

Second Chance Rarely Offered

By OSWALD JACOBY
(Written For NEA)

When you should open the bidding, but elect to pass the chances are that you will never be able to make up for the error. Even if a second chance is offered, the type who passes an opening hand is not likely to make the right decision later on.

Christine Draws Jeers Of Women

LONDON (UPI) — Women booed and shook their fists at playgirl Christine Keeler, 21, Wednesday as Scotland Yard completed a mammoth report which may explode fresh sensations in the nation's simmering sex scandal.
The playgirl ran the gauntlet of the hostile barrage in the afternoon when she left the downtown apartment where she is staying. She was accompanied by her friend, Paula Hamilton-Marshall, 22, who rents the apartment.
Elegant in a green costume and with her face tense and pale, Miss Keeler accelerated her car through the crowd of jeering women.
On the basis of a dossier being prepared by Scotland Yard, legal sources said other key figures in the scandal, perhaps even including Miss Keeler, may be charged with conspiring to pervert the course of justice.
Miss Keeler has been under doctor's supervision since she suffered a near breakdown on hearing of Dr. Stephen Ward's apparent suicide.

IMPROPTU STRIP

BEVERLY HILLS Calif. (UPI) — A court appearance is on the docket for Timothy Knapp, 25, to explain his impromptu strip performance along Sunset Strip recently.
Police say Knapp carried out the strip while in a glass elevator moving up and down the outside of a five-story apartment building opposite a Sunset Strip night spot.
Knapp, who conceded he had been drinking, said he "blacked out." He said he could not remember taking his clothes off, but they were found strewn along the Strip.

SHIRLENE BRAZIE'S FOOD FOR THOUGHT

At one time the world of "haute cuisine" began and ended with Latin Europe. The French, Italians and, to some extent, the Spaniards made cooking a fine art. Over the years, there has been a gradual change. Latin Europe will, undoubtedly, remain the leader in the culinary field for a long time.
A complete collection of Latin recipes would make a Webster's Unabridged Dictionary look like a pocketbook edition.
