

New Strength Seen For Pak As Result Of 'Housecleaning'

SEOUL, South Korea (AP)—A wholesale housecleaning of rival officers appeared today to have strengthened considerably the position of South Korea's military ruler, Maj. Gen. Pak Chung-bi.

Pak clinched his purge Sunday by accusing Lt. Gen. Chang Do-Young, ousted a week ago as premier and head of the ruling junta, and 44 other officers of plotting to assassinate him in an effort to seize control of the government.

Pak, moving spirit of the May 16 coup, forced Chang out last Monday, supplanted him as chairman of the junta, and named Defense Minister Song Yo-chan premier. Informed sources contended, however, that Pak's position still is not as strong as he would like.

The ruling inner circle, called the Supreme Council for National Reconstruction, now consists of 21 army men, 11 of the colonels and lieutenant colonels, 3 marine generals and a marine colonel, a vice admiral and an air force brigadier general. These men represent different backgrounds, especially in their military ties, and there is evidence they have different ideas on how to restore their nation.

Treason charges that could carry the death penalty were leveled against Chang and the other officers at a news conference called Sunday by the junta.

An intelligence officer said Chang and the 44 others were caught scheming to assassinate Pak and "other persons in the central force of the revolution."

The officer said the accused, including five former junta members, were picked up last Monday after failing in one attempt to stage a counter-coup and while planning another.

Chang, who was formerly army chief of staff, was accused of being a reluctant joiner of the May 16 coup masterminded by Pak to unseat Premier Kim M. Chang, no relation, and put South Korea under military rule.

The junta spokesman said Gen.

Chang called on Gen. Carter B. Magruder, U.S. and U.N. commander at the time of the May coup, to use his American forces to block the 3,600 revolutionary troops.

Chang was also accused of turning Magruder against Pak by calling him unreliable.

The U.S. 8th Army declined to comment. Magruder retired June 30 and left for the United States the following day.

Kennedys Back For State Visit

WASHINGTON (AP)—President Kennedy returned today from a second straight weekend of rest and relaxation at his Hyannis Port, Mass., summer home. A busy White House schedule awaited him.

The President was accompanied by his wife Jacqueline.

Mrs. Kennedy returned to Washington for a state dinner in Mt. Vernon Tuesday for the visiting president of Pakistan.

She arranged the dinner after last month's presidential trip to Paris and Vienna, where historic sites often are the setting for formal state occasions.

The President's children, 3-year-old Caroline and John Jr., almost 7 months old, are spending the entire summer in Hyannis Port.

The President's first White House appointment was with Secretary of State Dean Rusk and other State Department officials.

President and Mrs. Kennedy attracted two big crowds to St. Francis Xavier Church in Hyannis Sunday. One crowd showed up for the Mass they were expected to attend, the other for the service they actually attended, an hour later.

The Kennedys spent the rest of the day taking it easy at their Hyannis Port home overlooking Nantucket Sound.

Saturday was the President's Hyannis Port work day. He spent nearly five hours discussing the problems of Germany and Berlin and the situation in Southeast Asia, with three top advisors.

Rusk, Secretary of Defense Robert S. McNamara and Gen. Maxwell D. Taylor, the President's military representative, flew up from Washington for the talks.

The Cape Cod White House said the conference was wide ranging but was not of an emergency nature.

A citizens committee at Savannah, Ga., announced agreement to permit desegregation of downtown counters in the wake of a 15-month boycott. The agreement specified lunch counters would be opened to Negroes and the latter would lift their boycott.

The statement came only a few hours after a spokesman said 70 persons representing the Citizens Council and the Association of Southern Patriots met and formed committees to investigate the reported agreement. The spokesman said the groups might boycott downtown stores if lunch counters are integrated.

At Chicago, nine arrests were made as 80 Negroes and white persons staged a wade-in for the second day at Rainbow Beach. More than 280 policemen patrolled the beach while the demonstrators sat in small groups about 10,000 bathers and on-lookers.

Police said there were no serious disturbances at the beach. However, a car loaded with demonstrators was stopped on the way home from the beach and one youth pulled out and kicked and another slapped.

Those arrested and charged with disorderly conduct included eight white persons and one Negro.

MacArthur Visits Panay In Style

LOILO CITY, Philippines (AP)—General of the Army Douglas MacArthur, traveling this time in style, today returned to Panay Island in his tour of battle grounds in the Philippines he made famous in World War II.

He was accompanied by a 19-gun salute as he stepped ashore from the presidential yacht, Lapu Lapu and cheered by thousands during his five-hour stay.

It was the last scheduled stop on his journey through the young Southeast Asian republic that reveres him as its liberator from the Japanese.

State Police Recover Stolen Utah Automobile

State Police took four persons into custody over the weekend in connection with an investigation into two alleged auto thefts.

A car reported stolen from Salt Lake City July 6, was picked up about 6:30 p.m. Sunday on NE Stephens St. It had switched auto plates.

The two occupants were taken into custody. One was identified by State Police as Todd Alfred Wheeler, 18, and the other was a 16-year-old, who has been turned over to the juvenile department. A fugitive warrant was sought for Wheeler. The car has been impounded and Salt Lake City authorities notified.

The second car was reported stolen from San Francisco and was picked up on a tip to State Police Sunday.

They took into custody Harold James Harding, 20, and Ralph Leo Taylor, 19, both of Independence, Mo. They have been lodged in the county jail, and the car was impounded. They have denied theft of the car. California police and the FBI have been notified.

Fender-Bender Reported

A fender-bender accident was reported to city police Saturday. Lyle Westcott, 1062 NW Keasey Rd. driving a car registered to Charles Bowers, Roseburg, was headed north in the alley between SE Stephens and SE Pine streets.

Woodrow Wright Wilson, 743 W. Nebo St., headed east across a private parking lot, started to swing into the alley and hit the Westcott car in the left front fender.

Clothing Stolen

Jerry Lee Wood, Gold Beach, reported to city police that eight articles of women's clothing were taken from his car while it was parked in front of his parents' home at 672 NE Nash St. Saturday night. They are investigating.

Soviet Air Show Seen As Warning On Berlin

MOSCOW (AP)—The Soviet Union showed off its air might Sunday in a dazzling display that struck Western diplomats as a gesture designed to strengthen Kremlin demands on Berlin.

Premier Khrushchev and Cosmonaut Yuri Gagarin watched side by side along with a crowd of 50,000 while the Soviet air force paraded a spectacular array of new craft at Moscow's Tushino Airfield.

Western experts watching the show—first the Soviets have staged since 1958—said the United States has nothing to match several of the entries, including a jet fighter that can light up a liquid rocket engine booster in flight to gain a tremendous rate of climb.

The most spectacular attraction shown publicly for the first time was a delta wing bomber the announcer said had a speed several times that of sound. The plane looked bigger than the eight-engine U.S. B52 and had four jets, two on the wing tips and two inboard below the wings.

Western air attaches showed keen interest in a flypast of 10 heavy supersonic bombers which also made their first public appearance. This new model's two engines were mounted on the rear atop the long, slender fuselage. It had high swept wings and was comparable in size to the U.S. B58, whose publicly admitted speed is 1,500 miles per hour.

"A very impressive show," said the U.S. air attaché, Col. Melvin Neilsen. "It's evident the Russians have continued with the development of all classes of aircraft."

Western observers said the show made clear the Soviets are not pinning all their faith on long-range missiles alone.

The fighters carried air-to-air rockets instead of conventional cannon. The new bombers were armed with air-to-surface missiles instead of bombs.

The Soviets gave advance billing to a vertical takeoff plane that does not depend on a jet thrust to get it aloft. Called a "screw wing plane" it was a cross between a plane and a helicopter.

Two engines were mounted at the end of each wing, and it had two rotors atop each wing making it highly maneuverable and able to carry either troops or freight.

Another new model was a three-tail jet-powered helicopter that landed and unloaded a cargo of rockets.

One novelty was a giant helicopter capable of hauling 180 men. It appeared carrying a wooden house under its belly and landed on the field. The house was about the size of a large car trailer in the United States.

The Soviets spiced up their show with a flypast of 15 helicopters each carrying a trapeze on which sat a pretty girl each dressed in the national costume of one of the 15 Soviet republics.

Another crowd-pleasing feature was a mass drop of 600 men with brightly colored parachutes.

Air Marshal Konstantin Vershinin who directed the show said in an aviation day article in the Soviet Communist party newspaper Pravda that many of the Soviet air force's jets have no equal in the world for speed, altitude and flight range.

Eichmann Gets Recess In Trial

JERUSALEM (AP)—Shaking from lack of sleep and nervous tension, Adolf Eichmann asked for and got a morning recess today to sleep off the rigors of his long trial. He returned to the witness stand in the afternoon, staring straight ahead with normally impassive demeanor.

Eichmann underwent rigorous cross-examination by Atty. Gen. Gideon Hausner during the last court session Friday. This was to have continued this morning but was suspended until the afternoon at Eichmann's request.

He slept during the morning on a narrow cot in his solitary confinement cell.

The former Gestapo officer, impassive until Hausner cracked his shell last Friday afternoon, was trembling and twitching when he entered his glass-enclosed cage in the courtroom this morning.

He sent a note to the tribunal through his defense counsel reporting he had spent a sleepless night and was suffering nervous tension.

The prison doctor examined Eichmann and said he was "perfectly fit but tired due to loss of sleep."

His guards said Eichmann had a bad weekend. "He's got the jitters," one officer said.

Eichmann has endured a year of confinement since his capture in Argentina and 13 weeks on trial with seeming calm.

He suffered an attack of nerves, described as a momentary heart flutter, the day the trial opened April 11 and a similar attack a month later. But otherwise he presented a rock-like mien.

Summer Returns To Tree Capital

Summer has once again returned to the Timber Capital—or that's the way it looks, according to a report from the Weather Bureau at the Airport.

The weatherman is forecasting a high of 96 today. The next five days will include more of the same, with temperatures expected above normal and weather conditions listed as dry and warm. No rain is in sight.

Myrtle Creeker Gets Top York Rite Award

Roy Edgar Critchfield of Myrtle Creek has been awarded the designation of the Knight of the York Cross of Honour, according to Stanley Wakefield, grand registrar-general of the organization in New York.

It's the highest degree in the York Rite of Freemasonry and is conferred only on those who've held the highest office in each of the four bodies of the rite.

He is the 8,503rd Mason to have received this award in the past 32 years in North America, although there are over four million members of the fraternity.

He served as master of Maple Lodge of Masons in 1955, high priest of Laurel chapter, Royal Arch Masons, in 1958; master of Laurel Council, Royal and Select Masters, in 1960; and commander of Ascalon Commandery, Knights Templar, in 1958.

Dog Eats Poisoned Meat

Russell Caldwell, 1453 SE Main St., told City Police his dog, a female German Shepherd Police, became sick, after being let out for a short time about 1 p.m. The dog was taken to a veterinarian and found to have eaten meat with strychnine in it.

Now Many Wear FALSE TEETH With More Comfort

FASTTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTTEETH on your plates. No funny gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTTEETH at any drug counter.

Ruckus Aboard Airliner Poses Legal Headache

LOS ANGELES (AP)—A vacationing Illinois janitor, who caused a ruckus with a pocket knife aboard a crowded jetliner, poses a headache for authorities because of a legal no-man's land.

And it appears the headache may require legislative relief from Congress.

Joseph Newkirk, 60, of Argon, Ill., was arrested Saturday after threatening two persons aboard United Air Lines Flight 853, carrying 118 passengers from Chicago to Los Angeles.

No one was injured. Newkirk, who at first told police he was a salesman, was booked on suspicion of assault.

Shortly after takeoff from Chicago's O'Hare Field, investigators said, Newkirk became enraged because a stewardess took away his whisky bottles. Later, as the plane whisked over Nevada at about 32,000 feet, he became belligerent, pushed a stewardess and brandished his knife when a young Marine intervened.

The Marine, Pvt. Donald James Schwalbach, of Highland Park, Ill., slugged and sidearmed Newkirk. The janitor was bound by the crew and held captive in the lounge until Los Angeles police boarded the plane here.

After booking Newkirk, police discovered they had no jurisdiction over a crime allegedly committed over Nevada. They called the FBI and the Federal Aviation Agency.

The FBI pondered the problem—and said they'd have to discuss it with headquarters in Washington.

The FAA said it could not prosecute Newkirk on a criminal charge, but could charge him in a civil action with violating FAA drinking regulations aboard an airliner.

Then Asst. U.S. Atty. Tom Sheridan said he knows of no federal statute covering passengers aboard a plane in interstate flight.

Blaze Destroys Big Warehouse

PORTLAND (AP)—A Zidwell Exploration, Inc., warehouse on the east bank of the Willamette River was destroyed by a spectacular blaze Sunday afternoon.

More than 200 firemen battled to save neighboring warehouse docks, as thousands of spectators watched.

Two fireboats poured streams of water onto the blazing dock, as firemen on the bank fought more than two hours to save a Georgia Pacific Corp. dock, just to the south.

The G.P. building was damaged, and trucks were evacuated from a concrete plant further south.

No immediate estimate of the damage to the Zidwell building was available. Samuel J. Zidell, president of the company, said an inventory of materials was kept there from a Zidell ship salvaging operation across the river.

The fireboats' access to the flaming dock was blocked for a time by an LST moored there. But a Harbor Patrol Boat darted in, cut the craft loose and towed it away from the flames.

The building was a one-story structure when the fire broke out, and there were no reports of injuries to firefighters, except for two Harbor Patrol crewmen, whose hands were burned when they released the LST's moorings.

The blaze was the second major fire in Portland in less than 24 hours. Saturday afternoon a \$50,000 fire destroyed three trucks and a mobile mixer, at the Ross Island Sand and Gravel Co., about a mile away from Sunday's fire.

Zidell Explorations is one of a number of operations carried out under the Zidell name. It specializes in maritime salvage operations.

Oakland Firemen Will Burn Grass

Property owners in Oakland, wishing grass burned from their vacant lots, may enlist the services of the Oakland Volunteer Fire Department.

The group intends to burn off as many such lots as possible, as a public service. Inquiries may be made at Stearns Hardware, Harry Smith Insurance, Jeff Schultz, in the evenings; or from any of the Oakland firemen.

In another fire department development, monthly public card parties have been scheduled starting Saturday, Sept. 9, and each month thereafter through April or May of next year. Pinocchio will be played and refreshments furnished on the second Saturday evening of each month.

Case Of 'Freedom Riders' Headed For Federal Test

By THE ASSOCIATED PRESS

A suit to prevent police from arresting "Freedom Riders" and other Negroes seeking to use public facilities in Mississippi headed for a federal court test at Jackson today as the number of riders arrested soared to 227.

A three-judge federal court planned to hear the injunction request filed by the National Association for the Advancement of Colored People.

The suit attacked what it called unconstitutional state laws requiring segregated railroad cars, buses, rest rooms and waiting rooms and the posting of segregation signs at terminals.

Such laws, the suit contended, subject Negroes to "daily public inconvenience, harassment, and embarrassment" and violate rights secured "by the due process clause of the 14th amendment to the U.S. Constitution."

Nine riders from New Orleans and eight from Montgomery, Ala., were arrested Sunday when they

Two Cars Battered In Weekend Mishap

Two cars were badly battered in an accident on NW Newton Creek Rd. over the weekend, but no injuries resulted, report State Police.

Gale Hardy, Carlson, 2071 NE Stephens St., eastbound on Newton Creek Rd., attempted to pass a car operated by Harold Chester Morris, 2817 W. Harvard Ave., who had his wife, three children and two others in the car.

Morris said he was preparing to turn onto NE Follet St., but slowed to let the other car pass. As it went by, it sideswiped the Morris' car, then continued on 358 feet, hitting the west shoulder and then striking a telephone pole. State Police reported. The car then continued on another 162 feet, coming to rest in a field. Both vehicles had to be towed from the scene.

Mrs. G. H. Harrison, Longview, Wash., reported her house trailer overturned four miles north of Roseburg on Highway 99.

An accident was reported seven miles east of Roseburg on the North Umpqua Highway, but State Police had no details.

Local Firemen Answer Call To Truck Blaze

A truck caught fire Monday at about 11 a.m. at the Valley Welding and Machine Works, 1790 NE Stephens St., apparently as the result of a welding mishap. But it was reported under control by Cliff Thrasher, Roseburg Rural Fire Dept. assistant chief.

In a weekend blaze, grass burned at Gaddis Park at about 4:30 p.m. Saturday, with the city fire department controlling the flames and no damage reported.

Lillie Maude Bates

Lillie Maude Bates, 70, of Sheridan died at the home of her daughter, Mrs. Dale Ackland, in Tri-City early Sunday morning after a short illness. She had been visiting with the family for the last eight days.

She was born June 25, 1881, in Indiana and was married to William H. Bates, May 25, 1908. She had lived in Sheridan the last 33 years, moving there from North Dakota.

She was a member of the Eagles Lodge and Royal Mothers Club of Sheridan.

Surviving beside Mrs. Ackland are three daughters, Mrs. Oren Anderson of Briceland, Calif., Mrs. Thomas York of Tygh Valley, Ore., and Mrs. George Wolf of Rio Dell, Calif.; a brother, Frank Gierst of Covina, Calif.; a sister, Mrs. N. P. Snyder of Lincoln, Ill.; 12 grandchildren; and nine great-grandchildren.

Funeral services will be held at Adamson's Funeral Home in Sheridan Thursday at 2 p.m. Interment will follow in Green Rest Memorial Gardens, Sheridan. Gatz Mortuary of Myrtle Creek is in charge of arrangements at Myrtle Creek.
