

Red Cross Speaker Says 'Giving Of Self' Will Save U. S.

Dr. Elmo Stevenson said Thursday night there is one ingredient that will save the country and maintain its position in the world. Dr. Stevenson, was the guest speaker at the annual meeting of the Douglas County Red Cross held at Castle Rock in Winston. He said "that ingredient is the giving of self, giving more than w-

receive." He cited the American Red Cross as an example of many people giving of themselves. "The payoff," he said, "is the knowledge that you have given to your common man, that you have given to those who are in need." A short business meeting was held following the dinner. A report was given of the past year's

Red Cross work, and new officers were elected. Heading up activities this year will be Eldon Caley, chairman; Mrs. Ray Borden, vice chairman; Mrs. Lee Tabor, secretary; and Ivan Pickens, treasurer. Caley was re-elected for this third year in a row as chairman. New members of the board were also introduced. They are Bob Feldkamp, Pete Motschenbacher, Charles Ricketts, Dr. and Mrs.

Charles Wilson, Mrs. J. O. Lan- spa, Mrs. Russ Briggs, Dick Lan- den, Willard Buchanan, Harry Jacoby and Gerald Myltenbeck. Judge Charles Woodrich, a vot- ing delegate, gave a report on the national convention recently held in Seattle.

Stocks Meet Stubborn Sellers' Resistance

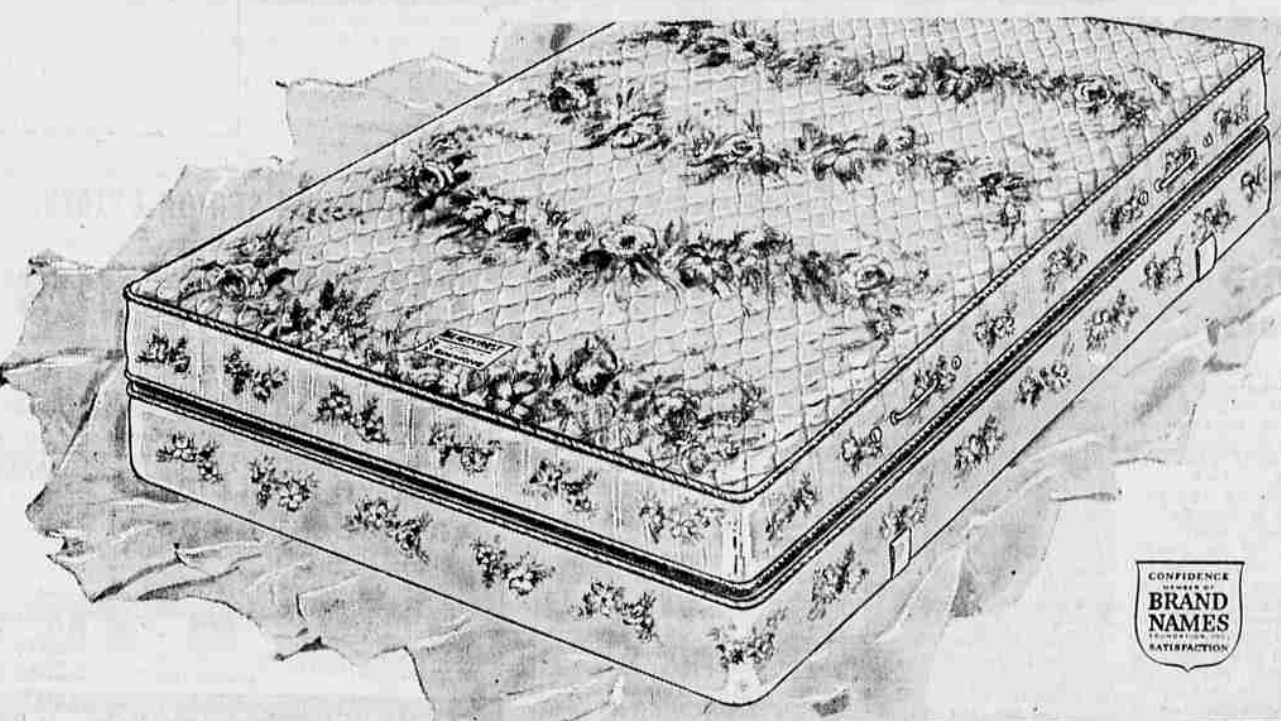

NEW YORK (UPI) — Stocks met stubborn resistance from sellers but managed a moderate continuation of Thursday's rally in heavy early trading today.

Few blue chips including the leading steels, autos and oils managed more than nominal gains, but there were exceptions. Du Pont, Union Carbide, Texaco, Alcoa and Procter & Gamble were up around a point each. Rails and utilities were steady.

In the general list the leading growth stocks were showing mostly losses with Xerox off 2 1/2, Litton and Beckman at least a point and IBM about unchanged.

BEAUTYREST
the happiness money can buy!

YOUR CHOICE—QUILTED OR TUFTED
... REGULAR OR EXTRA FIRM

UNIQUE BEAUTYREST CONSTRUCTION GIVES UNEQUALLED SUPPORT

ORDINARY MATTRESSES have 200 to 300 wired-together springs. Push one down... and the other nearby springs sag down too. They can't support body hollows... give a "hammock" kind of sleep.

BEAUTYREST has over 800 individual springs... not tied together... each is in separate cloth pockets. Each spring works independently to push up under the back... give firm, firm support to all parts of the body.

BEAUTYREST LASTS LONGER!
Yes, Beautyrest lasts 3 times longer than ordinary mattresses. This fact has been proven time and time again in durability tests conducted by the United States Testing Company.
