

# Planning And Development Dept. Establishes Many New Programs

Oregon's industrial strength is growing rapidly despite "an inferiority complex" among its citizens, says Gerald Frank of Salem, chairman of the governor's advisory committee to the state Department of Planning and Development.

Frank said the department has had profound effect in its two roles of promoting industries already in the state and bringing in new ones. He was featured speaker at the Roseburg Rotary Club meeting Thursday noon.

He listed these as some of the major accomplishments of the department.

**Accomplishments Listed**

1. Formation of Homesick Oregonians clubs in other states. (The Los Angeles club has 300 members).
2. Establishment of the nation's first Primate Research Center in the state.
3. Establishment of a state-wide "Oregon Welcome" program to make tourists feel at home.
4. Notice that 17 companies (none of which are lumber or allied companies) have shown interest in establishing plants in the state in the last year.
5. Establishment of the Boardman Aerospace Park.
6. Establishment of an Oregon Host Program to bring key leaders and businessmen from other states to Oregon to show them what the state has to offer.

Frank said the state is not acting too quickly either. He claimed the state would have 2 1/2 million people by 1975. This means we will need 300,000 new jobs, or an average 19,000 new jobs a year, he insisted.

Frank said the state "has everything, basically, industry wants" and tax structure is no roadblock in luring that industry to the state.

Probably the toughest roadblock, he said, is the "inferiority complex" people of the state appear to suffer. He said so many take the negative approach of pointing out intermittent rains, poor tax structure, etc. This feeling, he said, is diminishing, however.

In attacking this attitude, he said the state needs a "favorable business climate." He urged that Oregonians show (1) a progressive attitude to growth and planning, (2) work for citizen understanding, (3) a more efficient government through voter participation, (4) work against choking restrictions on business by government, (5) continued expansion community facilities, such as hospitals.

**Center Needed**

He cited the 60 new plant openings and \$50 million in plant investments in the state as steps forward. He said the department, however, feels two more gaps must still be filled. They are a graduate center and research facility to draw scientific industry to the state. He said the department is now working on plans for such facilities.

Frank concluded that Oregon is a late starter in developing its economic potentials and no one in the state "can afford not to be interested in our program."

# Salt Companies Acquitted On Price Rig Count

MINNEAPOLIS, Minn. (AP) — Three major salt companies accused of scheming to rig prices of rock salt were acquitted Thursday night by a federal jury.

The panel, which deliberated nearly seven hours, cleared Morton Salt Co., Chicago; International Salt Co., Clarks Summit, Pa.; and Diamond Crystal Salt Co., St. Clair, Mich.

The government had accused them of conspiring to fix prices on rock salt over a five-year period in violation of the Sherman Antitrust Act. Conviction could have meant fines of up to \$50,000.

Also named in the June 28, 1961, indictment was Carey Salt Co., Hutchinson, Kan., which entered a plea of nolo contendere (no contest).

U.S. District Court Judge Edward J. Devitt, who presided at the trial of the other three, did not indicate immediately what disposition would be made of that case.

Named as coconspirators with the major firms but not indicted were American Salt Co., Olathe, Kan.; Barton Salt Co., Hutchinson, Kan.; Cutler-Magner Co., Duluth, Minn.; Hardy Salt Co., St. Louis, and Cargill Inc., Minneapolis.

The grand jury indictment said the alleged conspiracy had the effect of "forcing state, municipal and private purchasers to pay high, arbitrary and noncompetitive prices for rock salt."

# Lookingglass School Honors Mrs. Kerr

Closing exercises for the Lookingglass School held Friday were highlighted by recognition of Mrs. Carlton Kerr who is retiring after serving 14 years in charge of the school cafeteria, reports correspondent Hazel Marsh.

The faculty presented Mrs. Kerr with cut glass pieces and the PTA presented ceramic pieces. The children pooled their funds and purchased a silver tray which was also presented to Mrs. Kerr.

On the program was a circus song and parade by the first grade pupils under the direction of Mrs. Doris Stanton and Mrs. Irene McLaughlin.

Judy Marsh was given the award for the best all-around girl and Jerry Nielsen for the best all-around boy. Pins were awarded to the four yell leaders: Gail Patterson, Judy Marsh, Marilyn Grass and Sandy Graves.

Mrs. Beverly Boling will have charge of the cafeteria next fall and will be assisted by Mrs. Donna Niebaum. An unusually large crowd assembled for the program and picnic dinner, Mrs. Marsh said.

# Bicycle Rider Hits Automobile

Bradford J. Smith, 14, of 1723 SE Stephens St., suffered a head injury, not believed serious, when the bicycle he was riding slammed into the side of a car about 4:10 p.m. Thursday.

Another Smith, Darlene Mae, of 1534 SE Stephens, was operating the car. The accident occurred at the driveway of the Golden Eagle Service Station. She had pulled off SE Rice Ave. onto Stephens and into the service station property to an apartment where she lives, said police.

The boy bumped his head against the car, but X-rays revealed nothing serious, it was reported.

# Bayonets Stop Student March

SEOUL, South Korea (AP)—South Korean police with fixed bayonets today broke up a new march on the U.S. Embassy by university students demanding that American soldiers be tried in South Korean courts for off-duty offenses.

The police seized 40 of the demonstrators. Shortly after their arrest, however, South Korean strong man Gen. Chung Hee Park ordered the release of all students taken into custody today and during a similar demonstration Wednesday.

Thirteen students were under formal arrest for the Wednesday demonstration protesting the recent beating of an alleged thief by two American officers. U.S. Ambassador Samuel Berger had called on Foreign Minister Choi Duk-shin Wednesday and asked for their release.

Park said he fully sympathized with the causes of the demonstrations, but he warned that the demonstrators violated a national law and that similar outbreaks in the future would be dealt with strictly. He added that in spite of isolated incidents "friendly relations between the United States and the Republic of Korea will remain as firm as ever."

In today's demonstration, the South Korean military police charged 1,000 students massed on the Seoul National University from breaking out into the streets. They did not use their bayonets and no injuries were reported.

U.S. military authorities ordered American military personnel in the Seoul metropolitan area to stay in their respective compounds except for combat or official business.

Americans are now tried in U.S. military courts for all offenses—whether on or off duty.

# Ted D. Hodges

Funeral services for former Roseburg resident Ted D. Hodges, 72, will be held Saturday at 10:30 a.m. (DST) at the Poole and Larsen Funeral Home, Eugene.

The Rev. W. C. Coles will officiate. Interment will be in Rest Haven Cemetery, Eugene.

Hodges died Wednesday noon after suffering a heart attack. He had lived in Roseburg and Eugene for many years. He last moved to Eugene in 1957. While in the Roseburg area he had farmed, and had owned a service station on NE Diamond Lake Blvd. and had worked at the Courthouse. He was retired at the time of his death.

Hodges was born July 16, 1889 in Spokane, Wash. He married Arlene Perrine in Roseburg, June 26, 1918.

Survivors include his wife in Eugene; three sons, Lynn E. Hodges of San Francisco, Terry M. Hodges of "opeka, Kan., and Klen I. Hodges of Eugene; a daughter, Iona R. Wilson of Springfield; two brothers, Everett of Bremerton, and Tom of Eugene; three sisters, Mildred Sudrow of Cottage Grove, Mary Cronk of Boise, Idaho, and Edna Walker of Eugene; and 10 grandchildren.

Hodges made his home in the Lookingglass area between 1934 and 1946 and later lived in Roseburg for a few years before moving to Eugene.

His father, Jesse Hodges, was Roseburg police chief for a number of years.

A cousin, Phil Walker of Roseburg, said one son arrived in Eugene from Sacramento Thursday night. Another, en route from the East to visit the World's Fair, is being sought by state police in the intervening states so he may be notified of the death.

# William Spelgatti Is New Oakland Lions President

Deputy Gov. Don Bell of Roseburg was installing officer at the recent dinner meeting of the Oakland Lions Club which new officers of the Oakland Club were installed. The meeting was held at the Piano Roll Inn in Roseburg.

Officers for the coming year: William Spelgatti, president; Jesse Lee, first vice president; Floyd Ross, second vice president; Dan Gilton, third vice president; Robert Bonner, tail twister; Norris Williams, lion tamer; Charles Halstead, secretary-treasurer; and Lyle Stuwie and Elmo Carlson, directors.

Elmo Carlson and Floyd Walton, new members, were initiated by Bob Williams of Sutherlin, zone chairman, reports correspondent Edith Dunn.

# Local Lions Club Views 'Oregon Today' Movie

The motion picture "Oregon Today," prepared by two leading state banks, power companies and telephone company, was shown to the Roseburg Lions Club Thursday night by Phil Quisenberry, manager of the Copco office of Pacific Power and Light Co. at Roseburg.

The color film, produced for the Oregon State Department of Planning and Development, shows Oregon's attractions, its resources and industrial potential.

A report was made by Ray Doerner on the successful buffalo barbecue served to visiting California fair managers and personnel a week ago.

**Charter To Graduate**

Larry M. Charter of Roseburg will receive his bachelor of commercial science degree at Seattle University's 53rd annual commencement exercises tonight at Seattle.

The university will be graduating 488 students.

# Algiers Terror Ends After Day Of Arson, Shootings

ALGIERS (AP)—The European Secret Army Organization today mysteriously halted its terrorism in Algiers at least temporarily after a day of arson and indiscriminate shooting.

Hopeful French officials believed the appeal for peace by Jean Georges Sarradet, head of some 2,000 secret army commandos, was beginning to work.

Most Europeans, however, said skeptically it was the driving rain over the city that stopped the destructive action.

Sarradet called Thursday on his fellow terrorists to abandon their struggle and seek peace with the top leaders of Moslem nationalism.

But at this stage the leaders of the Algerian nationalists apparently had no desire to deal with the European terrorists.

Throughout the morning, thousands of rain-soaked Europeans besieged banks and the remaining post office buildings to withdraw savings.

The secret army spread word through the city that starting Tuesday it will prevent the operation of banks and halt money transfers to France.

# Laos Princes Take Recess To Reflect On Coalition

PHNOM PENH (AP)—Neutralist Prince Souvanna Phouma said today the three princes summit conference has decided to adjourn its sessions until Monday to give its members time to reflect on the formation of a coalition government.

Emerging red-faced from a half-hour afternoon meeting with his half-brother, Prince Souphanouvong, and pro-Western Premier Prince Boun Oum, Souvanna told reporters: "One or two unsettled points obliged us to postpone the meeting until Monday and each party has demanded time for reflection."

He added that he hoped Monday's meeting will be the last one before he announces a formation of a coalition Cabinet.

Gen. Phoumi also expressed optimism and said the talks were going smoothly. But he said no agreement had been made on the distribution of jobs.

Thai officials in Bangkok, who have close ties with Phoumi, said the general and Boun Oum were proposing a version of the troika—or three horse—system of control for the defense and interior ministries, as the Soviets proposed last year for the United Nations.

The Thai sources said the Vietnamese troika plan calls for Souvanna to be minister of defense and interior as well as premier. But in each ministry he would have three assistant ministers—one from each faction—and all three would have to agree before any administrative action could be taken.

# W-D Development Talked At Meeting

Future development of the Winston-Dillard area was discussed this week at the first meeting of the Winston-Dillard Citizens Advisory Committee, reports correspondent Phebe McGuire.

The meeting was held at the water board office in Winston.

Present for the meeting was Richard Hayward of Eugene, planning consultant for the Bureau of Municipal Research.

According to Mrs. McGuire, the committee was appointed by the Winston City Council some time ago but action has been delayed until the status of the public housing project was known and until the planning consultant could meet with the group.

First action will be to get an outline for a base map of the Winston-Dillard area and from there planning for future development will proceed. Goals were outlined and land use discussed by Hayward and committee members present. The group will meet again after maps of the area are prepared.

Serving on the 27-member committee are members of the Winston City Planning Commission plus other citizens of the area.

# Fair Weather Due

The five-day weather outlook for Western Oregon according to the Weather Bureau station at Roseburg airport calls for temperatures near normal with daily high temperatures between 70 and 80. Rain is expected after Sunday with 2 inches east of the Cascades, one inch in Northwest Oregon and little or none in the southwest part of the state.

# Glide Elementary School Promotes Class Of 52

Promotion exercises were held Tuesday for 52 eighth graders at the Glide Upper Elementary School, according to Mrs. Arthur Selby, correspondent.

The junior high student body conducted the exercises and an achievement program was presented by the students. Bert Allenby, member of the Glide school board, presented the certificates.

At the Deer Creek Grade School, 25 students were promoted and at the Tokete Falls Grade School, five students received their certificates. This makes a total of 82 freshmen to enter Glide High School this fall, which will result in overcrowded classrooms and the necessity of adding a new teacher to the high school faculty, Supt. Donald Fluke says.

# Canada, Mexico Aiding Search For Suspected New York Killer

NEW YORK (AP)—A police alarm spread to Canada and Mexico in a search for a Queens physician after the dismembered body of a girl was found in the sewer of his sumptuous home and office.

However, authorities fear he may have fled to Cuba with which this country no longer has an extradition treaty.

The victim, identified as Barbara Lofrumento, 19, had been cut up by scalpel and a power saw, apparently after an abortion.

"It must have taken him many, many hours," Asst. Medical Examiner John Furey said Thursday.

The missing man, Dr. Harvey Lofrumento, 41, disappeared last Sunday, some hours after the girl was brought to his office by her mother.

With him now, authorities believe, is Theresa Carillo, 25, one-time airline hostess and the doctor's receptionist-girlfriend, who also is missing.

Police departments of Canada and Mexico are on the lookout for Lofrumento. The Lofrumento family—the elder Lofrumento is a retired physician—has a hunting lodge about 60 miles north of Montreal. Police said a sister, not further identified, was thought to be in Mexico City.

Miss Carillo is a Cuban national. As hostess, her National Airlines run was to Cuba and her mother is said to live in Havana. Since no diplomatic relations exist between the U.S. and Castro's Cuba, any inquiries would have to be made by the State Department through the Swiss Embassy in Havana.

The dead girl was a sophomore at the College of New Rochelle, N.Y. She resided at Pelham, N.Y., with her parents, Mr. and Mrs. Dominick Lofrumento. The father is a well-to-do pharmacist.

In addition to finding fragments of bone and flesh, an orthodontist identified some teeth as those of Miss Lofrumento. The father identified parts of a skirt, coat and slip his daughter was wearing when she was taken to Lofrumento.

The Lofrumentos reported their daughter missing to the Queens district attorney's office on Monday. Meanwhile, Lofrumento had asked a policeman friend to come on Tuesday and clean his sewer. The concern started the job on Wednesday, and the gruesome finds were made.

# Stock Averages Not Affected By JFK's Tax Cut

NEW YORK (AP)—President Kennedy's tax-cut pledge brought no particular inspiration to the stock market today. Prices were a bit higher in quiet trading early this afternoon.

A general improvement got underway for a while, then prices edged below their best.

Showing the level near its peak, The Associated Press average at noon was up 1.00 at 222.90, with industrials up 1.50, rails up .40 and utilities up .50.

Most gains of key stocks were fractional, some going to about a point.

A few of the "growth" stocks swung ahead 2 or more points in routine moves for these volatile issues which have been beaten far down from their peaks.

Brokers said much of the steam of Kennedy's tax-cut pledge had been removed by Treasury Secretary Douglas Dillon's similar statement Monday.

A generally higher trend was shown by steels, motors, chemicals, nonferrous metals, drugs and electrical equipments.

Tobacco continued to decline. Reynolds Tobacco and Liggett & Myers lost about a point. American Tobacco eased. Lorillard recovered a fraction.

Ford, up more than a point, was the best of Big Three motors. Chrysler rose a fraction and General Motors was steady.

Gains of around a point were posted for General Electric, Radio Corp., Sears, Roebuck and Merck. Up slightly were AT&T, Southern Pacific, and Raytheon.

IBM recovered about 5 points. Polaroid 2 and Liton Industries more than a point.

The Dow Jones industrial average at noon was up 2.00 at 604.20. Prices moved generally higher on the American Stock Exchange in quiet trading.

Corporate and U.S. government bonds were irregular.

# Yoncalla Reunion Slated

The annual reunion of former Yoncalla High School students will be held at the school this Sunday. A potluck dinner will be held at 1 p.m. followed by the regular business meeting. Those attending are asked to bring their own table service, according to Mrs. George Edes, correspondent.
