

Pennel Leads U. S. Thinclads To Win; Women Lose In England

LONDON (UPI) — A confident John Pennel predicted today that his new world pentathlon mark would last only as long as it took him to return to shape next season.

"I hope to reach 17 feet, four inches, or maybe even 17 feet, six inches by Olympic time next year," he said.

Pennel busted his own world record Monday with a vault of 16 feet, 10 1/2 inches, which helped carry the United States Men's track and field team to a 120-81 victory over Britain in a dual meet. It was the fourth victory without defeat for the Yanks on their European tour.

However, the U.S. women, given a chance to win their first meet of the tour, fell apart on the final day against England and lost, 65 1/2-51 1/2. The British 440-yard relay team set a women's world record of 45.2 seconds.

Pennel extended the drama of his record attempt until his final jump before a receptive crowd of 30,000 in White City Stadium. After failing on his first two attempts at 16-10 1/2, the 22-year-old Northeast Louisiana State student cleared the bar on his third try. He then missed three attempts at 17 feet, 1/4 inch. Pennel's old mark of 16-8 3/4 was set here July 13 and equaled by him at Warsaw on July 26.

The U.S. men won six of the 10 events on the final day's program for a total of 13 in the two-day meet. An outstanding effort was turned in by Henry Carr of Arizona State University, who established a stadium record of 20.9 seconds in winning the 220-yard run.

Other Yank successes were turned in by Rex Cawley of Southern California in the 440-yard hurdles (51.4); Morgan Groth of Oregon State in the 880-yard run; Frank Covelli of Arizona State U. in the javelin (251 feet, 10 1/2 inches); and by the 1600-yard relay team (3:07.2).

The lone U.S. women's victory on the final day was recorded by Sharon Shepherd of Cleveland

in the discus.

Oregon State's Morgan Groth won the 880-yard run in 1:48.1 on the final day of the two-day U.S.-Great Britain men's dual track meet Monday. The U.S. won 120-81.

Darrell Horn, formerly of Oregon State, finished second in the triple jump in 51-1 1/2. Washington State's Jim Allen ran second in the 440-yard intermediate hurdles in 31.7.

Sharon Shepherd, formerly of Linfield, won the discus in 154-6 in the women's two-day meet captured by Great Britain 65 1/2-51 1/2.

Burgess Captures Billiards Crown

Doss Burgess, billiards chairman for the Roseburg Elks, topped the field in the first annual senior three-cushioned play at the Elks National Billiard Tournament held recently in San Francisco.

Burgess won the trophy for players with 50 years or more membership by outshooting senior billiard stars from throughout the nation. Runner-up in the senior division was Bob Cornwell of Santa Barbara, Calif.

Medford fielded the only team from Oregon. The Medford squad was composed of George Moore, Dick Milestone and Dr. Miller. The Oregon group was able to win only five of 15 games in the national tournament, with the No. 1 man, Moore, winning three of his five games. Moore also finished second in high run honors with a spectacular run of seven. The national team title was won by the San Mateo Lodge, San Mateo, Calif.

Bill Harrington, San Francisco, headed the committee which conducted the tournament.

Little League Tourney Set

The Little League Division 1 Tournament will be held Aug. 7, 8, 9 and 10 at Alpenrose Stadium in Portland. The first game will be held Wednesday, Aug. 7, at 4 p.m. between Alaska and Nevada. The winner of this game will play Hawaii on Aug. 8 at 6 p.m. The championship game will be Saturday, Aug. 10 at 3 p.m.

The leagues participating in this Division 1 tournament are Alaska, Oregon, Washington, Western Canada, Nevada and Hawaii.

Teams are made up of the 14 best 11 and 12-year old players in each league. Then each league team played and won in district and bi-district play-offs, and then their state tournaments.

The winner of this Division 1 tournament will play in the Western Regionals at Sunnyvale, Calif., and then perhaps the ultimate, the Little League World Series to be held in Williamsport, Pa., Aug. 20-24.

The tournament director is Lou Wallman, state director of Little League. Wallman is assisted by Russ Allemang, district 4 administrator.

TROTTERS SET SCHEDULE

NEW YORK (UPI) — The Harlem Globe Trotters have announced a four-game schedule that will wind up the team's out-of-town activities for the season. The Trotters play at Roosevelt Stadium, Jersey City, N. J., Aug. 20; the Polo Grounds, New York, Aug. 22; Fenway Park, Boston, Aug. 23; and Dillon Stadium, Hartford, Conn., Aug. 25.

NEW RECORD — Craig Breedlove sits in his "Spirit of America" prior to setting a new land speed record at the Bonneville Salt Flats. Breedlove's jet powered racer skimmed over the desert at a 408 miles per hour average for the two runs to shatter the old mark. (UPI Telephoto)

Stryker Wins RCC Golf Crown

Mike Stryker captured the Roseburg Country Club men's golf crown by defeating Dave Leiken in the 36-hole finale.

Stryker topped the high school student by a score of 9 and 8 in the hard-fought finale of the club championships.

Three flight championships were also decided, with Tom Kabler winning the first flight, Walt Fisher the fourth flight and John Napier the sixth flight.

The next event for the RCC golfers will be a three-man best ball

tournament Sunday. Drawings for teams will be held at 8:30 a.m. and the tourney will feature shotgun starting.

RESULTS:

Championship
Mike Stryker def. Dave Leiken, 9 and 8

First Flight
Tom Kabler def. Bob Ganz, 3 and 2

Fourth Flight
Walt Fisher def. Bob Leeklider 1 up on 19th hole

Sixth Flight
John Napier def. Dale Roles, 2 and 1

Belinsky Shines For Islanders; Bevos Bomed 8-3 By San Diego

By United Press International

Hawaii's Bo Belinsky apparently has decided to take time off from his more serious pursuit to pitch some good baseball.

Belinsky, shipped down from Los Angeles after a well publicized career both on the diamond and in the social whirl, made his first start for Hawaii Monday night and was sharp.

He sweated out a 1-0 victory over Seattle as he hurled a five-hitter. At one point, he set down 18 Seattle batters in a row. In a dramatic ninth inning, Bo was tagged for two of his hits but got Seattle out.

A mammoth Monday night crowd of 3,512 came out to see the colorful sнопaw in action. He did not let them down.

increased the fastballer's record to 5-8.

Deron Johnson clubbed his 29th homer for the Padres with one aboard in the first while Rogelio Alvarez hit his fourth homer in five days with two mates aboard in the third and then later tripled in another tally.

Tacoma managed to close the

gap behind loop-leading Spokane in the northern division to a still-overwhelming 9 1/2 games. The Giants decided it with a four-run burst in the seventh highlighted by John Glenn's two-run blast.

Mike Brumley hit a homer for the losers.

Two of the league's work horses got the decisions. Gerry Thomas was the winner, with a big assist from John Pregener in relief, while young Joe Moeller was the loser.

Denver, riding a six-game win streak in regular play, continued its hot pace against the Chisox before a big crowd of 6,777 which ignored threatening skies to watch the action.

Chicago actually dominated the hitting end of the game with 15 blows, but somehow managed to strand 18 men on the basepaths.

Doubles by Len Gabrielson and Elhan Blackaby drove in three runs in the second inning to put the Bears ahead to stay.

Sports

England Drops Sweden In Davis Cup Action

WIMBLEDON, England (UPI) — England, soaring to its greatest tennis heights in 30 years, will meet the winner of the U.S.-Mexico series in the inter-zone finals of the Davis Cup.

Mike Sangster, a hard-hitting veteran of several seasons on the international tour, proved a timely hero for Britain when he out-dubbed Ulf Schmidt of Sweden, 7-5, 6-2, 9-11, 3-6, 6-3, Monday in the deciding match of the European Zone finals.

The decision gave Britain a 3-2 victory in the series with Sweden and moved it into the inter-zone finals for the first time since 1933. The United States and Mexico will meet later this month for the right to play England.

LARGE AUDIENCE

NEW YORK (UPI)—The radio broadcast of the July 22 Sonny Liston-Floyd Patterson heavyweight title bout was heard by "nearly 56 million people," it was announced Friday by the American Broadcasting Company. ABC said that a survey prepared by Sindlinger and Co., indicated 36,608,000 males and 19,066,000 females listened to the broadcast in the United States.

Twilight League Tourney Slated

The YMCA Twilight League city softball tournament is slated to begin at the VA Diamond Saturday with the top four teams in the final standings ready for action.

Mock Motors is set to enter the tournament as the favorite because of capturing the conference crown without suffering a setback. The positioning of the other three teams has not been decided to date.

Suiter's Building Supply and McKay Drugs will meet tonight at 6, with another pre-tourney game scheduled for Friday evening to decide positioning for the tournament.

The tournament will continue Aug. 12, 14 and 16. The losers of the opening round games will play a single contest to decide meeting in a best two out of three series for the championship.

A league all-star team of 18 players will be selected by managers following the tournament to play an all-star team from the Church League in a single nine inning game Aug. 24.

CAR GOES 407 MPH

—exceeds world's land speed record using special Shell turbine fuel

Craig Breedlove and his jet-powered "Spirit of America" at Bonneville Flats, Utah. Shell supplied high-energy turbine fuel—also special lubricants.

Bonneville Flats, Utah—Craig Breedlove has driven faster than any man in history. Here's his story. Why he insisted on Shell products. Why Shell helped him—and what it means to you.

The "Spirit of America," a bullet-shaped three-wheeled vehicle, has just become the first car to average more than 395 mph.

The driver: Craig Breedlove. Today, at age 26, he is the fastest man on wheels.

Several firms helped him, including the Shell Oil Company. But, as he flashed over the salts of Bonneville, the victory was all his.

An amazing vehicle

The engine of his racer was originally built for military jet planes. At low speeds, Breedlove steers using the nose wheel in the front of the car. At high speeds, he can also use a rudder under the nose, (see picture above). For high-speed braking, Breedlove uses an 8-foot drag parachute that billows out behind the car and slows him down.

The fuel that powered Craig Breedlove's car is an innovation, too. Its name: Shell HMF[®] Turbine Fuel. This fuel was created by Shell Research to hasten the development of jet engines for the tri-sonic aircraft you'll be riding in the future.

Craig Breedlove contacted Shell on his own initiative before his car was ever built. Here's why—in his own words: "I've been building racers ever since I was 14. And I've used Shell products in every car I've ever raced. They've served me well. I insisted on Shell products because I knew I could depend on them."

were made possible by Shell's discovery of an entirely new kind of thickening agent—a non-soap thickener.

Six different Shell products were used to help Breedlove exceed the land speed record.

Two tough problems

Here's how Shell helped Breedlove with two of his toughest problems.

1. The big problem was "drag"—or air friction. As Breedlove approached 400 mph, air whipped over his car at around five times the speed of a hurricane. Breedlove needed lots of power to overcome this friction.

Shell's answer: Shell HMF Turbine Fuel. It packs more potential energy for its weight than any aircraft turbine fuel now available.

2. Heat from Breedlove's disc brakes could easily melt vital wheel-bearing grease. Even at relatively "low" speeds—under 150 miles per hour—the brake discs can become red-hot. Result: wheel bearings could be hot enough to make conventional greases melt and dribble out.

Shell's answer: one of Shell's Microgel[®] greases. These remarkable new greases have no melting point at all. They

NOTE: Shell has worked with many record holders. Enzo Ferrari, world famous "father of modern motor racing," is a notable example. Shell gasoline and oil go into all racing Ferraris. "13 world championships have been the result of this happy association," says Ferrari.

Shell is always ready and eager to make new ideas work. That's really why Shell can offer you such good products for your car today.
