

Solons Urge Retention Of U.S. Electoral College

WASHINGTON (AP)—The chairmen of the two major political parties urged Congress today to retain the Electoral College. But they disagreed on other changes in the method of electing presidents.

Chairman John M. Bailey of the Democratic National Committee called for a constitutional amendment to prevent electors from deserting the candidate to whom they are pledged.

Chairman William E. Miller of the Republican National Committee urged the adoption of a plan by which electors would be chosen by congressional districts, with two being named at-large in each state.

The two chairmen reached one major point of agreement in separate testimony prepared for the Senate Constitutional Amendment subcommittee.

Both proposed that when no candidate gets a majority of electoral votes and the election has to be decided in Congress that all members of the Senate and the

House be permitted to vote. Such contests now are settled in the House, with each state delegation having one vote.

Bailey said he thinks the flaws in the present Electoral College system are "more theoretical than real." He came out against a national presidential primary, which Sen. Estes Kefauver, D-Tenn., chairman of the subcommittee, has proposed in the past.

Bailey said the cost and the time required for campaigning for the nomination in such a primary "might exclude some men who would make superior presidential candidates."

But the Democratic chairman said he thinks action ought to be taken to prevent electors exercising the right of voting for some other candidate when they are chosen on a particular ticket.

"This loophole provides a possibility of deviation from the expressed will of the electorate that might be highly dangerous in a close election," he said.

"In the 1960 election, for exam-

ple, a shift of less than 18,000 votes in Illinois, Minnesota and Hawaii, for example, would have produced an electoral vote count of Kennedy 262; Nixon 261; unpledged 14. Imagine the temptations and pressures on each elector or the confusion that could have followed the death or disability of a few electors!"

Storm May Provide Fast Test For New Hurricane Hunter

CAPE CANAVERAL, Fla. (AP)—A weather disturbance in the Atlantic could provide a quick test for the new camera-carrying Tirox III hurricane-hunter satellite.

The 285-pound satellite rocketed into orbit Wednesday to photograph and perhaps discover the cause of tropical storms. Within hours, the Miami Weather Bureau reported a disturbance southeast of Puerto Rico, 400-600 miles east of the Lesser Antilles.

Above-normal shower activity, clouds and moderate winds were reported from the area. Weather officials said over-all conditions were not favorable for hurricane development, but Navy hurricane patrol planes were to make a thorough aerial investigation.

A Tirox project officer said Tirox III probably would pass over the disturbance zone today and there was a possibility its two television cameras would obtain pictures of the potential storm.

A Thor-Delta rocket boosted the meteorological satellite into an orbit ranging from 460.74 to 506.32 miles above the earth. It circles the globe once every 100 minutes.

On its first pass, Tirox III transmitted 35 pictures showing cloud cover formation over Newfoundland, the Gulf of St. Lawrence and the St. Lawrence Valley region.

Officials of the National Aeronautics and Space Administration described the photos as "excellent."

If project officials suspect the disturbance in the Atlantic could develop into a hurricane, they can command the two cameras to take pictures when the satellite is over the weather system. The photos will be stored on magnetic tape and played to ground stations at Wallops Island, Va., or San Nicolas, Calif., when Tirox III passes overhead.

4-H Members Leave For Training Camp

Eighteen boys and girls from Douglas County left this morning for the 4-H training camp at Pistol River. They were accompanied by Wanda Foree and Frank von Borstel, 4-H County Extension agents.

The camp is for high school-age students from Douglas, Coos and Curry counties who are interested in becoming camp counselors.

Following the two-day training session, 35 or 40 from the 65 attending the camp will be selected as counselors for the 4-H Camp Myrtlewood near Bridge. There will be two camp sessions, one from July 18-22, the other from July 23-29.

One hundred fifty boys and girls have signed up for the camp, 52 Douglas County members attending the first camp and 12 for the second. The first camp is for 4-Hers who have completed third, fourth, fifth and sixth grades—the second for those in the seventh and above. It is necessary to have two camp sessions because there is so much interest in the three counties which participate.

Some of the activities planned for Camp Myrtlewood this year are: Swimming, first aid, crafts, campfire programs, sports, etc.

Extension agents from the three counties will supervise the program.

Man Pleads Guilty To Assault Count

James R. McAllister, 30, of 1270 NE Stephens St., pleaded guilty to a charge of assault and battery in the court of District Judge Gerald R. Hayes Wednesday.

He was sentenced to 120 days in the Douglas County jail and fined \$100 and \$5 costs. He was arrested on a complaint by Myra McAllister, alleging that he beat her July 10.

In other District Court actions Don William Emrick, 31, of 1577 NE Diamond Lake Blvd., Roseburg, pleaded guilty to defrauding an innkeeper. Judge Hayes sentenced him to serve five days in the county jail and pay a fine of \$50 and \$5 costs. He was accused of failure to pay for lodging at the Camas Valley Tourist Camp.

Arthur Wennerberg, 46, of 235 NW Calkins Rd., pleaded guilty to being drunk on a public highway. Judge Hayes fined him \$30 and \$5 costs and imposed a 10-day jail sentence.

A charge of illegal possession of alcohol by a minor was dismissed on motion of the Oregon State Police.

Funeral Services For Ollie D. McAllister

Funeral services for Ollie D. McAllister, 74, well-known resident of Dillard and long-time resident of Douglas County who died Wednesday at his home at Dillard, will be held in Long & Shukle Memorial Chapel (formerly Long & Orr Mortuary) Saturday at 10:30 a.m., with the Rev. Alfred S. Tyson, rector of St. George's Episcopal Church officiating.

Ritualistic rights will be conducted under auspices of Laurel Masonic Lodge. Following services here his body will be taken to Eugene for cremation rites at Rest Haven Memorial Park. The family has requested that those who wish may contribute to the Heart Fund.

McAllister was born at Roca, Neb., on July 14, 1886, and came to Roseburg in 1907. He was employed by the Southern Pacific Co. from 1907 to 1950, retiring as a conductor after 43 years of service. He was married to Zilpha E. Patchen at Reno, Nev., on May 30, 1947. He was a communicant of St. George's Episcopal Church, a member of Laurel Lodge No. 13, A. F. & A. M., and Roseburg Lodge No. 326, B. P. O. of Elks.

Surviving are his widow, a step-daughter, Mrs. Mona Hill, Eugene; a sister, Mrs. Fern Head, Santa Barbara, Calif.; a half-sister, Mrs. Royd Bruton, Roseburg; two step-sisters, Mrs. Mable Agee, Roseburg, and Mrs. Bertha Blundell, Riddle; four grandchildren and one great-grandchild.

Rural Firemen Called To Small Grass Fire

Roseburg Rural Fire Department was called out to 3610 NW Hooker Road on a small grass fire Wednesday at 3:58 p.m. Cause of the blaze is unknown and no damage was reported. About a quarter of an acre was burned.

A fire in the dryer at the Bill Harrison residence in Winston caused the Winston-Dillard Department to go on the run at 10:58 a.m. Wednesday. Amount of damage was unknown. Someone at the scene of the blaze pulled the plug to the dryer and the fire was put out before firemen arrived.

FUN NIGHT SLATED

Riversdale Grange will hold a teen-age fun night Saturday at the Grange hall from 8 to 11 p.m. Games, dancing and refreshments are planned.

Fire Fighters Hope To Contain Pair Of Large California Fires

YOSEMITE NATIONAL PARK, Calif. (AP)—Fire fighters today hoped to contain two of California's largest brushland fires of the season, barring more hot winds that have aggravated one of the state's worst droughts in history.

The fire advance slowed five miles from the Bass Lake resort, just off State Highway 41, the year-round route to Yosemite. Crews were slowly drawing

lines around blackened 63,000 acres of brushland that flank this famed Sierra vacation spot.

Towns threatened by flames were apparently out of danger.

The largest fire, which centered about 15 miles south of the park, has burned 38,000 acres, consumed two mountain villages and trapped and killed a couple fleeing in their car.

Dean Schlobahn, State Division of Forestry dispatcher at Fresno, was optimistic.

"If we get a little rain, without the winds, we should be able to control this fire in two days," he said.

Forty miles to the northwest fire fighters made progress with a blaze that began in Calaveras County Sunday and raced south into Tuolumne County, covering 25,000 acres.

Nature helped the fire battlers as winds died down, but a human menace plagued them.

An arsonist set two brush fires Wednesday near Jamestown. The blazes consumed hundreds of acres but no buildings, a forester said.

The large fire flared up Tuesday, burning the Madera County communities of Nipinawasee and Ahwahnee. Only a few buildings were left standing.

Only known casualties were Mr. and Mrs. George Kipp, both in their 60s, who were burned to death in their car on a mountain road as they fled Ahwahnee.

Forestry officials said most of the uncounted evacuees were taken in by residents of nearby communities.

State Division of Forestry dispatcher John Gookin said the new blazes in the boulder-strewn Jamestown area were quickly contained, but predicted fire fighters will have a hard job in extinguishing them.

He said a pyromaniac has plagued the area for several years.

Khan, Kennedy In Final Meet

WASHINGTON (AP)—Pakistan President Ayub Khan and President Kennedy held their third and final conference today. Kashmir, Pakistan's relations with India, and other problems were reported to figure in the talks.

Secretary of State Dean Rusk met the Pakistani leader at the entrance to the White House and escorted him to Kennedy's oval study.

Both sides pleased with the outcome of the talks, Rusk told newsmen.

"We have gone around the entire world situation," Rusk said, "and the problems confronting the Western allies have been thoroughly examined."

Strong assurances of continued U.S. economic support for Pakistan's \$5-billion five-year plan were expected to come from the meeting.

The two leaders were to discuss the Kashmir question at their second White House meeting Wednesday but concentrated instead on Pakistan's economic development problems.

Ayub will be host to the Kennedys tonight at a formal dinner in a downtown hotel.

A communique will be issued before his departure Friday for New York aboard a U.S. Air Force plane.

U.S. and Pakistan officials both agreed that Ayub's visit here so far has cleared up misunderstandings and improved U.S.-Pakistan relations.

Wants Indian Meet

Pakistan officials made no secret of their desire that the United States take a more prominent role in inducing India to meet with Pakistan at a conference table to arrange a settlement of the Kashmir dispute.

Pakistan has held out for a plebiscite conducted by the United Nations to decide whether Kashmir belongs to Pakistan or India. India has turned down the plebiscite and incorporated two-thirds of Kashmir into the Indian National Union.

While holding out for a plebiscite conducted by the United Nations to decide whether Kashmir belongs to Pakistan or India, India has turned down the plebiscite and incorporated two-thirds of Kashmir into the Indian National Union.

While holding out for a plebiscite high Pakistan sources indicated this would not bar the United States or some other third party from suggesting that India's Prime Minister Nehru and Ayub meet to arrange a negotiated settlement.

Astrid D. Fildseth

Astrid D. Fildseth, well-known resident of the Roseburg area, died at a local hospital Tuesday at the age of 77, following a short illness.

She was born in Molde, Norway, Oct. 25, 1883. She had lived in Roseburg for the past 30 years. She was employed as dining room hostess at the Umpqua Hotel until her retirement several years ago. She was a communicant of St. George's Episcopal Church.

She is survived by one sister, one brother and two nephews, all of Norway.

Funeral services will be held at St. George's Episcopal Church Friday at 2 p.m. with the Rev. John Welch officiating. Private cremation rites will follow at Rest Haven Crematory in Eugene.

Friends may make donations to the Memorial fund of St. George's Church.

Wilson's Chapel of the Roses is in charge of arrangements.

ONE OF THE NEW features of this year's Big John Strong's Circus performance is Fritz Hanz, German hand balancer. His act will be shown in conjunction with the circus show at the Douglas County Fair Aug. 24-27 at the Fairgrounds.

Episcopal Minister Claims Freedom Riders Mistreated

BERKELEY, Calif. (AP)—An Episcopal minister, who white pastor of the Church of the Good Shepherd in Berkeley, told newsmen that he and other riders were abused and ridiculed by their jailers.

He said in a Parchman penitentiary, where he spent half his time after his arrest in Jackson, Miss., he was fed large doses of a mixture called Black Annie, milk of magnesia in blackstrap molasses, Mose said.

He was one of six San Francisco Bay area riders arrested June 20 after they had entered a Negro waiting room in Jackson.

He was sentenced to four months but was released when the Congress of Racial Equality paid his \$500 fine.

When they were transferred from Jackson to Parchman prison, he and the others were loaded into trucks like cattle, Mose said.

As they approached small towns, the drivers would turn on sirens and flashing red lights.

"Then they would stop and let the natives look in at us and jeer," he related.

Hoffa's Fraud Case Dismissed

TAMPA, Fla. (AP)—A federal judge dismissed today the government's mail-fraud case against Teamsters union President James R. Hoffa and two other men.

Judge Joseph P. Lieb threw out the case against Hoffa, Henry Lower and Robert E. McCarthy Jr. on the ground that the grand jury that returned the indictment against the three last year at Orlando was improperly selected. This was the main argument of defense attorneys.

In Washington, Atty. Gen. Robert F. Kennedy noted in a statement that Lieb's decision did not involve the merits of the charges. He said the Justice Department could either appeal from the decision or submit the charges to a new grand jury.

Lieb said in a 13-page decision that state lists, which excluded women and people not registered to vote, were used to make up the jury box.

Lieb said "apparently the jury commissioner (Alan Bixby) and the deputy commissioner (Mildred Durranee) were either unaware of the change in the law or forgot about it, for they deliberately and exclusively limited their selection of names for the jury box to those persons who were then registered to vote and in the case of women, to those who had also volunteered for jury service in the state courts."

The judge said dismissal of the indictment did not necessarily terminate the prosecution. He added that the government could present its case again to the grand jury if the jury were properly selected.

Hoffa, Lower and McCarthy had all been charged in a 12-count indictment with using the mail, interstate telegraph and telephone facilities in a scheme to defraud the government.

The indictment said they misused more than \$500,000 in union funds "for personal profit" in operation of Sun Valley Inc., which bought 2,475 acres south of Cape Canaveral six years ago.

Cooling Trend Ends Sweltering Conditions

The Weather Bureau at the Airport reported a high of 105 degrees yesterday, one degree below the high for Tuesday. Clouds have now floated in, accompanied by thunder storms and lightning strikes in the mountains. Cooler temperatures and some showers are expected today, giving some relief to the hazardous fire conditions.

Other areas around the state recording temperatures of over 100 were: Medford, 107; The Dalles and Eugene, 105; Salem, 104; Portland 102; and Pendleton, 101.

Non-Support Count Hits Myrtle Creek Resident

Dwain Mendenhall, 28, of Myrtle Creek was bound over to the Grand Jury on a non-support charge following a preliminary hearing in the District Court of Gerald R. Hayes Wednesday. Bail was continued at \$1,000.

A preliminary hearing has been set for Tuesday for Leo Leonard Miller, 25, of 707 SE Ramp Rd., charged with threatening the commission of a felony. He is accused of threatening his wife and two children. Bail is continued at \$1,500. The hearing will be at 3 p.m.

Sheep Sale Slated

Sheepmen are invited to attend the Southwestern Oregon Ram and Ewe Sale Saturday at the Lane County Fairgrounds in Eugene.

The sale is co-sponsored by the Douglas and Lane county livestock associations. Emery Alderman, auctioneer, will conduct the sale which will begin at 10 a.m. PST and will be continuous with no stop for lunch.

U. S. Plywood Donation Aids Hospital Campaign

Emil Ramberg, general chairman of the Mercy Hospital expansion program, announced today that a contribution of \$9,000 was received from the United States Plywood Corp. to assist the hospital with its building program.

William Wells, general manager of U. S. Plywood's Roseburg operation, said the company is pleased that it could be of assistance in this community project to provide better health facilities for the people of this area.

Louis W. Josse

Louis W. Josse, 72, well-known resident of Roseburg, and retired local home furnishing merchant, died Wednesday evening at a local hospital.

He was born Aug. 5, 1888, at Hillsboro, Ore.

Surviving are his widow, Harriett Barker Josse, Roseburg; a son, Jack, Reno, Nev.; two sisters, Mrs. Lillian Haack, Portland, and Mrs. Edna Day, Medford; and three grandchildren.

His body has been removed to Long & Shukle Memorial Chapel (formerly Long & Orr Mortuary) and funeral arrangements will be announced later.

Air Officers Sentenced

PARIS (AP)—A special military tribunal sentenced three officers of a crack air force command unit to prison terms Wednesday for taking part in the generals' mutiny in Algiers in April.

Two of the sentences were suspended. Two other officers were acquitted. But Maj. Marcel Foran was sent to prison with a five-year sentence.

School Board Approves Building, Names Budget Committee Members

The Roseburg School Board Wednesday night approved plans for a multipurpose building at Melrose and selected members for the 1962-63 budget committee as highlights of its meeting.

On hand to introduce the plans for the Melrose building, which will be located behind the present school, was John L. Briscoe, Eugene architect.

Bids for the project will be opened Aug. 8. The call for bids will be advertised July 18 and 25.

The plans include a combination gymnasium and auditorium, shower and storage rooms and heating plant.

The bid call will include an alternative which would increase the size of the multipurpose room from 60 to 80 feet in length and to include lockers for both boys and girls.

Also on the subject of Melrose, Business Manager Wendell Smith reported he had received an oral agreement that the district could

have an easement on adjoining property on which to drill a well.

The school has been plagued by poor-quality water from the well on its property. The easement agreement was made with Henry Scott.

Turning to the subject of a budget committee for next year, the board selected the following members: Harold McKay and Richard Moore, one year; Dudley C. Walton and James R. Finlay, two years; and Harry Hill and Carrol Sensabaugh, three years.

Progress of the present building program also took a big slice of the long evening.

Roof Structure Questioned

Clerk of the Works Ed Clark made a report. One result was a decision by the board to ask architect Ken Morin of Eugene to send the board a letter attesting to the adequacy and structural stability of roofing elements at the new Fir Grove School. The purpose is to determine responsibility if the roofing is unsound.

Another snag in the building program was the report by Business Manager Smith that roofing on the new addition to Joseph Lane Junior High School had begun slipping. Representatives of the roofing manufacturer were scheduled in Roseburg today to determine what should be done about it. The roofing is sandwiched paper and tar with gravel sprinkled on top.

Another subject which took considerable time in the four-hour meeting was a discussion of a proposed questionnaire for determining qualifications for appointing an agent of record for the district's insurance programs.

Expert Writes Letter

Board Member Joe Dent introduced a letter from an expert on the subject which was reproduced for study by the board. They will meet in a special noon session Friday to discuss it again. Meanwhile, the questionnaire was tentatively approved and will be sent to insurance agencies in the district for return by July 21.

The board approved the appointments of six teachers for the next

school year. They were Marshall Warner for vocal music at Joseph Lane; Dale Oakerman, fourth grade at Fullerton IV; Britton Weaver and Clifford Shelton for John C. Fremont; and Harold Winfield, English and geography, and James Trowbridge, mathematics and boys' counseling at Joseph Lane. It also accepted the resignation of Margaret Johnson as Wilbur fourth grade teacher.

10 Teachers Needed

Supr. M. C. Deller said the district still has 10 vacancies on the teaching staff. He reported the equivalent of half to two-thirds of a teacher's time would be added to the instrumental music department next year to meet the increasing interest.

He said the music department has the largest program in history and still has only three full-time teachers, the same as when the district had only 4,500 pupils.

Druggist Found Beaten To Death

CANNON BEACH, (AP)—Donald Newman, 65, long-time owner of a Cannon Beach drug store, was found beaten to death in his store early today. Police are looking for the slayer.

Mrs. Margaret Stockdale, who lives in an apartment above the store and who was employed as a clerk, told police she heard an argument in the store at 2 a.m. She slipped downstairs and saw Newman fighting with a man, she said.

She went out a rear door and summoned police. State police Sgt. William Filippo and Sheriff Carl Bondiotti answered the call and found Newman dead at the rear of the store.

The death weapon apparently was a 15-inch bolt, about 1/4 of an inch in diameter.

Mrs. Stockdale told police the man had been in and out of the store for the past few days, saying he wanted to purchase it.

Lightning Kills 9 Farm Workers

CLINTON, N.C. (AP)—The farm workers were in the field harvesting tobacco when a typical summer shower started.

The workers, all nine of them, sought refuge in a nearby barn, as they had done before, leaving the cut leaf under a shelter, planning to return to their tasks after the shower ended.

For eight of them, there was no return.

A bolt of lightning smashed down the barn door, seared across the damp ground and cut them down in an instant, leaving no mark on their bodies.

Several other people in the barn were unharmed.

Among the victims was the sharecropper couple operating the simple farmstead, Oscar and Annette Cottle. Another was a 70-year-old Negro woman. The rest were teenagers.

The lone survivor from among the nine was Eugene Daughtry, 16, who was hospitalized for shock. "I guess I was mighty lucky," said the strapping Negro youth.

"I had my head against one eurer," he went on, "and I saw the lightning when it came in. Something seemed to hit the back of my head. Then I heard the thunder, and that's all I remember."

The door was knocked off its hinges by the lightning bolt, but the barn was otherwise hardly damaged.

Killed in addition to the Cottles were William Keel, 13; Mary Morrissey, 20; Joyce Ann Mathis, 13; Ludie Mathis, 18; Earl Bell, 15; and Samuel Newkirk, 16. All but Keel and the Cottles couple were Negroes.

Becky Undergoes Foot Operation

SEASIDE (AP)—Becky Roe underwent surgery this morning for a foot injury she suffered last week when she fell down an ocean-side cliff.

The 12-year-old girl lay injured in a rocky cove for three days before she was found Monday by a fisherman. She has been undergoing treatment in a hospital for exposure and dehydration.

Today she was sufficiently recovered to undergo a general anesthetic for surgery for a bad gash on her right foot. The gash exposed the tendons.

Her mother, Mrs. William Roe, said that the surgeon had told her that there was no difficulty in the surgery. However, a skin graft operation may be necessary later, Mrs. Roe said.

The Roevers, who live at Belaire, Texas, a suburb of Houston, plan to return home as soon as Becky is recovered.

Ellsworth Is Sworn In To Civil Service Post

SALEM (AP)—A former head of the U.S. Civil Service Commission — Harris Ellsworth — was sworn in Wednesday as a member of the Oregon state Civil Service Commission.

Ellsworth, Roseburg businessman, served as 4th district congressman for 14 years until 1957. He was named to the state Civil Service Commission by Gov. Mark Hatfield to replace A. C. Newell, Milton-Freewater, whose term expired.

Ellsworth attended his first meeting of the state commission Wednesday.

Roseburg City Council To Act On Sewer Jobs

The Roseburg City Council will hold a special meeting to act on two sewer projects.

The meeting will be held at 7:30 p.m. in the city offices.

The projects involved are Lynwood and the Main-Jackson sanitary sewers. Public hearings were held last Monday, but not enough councilmen were present to approve ordinances putting the jobs into effect.

City Manager John Warburton said the meeting would be opened for more discussion on the Main-Jackson job, since remonstrances were raised at the hearing.

Father Gives Own Life To Save That Of Son's

LEHI, Utah (AP)—A father gave his own life for his son's Wednesday. He leaped into a sewer trench and, with his body, shielded the boy from the full force of a cave-in.

The collapsing dirt pushed 38-year-old contractor Darrel Adams' face into the opposite wall of the trench, and a chunk of asphalt pinned his head in that position.

Rescue workers, digging frantically, were too late to save Adams. But beneath the dirt, cradled between his dead father's knees and arms, they found 14-year-old Richard Adams still alive.

The boy was hospitalized overnight for observation.

Baby Boy Drowns As Car Leaves Highway

BAKER (AP)—An 8-month-old boy drowned early today when a car in which he was riding left the highway and plunged into the Powder River.

The victim was Lyle D. Baker, the son of Mr. and Mrs. James W. Baker of Portland. The Bakers and their five other children suffered minor injuries in the accident.

The car went off the road on a curve some 25 miles northeast of Baker. It landed on its top in three feet of water. The four older children were thrown from the car as it rolled over. The Bakers and the other child got out when it hit the water.

Air Officers Sentenced

PARIS (AP)—A special military tribunal sentenced three officers of a crack air force command unit to prison terms Wednesday for taking part in the generals' mutiny in Algiers in April.

Two of the sentences were suspended. Two other officers were acquitted. But Maj. Marcel Foran was sent to prison with a five-year sentence.
