

## Famed Texas Youth Choir Due For Roseburg Concert Monday

The First Presbyterian Church of Roseburg will be included in the sixth annual tour of the Westminster Youth Choir from the Oak Cliff Presbyterian Church of Dallas, Tex.

The Westminster Choir, youth from the eighth grade through the 12th, is on tour through the Western States. The concert, June 10 at 8 p. m., will present an opportunity for this congregation and their friends to hear one of the leading church choirs.

The choir has an enrollment of over 100 and 75 are making the 18-day tour which includes singing engagements in Colorado, Idaho, Washington, Oregon, California and Arizona. The director is William C. Everett, and Eilan Smith is the accompanist.

**Tours Cover Country**  
For the past five years the choir has spent the first part of June touring the United States and has presented sacred concerts en route to New Orleans, Washington, D. C., California, Florida and Winnipeg, Canada.

During last year's tour, while in Atlanta, Ga., through the auspices of TRAV (Permanent Committee on Television, Radio and Audio-Visuals of the Presbyterian Church, U. S.) the choir made a 30-minute film, "What is Christmas?" which received a wide showing throughout the United States during the

Christmas season. The tape, taken from the sound track of the film, was requested for broadcasting by coast to coast.

The Westminster Youth Choir presents a weekly radio broadcast, takes part in many special community services, sings regularly at the Sunday evening worship service of its own church and accepts as many invitations as possible to present concerts in other churches in the Greater Dallas area. The choir meets regularly for rehearsal each Sunday at 4 p. m. and has extra rehearsals worked into the busy schedules of these young people who are also leaders in school activities, athletics and various fields of endeavor.

**Symphony Joins**  
Twice each year the choir presents special music such as Dubois's "The Seven Last Words of Christ," "Crucifixion," by Stainer; Saint-Saens' "The Christmas Oratorio," and "The Messiah" by Handel with instrumental accompaniment by members of the Dallas Symphony Orchestra.

## State Court Says Cigarette Makers Face Liability

TALLAHASSEE, Fla. (UPI) — The Florida Supreme Court ruled Wednesday that cigarette manufacturers can be held liable for injuries or death resulting from use of their products.

The opinion was given in a \$250,000 damage suit filed against the American Tobacco Co. by the widow of a man who died from lung cancer.

The widow, Mrs. Edwin Green Sr., claimed her husband's fatal disease was caused by the firm's cigarettes.

The opinion was requested by the U. S. Fifth Circuit Court of Appeals in New Orleans and will be considered when the court rehears the case.

In an earlier ruling on Mrs. Green's plea the appeals court agreed with a lower federal court that the tobacco firm could not be held liable for Green's death.

But the appeals court agreed to rehear the case and asked the state court for an interpretation of Florida law.

**WESTMINSTER YOUTH CHOIR** — Pictured above are teenage members of the 75-voice touring Westminster Youth Choir and their director, William C. Everett. The choir, from Dallas, Tex., will sing at the Roseburg First Presbyterian Church at 8 p. m. on Monday. Average age of choir members is 16. The choir has traveled over 15,000 miles, through 24 states and has given concerts in more than 60 churches. The current tour is of the western states. The public is invited to attend Monday's concert.

## Schools Practicing 'Double Shift' Face Reduction In State Recognition Status

SALEM (UPI) — The State Board of Education decided Wednesday to withhold its "full standard" recognition from schools which hold double-shift classes.

Double-shifting is the practice of sending half the students to class in the morning and the other half in the afternoon.

Dr. Leon P. Minear, superintendent of public instruction, said double-shifting because of overcrowded classrooms has been more a problem in elementary schools than it has in high schools.

But there are indications from several communities that they are planning such a permanent plan," Dr. Minear said. "It will cheat unnecessarily the youngsters in these districts."

The board also ordered schools to provide a program of daily physical education for students in all 12 years of public school education. High school students now are required to take only two years.

**Principal Loses Case**  
Willard C. McKinny, Klamath Falls High School principal, lost his battle to have his teaching certificate restored. The board unanimously supported Minear in his earlier revocation of the certificate and refused McKinny's application for a certificate for next year.

The decision has the effect of removing McKinny from his job. Minear revoked the certificate several weeks ago on the basis that the principal knowingly made a false statement in his original application. Specifically, he was accused of failing to show that he pleaded guilty to a morals charge while a Minnesota school principal in 1959.

About 20 witnesses appeared on his behalf Wednesday, but a spokesman for the board said another 40 or 50 telegrams were received, "mostly negative."

In other action, the board granted \$25,000 for summer education programs for migrants. The classes will be conducted by the Ontario, Hood River, Woodburn, St. Paul and Monmouth-Independence school districts.

**Communist Course OK'd**  
A resolution urging teachers to inform themselves and their students about communism won approval, as did a source material guide on communism for teachers.

A secondary teacher education program was approved at Reed College in Portland. The approval was for five years beginning Sept. 1.

## U.S. Navy Minesweeper Dates Visit At Coos Bay

Chief Bill Triska, recruiter in charge of the U. S. Navy's Roseburg recruiting office, announced today the USS Pluck, a Navy minesweeper, will visit Coos Bay June 11-12.

Triska said Lt. Cmdr. E. I. Rosenhahl, commanding officer of the USS Pluck, has announced general visiting hours will be from 9 a. m. to 11 a. m. both days and from 1 to 3 p. m. on June 11.

The USS Pluck is a ship of the Pacific Mine Force, which will join sister ships participating in the Rose Festival at Portland.

## Twins Perish In Fire

PORTLAND (UPI) — Three-year-old twins, Patricia and Patrick Yaeger, died Wednesday in a fire at their home here. Their mother, Mrs. Teresa Yaeger, 38, was hospitalized with body burns and smoke inhalation.

Firemen said the children apparently died of smoke inhalation. The blaze started in the kitchen.

## Decline In Wheat Exports Noted

WASHINGTON (UPI)—An Agriculture Department statistical report shows that U. S. wheat exports for the first nine months of fiscal 1963 totaled 353 million bushels. In the comparable period a year earlier exports totaled 433 million bushels.

The Department said the substantial reduction resulted from smaller shipments to practically every country in the western hemisphere, Europe and Africa. The largest cut to the western hemisphere was made to Venezuela.

In Europe, which had formerly been the main overseas wheat market of the United States, most of the reduction was made in shipments to the usually large buyers. These included West Germany, Italy, and the Netherlands in the common market; Poland, Portugal, Spain, the United Kingdom, and Yugoslavia.

Considerably less wheat went to Algeria, Morocco and Tunisia during July-March, 1962-63, than during the same months a year earlier. The Department said larger shipments to India, Korea and Pakistan more than offset the 17-million bushel loss to Turkey and minor reductions to other Asian countries.

The drop in U. S. exports ties in with the general drop in world trade in wheat. This lessening of world wheat trade stems from the fact that big crops were grown in 1962 in western Europe, parts of Asia and Africa. Some importing countries cut down their buying in relation to their stepup in production.

U. S. wheat exports in March totaled 53 million bushels. So far, this is the largest amount exported in any month during fiscal 1963. The monthly average of the eight previous months was less than 40 million bushels.

**New You Know**  
By United Press International  
Sable, so valuable that a single pelt once brought \$200, comes from the coat of the marten, according to the New York Zoological Society magazine.

Exports of flour (in grain equivalent) during the first nine months of 1962-63 totaled 71 million bushels, compared with 81 U. S. flour.

## Attorneys For Jeannace To Make Another Plea

SALEM (UPI)—Attorneys for Jeannace June Freeman plan to ask the U. S. Supreme Court for reconsideration of its rejection of her appeal from a death sentence.

The State Supreme Court said Wednesday it had received the highest court's mandate turning her down.

But it will not send the mandate to the Jefferson County Circuit Court at Madras unless the appeal for reconsideration is denied.

The 21-year-old woman was sentenced to die in the gas chamber for throwing a child to his death in the Crooked River Gorge.

The Jefferson County Circuit Court cannot set a new execution date until it receives the mandate.
