

Negroes Conduct New Savannah Demonstrations Sans Incident

By United Press International
Negroes staged another demonstration in racially tense Savannah, Ga., Thursday night but there were no incidents.
More than 1,000 Negroes emerged from a rally and marched singing through a Negro neighborhood. They dispersed peacefully. Negro leaders at the rally accused police of brutality in quelling a riot Wednesday night with tear gas. Earlier Thursday, a riot squad arrested 30 Negroes for demonstrating in a downtown Savannah park.
A crowd of about 500 whites and Negroes marched in St. Louis, Mo., Thursday night to protest alleged school segregation. Four white hecklers were taken into custody by police but released later. Negroes had predicted around 5,000 persons would

participate in the rush hour demonstration.
Around 80 demonstrators were arrested at Albany, Ga., Thursday during a series of scattered protest demonstrations. The arrested group included 16 of 24 members of the Student Non-Violent Coordinating Committee's southwest Georgia staff.
At Jackson, Miss., Negroes voted at a rally to accept the desegregation proposals of Mayor Allen Thompson. Negro leaders said they would turn their attention now to a Negro voter registration campaign.
There were these other developments:
Gadsden, Ala. — State troopers dispersed 46 Negroes Thursday after they marched silently in pairs through the Etowah County courthouse. There were no incidents. Negro leaders said integration leader Martin Luther King Jr. would arrive here today in lead support to desegregation efforts.
Charlotte, N.C. — The Charlotte Medical Society (Negro) demanded that all city hospital facilities be desegregated. However, most of the society members indicated they did not favor a boycott of the city's Negro hospital if their demands are not met.
Cambridge, Md. — White leaders conferred on the legal problems of meeting Negro desegregation demands and Negro leaders said they expected the city's racial troubles to be solved within "the next several days."

Lexington, N.C. — Suspended sentences were handed down to 28 persons convicted of being involved in a race riot in Lexington June 6 which claimed the life of one white man.
Selma, Ala. — Negro integration leader Bernard Lafayette Jr. was exonerated by a Dallas County Court judge of vagrancy charges. Lafayette, a field secretary for the Student Non-Violent Coordinating Committee, was arrested by police Tuesday.
Atlanta — Fourteen major motels and hotels announced they are now accepting conventions with a "limited" number of Negro delegates. Mayor Ivan Allen Jr. said the dining facilities at the establishments will be open to Negro delegates identified by convention badges.
Charleston, S.C. — Thirty-seven Negroes were arrested Thursday when they tried to desegregate two theaters and a restaurant.
Clarkdale, Miss. — Three Negro pickets protesting segregation at the city library were arrested by police Thursday.

Lions Hear Serafin On Sister City Plan

An explanation of the "Sister City" program was given by Pete Serafin, ex-mayor and committee chairman for the program, at the weekly Roseburg Lions Club meeting Thursday night in the Umpqua Hotel.
Serafin explained that there are three plans of promoting goodwill with foreign nations: One is government to government, through its diplomatic service; two, government to people, through such programs as its Peace Corps; and third, people to people, such as the Sister City program, where everyone can be a potential emissary.
He stated that selection of a city in one of five Latin American countries will be made shortly. The country will be chosen by ballots carried in the News-Review.
Serafin listed numerous means, such as actual visitations, letters, radio communications and exchanges of products and ideas, for promoting goodwill with foreign countries, once a city has been selected.

Youth Trek Has Capitol As Goal

Washington D.C. is the goal of four girls from the Douglas Union Christian Endeavor (and their sponsors) during late June and early July.
Aline Batton, Mary Ellen Baker, Marilee Currier and Sharon McCabe, all juniors at Roseburg High School, will leave Roseburg by car June 24 on a four-week tour, the final objective of which is the International Christian Endeavor Convention to be held in Washington, D.C. July 27. Adults traveling with the girls will be Mrs. Nelda Keefe and the Rev. Art Neumarkel, youth minister of the Roseburg First Christian Church. Mrs. Keefe traveled to the Philadelphia International C.E. convention in 1959 with a similar delegation.
Miss Batton is the president of the Douglas Union, Miss Currier the vice president and Miss McCabe holds the office of missionary chairman. Miss Baker is "look-out" superintendent for Oregon Christian Endeavor Union. All of the Washington, D.C. sessions will be held at the Sheraton-Park Hotel in the heart of the city. Sightseeing will also be included on the trip.
Well-known public figures to be featured on the convention program include Dr. Daniel A. Poling, honorary president of the World's Christian Endeavor Union; The Honorable Frank Carlson, United States Senator; and Bishop Clyde W. Meadow, D.D. president of World Christian Endeavor Union.
A winter's work of odd jobs and painting of house numbers on curbs by the First Christian Church C.E. group raised the necessary funds to send the group East, Youth Minister Neumarkel said. The group expects to return to Roseburg around July 19.

Barton Warns Against Rejection Of Tax Plan

COOS BAY (UPI)—"The worst rise in property taxes in Oregon history" could result next year if the 1963 legislature's \$80 million tax package is rejected, House Speaker Clarence Barton warned today.
Barton addressed a luncheon meeting of the Oregon Newspaper Publishers Association here.
Reading from a prepared text, he said rejection of the revenue package could lead to "a state property tax levy next year if there is no revenue to pay bond interest and retirement, because law provides for an automatic state property levy for this purpose whenever the costs cannot be paid out of the money on hand."
Barton discussed the recent legislative session, and told the publishers "from some of the things I've been reading, I think some record-straightening would be in order."
Barton predicted future sessions could be even longer than the record 141-days this year "because the business of this state has become so great."
He said artificial limits on length would not result in better government.
Barton, a resident of nearby Coquille, outlined in detail the tax program and cited problems faced by lawmakers as they trimmed "fat" from budget requests.
"Legislatures should be known for what they don't do as well as for what they do," Barton said. "One thing this past session did not do was enact a sales tax."
He blasted the excessive lobbying that took place on the workmen's compensation measure which the House defeated, and predicted the bill could come to life again if a special session is held this fall.
Referral Eyed
"Maybe this (the pressure for enactment of a new workmen's compensation bill) explains some of the agitation for referral of the income tax bill," Barton said.
He cited as "noteworthy" several things the legislature did not

W-D Firemen Planning Addition To Building

An expansion to the Winston-Dillard Fire Department building is nearing completion and will serve as a new garage for the new International four-wheeled drive grassfire truck, which was purchased this year.
The recent approval of the W-D fire budget will enable early completion of the building as well as making it possible for the hiring of an additional fireman to serve the department.
At the present time only the fire chief receives a salary. The hiring of a new man will provide a second salaried fireman, who will be on duty 24 hours a day. The department has 15 men now serving as volunteer firemen.
In addition to the grass fire truck recently purchased the department maintains two pumpers and a first-aid and disaster panel truck.
