

Trip By Jet Plane Takes Riddle Woman To Scotland

By ERMA BEST
Mrs. William Macdonald left this week for Scotland where she will take a jet plane for her former home in Glasgow, Scotland, to spend three months visiting relatives and friends. This is the first time a member of the family has returned to Scotland since leaving 15 years ago. Going to Scotland to see her off were Mr. Macdonald, their daughter, Mrs. Jim Endicott, and three children of Cottage Grove, and a sister-in-law, Mrs. Elmer Dayton of Springfield.

Long Trip Made
Mr. and Mrs. Loren Bowman of Riddle have returned from a three-week motor trip which took them through 14 states and over 6,000 miles.

Stops were made in Nevada, Arizona, New Mexico, Oklahoma, Kansas, Indiana, Missouri and Idaho to visit relatives and old friends, many of whom had been visitors in Riddle through the years.

Recent guests at the home of Mrs. Myrtle I. Burgoyne were her son-in-law and daughter, Lt. and Mrs. Marvin P. Merseith. Lt. Merseith has just completed seven weeks of training at Newport, R. I., preparatory to going to Hawaii where he will be stationed as an attorney for the U. S. Navy. Mrs. Merseith is the former Clarice Burgoyne.

Mrs. Nellie Gilmore, who had been living in Martinez, Calif., near her daughter, Mrs. Hubert Clayton, for several years, has returned to Riddle for an indefinite stay and is living in the D. W. Clark guest home. Mr. and Mrs. Clayton and son, Scott, brought Mrs. Gilmore to Riddle.

Mrs. H. G. Townsend is leaving this weekend for Anaheim, Calif., to be with her daughter, Mrs. M. J. Koellen, and children, while Mr. Koellen has surgery.

Guests during the week at the Townsend home were Mr. and Mrs. M. Westbrock of Cave Junction, friends of the Townsends when both families lived in Downey, Calif.

Memorial Day weekend guests at the home of Mr. and Mrs. Don Halter were Mr. and Mrs. John Horton of Rapid City, S. D. The Halters took their guests to Coos Bay and Reedsport during their stay. The Hortons had been visiting in California and were en route home by the northern route.

House Rejects Tax Plan Aimed At Millionaires

WASHINGTON (UPI)—House tax writers have refused to tighten up a provision of the law which each year permits a handful of millionaires to avoid paying any federal income taxes.

The President had urged that the provision affecting millionaires be repealed. The Treasury had complained that it enabled one taxpayer who received \$19-million in income in one year to avoid paying any income taxes that year.

The House Ways & Means Committee rejected the Kennedy proposal.

The disputed tax rule permits taxpayers under certain circumstances to claim tax deductions for all of their charitable contributions, without regard to the general rule that limits deductions to 20 or 30 per cent of income.

APPROVE TEACHER BILL
WASHINGTON (UPI)—A House education subcommittee Wednesday approved a bill that would provide \$34.5 million to train teachers for physically and mentally handicapped children.

The three-year program was one of the items requested by President Kennedy in his education message this year. The funds would go to colleges to use in preparing the special teachers.

Recent guests at the William Dickson home were Mr. and Mrs. Sidney Carlson of Lewiston, Idaho, and Mrs. Dickson's brother and sister-in-law, Mr. and Mrs. Richard Dewing of South Beach near Newport.

Mr. and Mrs. Lee Frahm and three children left this week for their home in Tracy, Calif., following a visit with their parents, Mr. and Mrs. Cecil Frahm and Mr. and Mrs. Heinrich Schmidt. They came especially to attend the high school graduation of his brother, Garry Frahm.

Guests at the home of Mr. and Mrs. Wayne McCoy coming for the graduation of their daughter, Nancy, from Oregon State University, and daughter Carolyn, from Riddle High School were their son and brother, Robert McCoy from Placencia, Calif.; Mrs. McCoy's sisters, Miss Lucy Throckmorton of Boise, Idaho; Mr. and Mrs. Lawrence Collins and daughter, Kathy, of Albany, Calif.; and McCoy's sister, Mrs. Floy Douglas, of Mill Valley, Calif.

Memorial Day visitors at the Austin Wilson home were his sister, Mrs. Valen Gilmore, of Silverton, and brother, Dr. Dewey Wilson, and Mrs. Wilson of Coos Bay.

Memorial Day visitors at the D. W. Clark home were former residents, Mr. and Mrs. Lee Cutsforth of Portland, and Mr. and Mrs. B. D. Crosby of Medford.

Control Advised For Cherry Fruit Fly

Cherry fruit flies began to emerge May 31 according to word received at the County Extension Office from entomologists at Oregon State University. Cherry growers should apply the first control spray or dust by this weekend and repeat applications every ten days until fruit is harvested.

Flies must be destroyed before they begin to lay eggs in the cherry fruit to avoid wormy fruit. This is about ten days after emerging from the ground states County Agent Parker. The entire foliage of the cherry trees and surrounding plants should be thoroughly sprayed for control measures to be effective.

For the backyard cherry tree owner, several insecticides are recommended and available at most retail stores handling spray materials including methoxychlor 50 per cent wettable powder used at a rate of 2 tablespoons to one

gallon of water and may be applied up to seven days before harvest; or Sevin 50 per cent wettable powder at a rate of two tablespoons for one gallon of water with last application one day before harvest; or perthane, a liquid, at a rate of two teaspoons to a gallon of water up to two days before harvest.

Commercial growers or growers with a number of trees requiring large quantities of spray to cover the trees will find methoxychlor 50 per cent wettable powder used at 2 pounds per 100 gallons of water; or Sevin 50 per cent wettable powder at 2 pounds per 100 gallons of water; or perthane, 1 quart of emulsifiable concentrate or its equivalent in other formulations to control cherry fruit flies when applied as a spray to thoroughly cover foliage of the trees and repeated every ten days until harvest. Sprays should not be applied seven days before harvest for Methoxychlor, one day for Sevin

and two days for Perthane before fruit is harvested.

Senators Immunity Saves Traffic Ticket
WOODBURN (UPI)—Sen. Tom Monaghan, D-Milwaukee, exercised his legislative immunity here, and refused to accept arrest for a traffic violation while on the way home from the legislature.

Police Chief Leonard Fuller said Patrolman Elvin Giraux halted Monaghan about 12:40 a.m. June 4 on U.S. 99E. The ticket was voided after Monaghan protested.

Members of the legislature are exempt from arrest except for felonies and breaches of the peace while going to and from the legislative session.

A hearing also has been set for June 24 to hear testimony on the department's proposal to increase to 1 1/2 cents per hundredweight the poundage fee necessary to support the milk stabilization act.

The fee is deducted and withheld by handlers on all grade A milk purchased from producers. The present 1-2 cent fee is used for enforcement of the audit act.

First Steps Taken On Price Leveling Program For Milk

SALEM (UPI)—The State Department of Agriculture took the first steps Friday to implement stabilization of milk prices to the producer under the new milk stabilization act.

The measure, adopted by the 1963 legislature, was signed this week by Gov. Mark Hatfield.

The department scheduled four hearings at which it will take evidence and testimony relating to the establishment of minimum prices for class 1 and class 2 milk, primary markets, and market areas.

The first hearing will be held June 24 at 10 a.m. in room 106 of the Capitol Building here.

Other hearings are June 25, 10 a.m. at Harris Hall, Lane County Courthouse, Eugene; June 26 at 2 p.m. in the Curry County Courthouse, Gold Beach, and June 28 at 10 a.m. in the Baker Community Center, Baker.

A hearing also has been set for June 24 to hear testimony on the department's proposal to increase to 1 1/2 cents per hundredweight the poundage fee necessary to support the milk stabilization act.

The fee is deducted and withheld by handlers on all grade A milk purchased from producers. The present 1-2 cent fee is used for enforcement of the audit act.

French Bombshell To Wear Mustache In Film Comeback

HOLLYWOOD (UPI)—Fifi D'Orsay, for 30 years the French bombshell of movies and night clubs, will shock her old fans in a new movie when she appears on screen wearing a mustache.

It should be hastily added that the mustache is not her own.

Fifi accepted the unflattering role - which also pads her weight out by 40 pounds - for a very good reason. It is her first role in 16 years.

With a dry spell like that even Brigitte Bardot would give serious consideration to wearing a mustache, or even a full length beard to get back before the cameras.

Fifi puts it, "Sex takes a holiday with me in this picture." And so it does.

The movie is "Wild and Wonderful," which costars Tony Curtis and his bride, Christine Kaufmann. And Christine, a native of Germany, provides the sex appeal, which shows how things have changed since World War II.

In the old days Fifi was in and out of more bedrooms than any actress on the screen. "Fifi said wistfully, "Now I'm playing a fat cook who used to be a bearded lady in the circus."

"But I'm happy to be back making movies never-the-less. I've spent many years trying to get away from the Fifi D'Orsay image of the sex kitten. I'm too old to be a French sex bomb."

"This is a good character part."
