

## Bob Kennedy Denies Cover-Up In Case Of Billie Sol Estes

WASHINGTON, June 18 (UPI)—Atty. Gen. Robert F. Kennedy said Sunday the administration has to take responsibility for the Billie Sol Estes case because some of the officials involved were appointed by it.

But Kennedy said the administration must also be given credit for taking the lead in the investigation of Estes and his financial empire.

"Before this became a national question we arrested him, he was indicted, (and) action was taken against the various individuals when it was found that they have acted improperly," Kennedy said.

Kennedy made his comments on a televised interview.

A House subcommittee will resume hearings Tuesday or Wednesday in its investigation of Estes' government grain storage operations. A Senate investigations subcommittee plans to start a public inquiry the following week into all aspects of his dealings.

Kennedy emphatically denied that the administration has tried to cover up the Estes case. He indicated the administration was willing to "take responsibility" for those officials appointed by his brother, President Kennedy, who have "violated their trust."

He said there were a lot of people working for the federal government "and as long as you have human beings, you are going to have some kind of corruption."

Use of Page Road 18 and the North Umpqua River has been extended through action by the County Court Friday.

The Court took the road by resolution after awarding Margaret Stritzke \$3,692.28 damages for land acquisition and for severing access to the river for stock watering facilities.

Road viewers appointed by the court to assess damages had earlier set \$2,928 for damages. However the owner said the installation of pumping facilities would cost more than the damages awarded.

## 'Repent Or Fall', Graham Tells Big Rally Audience

CHICAGO (UPI)—Evangelist Billy Graham Sunday ended his 18-day crusade in the "town that Billy Sunday couldn't close down" with a rally which attracted 116,000 persons in 95-degree heat.

It was believed to be the largest religious revival meeting in U.S. history. The crowd, which filled the 92,000 permanent seats at giant Soldier Field and left other thousands standing inside and outside the U-shaped arena, boosted the 18-day attendance figure to 703,000.

More than 200 persons were overcome by the heat and Graham's aides sent out a special plea for doctors and nurses to care for them.

About 2,300 marched forward at Graham's invitation to make "decisions for Christ," bringing the total for the crusade to 17,130.

Graham appealed to the assembled thousands to "keep burning in your hearts the spiritual fires my Chicago revival has ignited. Today should not be thought of as the end of the crusade, but only the beginning."

He warned Americans that they are "not right with God!" and foresaw a Rome-like decline for the United States if its citizens fail to repent and reform.

"The signs that we must make a choice are all about us. The historian Gibbon said Rome fell because of its high divorce rate and its taxes. You know about America's divorce problem, about the movie stars who seem to believe that the more husbands or wives they have the more of a box office attraction they will be," he said.

Graham said that a nation "never falls until it starts to decay at the center, at the home, the very core of our society."

He warned that churches "must repent of their faithlessness, their strife, their worldliness, their bickering, pride, malice, backbiting and their intolerance of each other."

## Weekend Mishaps Fatal To Five

By THE ASSOCIATED PRESS

Three separate accidents killed five persons in Oregon traffic over the weekend, bringing the state's traffic death toll for the year to 175.

Three persons died Saturday in the head-on collision of two cars near Ontario after one car apparently swerved to avoid a bicycle.

The dead were Walter Eckman, 73, Haxton, Colo., and his wife, Hulda, 72, who were riding in one car; and Mrs. Joan Kahle, Dubuque, Iowa.

Police said the Sullivan boy was bicycling to Ontario after a visit to a relative in Huntington 26 miles away. He apparently swerved in front of the Eckman

Kahle's husband, Marvin, and her eldest son, Richard, 11. Another son, William, 10, was in fair condition Saturday night.

Michael Sullivan, 12, Ontario, suffered a broken leg.

The accident happened near Farewell Bend on U.S. Highway 30, between Ontario and Huntington.
