

White City Firm Awarded Two Umpqua Forest Tracts

The U. S. Forest Service Tuesday said three tracts of Umpqua National Forest timber for \$163,397.

Accused Slayer Flees Hospital

SALEM (UPI) Arthur Ferrie, 69, an accused slayer, walked away from the grounds of the Oregon State Hospital here Tuesday.

Hospital authorities said Ferrie, who was committed in 1943, was not believed dangerous.

Ferrie was charged in February of 1943 with the fatal shooting of Albert Iowa Berg, 34, at the Coos County town of Charleston. He was indicted for first degree murder.

Hospital authorities said Ferrie was on parole from the hospital at the time of the shooting. He was recommitted.

Hospital officials several months ago recommended Ferrie's transfer to an open ward and assignment to a job on the grounds.

Records show that Berg was marched from his house at gunpoint and shot twice in the head with a .22 caliber rifle. Ferrie also was charged with attacking and wounding another man the following day. Berg's body was recovered from South Inlet of Coos Bay.

Health Office Sets Keasey-Calkins Sanitation Probe

The Douglas County Health Department has sent letters to the residents of the Keasey-Calkins road area reporting it will soon launch a study to determine the extent of sanitation problems in the area.

The letter was sent by Dr. B. R. Shoemaker, retiring county health officer.

He said the area involved is roughly bounded by Keasey Road on the east, Beaumont Street on the north, Kline Street on the west and Calkins Road on the north and west and the South Umpqua River on the south.

He said the study is being spurred by complaints received by the Health Department the past two or three years.

"The situation has developed," he said, "from poor soil conditions and high ground water in the area." He continued that "it is well known that much septic tank effluent is flowing into roadside ditches, into Newton Creek and low areas. In addition, there are several small 'community type' sewer lines, each carrying sewage from several homes into ditches, etc."

Dr. Shoemaker said the survey would be conducted, beginning next month, by a sanitarian who will visit each home. He said a questionnaire would be completed, the septic tank system inspected and the findings tabulated.

As a sequel to the survey, each family will be informed of the status of its system and what can be done about it if there are deficiencies.

Dr. Shoemaker said the questionnaire would remain confidential.

Any part of the area being considered for annexation to the city of Roseburg, such as the Garden Homes tract, will be excluded from the survey, Shoemaker concluded.

The world's deepest water well is 7,009 feet deep and is located near Blackall, Queensland, Australia, according to the Guinness Book of Records.

Why "Good-Time" Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief: 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years.

For convenience, ask for the large size. Get Doan's Pills today!

Doan's

The three tracts contained 8½ million board feet of timber and were appraised at \$150,322.

The first sale, the Straddle Sale on the Cow Creek District, was on an 88-acre tract located 10 miles east of Tiller. The tract contained 3,600,000 board feet of Douglas fir and pine appraised at \$15.20 per thousand board feet and 100,000 feet of incense cedar and other species appraised at \$5.35 per thousand.

High bidder was Oregon Veneer Co. of White City, with a bid of \$19 on the Douglas fir and pine and the appraised \$5.35 on the other species. Total bid was \$78,052. Other bidder on this sale was Paul B. Hult Lumber Company of Dillard.

The other two sales were on the South Umpqua District. The first, the Vena Ridge Sale, was on a 35-acre tract located 19 miles northeast of Tiller. The tract contains 2,300,000 feet of Douglas fir and pine appraised at \$21 and 200,000 feet of white fir and other species appraised at \$9.65.

National Plywood, Inc. of Roseburg was high bidder with a bid of \$21.10 on the Douglas fir and pine and the appraised price on the other species for a total bid of \$52,098. Total appraised price was \$31,868. Other bidder was Oregon Veneer Company.

The final sale was the Straight Creek Sale, involving a 276-acre tract located 16 miles northeast of Tiller. The tract contains 1,500,000 feet of Douglas fir appraised at \$17.25 and 800,000 feet of white fir and other species appraised at 8.35. Total appraised price was \$35,282.

High bidder was Oregon Veneer Co. with a bid of \$17.30 on the Douglas fir and the appraised price on the other species for a total bid of \$35,357. Other bidder was Round Prairie Lumber Co. of Dillard.

The next Umpqua National Forest timber sales will be held Thursday.

PRESIDENT KENNEDY, center, addressed the city council in Kings Hall (Kaiser-Saal) of the town hall Tuesday as West German vice chancellor Ludwig Erhard, second right, and Hesse Governor G. A. Zinn, right, listen. The President was almost mobbed late Tuesday as thousands of Germans broke through police lines in an outburst of enthusiasm, the most tremendous he had ever received abroad. Kennedy pledged the United States would "risk its cities" in an atomic war if necessary to defend its allies. (UPI Radioteletype)

Milk Price Hearing Moves To Gold Beach Today

EUGENE (UPI)—A State Agriculture Department hearing on milk prices moved to Gold Beach today following testimony from distributors and producers at Salem and Eugene. A hearing also is scheduled in Baker Friday.

About 50 persons attended Tuesday's hearing here. Most distributors said a price of \$5.86 per

hundredweight for class 1 milk was too high.

Some favored different minimum prices in different areas. One distributor said a particular problem existed in the Klamath Falls area where processors were paying only \$3.75 per hundredweight across the California border.

Producers said the cost of production was continually going up. They favored the higher price, as was advocated in Salem Monday.

The hearings are being held because of the 1963 legislative milk price stabilization law, under which marketing areas and prices must be set by Aug. 3 and market pools in operation by Oct. 2.

Khrush Speaks At Graduation

MOSCOW (UPI) — Soviet Premier Nikita Khrushchev said today on the eve of his departure for Berlin "as long as imperialism exists there remains the danger of imperialism unleashing a world nuclear rocket war."

Khrushchev, with marshals, admirals and air leaders ranked beside him, spoke at graduation ceremonies for new graduates of military academies.

The Soviet leader, who plans to match President's Kennedy visit to West Berlin with his own show-the-flag trip to Communist East Berlin this Friday, said that "resolute actions" were needed to block the way "to another world war."

At the moment that President Kennedy was being cheered by a million West Berliners and reviewing the crack American garrison in West Berlin, Khrushchev was telling his military:

"It is impossible not to see that aggressive forces in the Western powers headed by the imperialist circles of the United States are continuing their war preparations."

"All this cannot but put us on the alert," he said.

Tuesday night, the mystery of Khrushchev's whereabouts had been deepened by reports from reliable sources that he had left Moscow for an undisclosed destination.

Such rumors often originate with one person but promptly become the common domain of foreign reporters and diplomats.

Sometimes they turn out to be founded on fact but more often they are not. There is no foolproof way of checking.
