

O'Toole Tosses One-Hitter To Lead Reds To 3-0 Win

By MILTON RICHMAN
UPI Sports Writer

Jim O'Toole shrugged off his near miss of the first perfect game in modern National League history with the quip that coming close only counts in pitching horseshoes.

Even so, the 25-year-old Cincinnati southpaw said he was "perfectly happy" to settle for his one-hit 3-0 victory over the Pittsburgh Pirates Monday night.

O'Toole pitched perfect ball for 7 1/3 innings before Bob Skinner lined a double to right-center field to break the spell. The only other Pirate to reach base was Bill Virdon, who walked with two out in the ninth.

After O'Toole got past the first six innings, the partisan crowd of 11,168 at Crosley Field cheered every strike he threw.

"I felt I could pitch forever with the fans behind me like that," O'Toole laughed later.

They cheered even more as he struck out Dick Stuart to lead off the eighth, only to groan in dismay as Skinner broke it up after the count on him had gone to two balls and one strike.

Pattern Was Changed

With a 1-and-1 count on Skinner, O'Toole came in with a pitch he thought was a strike; plate umpire Ed Sudol called it a ball, however.

"That changed my pattern on Skinner," O'Toole said. "It was a close pitch and I thought I had it. But when it was called a ball,

Dodgers Lose Services Of Sandy Koufax

LOS ANGELES (UPI) — The Los Angeles Dodger pennant drive was dealt bad news Monday night by the club physician who confirmed that star southpaw Sandy Koufax would be lost for at least three and possibly six weeks because of a hand injury.

However, a club spokesman said Koufax would not be put on the 30-day disabled list on the possibility he might recover sooner than had been anticipated.

Dr. Robert Woods, the club physician, said an examination of Koufax indicated the hurler's left index finger was responding to treatment. He said an injury cut off the normal flow of blood to the finger.

In his last appearance, Koufax was forced to leave after only one inning because of the injury. He had a 14-5 record and had struck out more than 200 batters. Sandy appeared to be heading for his best season. Last year he posted an 18-13 mark and led the league with 269 strikeouts.

Local Pup Triumphs In Greyhound Race

Whitson's Ace, owned by the Whitson Bros. Kennels of Winston, was one of three Oregon bred dogs to cash in at the Multnomah Kennel Club's 26th annual Sapping Derby Saturday at Fairview.

The local greyhound surprised most of the fans by finishing in front of Pert One for the winner's share of the \$4,000 Derby purse. Pert One broke into an early lead, but was unable to hold off against Whitson's Ace in the final stretch.

Madam Sherri, another Whitson pup, did not live up to her favored rating. Madam Sherri finished eighth as she ran into trouble during the race.

Belgian Horse Entered

WESTBURY, N.Y. (UPI) — Mon Poulot, rated the top trotter in Belgium's history, has become the fourth entrant for the Roosevelt International trot at Roosevelt Raceway Aug. 18. The 6-year-old stallion joins Su Mac Lad of the United States, Eidelstedter of Germany and Nicolas Granchamp of France.

Glide Pee Wees Split At Winston

The Winston and Glide 12-and-under Pee Wees battled to a split in a recent doubleheader played at Winston.

Winston No. 1 dropped the invaders 8-6 in the opening tilt, but Glide came back to bomb Winston No. 2 15-4 in the second game.

Winston was paced by Buddy Walker and Dan Smirl in the first game. Walker eluded a four-bagger and Smirl hit a triple to account for four runs. In addition Smirl pitched the win and Walker was behind the plate. Batteries for Glide were Anderson and Huseby.

In the second game Jimmy Bonnell deftly limited the Winston hitters as Glide posted an easy victory. Huseby completed Glide's battery.

The next league game for Winston No. 1 will be against the KPIC-TV team. KPIC has recorded 16 consecutive wins.

State Gridders Pointing Towards Victory

JUBILANT DEPARTURE — The Lockwood Motors Legion team of Roseburg took off Monday morning to invade Klamath Falls' Gem Stadium in the second game of the best-of-three Area IV playoff series with the Falcons. The local crew was all smiles after Sunday's 2-0 victory, and fans are hoping they will return to Roseburg with the smiles back on their faces. The Falcons dealt the Roseburg crew a surprising 9-8 setback Monday night to even the series at one game each. The deciding game of the series will be played tonight at Gem Stadium. (Bob Leber Photo).

Tues., July 24, 1962 — The News-Review, Roseburg, Ore., 9

PORTLAND — Two powerful football teams, made up of senior stars selected from last year's ultra-plush Oregon prep ranks, will apply a torch to the 1962 football fire Saturday, Aug. 11, in Multnomah Stadium when Metro and State elevens come to grips in the 15th annual Shriners' Hospital all-star game.

The rival squads, each composed of 27 stars, launch drills for the big game under the arcs when they greet their respective coaching staffs July 29 and begin all-out work to put them on razor-sharp edge for a contest which has long been a highlight of grid action at the stadium.

Thompson Coaches Staters

State's head coach, Roseburg's Roy Thompson, and his two aides, North Salem's Spike Hillstrom and Tillamook's Doug Hogland, are hopeful they can put together an aggregation which will break a long Metro win skein, interrupted by last year's 19-19 standoff.

Duke Moore, the astute leader of Beaverton High School grid fortunes, will lead the Metro eleven and his assistants will be Jefferson's Tom DeSylvia and John Allen of Jesuit High School.

State, except for its tie last year, hasn't tasted the sweets of victory since 1956. On that occasion the Staters came up with a hairline triumph, 7 to 6.

Metro all-stars will live and drill at Lewis and Clark College. State players will be quartered at a downtown hotel and will go through pre-game paces on the fine Woodrow Wilson High School field.

Undoubtedly, State will mould its running game around the churning legs of Mike Flury, a 200-pound fullback who riddled Beaverton defenses last fall as Roseburg swept to a Class A-1 grid crown in the stadium.

On the Metro squad are several former Beaverton stars who are eager for a second whack at Flury. Ex-Beaverton stars on the Metro squad include Rudy Dietrichs, a rugged guard; Jim Moore, a fine tackle; Brian Sinnerud, a stocky halfback, and Ronnie Voliclar, center.

The four Beaverton stars—along with Moore who suffered as Flury pounded his Beavers into submission in last year's prep titular clash—will have a powerful supporting cast as Metro hopes to continue its recent mastery in the Shrine encounter.

Teamates of Flury off the state champion Roseburg team will include Ray Palm, Kenny King and Bob Roark. Palm earned a berth on the prep All-American 11 last fall as the result of his outstanding work, and is a two-time all-stater. King and Roark sparked Roseburg defensive game.

Jesuit's Tim Casey, a block busting fullback, will be called on to offer rebuttal to the State slammer in charges up the middle. The Casey-Flury duel, alone, will be something to see.

State promises a rough, hard charging line led by North Salem's 225-pound Wayne Looney and Gary Schmidt, a 195-pound defensive stalwart who starred at Grants Pass.

World champion racing driver Phil Hill has been racing in competition for more than 15 years. Hill uses Super Shell gasoline.

Phil Hill with his 1931 Pierce Arrow Town Cabriolet. Shell products help him keep this classic automobile in "mint" condition.

World Champion Phil Hill talks about the gasoline he uses—reports that Super Shell, with 9 ingredients, gives him top performance on and off the track.

CALIFORNIA'S Phil Hill is the first American to win the World Championship for Drivers. Now battling for the 1962 title, Hill uses Super Shell in the Ferrari racers he drives. Here are his own words:

"I use Super Shell. Actually, I look for the same qualities in a gasoline that most drivers look for. Good anti-knock qualities, for example. Fast starts. And power when I need it. It's simply a matter of all-round performance. And Super Shell gives me that."

"I look for good anti-knock qualities"

Hill knows that Super Shell's nine-ingredient blend includes no fewer than three anti-knock ingredients:

Super Shell ingredient number one is anti-knock mix. This Super Shell ingredient guards against common, everyday knock.

Super Shell ingredient number two is Alkylate, known for fighting hot-engine knock at high speeds better than anything else yet available.

Super Shell ingredient number three is famous TCP* additive. TCP fights a kind of knock called "wild ping." It "fireproofs" the deposits that could cause this trouble.

"I look for fast starts"

A slow, hesitant start after a pit stop could make the difference between winning and

losing a race for Phil Hill. Quick starts are important to you, too. Here's how one of Super Shell's ingredients helps your engine start promptly:

Super Shell ingredient number four is Butane, for quick starts. Butane is so eager to get going it can boil and turn to vapor even on ice. This means quick starts throughout the year—even when the weather is very cold.

"...and power when I need it"

In a race, Phil Hill needs power above all else. You probably rate power pretty highly, too. And today's Super Shell helps your engine deliver the power you want.

Super Shell ingredient number five is "cat-cracked" gasoline. Super Shell's potent power ingredient. You'll feel "cat-cracked" gasoline at work every time you put your foot down hard on the accelerator.

Ingredients your car needs

Those are five of Super Shell's nine ingredients—the five that are most important to Phil Hill in racing. Off the track, his car needs all nine ingredients. Yours does, too.

Here are the other ingredients and what they do to give your car top performance: Super Shell ingredient number six is Platformate, Super Shell's extra-mileage ingredient. Alone, it can release about 8 percent

more energy than the finest 100-octane aviation fuel.

Super Shell ingredient number seven is gum preventive. It helps keep carburetors clean inside, helps cut the chances of costly repair bills.

Super Shell ingredient number eight is Pentane mix. Pentane mix works for smooth "warm-ups."

Super Shell ingredient number nine is anti-icer (added when the weather calls for it), to help your carburetor ward off ice that could make your engine stall.

Now you know what all nine Super Shell ingredients do for top performance.

Next time you need gasoline, remember what Phil Hill says: "I use Super Shell. It's a matter of all-round performance."

*Trademark for Shell's unique gasoline additive, Shellvite containing TCP is covered by U.S. Patent 2889212.
