

JFK, Nehru Agreed On Need For Nuclear Test Ban Pact

WASHINGTON (AP) — President Kennedy and Indian Prime Minister Nehru have "agreed on the urgent need for a treaty banning nuclear tests with necessary provision for inspection and control."

The agreement was contained in a communique issued Thursday after Nehru completed four days of talks with the President. The Indian leader flies to New York today.

Position Modified

Nehru's acceptance of the U.S. position on the need for controls indicated some slight modification in the Indian position.

The Indian delegation at the United Nations had held to the line that the United States, Britain and the Soviet Union should forgo all testing, pending an agreement on an inspected test ban treaty.

At the same time, Nehru apparently has not accepted the U.S. claim that the resumption of underground testing by the United States — and perhaps of future atmospheric testing — is fully justified on the grounds of self-preservation. Nehru has said he is

peaceful means, and underlined the importance of the choices of the people directly concerned."

It said Nehru concurred with Kennedy "in the legitimate and necessary right of access to Berlin."

High U.S. officials said the communique did not specify Western rights of access to Berlin because the rights should be held open to all persons, not just Westerners.

South Viet Nam Protests Airlift

SAIGON, South Viet Nam (AP) — South Viet Nam has asked the International Control Commission again to do something about the Soviet airlift to Communist rebels in neighboring Laos.

The new protest was made after the government received advice that the airlift was landing in southern Laos where Vietnamese Communist forces are reported poised for a possible move across the border into South Viet Nam.

This country has repeatedly accused the commission — made up of India, Canada and Poland — of inaction in not moving to condemn the Soviet airlift. The Soviet planes fly from Communist North Viet Nam, which is also under the commission's supervision as part of the 1954 Geneva agreement.

The New York Times said today the U.S. Air Force has begun a huge supply and training program in Saigon to strengthen South Viet Nam's defenses against intensified Communist guerrilla operations.

A Saigon dispatch quoted an official source as saying the operation involves a movement of masses of American equipment, planes and personnel. Vietnamese pilots were reported given on-the-spot training in fighter and helicopter operations.

Whether the role of U.S. airman already on hand or on the way may be broadened to include tactical missions was not disclosed. The full extent of U.S. participation in the South Viet Nam fighting, including the question of whether ground combat units should be sent in, awaits a decision by President Kennedy.

Youth Confesses Grave Vandalism

Roseburg city police have questioned and obtained a confession from an 11-year-old Roseburg boy in connection with the Nov. 1 desecration of the Odd Fellows Cemetery.

The boy admitted pushing over several of the headstones and a cross, but denied breaking the cross, reported by the police.

The other older youths reported to have been seen in the cemetery that day have also been questioned but deny taking part. The boy was turned over to juvenile authorities.

Two persons who reside near the cemetery reported the damage to the police.

Dr. Edgar Burr

Funeral services are scheduled Saturday at 1 p. m. in Albany for Dr. Edgar Burr, 67, a former Baptist minister in Roseburg. He died Wednesday in Newburg from a heart attack. He had been a minister in the Carlton Baptist Church since he left Roseburg in 1956. He was a minister in Roseburg from 1949 to 1956.

Dr. Burr was born Aug. 7, 1894, in Piper, Kan., and came to Oregon in 1921 to become minister at Adams. He was married Aug. 9, 1921, to Neville Regina, who survives him.

Other survivors are two sons, Lawrence of Seattle, Wash., and Robert of Annsville, two daughters, Jane of Panorama City, Calif., and Mrs. Mabel McNair of Albany; two brothers, Lou of Torrance, Calif., and Sam of Burlingame, Calif.; two sisters, Mrs. Emma Small of Los Molinos, Calif., and Mrs. Bessie Scott of Burlingame; and nine grandchildren.

Services will be held at the Albany First Baptist Church. Arrangements are in charge of Fisher Funeral Home in Albany.

No Beer At Market

It was erroneously reported this week that at the last Oakland City Council meeting, the Sanitary Market had applied for a beer sales license. The market has no intentions of selling beer, it was reported.

Algerian Rebs Held

PERIGUEUX, France (AP) — Police today arrested the last of 39 Algerian rebels who escaped from the Mautzac prison camp Sunday night through a tunnel they dug under barbed wire barriers around the camp.

COMMUNITY CHRISTMAS — Shown here is a window display in Miller's for the Community Christmas bazaar and variety show to be staged in the community building at the Douglas County Fairgrounds. Proceeds from the event tonight from 4 to 10 p. m. and Saturday from noon to midnight will go towards providing Christmas baskets for needy families. The window depicts a broken toy and a repaired toy which has been fixed by the patients at the Veteran's Administration Hospital. Other displays may be seen at Penny's, Lowell's and Wards in Roseburg. (News-Review Photo).

Variety Show Performance Set For Annual Christmas Bazaar

Variety show performances at the fifth annual Community Christmas Bazaar and Variety Show will be held Friday night at 8 and Saturday at 2 and 8. The event is being staged at the Douglas County Fairgrounds Community Building.

Taking part in the vocal part of the show will be Julie Smith, Nancy Jane Journey, mother of two, and James E. Deaver, 21, the prisoner.

Officers said Mrs. Deaver told of tying three hacksaw blades to a string dangling from a 10th floor cell in the King County Jail the night before eight prisoners broke out Oct. 22.

Police said Mrs. Journey signed a statement saying she visited Deaver at the jail Oct. 21, and "he asked me to do him a favor. Being so much in love with him, I would have done anything . . . he told me to go to a store and buy three hacksaw blades."

Ironically, Deaver, who pleaded guilty Thursday to a charge of petit larceny, was transferred from the cellblock, where the escape was hatched, only a few hours before the jail break.

Mrs. Journey was released to her attorney Thursday night so she could care for her children. She is to be given a hearing Dec. 1.

Sheriff Guilty Of Conspiracy

BRIGHTON, Colo. (AP) — The highest-ranking officer linked to the Denver police burglary scandal, Sheriff Robert M. Roberts, was found guilty Thursday of burglary and conspiracy.

As the District Court jury acted, Gov. Stephen L. R. McNichols urged a special grand jury to investigate the Denver Police Department.

Thirty-nine Denver policemen, including five who testified at Roberts' trial, have been charged with burglary.

Roberts, an ex-FBI agent, accepted the verdict with detachment. His wife, Mickey, also displayed no emotion. They have seven children ranging from 11 years to 4 months in age.

The first-term Democratic sheriff was convicted on separate counts of burglary and conspiracy, each carrying a possible sentence of from one to 19 years in prison. Sentencing was delayed 30 days to allow his attorneys to move for a new trial. He remained free on \$30,000 bond.

Prosecutors pictured Roberts, 40, as the suave ringleader of the Denver gang. His burglaries came to light last June 29 when officers, tipped off by a sergeant on Roberts' staff, trapped three policemen in a supermarket.

Roberts' defense was that he cooperated with the burglars in several crimes in an undercover investigation to learn the identities of other policemen involved.

Size Of Soviet Bomb Boosted By Commission

WASHINGTON (AP) — The Atomic Energy Commission now estimates that the big Soviet bomb exploded in the atmosphere Oct. 30 was in the 55 to 60 megaton range.

The commission's preliminary estimates placed the bomb in the range of about 50 megatons. A megaton is the equivalent in energy release to the explosion of a million tons of TNT.

The new estimate was given Thursday in response to an inquiry and was based on analysis of available data.

New Mexico Hits SP Railroad Bid

SAN FRANCISCO (AP) — Rates and services from New Mexico to the Pacific Northwest would suffer if Southern Pacific wins control of Western Pacific, a spokesman for New Mexico's state corporation commission says.

Charles C. Boatwright, director of the corporation's traffic and rate department, testified at an Interstate Commerce Commission hearing Thursday that he supports Santa Fe's bid for control of Western Pacific.

Boatwright agreed under cross-examination by an SP attorney that most of his state's cities of 25,000 or more are served only by Santa Fe.

Santa Fe has contended that if SP absorbs WP, the railroad would monopolize traffic to the Pacific Northwest and through the Utah gateway.

William L. Bush, traffic manager for Weyerhaeuser Corp., Portland, Ore., withheld taking sides but asked the commission to keep competition and low rates in mind in reaching a decision.

Catholic Press Told Of Stalin Downgrade

LOS ANGELES (AP) — Former Vice President Richard M. Nixon claims Stalin's body was removed from its Kremlin crypt because "it was no longer convenient to the new members of the Soviet elite to honor him."

"Even our own nation found it expedient to bestow honor and extravagant praise on Stalin during the war," Nixon told the Catholic Press Council of Southern California Thursday night.

"To its everlasting credit," he added, "the Catholic press, almost alone, never lost sight of the fact that Stalin was a tyrant and that the Communist government which he epitomized for so many years was an evil system."

Principals Talk Athletic Plans

Problems having to do with the management of the various departments of athletic programs in high schools, were discussed Thursday at the Secondary Principals Association met in the Elks Temple.

Eleven of the 15 members attended the luncheon session. Leo Crisman, principal of Elkton High School, is president.

St. Joseph's Catholic Church Annual Bazaar & Dinner

Annual Bazaar & Dinner 3 to 6 P.M. Sunday, Nov. 12

Eleven Eliza Slastry, Winston, were cited for failure to stop at a stop sign, following a two-car minor accident at SE Jackson and SE Lane Ave. Thursday. She admitted to investigating city police that she had failed to stop.

The left front of the Slastry car, traveling east on Lane, was damaged, and the right side and front wheel of the other car, operated by Norma Jean Newport, was damaged. She was traveling south on Jackson.

Glendale-Azalea Area Plans Industry Survey

A house-to-house survey will be conducted in the Glendale-Azalea area to determine what resources are available locally for development of new industry.

Plans for the survey were initiated this week at a meeting of the Cow Creek Valley Development Association, according to Mrs. Gerald B. Fox, News-Review correspondent.

The canvassers will seek information on what types of skills are available in the community; what buildings or sites are available for industrial use; what production machinery is available to operate in a small business or industry and whether the person contacted is presently employed.

Help Requested

The association will seek the help of PTA, lodges and service organizations for assistance in making the survey. Charles Clark, Glendale School principal was named coordinator.

The development group feels that a survey of resources is an important preliminary step in a program aimed at attracting new industry to the community or developing an industrial enterprise on a local level.

Also discussed Tuesday night was the possibility of setting up a community-backed manufacturing specialty enterprise to manufacture one or more products. The group tabled further action until practical advice can be obtained from a banking representative.

New Organization Explained

Later in the meeting, Carl Hill of Canyonville discussed the background, objectives and future projects of the recently organized Southern Douglas County Chamber of Commerce. He stressed that the group was not formed to take the place of existing organizations, such as the Cow Creek association, but to supplement them. He said it will provide opportunity for communities in the southern part of the county to work cooperatively on projects of mutual interest.

Hill illustrated his remarks by pointing up several projects needed in south Douglas. These included Galesville Dam, a south Douglas County airport proposed for location on the Riddle Rd. junction, and a golf course proposed for location on the Hanna Nickel Co. property.

Lease Offered

In connection with the latter proposal, Hill said the company has offered a 99-year lease on the property and would make company machinery available for grading and leveling.

Hill explained the chamber organization's board of directors is comprised of one director and one alternate from each of the communities of Days Creek, Glendale, Azalea, Tiller, Myrtle Creek, Canyonville and Riddle.

Membership is open to businessmen, farmers and anyone interested with dues set presently at \$10 per year.

It was announced that the next meeting of the Cow Creek association will be held Tuesday night, Dec. 5, at the Glendale high school.

Medford Man Found Guilty

Royal Harlacher of Medford Thursday was found guilty of obtaining lodging by fraud in a trial before Circuit Judge Don H. Sanders. The trial was an appeal from an earlier conviction from the District Court of Judge Gerald B. Hayes, Aug. 2.

He was sentenced to three days in the county jail and fined \$50. The jail term was suspended on payment of the fine.

No Jury Used

The case was tried without a jury and involved some technical points as to what constitutes fraud in such a case. Deputy Dist. Atty. Verdon Hockett was the prosecutor, and Roland L. Ricketts was the defense attorney.

The case grew out of the failure of Harlacher to pay a lodging bill at the Diamond Lake Resort, operated by the Diamond Lake Improvement Co., following what was termed a "heated" argument over accommodations.

A trial brief of the defense admitted that Harlacher had left the resort without payment, but denied there was any attempt to defraud.

According to the brief, Harlacher claimed he had made reservations for seven at the lodge for the dates of July 12-15, but when he and his party arrived the reservations could not be found. An argument with the management ensued.

Lodger Unhappy

Accommodations were finally arranged, but after part of the stay, the Harlacher party was asked to move to other quarters. He claimed they were inadequate and left the resort without paying the bill.

Harlacher contended an absence of fraud because his name and address were fully known and that it was known his brother was coming to the lodge in the next day or so. He said there was no attempt to conceal his identity. The judge ruled otherwise.

Electrical Appliance Meetings Are Planned

"Getting the Most Out of Your Electrical Equipment" will be the subject of discussion at four meetings next week at the Douglas County Courthouse.

All interested persons are invited to attend any or all of the meetings which are being sponsored by the Home Economics Division of the Douglas County Home Extension Service.

Sessions will be held in Room 323 at the Courthouse. The first meeting is scheduled for Tuesday from 10 a. m. to noon. Meetings Wednesday and Thursday will take place at the same time. On Friday, however, the session will be held from 7:30 to 9 p. m.

Discussion will be held concerning small appliances, their selection and care. The meetings are planned to help in the selection of new equipment. It will give people ideas for making better use of the equipment they now have.

More Rain Due

The five-day weather forecast calls for recurring rain, heavier than seasonal, with a total expected of one to two inches. Heaviest rain will occur on the coast and west slope of the mountains, according to the Weather Bureau station at the Roseburg airport. Temperatures will be below normal, with maximums in the 40s and minimums in the high 20s or low 30s.

Break Bamboo Curtain

MACAO (AP) — A total of 84 refugees from communism broke through Red China's Bamboo Curtain and reached this tiny Portuguese colony Thursday.

New Minister Guest Of Lions

Rev. Don Smith, the new minister at the Westside Christian Church, was a guest of the Roseburg Lions Club Thursday night and entertained the club with a group of selections at the organ. The organ was loaned for the occasion by Rickett's Music Store.

Smith, a graduate of Salem High, attended the University of Oregon, obtained his bachelor of theology degree from Northwest Christian College, Eugene, and bachelor of divinity at Phillips University, Enid, Okla.

He studied music under Dr. Tom Roberts at Willamette University and under Professor Elwyn Myrick at the University of Oregon.

He has teamed musically with Frank Stitt of California who was in Roseburg Thursday playing an organ concert at the Elks Terrace Ballroom.

Recruits To Move By Bus, Train Pending Investigation Of Crash

WASHINGTON (AP) Recruits from the 1st Army area will be sent to training camps by train and bus until an investigation is completed into the plane crash at Richmond, Va., which killed 74 recruits.

The Department of the Army said today the decision was made by headquarters of the 1st Army area at Governors' Island, N.Y.

The 1st Army area includes the New England states, New Jersey and New York.

The Army here was unable to say immediately whether other areas have taken similar action.

Regulations provide that the Army may use rail, bus or aircraft transportation. Area commanders make the decision on which type of transportation is used.

City Crews Start Rest Park Clearing

City crews this week have been clearing a lot along the South Umpqua River near the Oak Ave. Bridge in Roseburg in preparation to making a rest park for use next summer.

Walter Brydges, city park superintendent, said the lot which has been vacant since the Aug. 7, 1959, explosion is being cleaned up in preparation for disking and seeding the 100-by-100 lot.

It is anticipated picnic tables will be installed by next summer.

The property is privately owned, but the owner has given the city and Roseburg Woman's Club the right to use it for park purposes until it is sold.

It is the first step in an expansive plan by the Woman's Club to make a long section along the river into a park. The club had adopted it as a project.

Benjamin Taylor

Funeral services for Benjamin W. Taylor, 85, a former resident of Roseburg who died Monday following a prolonged illness, will be held at Wilson's Chapel of the Roses Saturday at 11 a. m. Dr. Eugene Gerlitz of the First Baptist Church will officiate.

Concluding services and interment will follow at the Roseburg Memorial Gardens.

Taylor was born Nov. 23, 1875, in Gardener, Kan., and had lived in the Roseburg area from 1917 to 1949 when he moved to Portland. In 1958, he moved to Detroit, Mich. He was a member of the First Baptist Church in Roseburg.

His wife, Eva, preceded him in death in 1948. He is survived by one son, Clair, of Detroit, Mich.
