ONCE-OVER to the new Employment Department headquarters are a group of the department's officials, as well as the architect and contractor. Left to right, comparing the finished product with the drawings, are engineer J. K. Bilzinger, Roy Vick and Francis Riley of the Employment Department, Johnny Weber and John Todd of the Todd Building Co. and architect James Keefe. Riley is manager of the local Employment Department office and Vick is from the SDE central office.

MOVING IN to the new Employment Department offices was carried out Thursday and Friday, as the recently-completed building was made ready to be open to the public Monday morning. It was designed by Eugene architect James Keefe and Constructed by Todd Building Co. of Roseburg.

## America Will Honor Commitments, Johnson Tells Filipino Congress

MANILA (AP)—Vice President Lyndon B. Johnson today told the Philippine Congress today free nations "must together show our determination to keep our freedom" in the face of Communist threats.

The vice president, barnstorming Asian hot spots for President Kennedy, appeared at the University of the Philippines and then dashed across Manila by helicopter to make this pledge before a joint session of Congress.

"America will honor her commitments to the cause of freedom throughout the community of free nations."

"Our friends can count on America, and we know we can count on our friends—none more than our old and cherished friends, the Filipino people."

A packed chamber listened as Johnson warned: "Communism is testing our good will by many tactics in many places."

He cited Cuba as a place where "a demagogue has turned a people's dream of a better life into a nightmare of Communist dictatorship."

In South Viet Nam, which Johnson left Friday, "Communist guerrillas hide in the jungles to strike by night against families who have chosen freedom," he added.

In a seeming gesture of caution about the Philippines' expressed frustration with anti-Communist policy throughout Asia, Johnson said "unity of purpose is one thing. But it is not everything."

"In a global contest there are many arenas and many tactics," he said. "Unless this is understood, unity of purpose can become an empty shell."

This was the closest the vice president came to mentioning Laos, the crisis area of greatest concern to the Philippines.

"Freedom must respond responsibly to clear and compelling challenges of communism wherever and however those challenges come," he said. "Freedom must demonstrate flexibility."

The free world must display initiative, he said, and "seek new responses to express true strength of our free society."

Before addressing Congress, Johnson lunched with President Carlos P. Garcia in sprawling Malacanang Palace. Garcia is the second chief of state Johnson has met in his tour aimed at helping stem the Communist tide in Southeast Asia.

Johnson displayed a touch of Texas informality during the motorcade ride from International Airport—the same informality that won him a wave of friendliness in South Viet Nam.

## Novia Eugene Landreth

Novia Eugene Landreth, 73, SE Flint St., died at a local hospital. He was born Jan. 3, 1878 in Kansas, and was married to Clara A. Gage in Coquille on Nov. 15, 1899. He lived in Coquille for several years.

In September, 1921, he moved from Turlock, Calif., to Roseburg. He was a retired plasterer by trade and a member of the Seventh-day Adventist Church.

Survivors include his wife Clara of Roseburg; two sons, Novia E. of Oakland, Calif., and Merle of Federal Way, Wash.; four grandchildren and seven great-grandchildren.

Funeral services will be held Monday at 2 p.m. in the chapel of Long and Orr Mortuary, and interment will follow in Civil Bend cemetery in Winston.

## State Leaders Pay Homage To Tugman

"His monuments are everywhere,"

This was the eulogy Friday by the minister of the St. Mary's Episcopal Church in Gardiner of the deeds of William Tugman, former editor of the Eugene Register-Guard and Port Umpqua Courier.

Tugman died after suffering a heart attack last weekend. Some 100 people, including several of the state's dignitaries, jammed into the tiny church on the hill overlooking a humming lumber mill. Among those present for the simple ceremony were some of the state's editors, who knew him as editor of the Register-Guard for 27 years and owner of the Port Umpqua Courier until 12 months ago.

Also attending were members of the state Highway Department and commission, who worked with him as chairman of the commission's advisory board, and former governor, Charles A. Sprague of Salem.

Coming out from Washington, D. C., for the funeral was U. S. Rep. Edwin Durno, who had picked Tugman as his 4th Congressional District contact man. Tugman was serving as Durno's representative in the district when he died.

Tugman was an effective proponent of development of Oregon's natural resources, city planning and other works for the state's development.

## Kasavubu In Move To Place Katanga Under Congo Rule

LEOPOLDVILLE, the Congo (AP)—President Joseph Kasavubu today called Parliament back into session to help resolve the political chaos that has split the nation since its founding. It is expected to meet in a few weeks.

"After nearly 10 months of confusion, misery and all kinds of privation," the president said in an address, "each of us will have taken note of the need for stable social order based on the principles of public morality and legality."

The call for Parliament to meet represented an attempt to bring Katanga back under control of the central government, now that Katanga President Moise Tshombe has been arrested on treason charges. He has proclaimed his province an independent nation.

It remains to be seen whether Katanga's deputies will desert Tshombe and attend the parliamentary session.

Kasavubu asked for United Nations protection for the parliamentarians and their families, and for U. N. travel facilities to bring the members to Leopoldville.

He called the first session to open immediately after the conclusion of the present political conference in Coquilhatville, probably this month.

"The moment is very grave," Kasavubu said in a formal address in Coquilhatville. "Every one has the duty to collaborate in the work of reconstruction. I hope the convocation of the parliament will bring not merely a return to legality but a full new lease of life for our population."

By recalling the parliament Kasavubu effectively challenged the rebellious Lumumbist regime in Stanleyville to come to terms with the central government.

Rebel leader Antoine Gizenga has always insisted that only parliament could designate a legal government.

Gizenga took over the leadership among followers of ex-Premier Patrice Lumumba, slain during captivity early this year, and set up a rump regime in Stanleyville to continue the fight for a rigid central government.

## Good Intentions End In Unusual Accident

Good intentions sometimes bring disastrous results as A. F. Newman, 925 NE Cedar St., found Friday afternoon.

Newman, retired and near 70, according to police, had gone to a grocery market, 1019 SE Cass Ave. with his daughter, Audrey Z. Newman, of the same address, in her car, a sedan.

While she was inside the market, he decided to move the car closer to the store door to make it a little easier for his daughter. After putting the car in gear, his foot slipped from the brake to the gas pedal and the car shot forward, jumping a high curb next to a private drive.

Unfortunately, Tom L. Miller, 885 NE Cedar St., had his sedan parked in the drive. The Newman car landed on the Miller car damaging its left rear section and blowing out the Miller car's right rear tire. The Newman car was not damaged.

No estimate of damage was made.

## Off-Duty Rural Fireman Quelches Pickup Blaze

Norman Sallee, 1109 NW Highland, sitting in a coffee shop near McKay's market early Friday night, noticed smoke coming from the inside of a pickup parked in the market lot.

A member of the Rural Fire Department, he investigated the smoke, found that the truck's seat was on fire and called the department. Then he put the fire out himself.

When department trucks arrived, Karl Doering, Rt. 1, Box 902, Roseburg, truck owner, was beginning to add up his damages, which amounted to \$25. Cause of the fire is unknown.

## Older Children Slated For Summer Work Plan

Beginning June 12, children from 14 to 18 will receive no aid to dependent children or monies from the general assistance fund of the County Welfare Commission.

Jack Summerfield, welfare coordinator, said that this year, as in the past year, these children will be considered a part of the summer work program. The program ends Aug. 30.

The children are expected to meet their needs through their own employment during this period, Summerfield said.

If illness or special needs occur, it is possible on an exception basis for some of the children to be left on grants, he said.

This program will affect between 75 and 100 children, Summerfield estimated.

## Delivery Truck Overturns

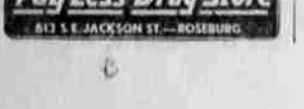

Oregon State Police said that a small delivery truck owned by the Meadow Gold Dairy in Eugene overturned early this morning on Highway 99 near Wilbur.

According to the police, the driver of the vehicle was uninjured.
