Harvey Official Denies Plant Hurts Cherries

PORTLAND (UPI)—Fred Blatt, controller of the Harvey Aluminum Co., testified at a Federal Count injunction hearing Tuesday that cherry production has run at about the same rate for the state and the nation as it has in The Dalles area since the firm began operations.

Blatt said decreases and rises in crops in The Dalles paralled those for Oregon and the nation. He said the cherry crop was 66 per cent below the 10 year production average in Oregon and 68 below the 10 year average in Wasco County.

A group of fruit growers seek an injunction to bar the firm from emitting fluorides it claims damage crops.

The firm denies damage to cherry crops and said growers have adequate remedy in claims it has been paying for damage to other fruit crops. It denied, however that the fluorides reduce any crops.

Blatt also said the plant has added about $12 million a year to the economy of The Dalles area. He said it has a $3.6 million payroll for 550 to 650 employes. He said the firm accounts for 23 per cent of all business activity in The Dalles.

The hearing opened last week with the fruit growers giving their side.

Burton Wants Liz As 'Lady MacBeth'

CHICAGO (UPI) — Actor Richard Burton says he would like to cast Elizabeth Taylor as Lady Macbeth in the film version of "Macbeth" he is considering doing.

In an interview in the September issue of Playboy magazine, Burton, one of the world's most famous Shakespearean Actors, said he felt Miss Taylor would be "right" for the part.

"For one thing she speaks poetry rather well," Burton said. "And for another, she's very receptive to big, imperious ideas."

Playboy asked Burton if he felt any guilt about his relationship with Miss Taylor, with whom he starred in "Cleopatra." They have adjoining hotel suits in London.

"No. Absolutely not," Burton said. "I'm not unfaithful to my wife. I never have been, not for a moment."

"What I have done is to move outside the accepted idea of monogamy without physically investing the other person with anything that makes me feel guilty," Burton said. "So that I remain inviolate, untouched."

"And does Miss Taylor?" Playboy asked.

"Yes," Burton said. "I'm a terrible Puritan, you see, despite my attempts to be anything else."

Burton said it was "absolute nonsense" that Miss Taylor is the most beautiful woman in the world.

"She's a pretty girl of course," Burton said, "and she has wonderful eyes; but she has a double chin and an overdeveloped chest and she's rather short in the leg."

TENNIS BALL KILLS HIPPO

JAKARTA (UPI) — A tennis ball has killed a 15-year-old hippotamus at the Bandung Zoo.

The official news agency Antara reported recently that the animal — too heavy for 10 men to lift — died of internal injuries from a tennis ball lodged in its stomach.

Officials speculated that an idle visitor to the zoo might have thrown the ball into the animal's gaping mouth.
