

Bob Intensifies Effort To Get Goods On Hoffa

CHICAGO (UPI) — Atty. Gen. Robert F. Kennedy has intensified his efforts to get a conviction of Teamsters president James R. Hoffa.

A federal grand jury in Chicago indicted Hoffa and seven other persons Tuesday on charges alleging they fraudulently obtained \$20 million in loans from a Teamster pension fund and used more than \$1 million of it for themselves.

It was the seventh time since Kennedy and Hoffa first tangled

while Kennedy was chief counsel for the Senate Rackets Committee that Hoffa has had court actions filed against him.

The action Tuesday came after two years of investigation by the Federal Bureau of Investigation and the Justice Department. It came in the form of a 28-count, 55-page indictment.

Cases Combined

As the indictment was handed down, a 16-count mail and wire fraud indictment against Hoffa was dismissed on motion of Kennedy's department in Tampa, Fla.

U.S. Dist. Judge Joseph P. Lieb dismissed the indictment involving Hoffa's connections with a Florida real estate firm, Sun Valley Inc., so the case could be coupled with the Chicago prosecution.

The Chicago indictment accused Hoffa of deceiving fellow trustees of the Central States, Southeast and Southwest Areas Pension Fund, headquartered in Chicago, to obtain loans for favored companies in six states. Most of the companies are in the Miami, Fla., area.

The indictment cited loans for financing of companies for construction of hotels, motels, shopping centers and other projects in Florida, Louisiana, Alabama, Missouri, New Jersey and California.

Says Money Diverted

Pension fund trustees once were told, the grand jury said, that \$2 million in loan funds was used to build a North Miami hospital whereas a "substantial portion" of the money was diverted to other uses.

POLITE ABOUT IT

Three Bandits Take \$50,000 In Jewels

MIAMI BEACH (UPI) — Three police gunmen robbed hotel owner Jack Lieberbaum and his wife of \$50,000 in jewels early today and escaped down the Intracoastal Waterway in a boat, calling out "good night" as they sped away.

The men surprised the couple when they returned home about 1 a.m. after an evening out. Police said the bandits entered the house through sliding glass doors facing the waterway.

When Lieberbaum told them his wife had an allergy, they taped her mouth very lightly so she could breathe. "Me they taped up good and tight," he said.

Lieberbaum said the men apparently had trouble starting their boat, as it took them considerable time. When they finally got it started, they yelled "good night" and headed down the waterway.

Lieberbaum is an owner of the Dunes Hotel on Miami Beach and the Sun Spa Hotel in Hollywood, Fla. He has had interests in other Miami Beach hotels and was one of the owners and builders of the \$6,000,000 Capri Hotel in Havana, Cuba, which was seized by the Fidel Castro government.

A 19-foot combination inboard outboard motorboat, apparently stolen, was found aground at Pelican Harbor more than a mile from the Lieberbaum home shortly after the holdup. Police said it may have been the one used by the robbers.

Included in the jewelry taken was a \$25,000 diamond ring which Mrs. Lieberbaum had in a draw-up. Police said it was "about 15 karats." The bandits also took \$150 in cash from Lieberbaum.

The thieves apparently knew about the valuable ring. Lieberbaum said they asked his wife to show her hands and when they saw she was wearing only a gold wedding band, demanded: "Where's the diamond?"

Lieberbaum remarked on the "politeness" of the bandits throughout the robbery. "They were very polite," he said, "but it makes you panicky when they walk into your house and there are three bandits with guns. We jumped out of our skins."

He said he and his wife were dressed up with heavy cord. The men asked if either of them had any allergies or physical defects that made it hard for them to breathe.

The Stan Kramien Circus will appear on the parking lot of the Drive-In Save Market Friday and Saturday, free to the public.

This will be a part of the market's third anniversary observance, according to Manager Herb Tomlin.

Performances will be at 4 and 7 p.m. both days, and there will be an animal menagerie to view in between. The circus and menagerie both will be under tents. The circus appeared one day here last year.

A full array of acts is scheduled, featuring Capt. Don McCormack and his black-necked Nubian lions and the Kennelheads of 1963.

Another big attraction is Baby Toto, said to be the world's smallest performing elephant. Stan Kramien, himself, Liberty Pony Drill and other acts are said to make this a "banner year" for the circus.

Motion for a new trial has been filed in the case of Douglas Creditors Association vs. J. E. and Loyce R. Jackson by the defendants, who allege the court erred in granting the plaintiff's motion for a directed verdict.

The trial before Judge Charles S. Woodrich opened May 24 at 10 a.m. and was concluded the same day at 2:25 p.m. when the judge granted the plaintiff's motion and the jury was discharged.

The plaintiff had sued for \$1,000 plus attorney fees allegedly due on a promissory note as a real estate sale commission. The sale allegedly was handled by the client, a Lodi, Calif., real estate firm, for the defendants.

Request for a new trial was asked by the defendants on the grounds as claimed that the court erred in overruling the defendants' objections to questions put to the defendants concerning an amount received by them in settlement of the accord and satisfaction of the note. They also allege the court erred in granting the plaintiff's motion for a directed verdict.

Funeral services for John Cecil Channer, 71, former resident of Elkton, were held recently in Eugene, Channer died last week in Eugene after he had moved last year after residing in the Elkton area for the past 40 years.

He was born April 2, 1892, in Garner, Iowa.

He is survived by his wife, Lena; one son, Cecil, of the U. S. Navy and stationed at Jacksonville, Fla.; three daughters, Margaret Sharp of Eugene, Ethel Day of Creswell and Esther Epperly of Springfield; two brothers, the Rev. Edwin Channer of Portland and the Rev. Oran Channer of Springfield; two sisters, Ruby Crowther of New Plymouth, Idaho and Ruth Douglas of Weiser, Idaho; and nine grandchildren.

The Rev. Don Peterson officiated at the services and at the graveside services held in Westlawn Cemetery.

Application of dry calcium chloride as a dust retardant was commenced Tuesday morning by crews of the South Umpqua Ranger District on the main South Umpqua Road upriver from Tiller, according to Ranger Hillard M. Lillgren.

The road has been graded and shaped up in preparation for treatment. The chemical will be applied from a 10-foot fertilizer spreader attached to a Forest Service truck. The vehicle will travel at about four miles per hour, with the chemical fed constantly into the spreader from two chutes. The process results in the application of 1 1/2 pounds of chemical per square yard of road, according to Robert D. Clauson, assistant ranger.

Driver Caution Requested

Clauson said some brief delays may be encountered by traffic in the immediate area being treated and motorists are asked to observe caution. In order to permit proper chemical action, it is desirable that the newly treated road be subjected to a minimum of disturbance for an eight-hour period, he added. Therefore, motorists are asked to restrict their speeds to 25 miles per hour to minimize loss of the chemical flakes which would be thrown from traffic lanes by higher speeds.

Tests will start at 8:30 a.m. Applicants, however, are asked to appear at least 20 minutes early. They may bring with them a completed Peace Corps questionnaire available at local post offices.

Robert Tanhope, Mrs. Clarence Kempke, Lynne Jacobson, Lori Jacobson, Curtis Bridges, all of Roseburg; Mrs. Charles Hafer, Dillard; Mrs. Melvin Bailey, Mrs. William Milner, both of Myrtle Creek; Patricia Trento, Wilbur.

Applicants will not be permitted to take the new test if they took the former one.

U.S. Dist. Judge Joseph P. Lieb dismissed the indictment involving Hoffa's connections with a Florida real estate firm, Sun Valley Inc., so the case could be coupled with the Chicago prosecution.

The Chicago indictment accused Hoffa of deceiving fellow trustees of the Central States, Southeast and Southwest Areas Pension Fund, headquartered in Chicago, to obtain loans for favored companies in six states. Most of the companies are in the Miami, Fla., area.

The indictment cited loans for financing of companies for construction of hotels, motels, shopping centers and other projects in Florida, Louisiana, Alabama, Missouri, New Jersey and California.

Pension fund trustees once were told, the grand jury said, that \$2 million in loan funds was used to build a North Miami hospital whereas a "substantial portion" of the money was diverted to other uses.

The indictment said Hoffa used "fraud, deceit, misrepresentation" to obtain approval of the loans by the seven other union and eight management representatives who run the pension fund.

Others named in the indictment were: Benjamin Dranow, 56, former owner of the John W. Thomas Department Store, Minneapolis, Minn., now in prison for mail fraud and income tax evasion; Abe T. Weinblatt, 67, retired Miami Beach, Fla., businessman and former associate of Dranow; S. George Burris, 65, New York City accountant who was a stockholder in Sun Valley Inc.; his son, Herbert G. Burris, 41, New York City attorney; Samuel Human, 69, Miami Beach, a real estate operator who refurbished two large old West Coast hotels; Calvin Kovens, 39, Miami Beach builder who was convicted of a housing loan fraud last year; and Zachary A. Strate Jr., 43, New Orleans builder and real estate man.

Surviving are his wife; one son, Edward; two daughters, Colleen and Shannon, all of Roseburg. Funeral services will be held Thursday at 2 p.m. at the Long & Shukle Memorial Chapel with Pastor Allen Ingebritsen of the Faith Lutheran Church officiating. Interment will follow at the Civil Bend Cemetery, Winston.

ONE CASUALTY

Crewmen Take To Life Boats After Ocean Vessels Collide

(UPI)—Crew members of a Japanese freighter took to lifeboats today after their ship collided in dense fog with a U.S. refrigerator ship 35 miles off San Francisco's Golden Gate.

Two tugboats put a line aboard the 6,295-ton Kokoku Maru and took her under tow. The vessel had a gash 30 feet wide and 45 feet high on its starboard side.

The vessels collided at 10:05 p.m. The 7,771-ton Asterion was en route to San Francisco from the Far East. The Japanese vessel left San Francisco earlier Tuesday night.

The second ship involved in Tuesday night's collision, the Military Sea Transportation Service vessel Asterion, headed for San Francisco Bay but developed an oil leak and stopped off the Golden Gate.

The Coast Guard said that visibility was a quarter of a mile when its rescue vessels arrived on the scene. The Kokoku Maru was dead in the water, and listing to starboard. The Asterion had a large hole above the waterline on the bow but was not taking water.

The Japanese vessel's engine room, fire room and No. 3 hold were reported flooded. An engineering crewman identified only by the last name Kamayishi was killed, apparently by drowning.

The vessel's two lifeboats were tossed about by 6 to 10 foot swells. Ishakawa, his first mate and two crewmen were the last to leave the vessel, jumping into the Pacific and swimming to a lifeboat.

Then as dawn began to break, the hazardous task of bringing them aboard the cutters Comanche and Magnolia began.

The vessel's two lifeboats were tossed about by 6 to 10 foot swells. Ishakawa, his first mate and two crewmen were the last to leave the vessel, jumping into the Pacific and swimming to a lifeboat.

False Arrest Suit Due For New Trial

A new trial has been ordered in the case of Patricia Morberg vs. Payless Drug Store of Roseburg, Inc., in which Mrs. Morberg was awarded judgment for \$5,000 general damages and \$1 punitive damages for alleged false arrest for shoplifting.

Mrs. Morberg had sued for \$25,000 general and \$15,000 punitive damages, after she had been acquitted by a jury on trial previously on the shoplifting charge.

The civil suit for damages was tried May 9, with the jury returning a verdict for Mrs. Morberg. The attorney for Payless filed a motion asking for a new trial on three points, alleging the court had erred.

Cited Court Error

Judge Woodrich on reviewing the motion allowed the new trial on the basis that the court erred in overruling the defendant's motion to withdraw from jury consideration the question as to whether or not the defendant had a right to detain and interrogate the plaintiff relative to the goods which Mrs. Morberg admitted she took from the drug store without paying for it; furthermore in failing to instruct the jury that the defendant did have a right to detain and interrogate her in this respect.

Suspect Faces Burglary Count

James Lindsay Eastwood, 20, of Cottage Grove, was scheduled to be arraigned in Douglas County District Court Wednesday on a charge of burglary not in a dwelling.

The judge, in ruling for a new trial, however, refused to enter a judgment for the plaintiff not withdrawing the verdict. Other points of the motion which were not allowed were (1) that the court erred in instructing the jury to the effect that a question of fact was involved as to whether or not the defendant should have been aware of the intent, if any, of the plaintiff to return to the store and pay for the articles taken. (2) That the defendant's motion to withdraw from jury consideration any question of punitive damages and in submitting to the jury the question of punitive damages, if any, to be determined by the jury as a question of fact was denied.

State police said some \$237 worth of tires, tubes and spark-plugs were taken from the service station as well as some change and pies from the cafe. The stolen items from the service station were later recovered on Metz Hill Road.

Other Points

The judge, in ruling for a new trial, however, refused to enter a judgment for the plaintiff not withdrawing the verdict. Other points of the motion which were not allowed were (1) that the court erred in instructing the jury to the effect that a question of fact was involved as to whether or not the defendant should have been aware of the intent, if any, of the plaintiff to return to the store and pay for the articles taken. (2) That the defendant's motion to withdraw from jury consideration any question of punitive damages and in submitting to the jury the question of punitive damages, if any, to be determined by the jury as a question of fact was denied.

Eastwood
