Girl Found Safe In Car With Youth

SPokane (UPI) — A savings and loan company executive was shot and killed here Thursday night and his teenage daughter abducted.

The girl was found safe about two hours later in a car with a youth, described by police as a former high school sweetheart, who they said verbally admitted the slaying.

The dead man was W. Gordon Fovle, 48, public relations director for Fidelity Savings and Loan Association here.

He had gone to a radio station to pick up his daughter Nancy, 18, as she finished a shift as night switchboard operator.

Police Inspector Robert Piper said Fovle was standing beside his car when shots were fired by someone crouched behind the vehicle. Bullets struck Fovle in each wrist and he fell face down.

Piper said it appeared that three more shots had then been fired into his body. Five shells from a .45 automatic pistol were found nearby.

Piper said the assailant then dragged Nancy into his car, which had been parked across the street, and sped off. Police Chief Clifford Payne and Sgt. Jim Haynes caught up with the car and found Nancy "shaken up but all right."

Piper said the youth driving the car, Max Earl Markham, 20, Spokane, surrendered peacefully and admitted the shooting.

Markham was either home on leave from the Navy or recently discharged from that service, Piper said.

Piper said Fovle had reported about a year ago that Markham had entered his home and attempted to assault Nancy. At the request of the family, the case was not prosecuted.

2 Men Held In \$1.3 Million Stock Theft

NEW YORK (UPI) — More than \$1,300,000 worth of stolen blue chip stocks were sought by police today. The hot securities will turn into tickets to jail for anyone who tries to cash them in.

Before authorities revealed they knew of the theft from the Wall Street brokerage firm of Bache & Co., two men allegedly tried to peddle some of the stocks and were caught.

The stock certificate numbers were on file today at brokerage houses throughout the U.S. and chances are slim that holders of the stocks could sell them.

The two men in custody—convicted bookmaker Isidore Gorlitsky, 41, and Alan Louis Fisher, 35—had less than \$90,000 worth of the stolen securities.

A spokesman for Bache said that the certificates were negotiable before they were stolen but that as soon as the theft came to light the brokerage firm in effect stopped payment on them much in the manner of a check.

New certificates will replace the stolen ones.

Still missing are 1,800 shares of Du Pont, 2,400 of International Business Machines, 100 American Telephone and Telegraph, 100 General Motors; 500 Xerox, and 500 Polaroid.

The stocks were taken about three weeks ago from Bache & Co. vaults where more than \$200 million in securities are stored.

Police and FBI efforts now are concentrated on finding the "inside men" at Bache. A spokesman for the brokerage firm said it appeared the stocks could not have been removed without the aid of an employee.

Gorlitsky, using the name Edward Adler, tried to cash his \$60,000 worth of shares at Kesselman & Co., another Wall Street brokerage firm, police said.

Fisher was arrested by FBI agents Wednesday in Denver when he tried to cash 300 shares at a brokerage house.

10 Small Fires Reported In Ore.

SALEM (UPI) — The Oregon Forestry Department reported 10 small forest and brush fires in the state Thursday, five of them caused by lightning in Southwest Oregon. All 10 were contained quickly, and the biggest was one acre.

Smokers caused one blaze each in the Coos Bay and Klamath Falls areas, a logging job in Northeast Oregon caused another one, and the 10th blaze was caused by a camper who was careless.

Ailing Winston Churchill Reported Improving Today

LONDON (UPI) — Sir Winston Churchill, a blood clot in his broken left leg and a bronchial infection in his chest, is coughing less and his temperature has returned to normal, a medical bulletin said today.

The apparently encouraging news followed by an hour Lady Churchill's statement to reporters that she found her husband "rather better" this morning.

"Sir Winston Churchill had a comfortable night," the bulletin issued by the Middlesex Hospital said. "His temperature is normal and his coughing less. It is not proposed to issue a further bulletin until Monday if all goes well."

It was signed by Lord Moran, Churchill's regular physician, and the other three attending specialists—Dr. H.J. Seddon, Evan Bedford and P.H. Newman.

A special medical bulletin issued Thursday said Churchill's temperature had risen and disclosed the presence of the bronchial infection.

Today's comment on his coughing was the first official word that Churchill had been bothered by coughing.

Lady Churchill visited him for 35 minutes and told newsmen as she emerged smiling from the hospital.

"I think he is rather better today. He has just had some stitches taken out of his leg."

Churchill, 87, was rushed to the hospital two weeks ago today after a fall in his Monte Carlo Hotel suite at the beginning of a vacation on the French Riviera. Doctors inserted a small pin through the broken bone in his thigh to help hasten the healing process.

The chest condition developed at mid-week, hospital spokesmen said.

Dr. D. Evan Bedford, one of the physicians attending the wartime leader, was quoted by the London Daily Mail as saying: "There is nothing to worry about. I heard just after tea time that Churchill is doing very well."

CRYING tears of happiness as she poses for official photographers is the new Miss U.S.A., Macel Leilan Wilson. Miss Wilson, formerly Miss Hawaii, won over a field of 15 girls from the states in the judging late Thursday at the Miss Universe Pageant at Miami Beach. (UPI Telephoto)

JFK Regrets Ribicoff's Resignation

WASHINGTON (UPI) — President Kennedy today accepted Secretary of Health Education and Welfare Abraham Ribicoff's resignation with "deep regret" but hailed his decision to run for a Senate seat from Connecticut.

At the same time Associate White House press secretary Andrew T. Hatcher said announcement of Ribicoff's successor was "imminent."

In an exchange of letters made public by the White House, Kennedy gave Ribicoff a glowing send off and praised his accomplishments in "blazing of trails in health, education and welfare."

Ribicoff, the first man appointed to the Kennedy cabinet and the first to leave, announced his resignation Thursday night in a state wide television broadcast from Hartford, Conn. He said he had decided to run for the Senate where he would have a vote as well as a voice in government.

Bus, Truck Hit; 2 Killed Outright

BELLEVILLE, Ind. (UPI)—Two persons were killed and nearly 40 were injured today when a Greyhound Scenicruiser on route from St. Louis to New York was ripped open and spilled its human cargo over the country-side after colliding with a big semi-trailer.

Many of the passengers were asleep when the crash occurred on heavily-traveled U.S. 40 near here. Some of them were hurled outside as the right side of the huge bus opened up as if it had been sheared by a giant can opener.

Indiana state police said the accident apparently occurred when the bus tried to pass the truck.

Hawaiian Miss Wins National Beauty Crown

MIAMI BEACH (UPI) — A sun bronzed "child of heaven" from Hawaii carries American standards against 51 foreign beauties tonight in the first round of judging for the Miss Universe title.

Shapely Macel Leilan Wilson, 19-year-old typist-receptionist from Honolulu, won the "Miss U. S. A." crown Thursday night from 15 other semi-finalists.

"I feel great," she told newsmen, choking back tears. She said she had been too nervous to eat dinner before the judging but when she stepped onto the stage, she told herself: "If you're going to be a queen, you've got to walk like a queen."

And she walked off with the title, worth \$6,000 in prizes and a shot at the bigger crown Saturday night, by parading first in a full-skirted white evening gown and then in a pink swim suit that showed off a near-perfect 36-23½-35½ figure.

Her first thoughts after she won, she said, were on her boy friend, Michael Webber, a Navy electrician from Eau Claire, Wis., stationed at Honolulu, and her parents.

Besides Miss Hawaii, they were: Miss Connecticut, Diane Mary Zabicki of Middletown, first runnerup; Miss Tennessee, Gail White of Chattanooga, second runnerup; Miss California, Marilyn Ann Tindall of Hollywood, third runnerup, and Miss Nevada, Janet Hadland of Las Vegas, fourth runnerup.

Sanitary Divorce

LEEDS, England (UPI)—Stanley Willis, 65, obtained a divorce Thursday when he complained to a court his wife periodically sprinkled him with disinfectant because she thought he was unclean.

Scientists Unruffled

Two-Way Telephone Conversation Due Via Telstar Sphere

NEW YORK (UPI) — American Telstar scientists, unruffled by French-British one-upmanship in space, today planned to relay the first "true" transatlantic telephone conversations via the tiny, orbiting sphere.

Eugene McNeely, president of American Telephone and Telegraph Co. (AT&T) is scheduled to chat with Jacques Marette,

French minister of post and telecommunications. A British official also will converse with the Andover, Maine station.

The feasibility of the calls was proved Thursday night when the Britons, still simmering over a French first in sending television to the United States, broke into technical tests on the 24th orbit and made telephone contact with AT&T men at Andover.

Their gallic counterparts drew abreast on the next orbit when they also reached Andover by telephone. American officials cooperated tolerantly in both experiments.

The transatlantic callers said "How do you do?" and "Do you hear me?" to each other, matching in oratorical power the historic first sentence uttered over the telephone, in 1876. At that time Alexander Graham Bell bellowed a command along the wires to an assistant in the next room: "Mr. Watson, come here. I need you."

Technicians said both of Thursday nights unscheduled calls were successful.

The British "first" helped to atone for a French coup of Wednesday night, when a taped program from Paris featuring Yves Montand and chanteuse Michele Arnaud was beamed into American living rooms during the Telstar's 15th orbit.

The enraged Britons struck back with their own show during the 10th orbit.

Thursday night, reports of technical difficulties with the satellite were circulating. AT&T said the trouble was "minor" and concerned "signals from remote microwave stations to the satellite."

Court Approves Record 1962-63 County Budget

Douglas County's record budget for the 1962-63 fiscal year of \$9,013,378.20 was approved today by the County Court during a public hearing at 10 a.m.

The budget which has a new tax base of \$765,823.69, had pretty clear sailing during the hearing in the County Court Auditorium.

Ivan Edwards, Democratic candidate for the post of county commissioner in the upcoming general election, made a request for funds for a juvenile work camp.

He cited the work camp conducted by Lane County last year in making his request.

Judge V. T. Jackson, heading the County Court, said the Court had looked into the matter and as yet was not thoroughly sold on the camp. He said no funds, consequently, had been set aside for the camp in the new budget.

The Court made no further comment on the request.

No other objections to the budget were heard. The budget was then adopted by the Court.

The public hearing was of short duration.

The new budget provides \$3,780,670.20 for the General Fund and \$5,290,708 in the Road Fund. Expected revenue for the General Fund other than taxes is \$3,105,010.20 and for the Road Fund is \$5,290,708.

Little River Road Closed On Weekend

Jack Price, Little River District Ranger today announced closure of Little River Road at the end of the county road at Butte Bridge through Black Creek Road Junction. The distance is seven miles.

It will be closed from 5 a.m. Saturday to 5 p.m. Sunday. The closure is because of completion of the Arcadia dust oiling by the Bay Chemical Co. of Tacoma, Wash. This will complete the oiling from the county road to upper junction of the Lookout Mountain Rd., a 15-mile stretch, reports Mrs. Arthur Selby, Glide, correspondent.

Cost of the oil contract is \$16,000 plus \$6,300 used for preparation of the road.

Ranger Price warned drivers, that although this oiling results in a dust-free smooth surface, the road is still narrow and has many curves.

Joe Owen, Little River district engineer and Gil Magnus, road maintenance foreman, are supervising the project.

State Road Mishaps Claim Three Lives

By United Press International Two men and a woman died in Oregon highway accidents Thursday night and early today.

Martha Elizabeth Clark, 62, Portland, died after a three-car crash this morning between Portland and Milwaukie. Police said she might have suffered a heart attack.

James W. Clouser, 20, of Selma was killed when his motorcycle collided head-on with a car on U.S. Highway 199 three miles north of Cave Junction. State Police said the car, driven by 17-year-old George H. Martin of Cave Junction, had pulled out to pass another auto on the two-lane road.

Clouser was discharged from the Army only recently.

Friday 13th Lucky Day For Two Local Mothers

At least two Douglas County residents will be especially fond of black cats, broken mirrors and other items of bad luck.

Today at Mercy Hospital two little ones made their way into the world, unsuspecting that today is Friday the 13th.

A new member was added to the ranks of the News-Review staff this morning, but it was expected that the time required to make him a full-fledged reporter (or assistant editor) would be of long duration.

The truth of the matter is, the new member is in the form of a bouncing baby boy—at about nine pounds—born to Managing Editor George Castillo and his wife Shirley. He was born at 9:33 a.m. this morning.

As a second thought, maybe Roseburg High School could use a new right tackle.

The second little one is a girl born to Gerald and Elaine Tripp, Roseburg. The girl was born at 10:20 a.m.

Ms. Tripp will have the advantage of most girls in her age group. When it comes to attend dancing school, she can just visit her dad at his dance studio and pick up a few tips.

Hospitals were expecting others before the 13th draws to a close.

Hopes Dim For Ending Dispute On Money Bill

WASHINGTON (UPI) — Hopes were dampened today for ending a five-month House-Senate dispute that has blocked enactment of a single money bill by Congress this year.

The rival appropriations committees of the House and Senate apparently failed to make any headway at a meeting aimed at reaching a truce in their dispute over procedure for handling joint conference sessions.

Other developments: Estes—Chairman John McClellan said testimony before his Senate Investigations Subcommittee demonstrated inadequacy of certain machinery within the Agriculture Department. He said failure of agriculture officials on Oklahoma to notify Texas officials about suspected irregularities in Billie Sol Estes' cotton allotments before they were approved, showed there was "a breakdown in the whole procedure here."

Highways—Rep. William Cramer, R-Fla., accused Democratic colleagues on a House Highways Investigating Subcommittee of concentrating on West Virginia's former Republican administration in an inquiry into the state's road building practices. Acting subcommittee chairman Jim Wright, D-Texas, told Cramer he resented what he said were insinuations as to the integrity of the committee and its investigators. Wright denied any partisanship in the inquiry.

Depressed Areas—Sen. Clair Engle, D-Calif., wrote Commerce Secretary Luther Hodges to protest designation of any section as a depressed area without prior consultation with local officials. Engle noted that in some cases the communities or areas involved do not want "to lie down and be depressed."

Taxes — The Senate Finance Committee was sharply divided today over President Kennedy's

plan to raise taxes on American firms operating overseas. Under the present law American subsidiaries may put off indefinitely all U.S. taxes on foreign earnings, or until they send the money back to the parent firm. The split over the plan was evident Thursday when the committee turned down a motion to set the measure aside.

Medical Care — Sen. Jacob K. Javits, R-N.Y., predicted today that the vote on the Social Security financed medical care bill would be close. Javits, one of five Republicans sponsoring the bill, said the outcome was in such doubt that he refused to make any predictions. The Senate is scheduled to vote on the bill Tuesday.

Youth Held For Burglary At Steamboat

Steamboat Inn on the North Umpqua Highway east of Roseburg was robbed of \$113 this morning, reports Mrs. Arthur Selby, Glide correspondent.

The Inn, owned and operated by Frank Moore, was entered during early hours today and the money taken from the cash register.

The Sheriff's Office, upon notification, sent Deputies Orville Shanafelt and Merle Jensen to investigate. They arrested a suspect after investigating the burglary.

According to Jensen they arrested Albert Princeton Radcliff, 19, South Deer Creek, and booked him in the county jail on a charge of burglary not in a dwelling.

Jensen said Radcliff admitted the act and a previous break-in at the Inn on July 4th when \$77 was taken. The deputy said Radcliff is expected to plead to a district attorney's information today.

Fleet Days Activities Open Tonight With Talent Show

The solemn and impressive blessings of the fishing fleet at Salmon Harbor will take place at 10 a.m. Sunday and will highlight Fleet Days, western Douglas County's big celebration of the year.

Reedsport and Winchester Bay will be the scene of the celebration which will take place this weekend, starting today.

"Coronation Capers," together with the Princesses' talent show and a program by the Umpqua Little Theater will open the festivities tonight.

Saturday at 10 a.m., the open-

ing ceremonies will be highlighted by the crowning of the queen at Reedsport City Park.

Pee Wee baseball starts at the park at 10:45 a.m., and at 12:30 p.m. a clam chowder feed will be served at the Reedsport Community Building by the Reedsport Jay-Cettes.

At 2 p.m. the big parade starts from Reedsport Union High School. This year trophies will be presented to participants judged best in their class in the parade.

Donkey Baseball at the park at 4 p.m., the "World's Largest Bonfire" on the South Umpqua Beach at 8 p.m. and the Firemen's Beachcombers' Ball (come as you are) at the community building will round out Saturday's program.

Huge Bonfire The bonfire, a half-mile long, will be built by the Reedsport Jay-Cettes. Old-fashioned singing, music for dancing and a wiener roast insures fun for all ages.

A Good Flea Breakfast, served from 6 to 10 a.m. at Highland School in Reedsport, will be a prelude to the blessing of the fleet.

At 11, a small fry fishing derby will take place at Salmon Harbor at Winchester Bay. At noon, the famous salmon dinner put on by the Lions Club will be served at Salmon Harbor Basin Park.

The Fleet Days swim meet winds up festivities at 2 p.m. Sunday.

Special events include a rock and roll dance tonight in Reedsport, a skin divers show at Lake Marie Saturday and a fly-in or drive-in breakfast at Lakeside Airport Sunday.

The Weather

AIRPORT RECORDS

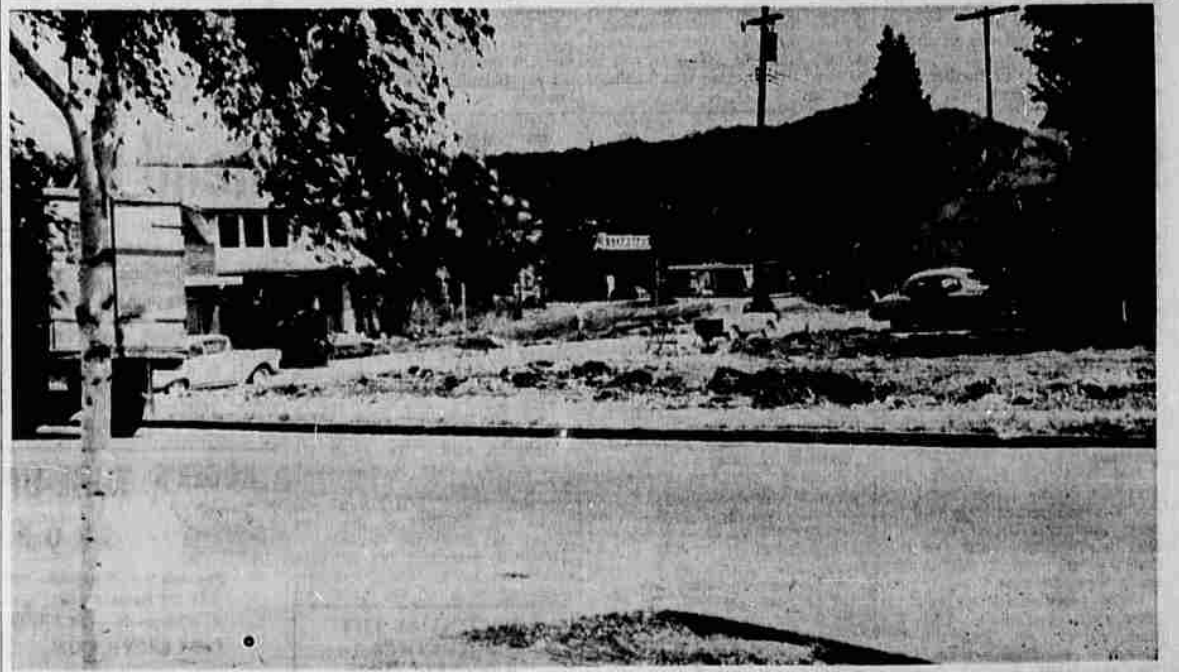

Partly cloudy this afternoon with a low light showers in the vicinity, mostly near the mountains. Fair tonight and Saturday, warmer Sunday.

Highest temp. last 24 hours — 80
Lowest temp. last 24 hours — 51
Highest temp. any July (61) — 106
Lowest temp. any July (33) — 40

Precip. last 24 hours — 0
Precip. from July 1 — 0
Precip. from Sept. 1 — 32.47
Excess from Sept. 1 — 2.39

Sunset tonight, 7:53 p.m.
Sunrise tomorrow, 4:46 a.m.

LOGGER'S FIRE WEATHER
High temperatures today will be 70 to 75 degrees, with a 3 to 5 degree rise expected Sunday. Humidities will range from 35 to 40 per cent with northwesterly winds 8 to 12 m.p.h. Fire danger is moderate.

HOUSES, TREES and earth get the treatment as a path is cleared through the middle of the block on Harvard Ave. Nearly all obstacles have been cleared out of the way on the state project to make an approach to the west end of the Washington Ave. bridge. The city will build the east approach. This straight cut eliminates two corners. The right-of-way is now being leveled and prepared for surfacing and sidewalks. (News-Review Photo)
