### Probe Asked On Merger Of Air Lines

WASHINGTON (UPI)—Bonanza Air Lines has asked the Civil Aeronautics Board (CAB) to investigate the proposed merger of West Coast and Pacific Air Lines.

Bonanza, in a brief filed Wednesday with the CAB, charged that the merger may already have taken place secretly without board approval, in violation of the Federal Aviation Act.

Bonanza told the CAB it has information that West Coast has acquired stock constituting control of Pacific, placing the stock in an undisclosed trust agreement that in effect constitutes an illegal merger.

It said this "raises the distinct possibility that West Coast has, in fact, acquired control of Pacific in violation of Section 408 of the act."

Last May, West Coast asked the CAB for waiver of the Sherman Anti-trust Law so that it could exercise an option to purchase 34 per cent of Pacific's outstanding shares from stockholders Leland Hayward and John H. Connelly.

Three men made the descent for the first time in the search. The third swimmer was Navy Lt. Cmdr. Eugene J. Cash, 32, a submarine veteran from Orchard Park, N.Y.

A small flotilla of U.S. Navy ships was on hand at the scene 220 miles off the New England coast to turn back any of the Russian ships that have been harassing the searchers.

Seven persons were killed and about 20 others injured early today in a collision involving a heavily loaded bus and three automobiles on a rainy highway here.

None of the victims was immediately identified. One body was found hanging from a window of the bus and another was discovered 200 feet from the point of the collision, on state Route 3 near Berry's Creek.

Robert Pelaske, of Union City, N.J., was in an automobile behind the bus, which was operated by the Inter-city Transportation Company.

"It was raining hard and suddenly the bus veered toward the center lane," Pelaske said. "I heard the noise and saw it roll, landing in an upright position on the center dividing line."

### Court Rulings Chimp Will Demonstrate Art Talent During County Fair

SALEM (UPI)—New rulings by the U.S. Supreme Court will make it more difficult for police and prosecutors to obtain convictions in criminal cases, Oregon district attorneys were warned here.

The warning came from Lincoln County Dist. Atty. A. R. McMullen and Asst. Atty. Gen. Collis Marsters at a session of the two day institute for district attorneys which ended Friday.

The two speakers said the new curbs are threatened from recent decisions of the U.S. Supreme Court and probably in time will become binding on Oregon's state trial courts.

Marsters and McMullen said the U.S. high court has moved in recent years to expand the rights of an accused person to right of legal counsel by refusing to admit into evidence any statements made prior to conference with a competent lawyer.

Other bidders, all close to the low bid, were Leo Kowalewski, Miller & Dimmick, James & Steinhilber and Todd Building Co., all of Roseburg. The Fair Board awarded the contract to the low bidder.

The pavilion will be expanded to provide an additional 4,000 square feet of inside area. The addition will be made on the west side of the building, which is presently covered but not enclosed.

The addition to the Community Building will be a 30-by-34-foot structure to increase office space. The present office will then be converted to a Red Cross first aid station. The work is to be completed before the 1963 fair.

### Negro Leaders Feel Rights Legislation Rests In GOP Hands

By United Press International Two Negro leaders indicated Friday that the fate of President Kennedy's civil rights legislation rests in the hands of Republicans.

Integration leader Martin Luther King Jr. said at Norfolk, Va., that if the program is defeated "we can blame certain sections of the Republican party...only the Republicans can save it."

In Washington, Rep. Adam Clayton Powell, D-N.Y., said Republicans will defeat Kennedy's public accommodation bill unless it is watered down.

The stage was set at Savannah, Ga., today for a resumption of racial demonstrations following a truce period this week for talks among Negro leaders and city officials.

Attorneys for 200 jailed Negroes at Gadsden, Ala., Friday asked that a court injunction against demonstrations be dismissed and charges against the prisoners dropped.

### Crazed Denver Man Kills Four

DENVER (UPI)—A 45-year-old father ran amok today and stabbed and bludgeoned his wife and three of their ten children to death in their beds, police reported.

Denver police detective Stan Griffith said the father, Luis J. Monge, of Denver, admitted the slayings in a signed statement.

Patrolman Clinton Lombard said the four victims apparently were sleeping in their beds at the time they were slain.

Griffith said Monge told him he had intended to kill his whole family but "couldn't go through with it." Monge telephoned police himself.

The victims were Leonarda Monge, 43, Alan Monge, 6, Vincent Monge, 4, and Teresa Monge, 11 months old.

Mrs. Monge and one of the children were beaten to death with an iron bar. The other two children were fatally stabbed with a long stiletto knife.

Griffith said Monge, a Puerto Rican, was being held in city jail and that charges probably would be filed Monday.
