Vincent Price Back From Europe With Views On American Movies

By BOB THOMAS
AP Movie-TV Writer
HOLLYWOOD (AP) — Vincent Price is back from six months of European film making with an alarming view of how foreigners judge us by our movies.
Says Price: "Whatever good will Americans have engendered over the years is virtually wiped out by the kind of picture we are sending to Europe nowadays. We used to give them entertainment. Now we send them problems.
They don't need problems; they've got enough of their own.
We are giving them a sort of Tennessee Williams view of America. This is not America as all of us know it.
But Europeans don't know it, because they judge us by our movies. I had people over there ask me if the United States was undergoing a bad depression. They had gathered so because of our downbeat pictures. It was all I could do to try to convince them that we are more prosperous than ever.
What has happened to the glamorous movies Hollywood used to make, especially at MGM?"

Frank Fay's Son Omitted In Will

HOLLYWOOD (AP) — Actor Frank Fay omitted his adopted son, Dian Anthony Fay, 29, from his will, leaving his \$200,000 estate to two Roman Catholic charities.
