NEW YORK (AP)—Wall Street wizard Edward M. Gilbert, who has admitted unauthorized withdrawals of almost \$2 million from the company he headed, has flown to extradition-proof Brazil. Gilbert stepped off a Varig Airlines jet in Rio de Janeiro

Firms Accused Of Price Fixing

LOS ANGELES (AP)—Ten companies are accused of price fixing in the shortening and salad oil fields in indictments returned by a federal grand jury Wednesday. Fourteen individuals also were indicted by the jury.

Stanley E. Disney, chief of the Justice Department's Los Angeles antitrust field office, said that from November 1957 until January 1960 the firms stabilized shortening prices and induced others to conform. The result, Disney said, was that competition was suppressed and buyers were denied competitive markets.

Six companies were named in indictments dealing with salad oil. Disney said they stabilized tank car prices in the \$6-million-a-year industry, thus suppressing competition.

Named in the shortening indictments were Armour & Co., Chicago; Corn Products Co., Omaha, Neb.; Cudahy Packing Co., Omaha; Glidden Co., Cleveland, Ohio; Lever Bros. Co., New York City; Procter & Gamble Distributing Co., Cincinnati, Ohio; Swift & Co., Chicago; Vegetable Oil Products, Inc., Wilmington, Calif.; Wilson & Co., Inc., Chicago; and Wesson Oil & Snowdrift Sales Co., Fullerton, Calif.

Accused in the salad oil indictment were Corn Products Co., Glidden, Procter & Gamble, Swift, and Vegetable Oil Products.

Disney said the 10 companies produce more than \$40 million worth of cooking fats each year in California, Washington, Oregon, Hawaii, Idaho, Montana, Utah, Nevada, Arizona and New Mexico.

Individuals named, in most cases, were Pacific Coast or Western division managers of the accused firms.

Disney said maximum penalties could be a year in prison and \$50,000 fines for each of the individuals and fines of \$50,000 for the corporations.

Wednesday and went into seclusion. In Rio, officials of the International Police Agency and the U.S. Embassy said they had received no information on Gilbert. It was reported, however, that Gilbert entered Brazil with a visa valid for 30 days and that if he wanted to stay longer he would have to apply for an extension.

At Idlewild Airport in New York, Gilbert bought a one-way ticket and said he might be staying in Rio "for about six weeks," the airline said.

Gilbert, 38, who rocketed to Wall Street fame four years ago when he practically "cornered" the stock of the E. L. Bruce Co. and became its president, made company check withdrawals amounting to \$1,953,000 between May 28 through June 4. It was on May 28 that the stock market started its downward plunge.

What happened to the money has not been determined. Manhattan Dist. Atty. Frank S. Hogan is looking into the withdrawals.

Early Tuesday night the E. L. Bruce firm, a leading manufacturer of hardwood flooring, released a statement saying Gilbert voluntarily had disclosed the unauthorized withdrawals and that he had resigned.

The company quoted Gilbert as saying his actions were directed to "the protection of an acquisition program on behalf of the corporation and, in my judgment, were in the best interests of the corporation and its stockholders."

E. L. Bruce Jr., chairman of the company, ordered a complete audit of the firm's books. Bruce, saying the withdrawals were made in the form of checks, declined to say to whom the checks were payable or how long the audit would take. However, company officials said the firm is in good financial shape. They also said it has a surety bond totaling \$750,000.

House Votes Down Republican Plan On National Debt

WASHINGTON (AP)—The House voted today, 201 to 118, a Republican proposal to raise the national debt limit only \$6 billion instead of the \$8 billion sought by President Kennedy. The legislators headed almost immediately into a second test, however.

After losing in the move to trim the increase, the opposition— including some conservative Democrats—concentrated on an effort to kill entirely the bill to raise the limit from \$300 billion to \$308 billion.

Defeat of the measure would force a quick compromise, since if Congress does nothing the limit will automatically drop June 30 to \$285 billion—and the actual debt may be almost \$9 billion higher at that time.

The vote on the proposed Republican substitute followed a charge from Rep. John W. Byrnes, R-Wis., that Defense Department personnel had been guilty of criminal conduct in efforts on behalf of the higher limit.

In Wednesday's debate there had been cries of blackmail and protests against threats of a special session if the increase were not granted.

The bill's manager, Chairman Wilbur Mills, D-Ark., of the ways and means committee, said Congress had authorized all the spending and not enough money was available to cover it all.

Other congressional news: Television: The Senate was expected to pass legislation requiring manufacturers to make 32 channels television sets to give the 53 million Americans viewers a wider choice of stations and programs. Under the bill, all sets sold in interstate commerce would have to carry the 12 popular VHF (very high frequency) channels, plus the 70 UHF (ultra high frequency) channels now largely used by educational TV stations. Republicans opposed the bill as an unwarranted extension of government control.

Hospital: Health, Education and Welfare Secretary Abraham Ribicoff told Congress his department supports a bill to strike the "separate but equal" clause from the Hospital and Medical Facilities Construction Act. He said the administration strongly supports making "nondiscrimination assurances mandatory."

Donald Cantrell Given Probation For Forgery

Donald Thomas Cantrell, 19, formerly of Roseburg, pleaded guilty Wednesday to a charge of forgery and was sentenced to serve 18 months in the Oregon State Correctional Institution.

Circuit Judge Don H. Sanders suspended sentence and ordered that Cantrell be admitted to probation for three years. He will remain under supervision of the Oregon state Board of Parole.

The court further ordered that Cantrell appear in court at Corvallis on Aug. 31 for sentencing on a misdemeanor conviction. Authorities said the Corvallis case also involved a check complaint.

Cantrell was charged with forgery in a Douglas County Grand Jury indictment returned May 4.

Glide School Board Accepts Clerk's Resignation At Meet

By MRS. ARTHUR SELBY
The Glide School Board at its June monthly meeting accepted the resignation of Mrs. Lynn (Marybelle) Beckley as clerk of the board. Mrs. G. W. (Opal) McClure was then appointed to succeed Mrs. Beckley as clerk, following her resignation as secretary to the school superintendent. Mrs. Gil (Jeannette) Magness was appointed secretary to the superintendent.

Mrs. Beckley has been clerk for 11 years and previously was clerk of the Deer Creek School Board for six years before the consolidation of the Glide and Deer Creek schools. Mrs. McClure became secretary to the superintendent in January 1961, and is serving until June 30, the end of the fiscal year. Mrs. Magness was secretary for a high school principal for two years, and 3 1/2 years, served as secretary to school superintendents.

Soviets Reject Disarmament Plans Of West

GENEVA (AP)—The Soviet Union categorically rejected today virtually all Western proposals for general and complete disarmament.

Soviet Deputy Foreign Minister Valerian A. Zorin lashed the United States and Britain as the 17-nation disarmament conference went into a month-long summer recess.

Zorin accused the United States of double dealing by making speeches about peace and disarmament in the talks—now three months old—and at the same time taking steps leading to a worsening of international tensions outside the conference.

He said "United States statements of the highest standing came out with statements advocating preventive atomic war against the Soviet Union" while the talks continued. And he accused the United States of having refused agreement in the conference on a declaration condemning war propaganda.

U.S. Ambassador Arthur H. Dean expressed regret at the tone of Zorin's speech, and rejected his assertions.

"The Soviet delegate's statement is not true," Dean countered. "No statesman of the United States has ever advocated atomic war. That is not the policy of the United States. It never has been. Such statements do not add to the character of our negotiations in this conference."

Western delegates took a gloomy view of the first phase of the conference of Western, Communist and nonaligned nations.

"I feel the negotiations have not been entirely useless," said one diplomat, "but on substantial matters we have achieved absolutely nothing."

The Westerners were hopeful the conference at least had served to explain some of the complexities of world disarmament to the eight nonaligned nations who joined the East-West negotiations here last March.

A 1959 two-door sedan driven by Beverly Maxine Dobbs of Glide and a 1962 station wagon driven by Willie Jean Pitkins of 531 NE Meador Ln. collided headon this morning on SE Stephens St. near the SE Blakely Ave. intersection.

Roseburg City Police said Beverly Dobbs was traveling the wrong way on a one-way street. Willie Pitkins received a slight lip injury and a bruised leg, it was reported. An ambulance was unnecessarily called to the scene.

Police cited Beverly Dobbs for failure to obey signs and signals. Slight damage was reported to both vehicles.

Spokane Lady Recalls First Father's Day Observance

SPOKANE, Wash. (AP)—A two-horse carriage bumped along a dirt street in Spokane 52 years ago this Sunday.

Two women were riding in the carriage and on its floor was a bundle—containing gifts for "shut-in" fathers on the nation's first Father's Day.

"Fathers Day has seen progress move from horse and buggy times to space crafts orbiting around our earth," says Mrs. John Bruce Dodd, founder of Father's Day. "I experience indescribable pride when I think of the courage of our young astronaut fathers who are daring the elements in quest of peace. May our Supreme Father companion them always."

Mrs. Dodd, daughter of a Civil War veteran, was one of the women in the carriage more than half a century ago. A friend, Eva Cummings Estes, was the other.

"My father—William Jackson Smart—reared six of us children on an eastern Washington wheat farm after our mother's passing," Mrs. Dodd recalls. "He was a strict disciplinarian. But he was very gentle, too."

The idea to honor her father, and all fathers, grew in Mrs. Dodd's mind after she heard a sermon on the trials—and joys—of fatherhood. She encouraged Spokane clergymen to make father the theme of their sermons on the third Sunday in June. City and state officials were asked to proclaim the day Father's Day.

It wasn't until 1916 that President Woodrow Wilson recommended that Father's Day be made a national observance.

Mrs. Dodd—gray-haired but in good health and busy—said she has turned down a hundred offers to endorse liquor, soap—even steaks.

"I would never endorse anything," said Mrs. Dodd, "but steak would be nice for father on his day, wouldn't it?"

Depending on which of several yardsticks was used, the market as a whole was barely above or just below its low point of the year on May 28 after the steepest one-day fall since 1929.

The Associated Press average of 60 stocks at noon was off 10 at 212.40. Industrials were down 30, rails up 20 and utilities down 10.

The Dow Jones industrial average at noon was off 2.51 at 571.33. This was below the close on May 28 but above a lower level touched on May 29 before a sharp rebound late in the session. Standard & Poor's 500-stock average was down 22 at 55.25 at that hour.

Wednesday's hectic up-and-down session showed the market to its third sharp loss of the week.

The averages were at odds on whether a new 1962 low was reached.

Diaz-Infante Waits Los Angeles Trial

LOS ANGELES (AP)—Marcantonio Diaz-Infante — the onetime Oregon Labor Department aide who calls himself the "provisional president of Mexico" — hopes to get out of jail on Monday.

He is awaiting trial next Wednesday on a charge he violated terms of probation granted him in 1948 after he was convicted on a grand theft charge. Diaz-Infante has been in jail since he was taken into custody last month in a Los Angeles court.

Sheriff's officers arrested him while he was awaiting trial on another count—a grand theft charge on which he later won acquittal. His next hearing will be an appearance Monday to request freedom on bail.

Diaz-Infante, 39, heads what he calls the "Zapata Movement" of "100,000 revolutionaries." He says his movement is threatening an armed uprising against the Mexican regime unless the government of President Adolfo Lopez-Mateos hears his group's complaints. They charge that "corrupt politicians have betrayed the Mexican Revolution of 1910."

Diaz-Infante identifies himself as an attorney from Nogales, Ariz. He has a California police record running back to 1937.

Authorities said that when Diaz-Infante was granted freedom on probation in 1948 after a grand theft conviction he promised to repay \$650 "legal fees" he collected for unperformed services. He never repaid the sum and left California without permission of his parole board, authorities said.

Roseburg firemen made the estimate. They were called to the fire at 1:08 p. m. and responded with five pieces of equipment. They said the flue fire overheated the chimney and set a few 2 by 4s aflame.

Owner of the house is John Atterbury.

Stocks See-Saw; Trading Heavy

NEW YORK (AP)—The stock market see-sawed in heavy trading today, flirting with some of the time with 1962 lows.

After slipping a bit at the start, it quickly turned mixed and remained irregular into the early afternoon. The fast trading pace caused the ticker tape to fall behind up to nine minutes in reporting floor transactions.

Price changes up and down held mostly inside the \$1 range.

Brokers appeared puzzled over the market's alternate up-and-down swings.

One, asked whether recent statements by government officials were affecting the market, replied: "No. And I wish they'd shut up."

Carpenters, Teamsters Reach Contract Accord

By THE ASSOCIATED PRESS
Teamsters and carpenters unions in Eastern Washington and Northern Idaho settled on contracts with employers this week, but a contract dispute between contractors and the iron workers' union remained stalemated.

Federal mediators scheduled further talks in Portland Friday in the iron workers' dispute. The Oregon and Southwest Washington locals have been on strike since May 23. The walkout has lasted since May 22 in Western Washington.

The iron workers have not picketed projects except where the union has determined its members' jobs were being assigned to other unions.

Unfair labor practice charges were filed against the iron workers Wednesday, accusing the union of unlawful picketing on Andersen-Westfall's Standard Insurance Plaza project in Portland.

Injured Race Driver Continues Improvement

MILWAUKEE, Wis.—(AP)—Auto race driver Len Sutton of Portland, Ore., who was injured Sunday when his car hit the wall in a 100-mile race at State Fair Park, continues to improve and his condition is good, it was reported today by attendants at West Allis Memorial Hospital.

X-rays showed that in addition to a collapsed lung, Sutton has a compression fracture of the second, third and fourth dorsal vertebrae. Depending upon the result of further orthopedic examination, he may be able to leave the hospital in three or four days.

Israeli Policeman Killed By Gunfire

JERUSALEM, Israel (UPI)—An Israeli policeman was killed and three others wounded today in the first gun battle with Jordanians along the Israeli-Jordanian border dividing Jerusalem in four years.

The clash erupted near the Musrara quarter of Jerusalem. Israel lodged an immediate protest with the U.N. Truce Commission and U.N. observers moved in to investigate the incident.

Israeli officials said Jordanians opened fire on an Israeli border patrol. They said one policeman was killed and three others wounded, one of them seriously. Jordan holds what is known as the "Old City" of Jerusalem. The new city is in Israeli territory.

The shooting occurred in a no-man's land near a downtown slum area where ruined and shell-scarred houses are a stark reminder of the 1948 Arab-Israeli war.

Israeli officials said the Israeli patrol did not return the fire.
