

Rival Laos Political Princes May Reach Coalition Accord

KHANG KHAY, Laos (AP)—Laos' three rival political princes met in the rebel-held Plaines Des Jarres today, and neutralist Prince Souvanna Phouma said the long-awaited agreement on a coalition government might be reached Friday.

Souvanna said his first meeting with Prince Boun Oum of the right-wing Vientiane government and pro-Communist Prince Souphanouvong encountered little difficulty.

"If we continue to work in a similar atmosphere, I am sure we will reach a final agreement Friday," Souvanna said.

It was the princes' first meeting since January.

Boun Oum was accompanied by Khang Khay by his deputy premier and royal government strongman Gen. Phoumi Nosavan.

Souvanna's optimism contrasted sharply with a general feeling among diplomats and observers in Vientiane before the meeting that it had little chance of success.

Boun Oum and Gen. Phoumi had given no advance indication that they would back down on the issue that broke up earlier attempts at forming a coalition under Souvanna.

The conservative Vientiane leaders had insisted on retaining the defense and interior portfolios in a coalition government to give them control of the army and police.

Before leaving for Khang Khay, Phoumi declared once again that Souvanna can have these posts only if he can prove he is truly neutral and guarantees they will not fall into the hands of Souphanouvong's Pathet Lao.

Western diplomats generally feared that failure of the princes to agree would be followed by a new military drive by the Pathet Lao.

Souvanna has the backing of the United States, the Soviet Union and the other powers at the 14-nation Geneva conference on Laos. The United States hopes a government, pledged to neutrality under Souvanna will take the Red threat off neighboring Thailand and end the need for U.S. troops there.

The troops were rushed into Thailand after the Pathet Lao's recent military gains swept to the northeast Thai frontier.

House Probers Call Witness In Estes Case

WASHINGTON (UPI)—The House government operations subcommittee today summoned an Agriculture Department official who was fired for his connections with Billie Sol Estes.

The subcommittee said Dr. James P. Ralph would be the first witness at resumption of hearings into Estes' grain storage operations.

Ralph was an assistant secretary in charge of the Agriculture Stabilization and Conservation Service, through which Estes worked many of his alleged schemes.

Ralph was demoted last February and was training to be agricultural attache to the Philippines when Secretary Orville Freeman fired him.

The department said Ralph was fired because he charged personal telephone calls to Estes.

Ralph told United Press International that he charged three telephone calls to a credit card he did not know belonged to Estes.

Other congressional news: Aid: Senate Democratic leaders hoped to muster enough votes to ward off another setback to President Kennedy's \$4.6 billion foreign aid bill.

Democratic Leader Mike Mansfield, D-Mont., said he would do his best to defeat a proposed amendment that would cut \$400 million out of the bill.

Taxes: Senate liberals figure the House has given them a new means of forcing action on the administration's tax reform bill.

They hoped to use a House-passed \$4 billion tax extension bill to pressure the reform measure out of the Senate Finance Committee.

Evangelist Claims Man Must Choose—Bible Or Jungle

CHICAGO (UPI)—Evangelist Billy Graham urged mankind Wednesday night to halt its rejection of the Scriptures because it is either "back to the Bible or back to the jungle."

In holding his longest service since his crusade here, the evangelist told a crowd estimated at 29,000 as he held out a Bible, "I used to say this was the world's best seller. Up to a few years ago it was. Now the writings of Lenin are the world's best seller."

Continuously holding up his leather-bound Bible for all to see, Graham warned that the world would experience anarchy and savagery such as it has never known if the Bible were allowed to be defiled by its critics.

"There is in America," he said, "a movement designed to take away our traditional concept of God, to take the Bible out of our national life. If this movement succeeds, then 'In God We Trust' will be removed from our coins, future presidents will be sworn with their hands upon the Constitution and chaplains will disappear from the Congress and armed forces."

Graham invited the audience at the McCormick Place Convention Hall to make "decisions for Christ." About 391 persons answered his plea.

The service marked the half-way point of Graham's three-week crusade that ends with an afternoon rally in Soldier Field.

Princess Grace Won't Play Role

NICE, France (AP)—Princess Grace of Monaco says she definitely will not play in Alfred Hitchcock's film "Marnie." She indicated she probably has retired from the movies permanently.

The former Grace Kelly announced two months ago that she would make her return to the screen this summer in the Hitchcock movie. Later the British director said he had postponed the production.

The newspaper Nice Matin, published an interview today with Princess Grace.

"On the one hand I will not have time and on the other I have been definitely influenced by the reaction provoked in Monaco at the announcement of my participation in the making of this film," she said.

"Such a 'vacation' devoted to the cinema would have been amusing for me, but under the condition that the prince (her husband, Prince Rainier) and our children be present. That is not possible, and I would not care to go without them. Making a film takes much time nowadays and 'Marnie' would take longer than I had thought."

Asked if she had definitely decided to abandon film making forever, the princess said: "I would not like to use the word 'definite' but it is evident that the same problems would arise."

Riddle Hires New Patrolman

Erma Best, News-Review correspondent, reports that a new patrolman has been hired by the Riddle Police Department.

He is Hardin Hollowell of Pasco, Wash. He formerly worked with Riddle Chief of Police John Kasten when both lived at Baker.

Hollowell, 43, is married. His wife plans to join him in Riddle about June 15.

The new patrolman replaces Joe Soper, who resigned to join the Myrtle Creek police force.

Files For Bankruptcy

Milton McCall Neeley, Winston fire chief, has filed for bankruptcy in U.S. District Court in Portland. He lists debts totaling \$11,363.63.

NAMES NEW ENVOY

WASHINGTON (UPI)—President Kennedy nominated Matthew H. McCloskey, 69, of Philadelphia, former treasurer of the Democratic National Committee, Wednesday to be U.S. ambassador to Ireland. He will replace E. Grant Stockdale, who resigned effective July 6.

JFK GETS GIFTS — These are the gifts for President Kennedy from the people of Tanganyika. They were flown to Andrews Air Force Base in Maryland Wednesday in a C-124 Globemaster, the cargo plane which for the past month has been dropping food to a region in the African country which has been isolated by floods. The gifts include a canoe, a stuffed crocodile, war clubs and other items described as "an expression of thanks" for the Food for Peace program. Displaying them are S. Sgt. James W. Howard of Easley, S. C., left, and Maj. Edward F. McDaffie, Pinson, Ala., crew members of the Globemaster. (UPI Telephoto)

Forest Board Cuts Bond Sale, Approves Land Trade With CZ

SALEM (AP)—The State Forestry Board decided Wednesday to sell only \$650,000 worth of forest rehabilitation bonds during the year beginning July 1.

The board is authorized to sell \$750,000 worth each year, but it said it doesn't need to go that high because it has some cash on hand.

The money is used to reforest the Tillamook Burn and other denuded state lands.

The board voted to continue its policy of using state prison convicts to harvest tree seed on state lands. The seed will be used on state lands, and if any is left over, it will be sold.

Some private timber operators had protested such use of convict labor.

Other board action: Approved application by Pacific Power & Light Co., to build a power line across two miles of state lands southwest of Klamath Falls.

Made a 1,500-acre trade with Crown Zellerbach Co., for timber land in Clackamas County. The purpose is to enable the state to block up some of its present holdings.

Fisher Dates Juliet Prowse

HOLLYWOOD (UPI)—Singer Eddie Fisher dated South African dancer Juliet Prowse early today and discussed his current plans for divorce from Elizabeth Taylor.

The dark-haired singer finished his nightly show at the Coconut Grove then took the former girl friend of Frank Sinatra to a Sunset Strip nightspot.

Fisher flew to Hollywood from Rome during the clamor that surrounded Miss Taylor's romance with Welsh actor Richard Burton during filming of "Cleopatra."

On arrival he said he didn't "want to file myself, it's generally the woman's place to do so."

His dates have included Edie Adams and Leslie Parrish while he made preparations to resume his career.

Fisher said he had dated Miss Prowse three times and described her as "a wonderful girl, we're great friends."

Of his plans for divorce, Fisher said attorney Louis Nizer, counsel for both himself and Miss Taylor, had advised that Fisher file for divorce while he is appearing in Nevada this summer.

Fisher will establish residence while appearing at Sinatra's Cal-Neva Lodge at Lake Tahoe and also at Las Vegas, a friend said.

"I'll file so Liz can counterfile and win on grounds of mental cruelty," Fisher explained. He said that in this way Miss Taylor would be able to remain in Europe and emphasized that he was going through with the first filing as "the only solution."

Fisher and Miss Taylor were married in Las Vegas, May 12, 1959, the same day he and actress Debbie Reynolds were divorced.

Voted to acquire a 30-acre tract in Clackamas County to provide access to present state timberlands. This is being bought from the Columbia-Hudson Co.

Said it expects to get \$122,000 of federal funds for the next fiscal year for reforestation, with the state to match the amount. This will be extended to all counties. In the past, it has been confined

to the northeast Oregon counties. Received a recreation report which prompted the board to say it soon will be in the recreation business.

Made a contract with the Bureau of Land Management to protect 200,000 acres of private forest lands in Baker County.

Combined the Polk-Benton and the Lincoln County fire protection districts into a single district.

Secret Army Terrorists Strike Anew As Fire Bombs Hit Algiers University

ALGIERS (AP)—The Secret Army Organization struck again today as promised, returning to its terror campaign by mowing down Moslems and setting fire to Algiers University, Algeria's main seat of learning.

Three phosphorous bombs shattered the inside of the massive science and medicine building as the terrorists carried the threat of a scorched earth campaign into the heart of the city.

Chaperones Named For Mexican Trip

Seven chaperones have been named to accompany the 38 Glide High School 'Project 35' group heading for Mexico tomorrow, reports correspondent Mrs. Arthur Selby.

The seven are Miss Patricia Mayo, language instructor; Miss Ann Beckley, girls physical education director; Jerry Lemert, science instructor; Gene Rossachi, chief adviser of the group; Principal John Thompson; and Mr. and Mrs. Floyd Haas, Haas is a school board member.

The big Project 35 group, which has been raising money for a year for the trip, leaves early Friday morning by bus. The young people and their chaperones will return to Glide June 23.

Firemen gave up hope of saving the main building as flames roared out of the large windows. Black smoke shrouded the heart of Algiers.

Crowds of Europeans and French soldiers watched the blaze from the sidewalk of Rue Michelet and adjacent Boulevard St. Saens.

Wind-whipped flames scared the treetops of the university garden. Earlier today, European terrorists struck at groups of Moslems with pistol and machine-gun attacks, killing four Moslems.

The precarious truce which gave the city a new breath of life during the past seven days thus came to a shattering end.

In the administrative capital of Rocher Noir east of Algiers, French officials received the news of the new terror war in dark pessimism.

"They are destroying the last chance of reconciliation with Moslems," one official said.

The European underground's commando squads went back into action shortly after the French government executed two Secret Army killers at a fort outside of Paris. They were the first Secret Army activists sent before a firing squad, but it did not seem likely that the killings in Algiers were manifestations of Secret Army resentment at the executions.

Jouhaud Shared Cell

Ex-Gen. Edmond Jouhaud, 32, the Secret Army's No. 2 leader until his capture in March, remained in the Paris death row he had shared with the two men executed today. There was an indication that President De Gaulle would spare Jouhaud's life.

The Secret Army announced the end of its seven-day truce in the slaughter of Moslems with a

pirate broadcast Wednesday night reporting a deadlock in its contacts with the Moslem nationalists.

"We are again taking up war—particularly in the economic field," the broadcast said. Women, children and older Europeans were advised to leave Algeria to "free the men for the scorched earth campaign."

Despite the talk of "scorched earth" the first targets again were Moslems on the streets of Algiers.

Machine-gun bullets sprayed from a speeding car at a group of Moslem workers on a street corner in the Hussein Dey area. Three of the Moslems slumped to the sidewalk fatally wounded.

Less than an hour later a Moslem en route to work was shot to death.

Salem Youth Hangs Self Accidentally

SALEM (AP)—A 10-year-old boy accidentally hanged himself Wednesday evening with a rope he was using to climb a tall laurel bush.

The body of Mark Wilson, son of Mr. and Mrs. Arthur Wilson, Salem, was found hanging from the bush about 9:30 p.m. after a search of about three hours.

The search started when his father, returning home from work, noticed the boy's bicycle by a thick grove of laurels. Neighbors and police took part.

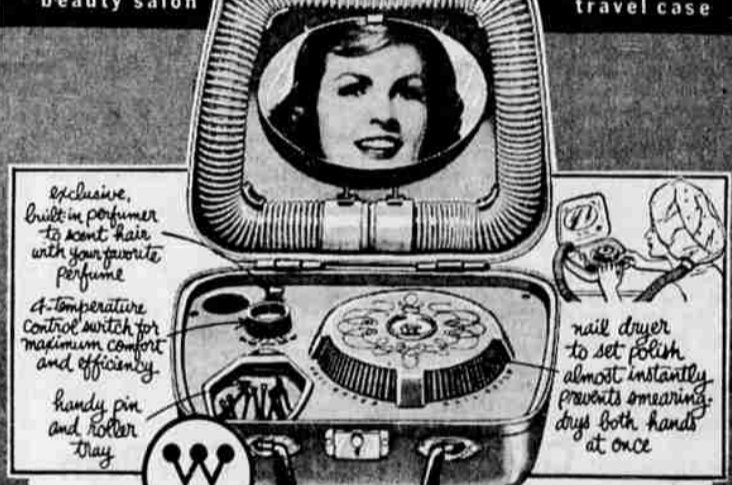

Glenn Bowman, captain of city police detectives, said the boy apparently had tied the rope around the bush and made a loop to circle his body but slipped in climbing up. The loop somehow fell over his head, around his throat and tightened as he fell.

WEISFIELD'S GIGANTIC 45th ANNIVERSARY SALE
