HAYTER — To Mr. and Mrs. Michael Hayter, Myrtle Creek, April 25, a son, Marty Carl; weight 7 pounds 6 ounces.

Mother Gets Jail For Welfare Fraud

PORTLAND (UPI)—A mother of eight children was sent to prison for welfare fraud this week. Circuit Judge Virgil Langtry sentenced Mrs. Dorothy June Becker, 40, to a maximum term of three years. The judge said he hoped the punishment would serve as "an example to her children. The state claimed the woman drew welfare funds while also drawing unemployment compensation, working at various jobs and receiving a \$2,400 settlement from an automobile accident. She was found guilty by a jury in February.

Now You Know

By United Press International
A chemical called mercaptan probably has the strongest odor known to man and can be detected when only 1.23,000,000th of a milligram is present in a quart of water, according to the Popular Medical Encyclopedia.

House Rejects Move To Bar School Funds

WASHINGTON (UPI)—The House Tuesday rejected a move to bar payment of federal funds to schools still segregated on the basis of race. The action came on a 79-25 non-record vote and after debate of only 10 minutes. Rep. William Pitts Ryan, D-N.Y., proposed the ban as an amendment to a \$3.5 billion appropriation bill for the Labor Department and the Health, Education and Welfare Department. Ryan's amendment would have applied to a sum of about \$128 million carried in the bill to finance continued federal contributions to construction and operation of schools in which are enrolled children of military personnel who live on military bases.

'63 Legislative Session May Set Length Record

SALEM (UPI)—Senate President Ben Musa has hinted this could become the longest legislative session in state history. He cited revenue program and constitutional revision as likely stumbling blocks to early adjournment. Today was the 107th day of the current session. The record, set in 1957, was 128 days. The 1961 session lasted 122 days.

New Constitution Leaves Legislative Branch Just About In Its Present Form

By ANN H. PEARSON
United Press International

SALEM (UPI)—The proposed constitution's treatment of the legislative branch is, in effect a vote of confidence in the system that has evolved over the past century. Unlike its treatment of the executive branch, where it looks to the new, the document ratifies the legislative branch pretty much as it is. The new constitution does, however, rely more on the legislature to implement its provisions than the present one. The Constitutional Revision Commission proposed two main changes in the legislative branch: Annual sessions instead of one every two years, and an apportionment plan to bring representation in the legislature even closer to "one man, one vote."

gon's present apportionment plan, still considered the nearest to "one man, one vote" in the nation.

If the document gets the two-thirds vote it needs to pass the House, the apportionment difference with the Senate will have to be ironed out. The Senate committee has chosen a plan not too far from the present one, but allowing a slightly larger House and Senate. On the legislature in general, the commission said it should be "effective, responsible, visible."

Like the rest of the new constitution, language in the legislative article is simplified and some procedural details are transferred into the laws.

While the proposed constitution does not make many changes in the legislative branch, it does look to the legislature with new emphasis in another way.

The new document basically does four things: Makes substantive changes, sheds the obsolete, retains the time-tested, and shifts many procedural details to the statutes.

Thus it will be up to the legislature to implement the new constitution. The document provides a framework. Within that, it gives the legislature the flexibility to react to changing times.

LEGAL

National Forest Timber For Sale

Loafer Creek Sale
Oral auction bids will be received by the Forest Supervisor, or his authorized representative at the office of the Forest Supervisor, Federal Office Building, Roseburg, Oregon, beginning at 2:00 P.M., June 3, 1963, for all merchantable timber marked or designated for cutting on an area embracing 166 acres, more or less, within sections 12, 13, and 14, T. 26 S., R. 4 E., sections 5, 6, 7, 8, 9, 23 and 24, T. 25 S., R. 5 E., W.M. 5, surveyed, in the Umpqua National Forest, Oregon. The estimated volumes are: 5,650 M board feet of Douglas-fir, 250 M board feet of western white pine, 800 M board feet of western hemlock and other species. The minimum acceptable bid per M board feet is as follows: Douglas-fir \$20.95, western white pine \$28.55, western hemlock and other species \$6.45. This includes the following rates, per M board feet for stumpage including deposit for sale area betterment: \$3.00 base rate plus an additional \$17.25 for Douglas-fir, \$3.00 base rate plus an additional \$24.85 for western white pine, \$2.00 base rate plus an additional \$3.75 for western hemlock and other species and \$0.70 for slash disposal for all species. The stumpage rates payable for each species will be increased by the amortization rate in effect for that species when the unamortized estimated cost of the main haul roads has been amortized by timber sealed. The unamortized estimated cost is \$38,352.00. Amortization rates are: Douglas-fir \$7.16 per M board feet, western white pine \$7.16 per M board feet, and western hemlock and other species \$7.16 per M board feet. Amortization of estimated main haul road costs is computed on 80 percent of the estimated timber volume. The prices bid for stumpage shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the monthly Douglas-fir region indices, as calculated by the Forest Service of the Western Pine Association Lumber Price Index for the three previous months, and the following base indices: Douglas-fir 108.69(D), western white pine 104.28, western hemlock and other species 91.68(A). Such adjustments in the price for stumpage shall be applicable to timber sealed during the three-month period following the quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. When the adjusted rates by species are lower than the base rates, the difference between the total dollar value of the timber cut at adjusted rates and at base rates will be recorded for each species. The stumpage rate for a species will not be increased above the base rate until the subsequent adjusted rates above the base rate will develop an accumulated total dollar value for the species in excess of the recorded accumulated difference for all species. Sealed bids will be publicly opened and posted, at the office of the Forest Supervisor, at 2:00 P.M., on June 3, 1963. All those who submitted a satisfactory sealed bid will be permitted immediately to continue auction bidding. A money order, bank draft, cashier's or certified check in the sum of \$5,000.00 must accompany each bid, to be applied to the purchase price, refunded, or retained for application to any claim for damages, according to the conditions of sale. If requested by the purchaser, contract terms will permit felling of timber in advance of payment up to the value of the performance bond. If an oral bid is declared to be high at the closing of the auction, the bidder must immediately confirm the oral bid by submitting it in writing on a Forest Service bid form. The right to reject any and all bids is reserved. Forest Service bid forms for use in submitting sealed bids and full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger, Toketee Ranger Station, Toketee Star Route, Idleyld Park, Oregon, or the Forest Supervisor, Roseburg, Oregon, before bids are submitted.

National Forest Timber For Sale

Warhead Salvage Sale
Oral auction bids will be received by the Forest Supervisor, or his authorized representative at the office of the Forest Supervisor, Federal Office Building, Roseburg, Oregon, beginning at 2:00 P.M., June 3, 1963, for all merchantable timber marked or designated for cutting on an area embracing 140 acres, more or less, within sections 8, 9, 14, 15, 16, 22 and 23, T. 25 S., R. 2 E., W.M. 5, surveyed, in the Umpqua National Forest, Oregon. The estimated volumes are: 1,450 M board feet of Douglas-fir and pine, 150 M board feet of western hemlock and other species. The minimum acceptable bid per M board feet is as follows: Douglas-fir and pine \$17.90, western hemlock and other species \$6.45. This includes the following rates, per M board feet for stumpage including deposit for sale area betterment: \$3.00 base rate plus an additional \$13.95 for Douglas-fir and pine, \$2.00 base rate plus an additional \$3.50 for western hemlock and other species and \$0.85 for slash disposal for all species. The stumpage rates payable for each species will be increased by the amortization rate in effect for that species when the unamortized estimated cost of the main haul roads has been amortized by timber sealed. The unamortized estimated cost is \$1,317.00. Amortization rates are: Douglas-fir and pine \$1.13 per M board feet. Amortization of estimated main haul road costs is computed on 80 percent of the estimated Douglas-fir and pine timber volume. The prices bid for stumpage shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the monthly Douglas-fir region indices, as calculated by the Forest Service of the three previous months, and the following base indices: Douglas-fir and pine 120.03(F), western hemlock and other species 91.68(A). Such adjustments in the price for stumpage shall be applicable to timber sealed during the three-month period following the quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. NOTICE TO MINING CLAIMANTS

Published pursuant to section 5 of the Act of July 23, 1955 (69 Stat. 367). To whomsoever it may concern: PROCEEDING NO. BLM 63-3 (Oregon 013246). Notice is hereby given in pursuance of a proper Request for Publication heretofore filed in accordance with section 5 of the Act of July 23, 1955 (69 Stat. 367), and the regulations thereunder (43 CFR 185.123-185.127): 1. That on March 20, 1963, the State Director, Bureau of Land Management, whose address is 710 N. E. Holladay, Portland 12, Oregon, filed in the Land Office of the Bureau of Land Management, Department of the Interior, at 710 N. E. Holladay, Portland 12, Oregon, a request for publication of notice to all mineral locators or any person claiming under them involving a mining claim or claims located on all lands belonging to the United States and under the jurisdiction of the Bureau of Land Management in the County of Douglas, State of Oregon described as follows, to wit: Willamette Meridian, Oregon T. 31 S., R. 3 W: secs. 1, 3, 5, 6, 7, 9, 10, 11, 12, 13, 15, 17, 19, 20, 21, 23, 25, 26, 27, 28, 29, 31. T. 30 S., R. 4 W: secs. 1, 2, 3, 4, 5, 11, 13, 14, 15, 17, 21, 23, 25, 27, 28, 29, 31, 32, 33, 34, 35. T. 31 S., R. 4 W: secs. 1, 2, 3, 4, 5, 6, 7, 9, 11, 12, 13, 15, 17, 18, 19. T. 29 S., R. 5 W: secs. 2, 3, 4, 9, 10, 11, 15, 21, 25, 29, 31, 35. T. 29 S., R. 6 W: secs. 5, 7, 9, 15, 17, 19, 21, 22, 23, 25, 27, 28, 29, 31, 33, 35. 2. That if any person claiming or asserting under, or by virtue of any unpatented mining claim located prior to July 23, 1955, any right, title, or interest in the vegetative surface resources and other surface resources, under such mining claim, contrary to or in conflict with the limitations or restrictions specified in section 4 of said act, as to the above-described lands or any part thereof, shall fail to file in the Land Office of the Bureau of Land Management at 710 N. E. Holladay, Portland 12, Oregon, and within 150 days from the below-stated date of first publication of this Notice, a verified statement which shall set forth as to such mining claims: (1) The date of location; (2) The book and page of recordation of the notice or certificate of location; (3) The section or sections of the public land surveys which embrace such mining claims; or if such lands are unsurveyed either the section or sections which would probably embrace such mining claim when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument; (4) Whether such claimant is a locator or purchaser under such location; and (5) The name and address of such claimant and names and addresses so far as known to the claimant of any other person or persons claiming any interest or interest in or under such unpatented mining claim; such failure shall be conclusively deemed (i) to constitute a waiver and relinquishment by such mining claimant of any right, title, or interest under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of the Act of July 23, 1955 (69 Stat. 367), as to unpatented claims located after that date, and (ii) to constitute a consent by such mining claimant that such unpatented mining claim shall be subject to said limitations and restrictions, and (iii) to preclude thereafter, prior to issuance of patent, any assertion by such mining claimant of any right or title to or interest in or under such mining claim contrary to or in conflict with said limitations or restrictions. Section 4 provides, generally, that unpatented mining claims located after July 23, 1955 shall not be used for purposes other than prospecting, mining, or processing operations, or uses reasonably incident thereto; that such claims will be subject to the right of the United States to manage and dispose of the vegetative surface resources thereof and to manage other surface resources thereof; and that, except to the extent required for mining operations and uses reasonably incident thereto or to provide clearance for such operations or uses, claimants of such claims shall not use or dispose of vegetative or other surface resources thereof; and that, except for clearance for such purposes, any permitted severance or removal of timber must be in accordance with sound principles of forest management. Said section 4 also provides that any use of the surface of any such mining claim by the United States, its permittees or licensees, shall be such as not to endanger or materially interfere with the prospecting, mining, processing or reasonably incident uses by the mining claimant. The date of first publication of this Notice shall be April 10, 1963. Dated: March 28, 1963 M. M. GORECKI Chief, Minerals Section Bureau of Land Management Department of Interior Portland, Oregon

Raised Budget Up For Vote In Winston

Residents within Winston School District 116 are reminded to turn out on Monday, May 6, to cast their ballots for a budget sum of \$468,489.51 outside the constitutional 6 per cent limitation. This figure amounts to an increase of \$56,997.84 over the 1962-63 limitation, correspondent Phebe McGuire reports.

Many Items Included

Reasons for the increase are: hiring of additional teachers; salary increases and predicted enrollment increase in addition to the cost of text books; additional bus for transportation in the Looking-glass and Tennille areas; building repair, social security and retirement increases; and capital outlay increase. The latter includes the cost of furniture for four new classrooms to be built at Douglas High School this summer.

Voters will also find a separate ballot on May 6 on a special tax levy in the amount of \$15,000 for the construction of a sewer pipe line between Douglas High School and the City of Winston.

This is due to failure of the present septic tank and drainage field to function properly. The Oregon State Board of Health has given the school district until next fall to correct the situation. State Board of Health engineers have recommended the sewer hookup as the most satisfactory and economical means of correction.

Also on the ballot will be the name of Louis Lorenz, who is running for election to the school board to fill the vacancy to be created by the termination of the term of the present chairman, Everett Johnson.

Canyonville Residents Attend Film Showing

Canyonville Volunteer Firemen presented two Ford Mptor Co. films for the entertainment of the community Thursday evening at the Lions Community building, correspondent Mrs. R. E. Proctor reports. Mrs. Norman Hanson projected the films. A regular business meeting for members of the Volunteer Firemen followed.

Guests at the Jim Pritchett's this past week were former Canyonvillagers Mr. and Mrs. Tom Mason and children, Susan and Tommy. Mason also visited at Days Creek where he taught when the family lived here. He is now teaching at Whittier, Calif.

Mrs. Huse McKinney of Medford is visiting her son and family, the Bill McKinneys especially to meet her newest grandson, Terrence Huse McKinney, born Easter Sunday morning and weighing eight pounds, four ounces.

Forest Glen nurses held their regular staff meeting Wednesday afternoon in the nurse's lounge with Mrs. Silas Fox presiding.

New Bill Gives State More Offshore Lands

SALEM (UPI)—A bill that would give Oregon 200,000 more acres of leaseable offshore lands passed the House Tuesday and was sent to the Senate.

Lands within three miles of the shore line belong to the state. The bill redraws the three-mile limit to conform with federal mapping. The federal government has decided that 72 rocks jutting out of the water off the coast constitute part of the shoreline. The effect of the bill would be to move the three-mile line out farther than it is now.

APPROVE NOMINATIONS

WASHINGTON (UPI)—The Senate Foreign Relations Committee Tuesday approved the nomination of Chester A. Bowles to be ambassador to India. It now goes to the Senate.

The committee also approved after brief hearings the nominations of E. Allan Lightner Jr., a career diplomat, to be ambassador to Libya, and retired Adm. Jerauld Wright to be ambassador to Nationalist China.

Cal/Ore Electrical League dealers offer a generous saving of \$30 on indoor weather control for the hot, humid summer months. A \$30 allowance off the regular retail price on refrigerated type home air conditioning units installed this SPRING, before hot weather comes and the rush starts. This Early Bird Bonus Award is the dealers way, in effect, of PAYING YOU to stay comfortable!

Simply keeping cool is only a part of the story for the modern air conditioner. Now, decorator designed units provide not only cool air but filtered, dehumidified fresh air circulated throughout the home to insure your hot weather living comfort and health. All weather usefulness and convenience too... the fan-only settings provide instant circulation of fresh air to remove cooking and household odors at any time of year. Don't wait till the temperature soars to 90 stifling degrees... take advantage of the Cal/Ore Electrical League Early Bird Buyers Award... \$30 on units of 7,000 BTU capacity or more... offer good during spring only, subject to cancellation without notice... so act now!

Offer available to all customers served by the COPCO Division Pacific Power & Light Co., Douglas Electric Cooperative, and the City of Ashland Municipal Power System.

See your favorite Cal/Ore Electrical League participating dealer for details.
