SALEM (UPI)—The Oregon Tax Commission said today it collected \$10.4 million from the key personal and corporate income taxes in May.

This was a drop of \$3.3 million from May, 1961. For the fiscal year to date, however, total collections as of May were \$111 million, a gain of 8.2 per cent over a year ago.

The commission added that income tax collections for both April and May this year were \$45 million, up \$3.6 million from April - May, 1961.

At the same time, State Treasurer Howard C. Belton made an upward revision in estimated revenue from the Oregon inheritance and gift taxes. Belton said he expected to take in \$13 million from these taxes during this biennium which runs to July, 1963—\$4.4 million more than anticipated earlier.
