

Former Residents Visit In Riddle

By ERMA BEST

Mr. and Mrs. Richard Whitney and eight children have been visiting in Riddle during the past week while on a vacation trip to the west coast from their home in Grand Rapids, Minn. Whitney was formerly in charge of the mining operation at Hanna. The family was widely entertained while here.

West Point Destination

Mrs. Donald Brown, son, John, and daughter, Donell, are visiting with relatives in Wisconsin before John goes on to New York to enter West Point on July 1.

Mr. and Mrs. Willard Preston and children, Sara, Charles and William, have gone to Palo Alto, Calif., to attend the graduation of their daughter, and sister, Noralou, from Stanford University, and her wedding to Leslie Roos the following day. Her uncle and aunt, Mr. and Mrs. Lee Preston, and daughter, Patricia, have also gone to Palo Alto for the graduation and wedding.

Mr. and Mrs. Elmer Gondos, who had been visiting in Blackfoot, Idaho, with her father, flew to Grand Creek, Conn., on the east coast to visit his sister before returning home last week.

Mr. and Mrs. Roderick Neilson and two children of Bandon were weekend visitors at the home of his uncle and aunt, Mr. and Mrs. E. P. Blundell. Mrs. Neilson and children will leave next week to fly by jet over the North Pole to her former home in Germany. Neilson will join them later next month.

NOW YOU KNOW

By United Press International
A 2,000-year-old backgammon board, complete with playing pieces, believed to date back to the Hittite civilization, has been excavated in Turkey, according to the National Geographic Society. A freely translated inscription on the set reads: "Perhaps you will lose money, but you will have lots of fun."

Heard any Volkswagen jokes lately?

Remember the one about the lady who looked under her front hood and thought somebody stole her engine?

Or the one about the guy at the gas station who didn't know where the gas went? Or the water?

Today, the gas station attendants know enough to put the gas in front. And they don't bother checking your water or trying to sell you some antifreeze.

(After all, they've seen enough VWs to know that our engine's in the rear, and that it's cooled by air, not water.)

The point is this: People used to make fun of our car, now they have fun with it.

Which helps explain why our joke file's been getting a bit low. So, if you've heard any good VW quips or sayings or jokes, why not send them on?

Just write to John Stanley, Volkswagen of America, Englewood Cliffs, N.J. He'll start them on their rounds.

After all, nobody enjoys a good VW joke better than we do.
