

Veteran's Loan Limit Is Increased

A bill to increase the maximum amounts available under the Oregon veterans' farm and home loan program was one of several major veterans' measures passed by the 1963 legislature, the Department of Veterans' Affairs reports.

Veterans' loan maximums were increased from \$13,500 to \$15,000 for homes and from \$20,000 to \$40,000 for farms. The new maximums take effect starting Sept. 2.

In two other measures, the legislature liberalized the dates of service for World War I veterans, thus making more of these ex-servicemen or their widows entitled to property tax exemptions, then gave them a special 10-day period starting Sept. 2 in which to apply to their county assessors for the 1963-64 exemption.

Proceeds of GI insurance policies were made exempt from inheritance taxation by passage of House Bill 1223. The new measure also makes it likely that a widow with several minor children will have to pay inheritance tax on the family's Social Security benefits or pension, by giving each person in the family the benefit of a \$10,000 exclusion in addition to the general \$15,000 exemption.

This measure was passed because several cases have come to light where a virtually penniless widow with six or more children has been required to pay a substantial inheritance tax on the projected Social Security benefits the family would receive in the coming years.
