NEW LOOK GIVEN — Juniors of Roseburg High School rake a bed at Eagles Park in downtown Roseburg to give it a new look for spring. The juniors came in second in the interclass competition on city beautification. The classes were judged by Mr. and Mrs. Frank Merker, Mr. and Mrs. Porter Lainhart and Mr. and Mrs. Peter Serafin. (Bob Leber photo)

HARD-WORKING SENIORS — The girls above are shown edging a walk at the Municipal Airport under the watchful eye of Mayor Serafin, one of the judges. Other seniors build 275 feet of fence in the area. The class won the city beautification competition which replaced the annual fund-raising drive. Principal Ralph Teters said all projects taken on by the three classes were completed. Juniors were second and sophomores third. (Bob Leber photo)

WEEKEND CARPENTERS are shown working intensely on fencing materials at the Roseburg Airport. They and other seniors captured first place in a city beautification project. The project was sponsored both to spruce up city areas and to set an example for adults on the city's expressed need to tidy up the Roseburg area. (Bob Leber photo)

HUSBAND IN THE DOGHOUSE

MEMPHIS (AP) — Berl Olswanger stopped by the veterinarian's to retrieve the family puppy.

When he reached home he told his wife: "He must not have enjoyed the visit. He barked all the way home as if he were trying to tell me something."

"You're right," she agreed. "He was trying to tell you you brought the wrong dog home."

SOPHOMORES DO THEIR BIT — A group of sophomore girls turned to Saturday in their part of the city beautification carried on by some 400 Roseburg High School efforts. Despite their valiant efforts at Laurelwood Park, the girls' class came in third in the competition towards the interclass point total. (Bob Leber photo)

Job Classification Manuals Received

Job classification manuals for Douglas County employes have been received from the Oregon Civil Service Commission, reports Ray Doerner, county commissioner.

They contain computed classification data for all county departments and their employes, a total of 116 jobs.

Doerner states that after the department heads have had chance to review the manual, it will be aired for appeals and submitted to the County Court.

Upon approval by the court, the next step taken by the Civil Service Commission will be recommended salary ranges for each job, a proposed transition method, and an outlined procedure for future reviewing and changes.

Although parallelling the civil service, it is in no way connected with it. No exams will be administered for future job applicants. Also, it will not affect the hiring or firing of any employes. However, there may be some salary changes, Doerner said.

If the program is adopted, it will go into effect for all county employes and elected officials July 1.

The job classification was contracted through the Roseburg Services Division of the Oregon Civil Service Commission some months ago. The manual is the result of its findings.

Milton Tornado May Have Been Strongest In History Of Florida

MILTON, Fla. (AP) — The tornado which ripped through Milton and killed 15 persons may have been one of the most powerful ever to strike in this state.

Gov. Farris Bryant and a group of city and county officials toured the stricken area Sunday and saw first hand how completely the Saturday twister devastated a residential area in this northwest Florida town.

Bryant said he was appalled at the violent force of the winds, which in one area blasted a group of houses so thoroughly that the foundations couldn't be found.

For the width of about three blocks, the twister swept down every house and ripped every tree to shreds, leaving only bare tree stubs.

Byrant said federal authorities were expected to begin assessing the damages today for possible assistance. The civilian defense organization and highway patrol have fixed a preliminary damage figure of $1.5 million.

The State Road Department planned to move in to clear debris from the storm area.

Bryant flew over the seven-mile-long strip of wreckage in a Navy helicopter, then toured by automobile. He was high in praise of rescue operations and the feeding and housing of the refugees.

An estimated 1,200 relief workers, including 250 National Guardsmen and several hundred Navy men from Whiting Field, took part in the relief work.

The Guardsmen and highway patrolmen closed off the storm area to keep out sightseers and prevent looting.

Some residents returned, sad-faced and weeping, to poke through the ruins for small items of sentimental value.

The task of burying the dead gets under way today and will continue through the week. Individual funerals will be held except for Gertrude Johnson, 50-year-old Negro woman, and her three children — Rickey, Debra and Jessie — who will be given mass burial Wednesday.

Some improvement was noted Sunday in the condition of Ronald Helms, 25, and his 17-month-old daughter, Deborah. They are in a Pensacola hospital. Helms' wife and son, Ronnie Jr., were killed when their house was flattened.

Milton is about 30 miles northeast of Pensacola. Its population in 1960 was 4,000 but recent annexation upped that to about 10,000.

Glide PTA To Hear Road Panel Tonight

Nomination and election of officers are on the slate of the Glide PTA meeting set for 7:30 tonight in the multipurpose room of the Glide High School.

The program will be a road safety panel featuring Edward Warmoth, manager of the traffic division of the Oregon State Motor Vehicle Dept.; Sgt. Richard Bouey of the Oregon State Police; Douglas County Sheriff Ira Byrd; and Al May, head of the Douglas County road department.

Refreshments will be served by parents of Eileen Smith's, William Hoff's and James Wright's elementary rooms.

RIVERSIDE TO MEET

Riverside School PTA will meet tonight at 7:30 in the gymnasium. The Riverside School Band will be part of the program and the Riverside Mother's Choral Group will also be featured.

The third grade will serve refreshments.

Sutherlin Grange Confers Degrees

Mr. and Mrs. Jack Morton and Mrs. Daisy Godfrey were given the obligation for the first and second degrees at the recent meeting of the Sutherlin Grange, reports Mrs. Jerry DeMuth, correspondent.

The charter was draped for Mrs. Stella French, who died recently.

Mrs. Henry Frotscher gave the Home Economics Club report. Legislative chairman spoke on the present food situation in Cuba.

The literary program included a reading by Mrs. Floyd Bringle and shorter readings by other members.

Refreshments were served following the meeting.
