

Vets' Insurance Plan Approved

World War I veterans 65 or older holding Veterans Administration USGLI term insurance policies may now convert to a lower-cost form of insurance as the result of a bill signed into law by President Kennedy.

R. J. Novotny, manager of the Portland VA Regional Office, said the new plan of insurance, called "Special Endowment at Age 65," primarily provides death protection only. The premium, which remains level throughout the life of the policy, is lower than the premium for the term policy which is being exchanged.

Change Needed

Novotny warned that not all holders of USGLI term policies should make the change. Certain disabled veterans should keep their original term policies which provide a monthly income in the event of total permanent disability while at the same time waiving the insurance premium.

At time of exchange a provision for premium waiver in case of total permanent disability may be added to the new policy at an extra premium.

It will not be necessary for World War I term policyholders to write or telephone the Veterans Administration regarding the new plan of insurance. The VA will notify all eligible policyholders and will send them full information concerning conversion of present policies, Novotny said.
